This book combines a description of about fifty important textile machines with an analysis of their evolution. Each machine is dealt with in the context of its time, showing the impact that even a simple device like the fulling stocks had on textile production. The greater organisation of the domestic system in the eighteenth century gave impetus to the development of machines like the dandy loom and the spinning jenny. The author examines the revolutionary inventions of the late eighteenth century and how they led to the industrialisation of the textile industry.

Ten years ago, the massacre known as Fools' Night claimed the lives of Batman, The Joker, Nightwing, and Commissioner Gordon...and sent Selina Kyle, the Catwoman, to prison. A decade later, Gotham has grown up—it's put away costumed heroism and villainy as childish things. The new Gotham is cleaner, safer...and a lot less free, under the watchful eye of Mayor Harvey Dent and his Batcops. It's into this new city that Selina Kyle returns, a changed woman...with her mind on that one last big score: the secrets hidden inside the Batcave! She doesn't need the money—she just needs to know...who is "Orpheus"? Visionary creator Cliff Chiang (Wonder Woman, Paper Girls) writes, draws, colors, and letters the story of a world without Batman, where one woman's wounds threaten to tear apart an entire city! It's an unmissable artistic statement that will change the way you see Gotham's heroes and villains forever!

In this modern hardcover retelling of a classic commedia dell'arte legend of tomfoolery and hopeless, fawning love, creators Neil Gaiman (The Sandman, the Newbery Medal-winning The Graveyard Book) and John Bolton (Evil Dead) update the relationship of Harlequin and Columbine. A buffoon burdened with a brimming heart, Harlequin chases his sensible, oblivious Columbine around the city streets, having given his heart freely. Consumed with love, the impulsive clown sees his heart dragged about town, with a charming surprise to bend the tale in a modern direction. Gaiman's writing is poetic and as heartfelt as the subject matter. Bolton's art, a combination of digitally enhanced photorealism and dynamic painting, provides sensational depth with bright characters over fittingly muted backgrounds. Those who have spent Valentine's Day alone are aware that the cold February holiday can be hard to swallow. Gaiman and Bolton want you to know that all it takes is a steak knife, a fork, and a bottle of quality ketchup!

"Based on the teleplay "Blaze of glory" by Clark Stubbs."

This charming story presents a new way for young children to understand how to creatively embrace who they are, no matter what others think. Carla's lunch box is filled with odd delights like the Olive, Pickle and Green Bean Sandwich, the Banana-Cottage-Cheese Delight, and the unforgettable Chopped Liver, Potato Chips, and Cucumber Combo. To Carla, they are delicious and creative lunches, but her teasing classmates are unconvinced and abandon her at the lunch table to eat her bizarre sandwiches alone. One day, however, tables turn when Buster—the worst tease of all—forgets his lunch on the day of the picnic and Carla thoughtfully offers him her extra sandwich. Her own spirited nature helps Carla teach her classmates that "unusual" can actually be good. Lively illustrations help showcase the book's messages of acceptance, tolerance, individuality, and creativity, and the funny plot and authentic dialogue are sure to make this tale a favorite among elementary school children. Carla's creative sandwich solutions provide young chefs-to-be with the inspiration to create sandwich masterpieces of their own.
