Knowing your true worth. Feeling vibrant with each breath and magically alive as you navigate the unexpected. When you peel back the layers of crusty emotional baggage and old subconscious loops that keep you small, you are able to step into the brilliance of who you are in your soul, and that makes you Spiritually Fly™." —Faith Hunter Global yoga and meditation teacher Faith Hunter is known for her ability to help others remember their inherent worth and live more soulful, joyful lives. Here, Faith shares the seven principles behind her life philosophy—the "Spiritually Fly Sutras"—inspiring each of us to embrace our unique flow, on and off the mat. The Spiritually Fly Sutras are dynamic, sacred principles grounded in movement, breathwork, sound, and self-reflection. When practiced together, Faith teaches, "They have the ability to inspire and ignite an inner revolution."

Throughout *Spiritually Fly*, Faith shares the stories that led to each sutra with raw vulnerability. A young Black girl in the South whose brother was dying of AIDS contracted from a blood transfusion, she often struggled to trust in spirit and God. Her own spiritual journey brings a fresh, grounded vibe to her teachings, as she seamlessly blends classic yoga wisdom with modern-day living. To help you integrate each sutra into your life, Faith provides a wealth of “SoulPrints”—exercises and reflections including yoga asanas and kriyas, journaling prompts, pranayama, chakra explorations, and practices for each of the “three Ms”: mantra, mudra, and meditation. For anyone ready to live their most epic lives, *Spiritually Fly* offers a radical guide to shift unhealthy patterns, recharge your soul, and fly.

Yoga, Meet Life. Sometimes an hour-long yoga class is the only chance we get to connect meaningfully with our bodies and our minds during a week otherwise full of work, family, and the daily grind. Have you ever wondered how would it feel to bring that experience of awareness and calm out of the yoga studio and into your everyday life? After all, we know that practicing yoga can give us a leaner body and more sculpted limbs, but isn't its most important benefit the way it makes us feel? In *Do Your Om Thing*, master yoga teacher and creator of the popular blog OmGal.com Rebecca Pacheco shows us that the true practice of yoga is about much more than achieving the perfect headstand or withstanding an hour-long class in a room heated to 100 degrees. “Yoga is not about performance,” she tells us, “it's about practice, on your mat and in your life. If you want to get better at anything what should you do? Practice. Confidence, compassion, awareness, joy—if you want more of these—and who doesn't?—yoga offers the skills to practice them.” In her warm, personal, and often hilarious prose, Rebecca translates yogic philosophy for its twenty-first-century devotees, making ancient principles and philosophy feel accessible, relatable, and genuinely rooted in the world in which we live today. And by illuminating how the guiding principles of yoga apply to our modern lives, Rebecca shows us that the true power of a yoga practice is not physical transformation, but mental and spiritual liberation.

Deeply personal essays and daily prompts for self-reflection while healing from addiction and walking the road of recovery from the author of *Meditations from the Mat* and *Meditations on Intention and Being*. You are a process that has called forth a teaching for this day. This teaching will not be new to you; rather it will be reminding you of what you already know. Reminding you of who you already are. Rolf Gates, author of *Meditations from the Mat*, has walked the walk of the 12-step method of recovery while traveling down the Buddhist eightfold way and practicing the Eight Limbs of Classical Yoga. His integrated approach has been the key to his understanding of sobriety for over 25 years. In his series of 365 essays, Gates explores the lessons and experiences from his own practice and study, classical teachings, and his career as a teacher and coach. Each eloquent and brief essay is accompanied by a self-reflection prompt to help guide you on your journey of introspection and change. As the co-founder of the Yoga + Recovery Conference at Kripalu Center for Yoga and Health and Esalen Institute, Gates has made a significant contribution to understanding the role that

yoga can play in recovery from addiction. With his personalized approach to both the modern and classic teachings and by embedding it within the space of the human heart and everyday life, Gates is a solid guide to finding and living the freedom that lives within each of us.

The unapologetic, laugh-your-ass-off military memoir both vets and civilians have been waiting for, from a five-tour Army Ranger turned YouTube phenomenon and zealous advocate for veterans--this is Deadpool meets Captain America, except one went to business school and one went to therapy, and it's anyone's guess which is which.

