**Report of the Philippine Commission to the Secretary of War** United States. Philippine Commission (1899-1900),1901 Includes information by the Commission and various public officials and agencies on the economic, social, geographic and local governmental development of the Philippines.

*Basques in the Philippines* Marciano R. De Borja,2012-06-12 The Basques played a remarkably influential role in the creation and maintenance of Spain's colonial establishment in the Philippines. Their skills as shipbuilders and businessmen, their evangelical zeal, and their ethnic cohesion and work-oriented culture made them successful as explorers, colonial administrators, missionaries, merchants, and settlers. They continued to play prominent roles in the governance and economy of the archipelago until the end of Spanish sovereignty, and their descendants still contribute in significant ways to the culture and economy of the contemporary Philippines. This book offers important new information about a little-known aspect of Philippine history and the influence of Basque immigration in the Spanish Empire, and it fills an important void in the literature of the Basque diaspora.

Tales from the 7,000 Isles Dianne de Las Casas,Zarah C. Gagatiga,2011-09-22 Celebrate the unique diversity and vibrancy of the Philippines through an in-depth exploration of the stories, traditions, songs, crafts, and recipes of the many different regions of the country. Tales from the 7,000 Isles: Filipino Folk Stories offers insights into the people and culture of the Philippines through dozens of tales representing the nation's various islands, regions, and cultural-ethnic groups. Designed to provide educators with material with which to enhance curriculum and lesson plans, the stories open a gateway to a rich and unique cultural mix. The tales presented here are divided into animal stories, how and why stories, tales of enchantment, trickster tales, and scary stories. In them readers can discern not only the native Filipino culture, but the influences of the many peoples who have moved through and settled in the islands, most notably Malay, Chinese, and Spanish, but also Arab, Indian, and American. A brief history of the country, its people, and their cultural traditions is

included, as are crafts, children's games, recipes, and color photos. Notes about the stories, a bibliography, and a glossary complete the volume.

The Making of the Philippines Frank Senauth, 2012-03-13 THE MAKING OF THE PHILIPPINES BY FRANK SENAUTH  
The Filipino people are a friendly lot of people and in their country of the Philippines, they are very poor. Their great object is to immigrate to other countries that will have them. If they are accepted in another country, they really work hard in their new country. The majority of the Filipino people are of Malay stock descendents of Indonesians stocks who migrate to the islands long before the Christian era. The most significant ethnic minority group is the Chinese, who have played an important role in commerce since the ninth century, when they first came to the islands to trade. As a result of intermarriage and many Filipinos have some Chinese and Spanish ancestry, and Americans and Spaniards constitute the next largest alien minorities in the country. Bless all the Filipinos who made it to another countries, and they are helping their families financially. They know what it is to survive and most of them would start their own business in another country. They are hard working and would do anything in their power to make life more enjoyable. The present President Benigno Aquino III is the first president to up-lift his people, just like his late mother Corazon Aquino did, when she used her magic wand to up-lift her people. She may be long gone, but she still left a lot of goodness behind. Bless her soul!

Subversive Lives Susan F. Quimpo, Nathan Gilbert Quimpo, 2016 From the 1960s to the 1990s, seven members of the Quimpo family dedicated themselves to the anti-Marcos resistance in the Philippines, sometimes at profound personal cost. In this unprecedented memoir, eight siblings (plus one by marriage) tell their remarkable stories in individually authored chapters that comprise a family saga of revolution, persistence, and, ultimately, vindication, even as easy resolution eluded their struggles. *Subversive Lives* tells of attempts to smuggle weapons for the New People's Army (the armed branch of the Communist Party of the Philippines); of heady times organizing uprisings and strikes; of the cruel discovery of one brother's death and the inexplicable disappearance of another (now believed to be dead); and of imprisonment and torture by the military. These stories show the sacrifices and daily heroism of those in the movement. But they also reveal its messy legacies: sons alienated from their father; daughters abused by the military; friends betrayed; and revolutionary affection soured by intractable ideological differences. The rich and distinctive contributions span the martial law years of Ferdinand Marcos's rule. *Subversive Lives* is a riveting and accessible primer for those unfamiliar with the era, and a resonant history for those with a personal connection to what it meant to be Filipino at that time, or for anyone who has fought political repression.

Resisting Dictatorship Vincent Boudreau, 2009-04-30 Vince Boudreau compares strategies of repression and protest in post-war Burma, Indonesia and the Philippines because these alternative strategies shaped the social bases and opposition cultures available to dissidents and, in turn, influenced their effectiveness. He includes first-hand research as well as the the social movements' literature to consider the interactions between the regimes in the wake of repression, and the subsequent emergence of democracy. Boudreau offers a genuinely comparative study of dictatorship and resistance in South East Asia.

*The Conjugal Dictatorship of Ferdinand and Imelda Marcos* Primitivo Mijares, 2016-01-17 Author's Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this volume very, very slowly. I could have done with it In three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20, 1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, Baka mapanis 'yan. (Your book could become stale.) While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes crying out to me to finish this work, lest the frailty of human memory -- or any incident a la Nalundasan - consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me to San Francisco, California perpetuate the personal knowledge I have

gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos does not have eternal life and that the Filipino people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press. I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States. But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which must inevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President. If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August, 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manuscript. However, as I put the finishing touches to my work, I found myself expurgating it of the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had . . . (more inside)
