Vincenzo Malinconico is a wildly unsuccessful lawyer who spends most of his time at the office trying to look busy. His wife has left him. His teenage children worry him to death. And he suffers from a chronic inability to control his sentence structure. When he is asked to fill in as the public defender for alleged Mafioso Mimmo lo Burzone, Malinconico seizes the opportunity to turn his life around. Without dwelling too long on what it might mean to be employed by the mob, he rushes to re-learn the Italian criminal code, all the while attempting to resist any further advances from his employers. Malinconico's life becomes a comical battle to finish what he has started without falling further into the clutches of the mafia. *I Hadn't Understood* is one of the subtlest and most cunning accounts of the mafia's influence on everyday life in recent decades. And it is certainly the most entertaining. Written with a neurotic's love of detail and wry humor, *I Hadn't Understood* is an engaging story of family, fatherhood, and the perils of navigating the Italian legal system.

This book reports on the current state of meristemotherapy (also called gemmotherapy or budtherapy) and its possible future directions. Meristemotherapy focuses on the growth of plants, and is based on analytical studies, pre-clinic research, clinical trials and activity tests. The book investigates the determination of preparation methods, collateral effects, posology, and administration methods.

An irreverent guide to decorating explains how to transform one's bland, boring, office cubicle into a truly fabulous space, offering a collection of inspirational cubicle designs for every taste, including the Garden Cube, the Cabin Cube, the CEO Cube, the Hip-Hop Cube, and other eye-popping examples. Original. 25,000 first printing.

Argues that corporations need to pursue joint ventures--even those with their competition--and offers strategies for creating profitable partnerships

The third and final book in the Galactic Empire series, the spectacular precursor to the classic Foundation series, by one of history's most influential writers of science fiction, Isaac Asimov After years of bitter struggle, Trantor had at last completed its work—its Galactic Empire ruled all 200 million planets of the Galaxy . . . all but one. On a backward planet called Earth were those who nurtured bitter dreams of a mythical, half-remembered past when the planet was humanity's only home. The other worlds despised it or merely patronized it—until a man from the past miraculously stepped through a time fault that spanned a millennium, living proof of Earth's most preposterous claims. Joseph Schwartz was a happily retired Chicago tailor circa 1949.

Trapped in an incredible future he could barely comprehend, the unlikely time traveler would soon become a pawn in a desperate conspiracy to bring down the Empire in a twist of agony and death—a mad plan to restore Earth's tarnished glory by ending human life on every other world.

Spilleteknisk, biografisk og historisk indføring i en række jazzbassisters spillestil

Hortense worries that her family is falling apart, but as she gets to know her Aunt Kate and makes a new friend, she discovers that change isn't always bad.

Argues that in the future, customers will control and provide information about themselves only through intermediaries that work in their interest

"The purpose of this publication is to contribute to [the] process of clarification by explaining universally recognised human rights in a way that makes sense to business. The publication also aims to illustrate, through the use of case studies and actions, how human rights are relevant in a corporate context and how human rights issues can be managed."--Introduction, p. vii.

"Incorporating over 250 illustrations, this is the first comprehensive study in English of French artist and caricaturist Georges Ferdinand Bigot (1860-1927) who during the last two decades of the nineteenth century recorded the changing face of Japan as its people, politics and preoccupations moved from their traditional cultural base to become a modern, industrialized state."--Back cover.

The Canadian edition of *The Little Black Book of Scams* is a compact and easy to use reference guide filled with information Canadians can use to protect themselves against a variety of common scams. It debunks common myths about scams, provides contact information for reporting a scam to the correct authority, and offers a step-by-step guide for scam victims to reduce their losses and avoid becoming repeat victims. Consumers and businesses can consult *The Little Black Book of Scams* to avoid falling victim to social media and mobile phone scams, fake charities and lotteries, dating and romance scams, and many other schemes used to defraud Canadians of their money and personal information.

Presents insights into the use of interns in a variety of firms and organizations, discussing the economic impact of internships, their effect on business practices, and the ethical problems associated with them.