A deluxe special edition of the ancient classic written by the Roman Emperor known as "The Philosopher" Meditations is a series of personal journals written by Marcus Aurelius, Emperor of Rome from 169 to 180 AD. The last of the "Five Good Emperors," he was the most powerful and influential man in the Western world at the time. Marcus was one of the leaders of Stoicism, a philosophy of personal ethics which sought resilience and virtue through personal action and responsibility. Stoicism, viewed as a foundation of modern self-help, has inspired many personal development and psychotherapy approaches through to the present day. Meditations is perhaps the most important source of our modern understanding of Stoic philosophy. Its twelve books chronicle different stages of Marcus Aurelius' life and ideas.

Although he ruled during the Pax Romana, the age of relative peace and stability throughout the empire, his reign was marked by near-constant military conflict and a devastating plague which killed upwards of five million people. Aurelius' writings give modern readers an unprecedented look into the "spiritual exercises" which helped him through his tumultuous life and strengthened his patience, empathy, generosity, self-knowledge and emotional health. The private reflections recorded in the Meditations were never meant to be published, rather they were a source for Marcus' own guidance and self-improvement, and jotted down by campfires or in military tents on the Roman front. The lessons, insights and perspectives contained within this remarkable work are just as relevant today as they were two millennia ago. This volume: Presents the timeless wisdom of Emperor Marcus Aurelius and his Stoic philosophy, with new research on his life and times Contains valuable insights on topics such as resilience, moderation and emotional control Discusses how to live "in agreement with nature" and abide by strong ethical principles Part of the bestselling Capstone Classics Series edited by Tom Butler-Bowdon, this attractive, high-quality hardcover volume includes: An original Introduction by Marcus Aurelius authority and Stoicism expert Donald Robertson, author of How To Think Like A Roman Emperor. A modernised, up to date version of the classic George Long translation. Meditations: The Philosophy Classic is a volume which will occupy a prominent place in any library for years to come.

In this thoughtful book, Allen and Linda Anderson walk you through the numbing pain and dreadful sense of loss that arise when a beloved animal dies. They offer solace to help you deal with grief, remember and honor key moments in the

animal's life, find comfort through groups and with professionals, and get past the depression. They also include exercises, affirmations, and meditations to use through the various stages of grief. The Andersons' caring, practical advice covers all aspects of pet loss, offering guidance on: helping children grieve, honoring your religious beliefs, grieving for runaway pets, helping others know what to say or do to console you, planning an appropriate memorial ceremony or tribute. The book also explores the concept of after-death experiences of departed companion animals and relates many beautiful stories, including the Rainbow Bridge story, that reinforce the love and sense of peace that come from honoring the place animals hold in our lives.

We would continue to receive our own unique life lessons, but we would have a manual to refer to when feeling overwhelmed or lost. Psychic power is an ability to perceive, that which is beyond the normal human senses and through extrasensory perception. Humans have five senses: sight, smell, taste, sound, and touch. Although some call psychic abilities the sixth sense, people with psychic abilities generally have over-exaggerated human senses. An empath is a person with the special gift of perceiving the emotions and feelings of other people as though they were their own without even trying. They are naturally tuned in to the energies floating around them. If an empath walks into a room and sits next to a person who's quietly mourning, the empath will pick up on the sorrow and experience it as though it were their own. An empath who lacks awareness of their gift can be deeply conflicted, as they cannot tell apart their own feelings from those of others. Humans are born with psychic senses or psychic power but because this ability is not encouraged to grow, people tend to forget about it. Those who continue to pursue this power tap into it mostly when they grow up and begin looking into their spirituality or when they have a desire to connect with a higher being. A number of people can experience their psychic abilities on a day-to-day basis. Others cannot comprehend the weird senses they get while others chose to give psychic power other names such as intuition or gut feeling. If life is a resume, then psychic abilities can be considered valuable points in it. Even so, it's not their existence that makes them important, but the fact that you can help other people by using them. It is like having a beautiful horse, one of a kind, but savage, that can't be ridden. That horse becomes truly special when you succeed in domesticating it and start using it for your purposes. The goal of this book is simple To help you understand the empathic nature much better and give you clear-cut techniques on how to shield your energy from harsh environments and also begin realizing your psychic potential and become confident and empowered as you journey into the world of psychic power. Other things You will also learn in the book include: - How to Develop your psychic abilities - Aura Reading - Spirit Guides - What is an empath and how to recognize it? - How to recognize if you are an empath - Understanding the potentials of your energy and abilities - How to stop absorbing stress and draining of energy - Get into intimate relationships - How to find the right work that feeds you - The ways of developing yourself as an empath And more than 3 hours of guided meditation for you!
