Develop and expand your innate leadership abilities through daily exercises and challenges designed to help you grow into the leader you want to be and prepare you for the job you were made to have. A recent Harvard Business Review article outlining a study of over 17,000 leaders found that although, on average, people begin to supervise others at age 30, most do not start to receive formal leadership training until their forties. Don't wait for training that doesn't come until it's too late. The Five-Week Leadership Challenge is an invaluable guide to help any aspiring leader begin a daily practice of exercises and challenges designed to develop and expand your innate leadership ability as quickly as possible. Patrick Leddin has served as a U.S. Army airborne, infantry, and ranger-qualified officer, founded and ran successful businesses, and trained thousands of leaders. In The Five-Week Leadership Challenge, Leddin shows you how to quickly build standout leadership skills so that when the next opportunity comes along, you're the only person for the job. The Five-Week Leadership Challenge: Includes 35 daily challenges designed to quickly develop standout leadership skills. Outlines the leadership habits you can practice regularly that get you noticed—and promoted, based on Leddin's experience training and consulting thousands of leaders all over the world. Encourages you to share your completion of the leadership challenge on social media to exponentially expand your networking opportunities and receive bonus content and access to additional author tools.

The foundation for all scholarly study in biblical law is the shared assumption that the Covenant Code, as contained in Exodus 20:23-22:33 is the oldest code of laws in the Hebrew Bible, and that all other laws are later revisions of that code. The author of this text strikes that foundation.

A Hands-On Approach to Electrical Design Electrical Design of Commercial and Industrial Buildings teaches students the critical components of electrical design through an integrated approach that combines fundamental theory with hands-on practice. By taking an applied-learning approach to instruction, this text explains electrical principles, design criteria, codes, and other key elements of the design process, then guides students through each step as they create their own electrical design plans. A companion Student Resource CD-ROM accompanies the printed textbook with sample plans - accompanied by example equipment lists, lighting fixture schedules, and calculation templates - provides students with a comprehensive framework for experiential learning. As an integrated learning tool, Electrical Design of Commercial and Industrial Buildings is both an essential teaching guide for electrical design instructors and an enduring reference book for students and professionals.

The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.
