The 12-Week MBA Bjorn Billhardt, Nathan Kracklauer, 2024-02-06 Based on award-winning leadership development programs experienced by over 100,000 professionals at Fortune Global 500 companies, The 12-Week MBA offers practical tips for aspiring business leaders while making an impassioned case for a new approach to management education. Getting an MBA takes time and money, making it inaccessible to many people who want to take charge in the business world. The 12-Week MBA offers an alternative way to learn business essentials by focusing on the skills and knowledge required to succeed as both a manager and a business leader. The 12-Week MBA's unique premise is that business leaders in any industry, any function, and at any level need the same core knowledge, skills, and attitudes to effectively manage and lead. That core consists of working through and with other people to create value while using financial concepts and metrics to maximize the value created for all company stakeholders. The timeless essence of managing numbers and leading people can be learned in less time and at a lower cost than in a traditional two-year MBA, where much of the curriculum may become obsolete by the time students graduate. Authors Bjorn Billhardt and Nathan Kracklauer are senior executives at Abilitie, a global leadership development company that has served over 100,000 learners in fifty countries. Abilitie's clients include some of the world's most recognizable brands such as Coca-Cola, The New York Times, and Dell. Now the key lessons from Abilitie's 12-Week MBA curriculum are available in this accessible and engaging guide.
