The confirmation of Dr. Irene Kennedy as the CIA’s new director explodes into chaos when it becomes clear there is a deadly inside plot to destroy her and prematurely end her term. Meanwhile, as a dangerous world leader gains power in the nuclear arms race, Israel forces the president’s hand with a chilling ultimatum. With U.S. intelligence agencies wracked by internal power struggles and paralyzed by bureaucracy, the President was forced to establish his own clandestine group--Covert-One--only activated as a last resort, when the threat is on a global scale and time is running out. Video of the attack shows even women and children possessing almost supernatural speed and strength, consumed with a rage that makes them immune to pain, fear, and all but the most devastating injuries. Covert-One's top operative, army microbiologist Colonel Jon Smith, is sent to investigate the attack and finds evidence of a parasitic infection that for centuries has been causing violent insanity and then going dormant.
