

## Mcdougal Littell Algebra 1 Mcdougal Littell Mathematics

Expressions, equations, and functions -- Properties of real numbers -- Solving linear equations -- Graphing linear equations and functions -- Writing linear equations -- Solving and graphing linear inequalities -- Systems of equations and inequalities -- Exponents and exponential functions -- Polynomials and factoring -- Quadratic equations and functions -- Radicals and geometry connections -- Rational equations and functions -- Probability and data analysis.

The content of Algebra 1 is organized around families of functions, with special emphasis on linear and quadratic functions.

The Practice Workbook provides additional practice with worked-out examples for every lesson. The workbook covers essential skills and vocabulary. Space is provided for students to show their work.
