nonna dishes out. But when Maria Pia's boyfriend is found dead in Miracolo's kitchen, bludgeoned by a marble mortar, the question arises: Can a woman this fiery and stubborn over cream-filled pastry be capable of murder? These verses and stories celebrate and reverence the majestic beauty of our shared humanity; our common sisterhood and brotherhood that bonds us to each other and to a thousand generations gone before. "We are joined from the dust of heaven, borne on the cosmic breeze. We raise our chorus to the cradle of life, set our music upon starry seas." "We celebrate the pulse of life, unbroken beat, shared by all, though we never meet. Echoes from the dawn of time. Singing to the yet to be." Even while celebrating the majesty of being human, we can have no illusions about the heartless ferocity of which we are sometimes capable, when we fail to love one another and to honor the human dignity that the majesty of our shared origins demands for all of us. In the Great Fire Death of 1939 to 1945 this book poses the question meant to reverberate for a thousand years: What was it like when the rampaging mindless pathogen was not the Black Death and Yersinia pestis, but the Fire Death and Homo sapiens pestis? We remember the joys of days that once we shared with the friends of the long-gone then, who oh so briefly life anew. We shed a tear for children who never came to be because

of young people who lost their lives or their loves in war: "Those never held in times embrace, time cannot forget, nor all of time together their precious like beget, the spirits of children of lovers never met." We can come to understand that we are the miracle of creation: a creature who can touch past time, can sing, can care. We can come to know: the mystery past power of words alone, what wonders are we all.

The Hazel Wood meets The Astonishing Color of After in this dreamy, atmospheric novel that follows sixteen-year-old Eli as she tries to remember what truly happened the night her mother disappeared off a frozen fjord in Norway under the Northern Lights. Never whistle at the Northern Lights, the legend goes, or they'll sweep down from the sky and carry you away. Sixteen-year-old Eline Davis knows it's true. She was there ten years ago, on a frozen fjord in Svalbard, Norway, the night her mother whistled at the lights and then vanished. Now, Eli lives an ordinary life with her dad on Cape Cod. But when the Northern Lights are visible over the Cape for just one night, she can't resist the possibility of seeing her mother again. So she whistles--and it works. Her mother appears, with snowy hair, frosty fingertips and a hazy story of where she's been all these years. And she doesn't return alone. Along with Eli's mother's reappearance come strange, impossible things. Narwhals swimming in Cape Cod Bay, meteorites landing in Eli's yard, and three shadowy princesses with ominous messages. It's all too much, too fast, and Eli pushes her mother away. She disappears again--but this time, she leaves behind a note that will send Eli on a journey across continents, to the

train to Los Angeles to go live with her aunt and uncle. There is a lovely lamp next to the couch on which she's sleeping, the shade adorned with butterflies. When she wakes, Francie spies a dead butterfly, exactly matching the ones on the lamp, floating in a glass of water. She drinks it before the babysitter can see. Twenty years later, Francie is compelled to make sense of that moment, and two other incidents - her discovery of a desiccated beetle from a school paper, and a bouquet of dried roses from some curtains. Her recall is exact - she is sure these things happened. But despite her certainty, she wrestles with the hold these memories maintain over her, and what they say about her own place in the world. As Francie conjures her past, and reduces her engagement with the world to a bare minimum, she begins to question her relationship to reality. The scenes set in Francie's past glow with the intensity of childhood perception, how physical objects can take on an otherworldly power. The question for Francie is, what do these events signify? And does this power survive childhood? Told in the lush, lilting prose that led The San Francisco Chronicle to say Aimee Bender is "a writer who makes you grateful for the very existence of language," **THE BUTTERFLY LAMPSHADE** is a heartfelt and heartbreaking examination of the sometimes overwhelming power of the material world, and a broken love between mother and child"--
