

## Mary Poppins Letto Da Paola Cortellesi 1

A fable for children and adults: a story of life, death, and terrorism—in the grand tradition of Exupei?ry's The Little Prince When we first meet 93-year-old millionaire Baron Lamberto, he has been diagnosed with 24 life-threatening ailments—one for each of the 24 banks he owns. But when he takes the advice of an Egyptian mystic and hires servants to chant his name over and over again, he seems to not only get better, but younger. Except then a terrorist group lays siege to his island villa, his team of bank managers has to be bussed in to help with the ransom negotiations, and a media spectacle breaks out . . . A hilarious and strangely moving tale that seems ripped from the headlines—although actually written during the time the Red Brigades were terrorizing Italy—Gianni Rodari's Lamberto, Lamberto, Lamberto has become one of Italy's most beloved fables. Never before translated into English, the novel is a reminder, as Rodari writes, that "there are things that only happen in fairytales."

When young Iqbal is sold into slavery at a carpet factory, his arrival changes everything for the other overworked and abused children there. It is Iqbal who explains to them that despite their master's promises, he plans on keeping them as his slaves indefinitely. But it is also Iqbal who inspires the other children to look to a future free from toil...and is brave enough to show them how to get there. This moving fictionalized account of the real Iqbal Masih is told through the voice of Fatima, a young Pakistani girl whose life is changed by Iqbal's courage.

'James and I stayed on at home and everything was quiet and sunny and we got to thinking the war would never come after all . . . Just when we were so sure nothing would happen, the German plane came over. It came over one night at one o'clock in the morning and the sound was quite different from an English plane and we all woke up. You could hear it drumming and drumming like a big bee in a flower, buroom, buroom, buroom, round and round in the air above the house. Then suddenly there were five loud explosions. After that there was a terrible silence and I knew that Father and Mother were looking at each other in the darkness and I felt myself getting small and tight inside. Then Father said quietly, "Meg, they must go!" Now I am going to write a Diary because we are going to America because of the War. It has just been decided. I will write down everything about it because we shall be so much older when we come back that I will never remember it if I do not. So this is the beginning. Oh, please let us come back soon, please.' This is the fictional diary of Sabrina Lind, an eleven-year-old English girl who, with her little brother James, is sent on the long voyage across the sea to her aunt in America.

From the creator of the Emmy Award-winning *Downton Abbey*... "Damian Baxter was a friend of mine at Cambridge. We met around the time when I was doing the Season at the end of the Sixties. I introduced him to some of the girls. They took him up, and we ran about together in London for a while...." Nearly forty years later, the narrator hates Damian Baxter and would gladly forget their disastrous last encounter. But if it is pleasant to hear from an old friend, it is more interesting to hear from an old enemy, and so he accepts an invitation from the rich and dying Damian, who begs him to track down the past girlfriend whose anonymous letter claimed he had fathered a child during that ruinous debutante season. The search takes the narrator back to the extraordinary world of swinging London, where aristocratic parents schemed to find suitable matches for their daughters while someone was putting hash in the brownies at a ball at Madame Tussaud's. It was a time when everything seemed to be changing—and it was, but not always quite as expected. *Past Imperfect* is Julian Fellowes at his best--a novel of secrets, status, and a world in upheaval.

The splendor of classic fairy tales from Britain, Asia, France and Italy fills the pages of this book series. These almost-forgotten tales are back with all the charm and excitement they once gave to children long ago.

*Europe (in Theory)* is an innovative analysis of eighteenth- and nineteenth-century ideas about Europe that continue to inform thinking about culture, politics, and identity today. Drawing on insights from subaltern and postcolonial studies, Roberto M. Dainotto deconstructs imperialism not from the so-called periphery but from within Europe itself. He proposes a genealogy of Eurocentrism that accounts for the way modern theories of Europe have marginalized the continent's own southern region, portraying countries including Greece, Italy, Spain, and Portugal as irrational, corrupt, and clan-based in comparison to the rational, civic-minded nations of northern Europe. Dainotto argues that beginning with Montesquieu's *The Spirit of Laws* (1748), Europe not only defined itself against an "Oriental" other but also against elements within its own borders: its South. He locates the roots of Eurocentrism in this disavowal; internalizing the other made it possible to understand and explain Europe without reference to anything beyond its boundaries. Dainotto synthesizes a vast array of literary, philosophical, and historical works by authors from different parts of Europe. He scrutinizes theories that came to dominate thinking about the continent, including

Montesquieu's invention of Europe's north-south divide, Hegel's "two Europes," and Madame de Staël's idea of opposing European literatures: a modern one from the North, and a pre-modern one from the South. At the same time, Dainotto brings to light counter-narratives written from Europe's margins, such as the Spanish Jesuit Juan Andrés's suggestion that the origins of modern European culture were eastern rather than northern and the Italian Orientalist Michele Amari's assertion that the South was the cradle of a social democracy brought to Europe via Islam.

