

Mattia Usa Il Vasino

In honor of the special day, Lizzie wakes up super early, as any good chef should, to prepare the perfect meal for her grandmother, whom Lizzie lauds as the greatest chef in the world.

A dedicated veterinarian treats a room full of ailing animals, including a crocodile and an elephant, before receiving a cunning wolf who proves to be trickier than expected, in a whimsical story told through comic-style illustrations.

Mouse likes to look in his friends' diapers, and when his friends decide to look in his diaper, they are surprised by what they find. Trucks and cars are very important in Kevin's world. He likes them all: the strong workers, like the tractor and the garbage truck; the quick helpers, like the fire engine and the police car; and the regular road vehicles, like the car and the motorcycle. Vroom! There are lots of wheels in this big book of cars. There are also rhymes and questions to make the book really attractive to toddlers. Many young children are fascinated by vehicles, and Kevin is one of them. A lively and informative book for car lovers aged 2 1/2 and up.

La mamma compra a Mattia un vasino. I bambini grandi fanno la pipì e la popò dentro al vasino. Piano piano Mattia impara ad usarlo... Una bella storia in cui Mattia impara ad usare il vasino. Dai 24 mesi

"This hilarious sequel to Stuart's Cape is a witty chapter book about an eight-year-old worrier's first day of school. Our favorite worrier is back, and Stuart is about to start third grade. As he makes his way to the first day of school, wearing the worst outfit ever, what could a first-rate worrier do but worry? Stuart worries about getting stuck in the boys' bathroom and about not having anything to show for show-and-tell, but most of all, about not making any friends. With his cape, though, Stuart is bound to have a day full of wacky adventures."

In this funny picture book, a toddler named Sam, who knows what he wants, learns to be proud of his new potty.

Doctors know a lot about bodies. They know about diseases and how to cure people. Wearing their white coats, they examine patients with their doctor's tools. Isn't it nice of the doctor to help you when you're sick and to help you stay healthy?

Come and meet this little monster. He would love to be the ugliest monster in the world But is this true? Soon enough, we'll meet a second monster. He claims to be the ugliest monster in the world And what about the third monster? Who said there are only Beauty Contests? Who would turn to be the World's Ugliest Monster?

Sono sempre più numerose le famiglie interessate al mondo dei pannolini lavabili. Genitori e futuri genitori, preoccupati per il forte impatto ambientale degli usa e getta, che desiderano valutare con attenzione le possibili alternative. I pannolini in stoffa oltre ad essere rispettosi dell'ambiente, sono più confortevoli e più "sani" per il bambino, e sono vantaggiosi a livello economico. Una soluzione davvero conveniente prima di dire addio al pannolino! Ma come

"funzionano" questi pannolini? Come orientarsi nella scelta di modelli, taglie e tessuti? E ancora quali accorgimenti sono necessari per il lavaggio, l'asciugatura e per conservarli al meglio? Questo libro offre la risposta a tutti gli interrogativi legati alla gestione dei pannolini lavabili, e tanti suggerimenti pratici per usarli con soddisfazione. Le numerose testimonianze di genitori che stanno utilizzando questo tipo di pannolini, i consigli degli esperti, la consulenza di una pediatra, e le indicazioni utili per orientarsi nell'acquisto, fanno di questo libro uno strumento prezioso per chi muove i primi passi nel mondo allegro e colorato dei pannolini lavabili. Con un'appendice dedicata al fai da te e le istruzioni passo passo per chi vuole provare a realizzare da sé i pannolini del suo bambino. Giorgia Cozza, giornalista comasca e madre di quattro figli, collabora a varie riviste specializzate occupandosi di gravidanza, allattamento al seno, psicologia e salute della mamma e del bambino. Guess who I am! The forest animals in this book only show their tails at first. Bushy tails, teeny tiny tails, round tails Do you know which animal is hiding behind the flap? And where the baby animals live? Find out! A sweet picture book in which little ones can guess which tail belongs to which animal. For toddlers ages 18 months and up, with a focus on the child's world. "

A flap book to introduce little children to the story of baby Jesus. Warm and friendly illustrations by Rosalinde Bonnet make this classic story accessible to the very young.

Young Katie spends the day with her mother, first helping around the house, then going shopping for shoes.

Introducing Montessori-inspired early childhood activity books! This book--with eight pages of stickers--does more than simply stimulate learning through play: it enhances the cognitive development of the child. The activities become progressively more complex according to the three stages of a child's learning: getting to know the material through sensory experience, recognizing the material, and being able to explain the material. Squares and circles, triangles and rectangles: the world is full of shapes and this entertaining book teaches preschoolers to recognize each one.

Joe and his friends (including Nellie elephant, Percy pig, and Friendly frog) learn that although bottoms come in all shapes and sizes, everyone must use the potty.

Communication systems are now ubiquitous and making them more intelligent remains very challenging. The IFIP International Conference on Intelligence in Communication Systems is an effort to bring together researchers and practitioners who represent the latest developments in this area. This volume contains selected papers from the conference in the following focus areas: ad hoc networks / hybrid networks / WLAN; security, privacy and consumer protection; adaptive architectures and protocols; flexible QoS and QoS management; flexible service specification, validation, searching and querying; service composition and Web services; personal, terminal and node mobility; programmable and active networks.

When Spiky loses his spikes, he must learn to share his softer side. Spiky lives in the dark of the forest, where he spends his days being very, very bad, bullying the other forest creatures and sharpening the spikes on his body. Those spikes are handy for keeping everybody at a distance, and that's just how Spiky likes it! But then one day the unthinkable happens: Spiky starts losing his spikes! Soon he is left looking as soft and as pink as a soft, pink marshmallow. What will Spiky do, now that he can no longer scare away the other forest creatures? Will he have to (gulp!) make friends? It's a good thing Bernardo the bunny comes along to show him how it's done. First published in Italy, this charming story of friendship will have children giggling until the very end.

