Shortlisted for the Jewish Quarterly-Wingate Prize 2016 A finalist for the Authors' Club Best First Novel Award 2015 It's April 1948, and war hangs over Jaffa. One minute seven-year-old Salim is dreaming of taking his first harvest from the family's orange tree; the next he is swept away into a life of exile and rage. Seeking a new beginning in swinging-'60s London, Salim falls in love with Jude. The only problem? Jude is Jewish. A captivating story about love and loss, Ishmael's Oranges follows the story of two families spanning the crossroad events of modern times, and of the legacy of hatred their children inherit.

The forty-three chapters in African Americans in the U.S. Economy focus on various aspects of the economic status of African Americans, past and present. Taken together, these essays present two related themes: first, when it comes to economics, race matters; second, racial economic discrimination and inequality persist despite the optimistic predictions of standard economic analysis that racial discrimination cannot thrive in a free-market economy. This book is an examination of why American colleges and universities have extraordinarily high tuitions and why those tuitions grow faster than the rate of inflation. It examines Hamilton College showing trends in tuition, number of faculty, comparison to non-elite colleges and other information. It examines the role that U.S. News and World Reports plays in increasing college tuition. It determines that college tuitions are not set by the actual costs of running a college; rather they are set by how much money an institution can obtain. It shows the dramatic increases in the number of faculty, administrators and staff. It shows the proliferation of courses and extra-curricular programs unnecessary for an education. The book determines that the financial objective of colleges and universities is to spend as much money as possible, with no sense of cost consciousness or the impact of higher tuitions on students. The institutions then raise tuition and ask for more money from the alumni. Tuitions are not set by costs, but by demand. It concludes that parents and students must organize into Parent-Student Associations and make tuition a matter of collective bargaining.

Zusatzqualifizierung DaZ, Sprache: Deutsch, Abstract: Diese Arbeit enthält eine Unterrichtsfeinplanung zum Thema Sport in einem Flüchtlingskurs sowie eine Analyse des Lehrwerks „Menschen“ aus dem Hueber-Verlag. Bei der Zielgruppe des Unterrichts handelt es sich um eine heterogene Lerngruppe in einer Flüchtlingsunterkunft, die – neben ihren Integrationskursen – am dort angebotenen Unterricht teilnimmt und sich seit einem Jahr regelmäßig einmal wöchentlich zusammenfindet. Ihr Sprachniveau bewegt sich ungefähr auf dem Niveau A 2. Fünf der insgesamt zehn Teilnehmer stammen aus Syrien, zwei aus dem Iran, jeweils einer aus dem Iran, dem Irak und Albanien. Letzterer besucht

als Einziger keinen Integrationskurs, weil ihm ein solcher aufgrund seines rechtlichen Status nicht finanziert wird und ihm seine Berufsausbildung dafür auch keine Zeit lässt. Die Gruppe besteht aus drei Frauen (Syrien) und sieben Männern im Alter zwischen 15 und 45 Jahren. Das Lerntempo ist sehr unterschiedlich. Etwa die Hälfte hat einen universitären Hintergrund, alle anderen einen mittleren Schulabschluss bzw. sind noch Schüler.

Work turns toxic for a Venice, Italy police detective in this novel in the award-winning, New York Times–bestselling series. Incinerators across the south of Italy are at full capacity, burning who-knows-what and releasing unacceptable levels of dangerous air pollutants, while in Naples, enormous trash piles grow in the streets. In Venice, with the polluted waters of the canals and a major chemical complex across the lagoon, the issue is never far from the fore. Then, after an investigator from the Carabinieri, looking into the illegal hauling of garbage, asks for a favor, Guido Brunetti finds himself in the middle of an investigation into murder and corruption even dirtier than the air and water . . . “[A] stellar entry in the Commissario Guido Brunetti series . . . For readers of literary mysteries, such as those by Deborah Crombie and Elizabeth George.”

—School Library Journal “Brunetti is one of the most attractive policemen in crime fiction today.” —The Philadelphia Inquirer

According to the most recent report done by The College Board Annual Survey of Colleges, the average rate of tuition at four-year public universities is \$19,548, and even more shocking, the average four-year tuition rate for private colleges is \$43,921. Tuition costs, of course, are just the beginning. However, there is good news: There is more financial aid available than ever before, and despite all of these college cost increases, a college education remains an affordable choice for most families. Armed with the information detailed in this comprehensive and updated edition of How to Go to College on a Shoe String, you will be privy to the more than 2,200 programs that offer scholarships, internships, or loans to more than 1.7 million students each year. In addition to scholarships and grants, you will learn hundreds of innovative ways to slash your college cost, such as calculating and reducing your college budget, buying your text books and supplies cheaply, earning college credit on an accelerated basis, combining higher education and course-related employment, performing national and community service, and making use of tuition prepayment plans, federal funds, state aid, and private sector aid. If you want to learn hundreds of innovative ways to save thousands on your college costs, then this book is for you.

Encompassing all the major fields of legal practice, Introduction to Turkish Law provides an essential understanding of the Turkish legal system, so that users can become familiar with law and legal processes in Turkey and pursue further research on specific Turkish legal matters. Twelve chapters, written by Turkish experts in their areas of specialty, focus on particular fields and provide also the Turkish equivalents of English terminology. The book covers the following topics: • sources of Turkish law; • constitutional law; • administrative law; • legal persons and business associations; • family and inheritance matters; • property; • obligations; • criminal law; and • the laws of civil and criminal procedure. The sixth edition reflects the continuing adaptation of Turkish law to international standards – especially in light of Turkey's hopes for membership in the European Union. These aspirations forced the Turkish lawmakers to modify some basic laws intensively or change them entirely. A short updated list of books and articles in English on Turkish law is appended.

America's public universities educate 80% of our nation's college students. But in the wake of rising demands on state treasuries, changing demographics, growing income inequality, and legislative indifference, many of these institutions have fallen into decline. Tuition costs have skyrocketed, class sizes have gone up, the number of courses offered has gone down, and the overall quality of education has decreased significantly. Here James C. Garland draws on more than thirty years of experience as a professor, administrator, and university president to argue that a new compact between state government and public universities is needed to make these schools more affordable and financially secure. Saving Alma Mater challenges a change-resistant culture in academia that places too low a premium on efficiency and productivity. Seeing a crisis of campus leadership, Garland takes state legislators to task for perpetuating the decay of their public university systems and calls for reforms in the way university presidents and governing boards are selected. He concludes that the era is long past when state appropriations can enable public universities to keep their fees low and affordable. Saving Alma Mater thus calls for the partial deregulation of public universities and a phase-out of their state appropriations. Garland's plan would tie university revenues to their performance and exploit the competitive pressures of the academic marketplace to control costs, rein in tuition, and make schools more responsive to student needs. A much-needed blueprint for reform based on Garland's real-life successes as the head of Miami University of Ohio, Saving Alma Mater will be essential for anyone concerned with the costs and quality of higher education in America today.
