This historical fiction picture book presents the story of nine-year-old Lorraine Jackson, who in 1968 witnessed the Memphis sanitation strike--Dr. Martin Luther King Jr.'s final stand for justice before his assassination--when her father, a sanitation worker, participated in the protest. In February 1968, two African American sanitation workers were killed by unsafe equipment in Memphis, Tennessee. Outraged at the city's refusal to recognize a labor union that would fight for higher pay and safer working conditions, sanitation workers went on strike. The strike lasted two months, during which Dr. Martin Luther King Jr. was called to help with the protests. While his presence was greatly inspiring to the community, this unfortunately would be his last stand for justice. He was assassinated in his Memphis hotel the day after delivering his "I've Been to the Mountaintop" sermon in Mason Temple Church. Inspired by the memories of a teacher who participated in the strike as a child, author Alice Faye Duncan reveals the story of the Memphis sanitation strike from the perspective of a young girl with a riveting combination of poetry and prose. In 1963 Dr. Martin Luther King Jr. gave a speech that proclaimed that it was time - long overdue - for all men to be treated as

equals. Today his beliefs are more important than ever, and author Jane Kurtz explains Dr. King's words in language even the youngest reader can understand.

"Designed specifically for preschool comprehension, a board book introduction to the influential civil rights activist and speaker chronicles his early years, religious leadership and history-shaping work to promote equality for all people"--
"We've got some difficult days ahead," civil rights activist Martin Luther King, Jr., told a crowd gathered at Memphis's Clayborn Temple on April 3, 1968. "But it really doesn't matter to me now because I've been to the mountaintop. . . . And I've seen the promised land. I may not get there with you. But I want you to know tonight that we as a people will get to the promised land." These prophetic words, uttered the day before his assassination, challenged those he left behind to see that his "promised land" of racial equality became a reality; a reality to which King devoted the last twelve years of his life. These words and other are commemorated here in the only major one-volume collection of this seminal twentieth-century American prophet's writings, speeches, interviews, and autobiographical reflections. A Testament of Hope contains Martin Luther King, Jr.'s essential thoughts on nonviolence, social policy, integration, black nationalism, the

ethics of love and hope, and more.

Not even half a century ago America was segregated, when everything depended on the colour of one's skin, whether it was black or white. Access to schools, restaurants, parks, buses or even water fountains was segregated. And born into this segregated world was Martin Luther King Jr. The son of a black preacher, King was taught from a young age that he was equal. He deserved the same rights and freedoms as anyone. He dreams of a nation where people are not judged by the colour of their skin but by their character. And he believed that dream could one day become a reality. Armed with only the nonviolent teachings of Gandhi and a staunch belief that all men and women were created equal, Martin Luther King Jr stepped to the forefront of the Civil Rights Movement. Through a series of peaceful protests and marches, King captured the attention of the world... and changed the lives of millions of Americans forever.

'Far from being the pious injunction of a Utopian dreamer, the command to love one's enemy is an absolute necessity for our survival' Advocating love as strength and non-violence as the most powerful weapon there is, these sermons and writings from the heart of the civil rights movement show Martin Luther King's rhetorical power at its most fiery and uplifting. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

Now in *Dragonfly*--from the acclaimed creator of the Caldecott Honor Book *Tar Beach* comes a personal and captivating portrait of the life of Martin Luther King, Jr.

From Dr. Martin Luther King, Jr.'s daughter, Dr. Bernice A. King: "My father's dream continues to live on from generation to generation, and this beautiful and powerful illustrated edition of his world-changing "I Have a Dream" speech brings his inspiring message of freedom, equality, and peace to the youngest among us—those who will one day carry his dream forward for everyone." On August 28, 1963, on the steps of the Lincoln Memorial during the March on Washington, Martin Luther King gave one of the most powerful and memorable speeches in our nation's history. His words, paired with Caldecott Honor winner Kadir Nelson's magnificent paintings, make for a picture book certain to be treasured by children and adults alike. The themes of equality and freedom for all are not only relevant today, 50 years later, but also provide young readers with an important introduction to our nation's past.