Sometimes there's more to family than meets the eye.... Animals of all kinds take center stage in this unique exploration of a very unusual family. An older brother is strong and respected, just like an elephant. A mother is stately and beautiful, but she prefers not to stand out—a tall feat for a giraffe! How are animals like humans, and humans like animals? Readers of all ages will delight in Laurent Moreau's richly rendered, thought-provoking illustrations, and then they will entertain perhaps the most wildly illuminating question of all: What makes you special? Plus, this is the fixed format version, which will look almost identical to the print version. Additionally for devices that support audio, this ebook includes a read-along setting.

Join Bing on a toilet training adventure in this interactive sound book - perfect for encouraging young children to use the toilet with confidence. Bing doesn't use his potty anymore - he uses the big toilet, and you can too! It can be scary at first, but with a little practise you'll be catching the Toilet Train in no time. Bingsters will love pressing the sound button and joining in the fun. Choo! Choo! Catching the toilet train. . . it's a Bing thing!

Illustrations from fourteen accomplished artists relate twenty-four traditional short advent stories in a book full of tales of sharing, tradition, and festivities.

Filled with bright and lively illustrations, this charming story explores the cyclical nature of borrowing library books and emphasizes the many joys of reading as Kevin, a young boy, describes his experiences at the library.

It's a royal renovation ? a perennial potty favorite with a whole new look!

An engaging introduction to buildings, with a deft mix of nonfiction and fiction elements.

Leading scholar Albert Russell Ascoli traces the metamorphosis of Dante Alighieri – minor Florentine aristocrat, political activist and exile, amateur philosopher and theologian, and daring experimental poet – into Dante, author of the Divine Comedy and perhaps the most self-consciously 'authoritative' cultural figure in the Western canon. The text offers a comprehensive introduction to Dante's evolving, transformative relationship to medieval ideas of authorship and authority from the early Vita Nuova through the unfinished treatises, The Banquet and On Vernacular Eloquence, to the works of his maturity, Monarchy and the Divine Comedy. Ascoli reveals how Dante anticipates modern notions of personalized, creative authorship and the phenomenon of 'Renaissance self-fashioning'. Unusually, the book examines Dante's career as a whole offering an important point of access not only to the Dantean oeuvre, but also to the history and theory of authorship in the larger Italian and European tradition.

"Where is my dummy? I WANT MY DUMMY!" shrieks the Little Princess when the royal dummy mysteriously disappears, yet again. Wherever the King, Queen and courtiers hide her dummy, she always finds it even in the strangest of places . . . Will she ever give it up?

Hold this book gently because it's very sleepy! A mouse inside the pages invites you to read the book a bedtime story, tuck it in with a cozy blanket, and give it a hug and a kiss. Oh, and don't forget to ask whether it brushed its teeth and went pee-pee! Then turn off the light. There. Shhh! This book is sleeping! Fans of Press Here and The Monster at the End of This Book will enjoy coaxing the very book they're holding to go to sleep.

In questo suo nuovo libro l'autrice aiuta i genitori a comprendere quali strategie adottare per portare a termine questo importante e delicato compito. Rispettando la sua unicità, l'avventura verso l'autonomia dal pannolino diventerà un momento di conoscenza e arricchimento nella relazione genitore-figlio.

Hearing strange noises when he tries to fall asleep, a frightened young penguin is reassured by his father, who patiently looks in every area of the little penguin's room and explains the harmless sources of each noise. By the Reader's Digest Award-winning author of The Big Potty Book.

Beginning with an "Ant on an Apple," illustrations, simple text, and a pesky fly who will not stay on his page introduce the letters of the alphabet.

Symmetry is a classic study of symmetry in mathematics, the sciences, nature, and art from one of the twentieth century's greatest mathematicians. Hermann Weyl explores the concept of symmetry beginning with the idea that it represents a harmony of proportions, and gradually departs to examine its more abstract varieties and manifestations—as bilateral, translatory, rotational, ornamental, and crystallographic. Weyl investigates the general abstract mathematical idea underlying all these special forms, using a wealth of illustrations as support. Symmetry is a work of seminal relevance that explores the great variety of applications and importance of symmetry.

After waiting months and months, the zoo animals finally get to meet the new baby elephant.

Since the dawn of the era of molecular biology, hemoglobin has been subjected to more scrutiny than any other protein, and Bunn,

Forget, and Ranney can each lay claim to major contributions to the saga of hemoglobin. Their well-organized, comprehensive, and superbly illustrated work is an excellent review of the abnormal hemoglobin field. Early chapters deal with the structure and function of human hemoglobin and the way in which this is modified in various disease states. Later sections deal with the various structural hemoglobin variants and their associated clinical manifestations, the thalassaemias, and the acquired disorders of hemoglobin. The sections that deal with the modification of hemoglobin function in various disease states are particularly good. The book contains an extensive and up-to-date bibliography and is remarkably free from errors of fact or type--the best standard of reference on the subject as of the year 1977.

Books in the Anna series use colorful illustrations to chronicle a toddler's everyday adventures and teach children about a variety of life experiences, such as learning to brush teeth at the end of a busy day.

Bestselling title is now a board book! This is a good option to help young and older children with separation anxiety. - School Library Journal The world is big ... Much, much bigger than Mother Kangaroo's pouch. But Little Kangaroo would rather stay with Mommy, where it's safer, warmer and easier. Mom tries to show Little Kangaroo all that life has to offer. It does no good at first, but then... A splendid picture book about letting go in a loving way.
