A recent murder in Wales leads Detective Inspector Felse to the mysterious disappearance of an architect and a case dating back to ancient Rome. When archaeologist Alan Morris disappears in Turkey, his great-niece, Charlotte, regrets never having gotten to know him better. In an attempt to better understand him, Charlotte begins reading the books he wrote. One of them leads her to visit the Roman site of Aurae Phiala on the Welsh border—the last place her great-uncle worked before leaving for Turkey. But when Charlotte arrives, she finds more than just a few old stones. . . . First there is a charming young man, coincidentally staying at the same hotel, who is very insistent on being her guide. Then a troublesome schoolboy disappears and a corpse is found. Detective Chief Inspector George Felse is called in to solve a case with origins in ancient Rome. *City of Gold and Shadows* is the 12th book in the Felse Investigations, but you may enjoy reading the series in any order.

'Wonderful...Carlin's book never shies from the details of this most enduring of American heroes. The divorces, cruelties, years in therapy and his antidepressant fuelled comeback of 2003 are all here' *Sunday Times* This sweeping biography of one of America's greatest musicians is the first in twenty-five years to be written with the cooperation of Springsteen himself. With unfettered access to the artist, his family and band members, acclaimed music writer Peter Ames Carlin presents an intimate and vivid portrait. 'A readable, expansive portrait of the New Jersey rocker that delves into his family background and personal life more than previous biographies' *Sunday Telegraph* 'The first serious Bruce Springsteen biography for 25 years. Carlin was granted unprecedented access to family, friends, management, even the

The definitive biography of Cristiano Ronaldo, named Football Book of the Year at the Cross Sports Book Awards 2016 Fully updated to include the 2017-18 season and Ronaldo's transfer to Juventus Cristiano Ronaldo is one of the greatest footballers of all time, a dream he pursued from the age of just twelve when he left his humble origins on Madeira behind. It wasn't long before he had the biggest clubs in Europe knocking on his door, but it was Manchester United who won the race for his signature. Under the tutelage of Sir Alex Ferguson, Ronaldo developed into the complete footballer and athlete, winning three league titles and a Champions League along the way. He then became the biggest galáctico of them all when he transferred to Real Madrid for a record-breaking fee. Unprecedented success in the Champions League and a record-equalling five Ballons d'Or followed, before his sensational move to Juventus in the summer of 2018. Guillem Balagué, respected football journalist and expert on the Spanish game, provides the definitive account of a twenty-first-century footballing icon.

The course also contains a complete grammar syllabus and reference, as well as regular review sections that incorporate exam-style exercises.

Although Wilkie Collins is remembered primarily as the best-selling creator of the vogue for 'sensation fiction' in the 1860s, he was also prolific in many genres apart from the full-length novel. In particular, he produced a stream of often brilliant and original short stories. Adapting the tradition of the Gothic tale of terror, he wrote ghost stories with a distinctively contemporary flavour and also made a major contribution to the newly emerging form of the detective story. This volume has a substantial and informative introduction which places the stories in the context of Collins's career and the Victorian literary scene. It brings together samples of his work from three decades and demonstrates that as a purveyor of mystery, suspense, and the uncanny, as a chronicler of the dark underside of everyday life in the mid-Victorian period, and as a story-teller who quickly seizes the reader's interest and refuses to let go, Collins has few rivals.

The very name Lucrezia Borgia conjures up everything that was sinister and corrupt about the Renaissance—incest, political assassination, papal sexual abuse, poisonous intrigue, unscrupulous power grabs. Yet, as bestselling biographer Sarah Bradford reveals in this breathtaking new portrait, the truth is far more fascinating than the myth. Neither a vicious monster nor a seductive pawn, Lucrezia Borgia was a shrewd, determined woman who used her beauty and intelligence to secure a key role in the political struggles of her day. In this much-lauded memoir, acclaimed for its blend of literary elegance and political passion, Rossana Rossanda, a legendary figure on the Italian left, reflects on a life of radical commitment. Active as a communist militant in the Italian Resistance against fascism during World War Two, Rossanda rose rapidly in its aftermath, becoming editor of the Communist Party weekly paper and a member of parliament. Initially a party loyalist, she was critical of the party's conservatism in the face of new radical movements and moved into opposition during the late 1960s. The breach widened after she and others publicly opposed the Soviet invasion of Czechoslovakia, and were expelled in 1969. She went on to help found the influential paper *il manifesto*, which remains the most critical daily in Berlusconi's Italy. Her unique experience enables her to reconstruct that period with flair and authority. She paints a revealing picture of fascism, communism, post-war reconstruction and the revolts that shook Europe in the 1960s. In *The Comrade from Milan*, one of the most influential intellectuals of the European Left relives the storms of the twentieth century. Both cool-headed and precise, Rossanda provides a rare insight into what it once meant to be politically engaged.