An unprecedented and timely collection of Dr. King's speeches on labor rights and economic justice. People forget that Dr. King was every bit as committed to economic justice as he was to ending racial segregation. He fought throughout his life to connect the labor and civil rights movements, envisioning them as twin pillars for social reform. As we struggle with massive unemployment, a staggering racial wealth gap, and the near collapse of a financial system that puts profits before people, King's prophetic writings and speeches underscore his relevance for today. They help us imagine King anew: as a human rights leader whose commitment to unions and an end to poverty was a crucial part of his civil rights agenda. Covering all the civil rights movement highlights—Montgomery, Albany, Birmingham, Selma, Chicago, and Memphis—award-winning historian Michael K. Honey introduces and traces King's dream of economic equality. Gathered in one volume for the first time, the majority of these speeches will be new to most readers. The collection begins with King's lectures to unions in the 1960s and includes his addresses during his Poor People's Campaign, culminating with his momentous "Mountaintop" speech, delivered in support of striking black sanitation workers in Memphis. Unprecedented and timely, "All Labor Has Dignity" will more fully restore our understanding of King's lasting vision of economic justice, bringing his demand for equality right into the present.

The classic collection of sixteen sermons preached and compiled by Dr. King. As Dr. King prepared for the Birmingham campaign in early 1963, he drafted the final sermons for *Strength to Love*, a volume of his best-known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. Having been arrested for holding a prayer vigil outside Albany City Hall, King and Ralph Abernathy shared a jail cell for fifteen days that was, according to King, "dirty, filthy, and ill-equipped" and "the worse I have ever seen." While behind bars, he spent uninterrupted time preparing the drafts for classic sermons such as "Loving Your Enemies," "Love in Action," and "Shattered Dreams," and continued to work on the volume after his release. *A Gift of Love* includes these classic sermons, along with two new preachings. Collectively they present King's fusion of Christian teachings and social consciousness, and promote his prescient vision of love as a social and political force for change.

Profiles the civil rights leader, discussing his career as a pastor, his fight for African American rights, and his legacy.

Relive the moments when African Americans fought for equal rights, and made history. Even though slavery had ended in the 1860s, African Americans were still suffering under the weight of segregation a hundred years later. They couldn't go to the same schools, eat at the same restaurants, or even use the same bathrooms as white people. But by the 1950s, black people refused to remain second-class citizens and were willing to risk their lives to make a change. Author Sherri L. Smith brings to life momentous events through the words and stories of people who were on the frontlines of the civil rights movement of the 1950s and 1960s. This book also features the fun black-and-white illustrations and engaging 16-page photo insert that readers have come to love about the *What Was?* series!

"a quick introduction to the life of a great American" -- *The New York Times* An inspiring portrait of the incredible life and lasting influence of Dr. Martin Luther King. Marshall Frady, the reporter who became the unofficial chronicler of the civil rights movement, here re-creates the life and turbulent times of its inspirational leader. Deftly interweaving the story of King's quest with a history of the African American struggle for equality, Frady offers fascinating insights into his subject's magnetic character, with its mixture of piety and ambition. He explores the complexities of King's relationships with other civil rights leaders, the Kennedy and Johnson administrations, and the FBI's J. Edgar Hoover,

who conducted a relentless vendetta against him. The result is a biography that conveys not just the facts of King's life but the power of his legacy.

Martin Luther King had a dream. He wanted blacks and whites to live together happily. But in America in the 1950s and 1960s, all men were not equal. King led peaceful protests against the government and won changes for the blacks of America. But has King's dream really come true today?