Provides a multi-disciplinary survey of nonprofit organizations and their role and function in society. This book also examines the nature of philanthropic behaviours and an array of organizations, international issues, social science theories, and insight.

DEAVER. DANGEROUSLY GOOD. Taylor Lockwood spends her days working as a paralegal in one of New York's pre-eminent Wall Street law firms and her nights playing jazz piano anywhere she can. But the rhythm of her life is disrupted when attorney Mitchell Reece asks her to find a stolen document that could cost him the multimillion dollar case he's defending... and his career as well. Taylor signs on... only to find that as she delves deeper and deeper into what goes on behind closed doors at Hubbard, White & Willis, she uncovers more than she wants to know - including secrets damaging enough to smash careers and dangerous enough to kill for. But who is capable of going to that extreme? With her life on the line, Taylor is about to learn the lethal answer... 'If you want thrills, Deaver is your man' Guardian

"because if I don't write it, you would not believe it". This journal is 6" X 9" & 200 pages.

In a world of stiffening competition, business strategy is more crucial than ever. Yet most organizations struggle in this area--not with formulating strategy but with executing it, or putting their strategy into action. Owing to execution failures, companies realize just a fraction of the financial performance promised in their strategic plans. It doesn't have to be that way, maintain Robert Kaplan and David Norton in The Execution Premium. Building on their breakthrough works on strategy-focused organizations, the authors describe a multistage system that enables you to gain measurable benefits from your carefully formulated business strategy. This book shows you how to: Develop an effective strategy--with tools such as SWOT analysis, vision formulation, and strategic change agendas Plan execution of the strategy--through portfolios of strategic initiatives linked to strategy maps and Balanced Scorecards Put your strategy into action--by integrating operational tools such as process dashboards, rolling forecasts, and activity-based costing Test and update your strategy--using carefully designed management meetings to review operational and strategic data Drawing on extensive research and detailed case studies from a broad array of industries, The Execution Premium presents a systematic and proven framework for achieving the financial results promised by your strategy.

Are you ready for a whole new way to manage your projects? If so, you need to read this book! Are you a project manager who is frustrated by the rigidity of traditional project management methods? Do you feel it stifles the creativity of your team? Have you seen projects fail because of an inability to respond appropriately to changing internal or external circumstances? If so, you're going to be very happy to learn about the superpower that is known as the Agile Methodology for Project Management. This book will help you gain a deeper understanding of the Agile principles of management. Why Should I Use Agile? Using the Agile method will greatly increase project efficiency and team collaboration, and that will improve your deliverables, your team's creativity, and your customer's satisfaction. Agile does this by providing for the following: Continuous feedback Creative problem solving in every sprint Flexibility in responding to changes Adaptive, highly creative teams Increased team efficiency as you value individuals and interactions over processes and tools Customer collaboration that dramatically increases satisfaction Why should I buy this book? To put it simply, it explains in easy to understand language how to apply the Agile methodology to every phase of any project. Specifically, here's what you'll learn: The Agile process How to plan for success How Agile will improve your communications How the Agile method differs from other methods and why it is better The Agile lifecycle The Scrum Framework The Kanban Framework How to build an adaptive team How to implement collaborative management principles Why this book from among the 100s of others? This book is different in a number of significant ways. Whereas other books just skim the surface when explaining this method, this book offers specific tools and easy-to-follow instructions as well as in-depth information on the following topics: Explanations of the Agile method and the paradigm shift in project management The benefits of Agile over other methods The Agile process The tools that will allow you to manage any kind of project The major Agile frameworks both Scrum and Kanban Adaptive team building and collaborative project management How to avoid the main pitfalls of using this method Quite simply, this book offers a comprehensive guide to this highly successful method of project management. It gives you everything you need to know to manage any kind of project! So, if you're tired of having to push your team for success, if you feel constrained by your current management methodology, and/or if you just want to see more projects succeed with improved customer satisfaction, you need to take a look at this method. If you follow the principles in this book, you will see your project success rate improve and your customer satisfaction soar! So, what are you waiting for? There's no better time than the present, and there's no easier way to learn about it than by reading this book! Get started reading today by clicking on the BUY NOW button!

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.