Philippe Daverio is one of Italy's most important contemporary art historians, whose discerning comments about art are voraciously consumed by the public through his writing as editor of the famed magazine *Art e Dossier* and his platform on a leading Italian television program *Passepartout*. Now, in his first full-length work of narrative nonfiction, Daverio uses the conceit of creating his own perfect museum gallery and in the process reexamines major artistic masterpieces of Western art. Daverio turns his critical eye on the place of Western art in contemporary twenty-first-century culture and how we relate to art generally. According to Daverio, we relate to the history of art based on views that crystallized in the nineteenth century, and so we look to the past to understand the present, though the present is what truly matters to everyone. Daverio means to challenge this perspective, and guided by his curiosity and personal taste, he examines key masterworks to rediscover the true meaning and power they had before they became commoditized and clichéd. Some distinctive features of this

The inspirational story of a pregnant young Nigerian woman and the horrors she endured to save her unborn child when she was kidnapped by Boko Haram. When she was nineteen, Patience Ibrahim's first husband was murdered by Boko Haram. She fled to the safety of her village and remarried several months later. Having prayed for a child for years, Patience is overjoyed when she discovers she is pregnant. But her joy is short-lived: Boko Haram soldiers are at her door. Brutally abducted and forced to convert to Islam, she lives in constant terror of what her kidnappers have in store for her. She finds herself alone in the world and fears her life is over. For two months, Patience hides her pregnancy while facing the brutalities meted out by Boko Haram. By the sheer force of her determination to protect her baby, she and her child are able to survive. Now, she has entrusted journalist Andrea C. Hoffmann with her story, a powerful first-person account of Boko Haram's atrocities in Nigeria and Cameroon. One of the first testimonies on the terrorist group's war crimes in Western Africa, *A Gift from Darkness* poignantly shows the human toll of a crisis that demands attention.

American Poet Laureate of the United States. In this transcendent memoir, grounded in tribal myth and ancestry, music and poetry, Joy Harjo details her journey to becoming a poet. Born in Oklahoma, the end place of the Trail of Tears, Harjo grew up learning to dodge an abusive stepfather by finding shelter in her imagination, a deep spiritual life, and connection with the natural world. Narrating the complexities of betrayal and love, *Crazy Brave* is a haunting, visionary memoir about family and the breaking apart necessary in finding a voice.

One man's journey to uncover the final resting place of the historical King Arthur

- Pinpoints the exact locations of Arthur's tomb, the ruins of Camelot, and the sword Excalibur using literary research and the latest geophysics equipment
- Examines previously unknown ancient manuscripts preserved in the vaults of the British Library--including one written within the living memory of Arthur's time
- Reveals the mythic king as the real-life leader Owain Ddantgwyn, who united the British to repel invasion from Germany around 500 AD

One of the most enigmatic figures in world history, King Arthur has been the subject of many fantastical tales over the past 1500 years, leading many scholars to regard him and his fabled city of Camelot simply as myth. But, as Graham Phillips shows through a wealth of literary and scientific evidence, King Arthur was a real man, Camelot a real place,

and the legendary Excalibur a real sword--and Phillips has located them all. Phillips examines the earliest stories of Arthur as well as previously unknown ancient manuscripts preserved in the vaults of the British Library in London, such as the work of the 9th-century monk Nennius, to pinpoint the exact locations of Arthur's tomb, the ruins of Camelot, and the sword Excalibur. He reveals the mythic king as the real-life leader Owain Ddantgwyn, who united the British to repel invasion from Germany around 500 AD. Moving his quest from library vaults to the real sites of Arthur's life, the author confirms his research through a Dark Age monument, hidden away in the mountains of western Britain, that bears an inscription about a powerful warlord who went by the battle title "Arthur." He visits archaeological excavations at the ruins of Viroconium, near Wroxeter in Shropshire, clearly identifying the ancient city as Camelot, the fortified capital of Arthur's Britain. Working with specialist divers and marine archaeologists, he surveys the depths of an ancient lake in the English countryside to reveal the resting place of Excalibur. Enlisting a team of scientists and sophisticated geophysics equipment, he uncovers the lost grave of the historical King Arthur, buried with his shield, just as told in legend. The culmination of 25 years of research, including new translations of primary source material, this book provides the necessary evidence to allow King Arthur to finally be accepted as

the authentic British king he was.

dramatic novel and powerful love story about the last Russian imperial family. It is 1989 and Daria Gradov is an elderly grandmother living in the rural West. What neighbors and even her children don't know, however, is that she is not who she claims to be—the widow of a Russian immigrant of modest means. In actuality she began her life as the Grand Duchess Tatiana, known as Tania to her parents, Tsar Nicholas II and Tsarina Alexandra. And so begins the latest entrancing historical entertainment by Carolly Erickson. At its center is young Tania, who lives a life of incomparable luxury in pre-Revolutionary Russia, from the magnificence of the Winter Palace in St. Petersburg to the family's private enclave outside the capital. Tania is one of four daughters, and the birth of her younger brother Alexei is both a blessing and a curse. When he is diagnosed with hemophilia and the key to his survival lies in the mysterious power of the illiterate monk Rasputin, it is merely an omen of much worse things to come. Soon war breaks out and revolution sweeps the family from power and into claustrophobic imprisonment in Siberia. Into Tania's world comes a young soldier whose life she helps to save and who becomes her partner in daring plans to rescue the imperial family from certain death.