The Italian Gothic horror genre underwent many changes in the 1980s, with masters such as Mario Bava and Riccardo Freda dying or retiring and young filmmakers such as Lamberto Bava (Macabro, Demons) and Michele Soavi (The Church) surfacing. Horror films proved commercially successful in the first half of the decade thanks to Dario Argento (both as director and producer) and Lucio Fulci, but the rise of made-for-TV products has resulted in the gradual disappearance of genre products from the big screen. This book examines all the Italian Gothic films of the 1980s. It includes previously unpublished trivia and production data taken from official archive papers, original scripts and interviews with filmmakers, actors and scriptwriters. The entries include a complete cast and crew list, plot summary, production history and analysis. Two appendices list direct-to-video releases and made-for-TV films.

Un arresto per omicidio richiama nel piccolo paese della provincia di Livorno, che sorge fra Piombino e San Vincenzo, i più cari amici dell'accusato, i quali convinti della sua innocenza accorrono per aiutarlo. Fra questi c'è Franco Danzi, detto il Nero, commissario di polizia. Ginepre, un paesino tutt'altro che tranquillo, è stato teatro vent'anni prima dell'efferata uccisione di quattro giovani sulla spiaggia, caso risolto proprio da Danzi, ma anche scenografia di altre strane morti, archiviate come incidenti, fino all'ultimo misterioso delitto, che coinvolge una giovane e bella donna filippina. Le indagini seguono inizialmente la pista passionale, quella più semplice, ma ben presto, il commissario supportato dal gruppo degli ex-compagni di scuola, scopre antichi segreti, traffici illegali, complicità insospettite, colpe mai confessate. La storia che si svolge su diversi piani temporali, racconta la

vita più o meno segreta degli abitanti di Ginepre. L'autore, oltre a usare alcune espressioni dialettali tipiche del luogo, non rinuncia all'ironia tipica della gente che vive lungo il mare, sulla costa toscana, pungente, scanzonata, che non fa sconti a nessuno e che ha il merito di rendere la lettura oltreché piacevole, anche divertente. Delitti, ma anche amicizie, affetti, amori che contribuiscono a delineare vizi e virtù della provincia italiana. Marco Miele nasce a Piombino nel 1963. Sposato con tre figli, di professione è, da vent'anni, marinaio dei piloti del porto. Nel 2011 pubblica L'umore del caffè, prima avventura del commissario Franco Danzi, il Nero.

Rudyard Kipling's eternal classics, *The Jungle Book* and *The Second Jungle Book* are most loved for the stories of Mowgli, the boy who grew up in a wolf pack. This book brings together all the stories of Mowgli. It begins with Father Wolf rescuing an abandoned baby boy from the tiger Shere Khan, terror of the jungle. The child grows up among the animals, befriending Bagheera the Panther, Balu the Bear, and

making mortal enemies with Shere Khan the Tiger. He is kidnapped by monkeys, exiled by the wolf pack, disowned by humans, till he finally vanquishes Shere Khan and returns to the forest. But the call of his own kind grows stronger, and he eventually finds his own, tenuous place among men and animals. For the first time since the war, the Christmas peal is ringing at St Paul's Cathedral. There is joy. There is new hope. It is Christmas Eve, the carol service has ended, and a woman with three small boys leaves the cathedral, the children swooping like pigeons. 'Why weren't there any wild animals at the crib? Haven't they got something to give?' asked one of the children. And I heard myself say, 'Yes, they have.' Was it true, what I told them? Did I dream it? Where it came from I do not know but I seemed to remember every word, just as if I had heard it . . . Outside the cathedral, the children are told the nativity story from a unique perspective: that of a fox. Despite the scorn of the other animals, he enters the stable to offer the child a gift that only he can give. Un appassionato e romantico romanzo d'esordio su una generazione in crisi d'identità. The Clothes They Stood Up In is Alan Bennett's first story. Like Charles Dickens' novels which were first published in magazines, it originally appeared in the London Review of Books - which the author says 'seems to me (and not just because I occasionally contribute to it) the liveliest, most serious and also the most radical literary periodical we have'.

Alice's Adventures in Wonderland (1865) is a novel written by English author Charles Lutwidge Dodgson, better known under the pseudonym Lewis Carroll. It tells the story of a girl named Alice who falls down a rabbit-hole into a fantasy world populated by peculiar and anthropomorphic creatures. The tale is filled with allusions to Dodgson's friends (and enemies), and to the lessons that British schoolchildren were expected to memorize. The tale plays with logic in ways that have made the story of lasting popularity with adults as well as children. It is considered to be one of the most characteristic examples of the genre of literary nonsense, and its narrative course and structure has been enormously influential, mainly in the fantasy genre.