A sweeping history of the years after Martin Luther King's assassination—and the struggle to keep the civil rights movement alive and realize King's vision of an equal society "The previously untold story of continuing struggle and posthumous inspiration that dominates this compelling and groundbreaking book will forever change the way civil rights historians view this era."—Raymond Arsenault, author of *Freedom Riders* In this arresting and groundbreaking account, David L. Chappell reveals that, far from coming to an abrupt end with King's murder, the civil rights movement entered a new phase. It both grew and splintered. These were years when decisive, historic victories were no longer within reach—the movement's achievements were instead hard-won, and their meanings unsettled. From the fight to pass the Fair Housing Act in 1968, to debates over unity and leadership at the National Black Political Conventions, to the campaign for full-employment legislation, to the surprising enactment of the Martin Luther King holiday, to Jesse Jackson's quixotic presidential campaigns, veterans of the movement struggled to rally around common goals. *Waking from the Dream* documents this struggle, including moments when the movement seemed on the verge of dissolution, and the monumental efforts of its members to persevere. For this watershed study of a much-neglected period, Chappell spent ten years sifting through a voluminous public record: congressional hearings and government documents; the archives of pro- and anti-civil rights activists, oral and written remembrances of King's successors and rivals, documentary film footage, and long-forgotten coverage of events from African American newspapers and journals. The result is a story rich with period detail, as Chappell chronicles the difficulties the movement encountered while working to build coalitions, pass legislation, and mobilize citizens in the absence of King's galvanizing leadership. Could the civil rights coalition stay together as its focus shifted from public protests to congressional politics? Did the movement need a single, charismatic leader to succeed King, and who would that be? As the movement's leaders pushed forward, they continually looked back, struggling to define King's legacy and harness his symbolic power. *Waking from the Dream* is a revealing and resonant look at civil rights after King as well as King's place in American memory. It illuminates a time, explores a cause, and explains how a movement labored to overcome the loss of its leader.

The wife of Martin Luther King Jr., Coretta Scott King was a civil rights leader in her own right, playing a prominent role in the African American struggle for racial equality in the 1960s. Here's a gripping portrait of a smart, remarkable woman. Growing up in Alabama, Coretta Scott King graduated valedictorian from her high school before becoming one of the first African American students at Antioch College in Ohio. It was there that she became politically active, joining the local chapter of the National Association for the Advancement of Colored People (NAACP). After her marriage to Martin Luther King Jr., Coretta took part in the Civil Rights Movement. Following her husband's assassination in 1968, she assumed leadership of the movement. Later in life she was an advocate for the Women's Rights Movement, LGBT rights, and she worked to end apartheid in South Africa.

As a new generation of activists demands an end to racism, *A Place to Land* reflects on Martin Luther King, Jr.'s "I Have a Dream" speech and the movement that it galvanized. Winner of the Orbis Pictus Award for Outstanding Nonfiction for Children Selected for the Texas Bluebonnet Master List Much has been written about Martin Luther King, Jr. and the 1963 March on Washington. But there's little on his legendary speech and how he came to write it. Martin Luther King, Jr. was once asked if the hardest part of preaching was knowing where to begin. No, he said. The hardest part is knowing where to end. "It's terrible to be circling up there without a place to land." Finding this place to land was what Martin Luther King, Jr. struggled with, alongside advisors and fellow speech writers, in the Willard Hotel the night before the March on Washington, where he gave his historic "I Have a Dream" speech. But those famous words were never intended to be heard on that day, not even written down for that day, not even once. Barry Wittenstein teams up with legendary illustrator Jerry Pinkney to tell the story of how, against all odds, Martin found his place to land. More than fifty years ago, Dr. Martin Luther King, Jr. wrote his Letter from a Birmingham Jail. Much has transpired in the half-century since, and progress has been made in the issues that were close to Dr. King's heart. Thankfully, the burning crosses, biting police dogs, and angry mobs of that day are long gone. But in their place, passivity has emerged. A passivity that must be addressed. That's the aim of *Letters to a Birmingham Jail*. A collection of essays written by men of various ethnicities and ages, this book encourages us to pursue Christ exalting diversity. Each contribution recognizes that only the cross and empty tomb of Christ can bring true unity, and each notes that the gospel demands justice in all its forms. This was a truth that Dr. King fought and gave his life for, and this is a truth that these modern day "drum

majors for justice" continue to beat.