Celebrated for her looks, notorious for her passions, immortalised by Antonio Canova's statue and always deeply loyal to her brother, Pauline Bonaparte Borghese is a fascinating figure. At the turn of the nineteenth century she was considered by many to be the most beautiful woman in Europe. She shocked the continent with the boldness of her love affairs, her opulent wardrobe and jewels and, most famously, her decision to pose nearly nude for Canova's sculpture, which has been replicated in countless ways through the years. But just as remarkable for Pauline's private life was her fidelity to the emperor (if not to her husbands). She was witness to Napoleon's great victories in Italy, and she was often with him and her rival for his loyalty, the Empress Josephine, at Malmaison. When he was exiled to Elba, Pauline was the only sibling to follow him there, and after Waterloo she begged to be allowed to join him at Saint Helena. No biographer has gone so deeply into the sources or so closely examined one of the seminal relationships of the man who shaped modern Europe. In *Venus of Empire*, Flora Fraser casts new light on the Napoleonic era while crafting a dynamic, vivid portrait of mesmerising woman. A comprehensive portrait of Hitler's long-time mistress discusses the bourgeois existence she shared with him out of the public eye, her role as his trusted confidante, and their double suicide two days after their marriage.

LUPUS is a chronic autoimmune disease that occurs when your body's immune system attacks your own tissues and organs. Inflammation caused by lupus affects many different parts of the body - including the joints, skin, kidneys, blood cells, brain, heart and lungs. Lupus can be difficult to diagnose because its signs and symptoms often mimic those of other conditions. The most distinctive sign of lupus - a facial rash that resembles the wings of a butterfly unfolding across the cheeks - occurs normally but not in all cases of lupus. Symptoms of lupus are often associated with a tendency toward cardiovascular disease, which may be triggered by diabetes, hypertension, or even sunlight. While there is no cure for lupus, treatments can help control symptoms.

Symptoms may be mild or severe, and symptoms may appear suddenly or develop slowly, may be mild or severe, and may be temporary or permanent. Most people with lupus have mild disease with few or no episodes - but some have severe symptoms - when symptoms and symptoms get worse for a while,

Charlotte Salomon is born into a family stricken by suicide and a country at war. But there is something exceptional about her - she has a gift, a talent for painting. And she has a great love, for a brilliant, eccentric musician. But just as she is coming into her own as an artist, death is coming to control her country. The Nazis have come to power and, as a Jew in Berlin, Charlotte's life is narrowing, and she knows every second is precious. Inspiring, unflinching, terrible and hopeful, Charlotte is the heartbreaking true story of a life filled with curiosity, animated by genius and cut short by hatred.

“This significant biography of the 16th-century Russian czar...is likely to become the definitive work on Ivan for some time” (Publishers Weekly, starred review).

One of the most important figures in Russian history, Ivan IV Vasilyevich has remained among the most neglected. The country's first Tsar, he is notorious for pioneering a policy of unrestrained terror—and for killing his own son. In *Ivan the Terrible*, Russian historian Isabel de Madariaga presents the first comprehensive biography of Ivan from birth to death, shedding light on his policies, his marriages, his atrocities, and his disordered personality. Situating Ivan within the Russian political developments of the sixteenth century, de Madariaga also offers revealing comparisons with English, Spanish, and other European courts of the time. The biography includes a new account of the role of astrology and magic at

Ivan's court and provides fresh insights into his foreign policy. Addressing the controversies that have paralyzed western scholarship as well as the challenges of authentication—since much of Ivan's archive was destroyed by fire in 1626—de Madariaga seeks to present Russia as viewed from within Russia rather than from abroad. The result is an enlightening work that captures the full tragedy of Ivan's reign.

Having started as a short-story writer in 1859, Trollope had by now mastered the techniques of the form, and he liked to vary his massive full-length fictions with well-crafted short pieces. The stories collected here (which, with the companion volume *Early Short Stories*, make up a full set) show a writer of extraordinary range, in subject-matter, narrative device, and tone. They include the hilarious 'Father Giles of Ballymoy' (a recollection of the author's youthful adventures in Ireland), 'The Telegraph Girl' (an exposition of Trollope's surprisingly enlightened views on women's employment), and 'The Adventures of Fred Pickering', one of a number of stories concerned with the woes of nineteenth-century authorship. Many of the settings are far flung, reflecting Trollope's indomitable appetite for tourism in his later years, but the collection concludes closer to home with 'The Two Heroines of Plumplington', his last, and most charming, Barchester chronicle.

A ground-breaking book that takes on skeptics from both sides of the cosmological debate, arguing that science and the Bible are not at odds concerning the origin of the universe. The culmination of a physicist's thirty-five-year journey from MIT to Jerusalem, *Genesis and the Big Bang* presents a compelling argument that the events of the billions of years that cosmologists say followed the Big Bang and those of the first six days described in Genesis are, in fact, one and the same—identical realities described in vastly different terms. In engaging, accessible language, Dr. Schroeder reconciles the observable facts of science with the very essence of Western religion: the biblical account of Creation.
