By the mid/late '80s, Iron Maiden was unquestionably one of the biggest heavy metal bands on the planet - regularly headlining arenas/stadiums, each new album rocketing up the charts, and t-shirts sporting their ghastly mascot (Eddie) were one of the most popular fashion statements by metalheads. But by this point of their career, most of the band members were different than the ones that appeared on their classic 1980 self-titled debut album, while musically, they had transformed from a raw "punk metal" sound to a more refined "prog metal" approach. 'Iron Maiden: '80 '81' focuses solely on the early era of the band. Interviews include Paul Di'Anno (Iron Maiden singer, 1978-1981), Dennis Stratton (Iron Maiden guitarist, 1979-1980), Wil Malone ('Iron Maiden' producer), Biff Byford (Saxon singer), Udo Dirkschneider (former Accept singer), Kim McAuliffe (Girlschool singer/guitarist), Brian Tatler (Diamond Head guitarist), Lips (Anvil singer/guitarist), Scott Ian (Anthrax guitarist), Charlie Benante (Anthrax drummer), David Ellefson (Megadeth bassist), Dave Lombardo (former Slayer drummer), Mike Portnoy (former Dream Theater drummer), Richard Christy (Death and Iced Earth drummer), Doro (Doro singer), Glenn Tipton (Judas Priest guitarist), Pete Way (former UFO bassist), and Eddie Trunk ('That Metal Show' co-host, radio DJ), among many others.

A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology, theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

Also new to the third edition are sections on digital sheet music and video game music, as well as an updated bibliography.

A psychiatric case study masquerading a fancy-pants graphic novel, Misery Loves Comedy collects Ivan Brunetti's early issues (no pun intended) wait, let's rephrase that. Misery Loves Comedy collects the first three issues of the legendary comic book series Schizo in their entirety, as well as a host of miscellaneous flotsam and jetsam from various anthologies, c. 1992-2005. Readers will find the author's unwitting self-caricature as a paranoid, deluded young man intriguingly repugnant and often chuckle-inducing. Besides Brunetti's trademark nihilism, self-loathing, relentless depression, and inchoate, spittle-soaked misanthropy, these earlier comics offer a dollop of scatology and blasphemy for that extra puerile, lowbrow tang. These are comics for those who enjoy witnessing one man's sanity in its final death rattle, swinging its tail from anhedonia to schadenfreude and back again. Also: lots and lots of filthy jokes. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}

Harlan Ellison is probably best known as a script writer for sci-fi and fantasy movies and TV series such as the original Outer Limits, The Hunger, Logan's Run, and Babylon Five. But his range is much broader than that, encompassing stories, novels, essays, reviews, reminiscences, plays, even fake autobiographies. Essential Ellison includes contains 74 unabridged works, including such classics as "A Boy and His Dog," "Xenogenesis," and "Mefisto in Onyx." Includes black-and-white photos.

A captivating biography of Ezra Pound told via the stories of his visitors at St. Elizabeths Hospital In 1945, the great American poet Ezra Pound was deemed insane. He was due to stand trial for treason for his fascist broadcasts in Italy during the war. Instead, he escaped a possible death sentence and was held at St. Elizabeths Hospital for the insane for more than a decade. While there, his visitors included the stars of modern poetry: T. S. Eliot, Elizabeth Bishop, John Berryman, Robert Lowell, Charles Olson, and William Carlos Williams, among others. They would sit with Pound on the hospital grounds, bring him news of the outside world, and discuss everything from literary gossip to past escapades. This was perhaps the world's most unorthodox literary salon: convened by a fascist and held in a lunatic asylum. Those who came often recorded what they saw. Pound was at his most infamous, most hated, and most followed. At St. Elizabeths he was a genius and a madman, a contrarian and a poet, and impossible to ignore. In The Bughouse, Daniel Swift traces Pound and his legacy, walking the halls of St. Elizabeths and meeting modern-day neofascists in Rome. Unlike a traditional biography, The Bughouse sees Pound through the eyes of others at a critical moment both in Pound's own life and in twentieth-century art and politics. It portrays a fascinating, multifaceted artist, and illuminates the many great poets who gravitated toward this most difficult of men.

Created for drumset players who find themselves in a creative rut, this book and audio package easily breaks down the mystery behind subdivisions, rhythmic modulation, rhythmic scales and beat displacement. The author makes the transition from mathematics to musicality with an easy and systematic approach.

Labour disputes have produced more violence over a longer period in the US than any other industrialised nation in the world. From 1890 to 1930, hardly a year passed without a serious - and often deadly - clash between workers and management. Written in the 1930s and with a new introduction by Mike Davis, DYNAMITE recounts a fascinating and largely forgotten history of class and labour struggle in America's industrial beginnings.

Few rock drummers remain as universally praised as Led Zeppelin's John Bonham. Listen to any Zeppelin album, and you will hear a virtual showcase on expert rock drumming - while never getting in the way of the group's other members and their contributions, singer Robert Plant, guitarist Jimmy Page, and bassist John Paul Jones. But sadly, one of rock's all-time greats died tragically young - he was only 32 years old - resulting in the end of one of rock's most celebrated bands. To mark 40 years since his passing, 'Bonzo: 30 Rock Drummers Remember the Legendary John Bonham' has been assembled - comprised of interviews with some of the top drummers of rock (including Kenny Aronoff, Mike Portnoy, John Dolmayan, Brian Tichy, and Steve Gorman, among others), discussing what made Bonham such a special and unforgettable drummer.

Many of the world's great drummers credit their skills in part to Jim's teaching and his books. This video will help drummers increase their speed, power, control and endurance. The exercises and examples will enable them to play accented and non-accented stickings with equal ease. (70 min.)

Designed for drummers and bass players, this book/CD lays out a step-by-step approach to combining Afro-Cuban rhythms with rock, funk and jazz.

This startlingly original debut from This American Life contributor Jonathan Goldstein is, according to a Vice Magazine reviewer, "the cleanest dirty book I've ever read." It's a snapshot of the mind of Josh, a rather confused young man who must cope with his father's listlessness and his own overwhelming lust, not to mention the arrival of the Moschiach, inventor of the infamous Love Lotion. Lenny Bruce Is Dead walks a tightrope between the searingly funny and the poignant. You'll laugh, you'll cry, you'll long for some Love Lotion of your own. And you won't forget Josh—ineptitude, scatological neuroses, urban angst, self-deprecating humor and all.

Benzodiazepines, a class of tranquilizers and sleeping pills (including Valium, Xanax, and Ambien), are dangerously addictive; the author, exposed to a range of Benzodiazepines, antidepressants, and psychiatrists, tells the story of his unusual journey: for his own sake, for his friends, and for others who might wish to compare their own journeys with his.

Accompanying compact disc includes rhythmic examples from each section of the book.

So Paddy Got Up is a unique collection of writing about Arsenal Football Club. Edited by Andrew Mangan, founder of Arseblog, it features bloggers, writers and journalists reminiscing, eulogising, analysing and waxing lyrical about everything from the club's humble origins to where it finds itself now, from great players to great managers, from tactics to fans to stadia to kits, amongst many other things.

Contributors include Amy Lawrence, Paolo Bandini, Philippe Auclair, Gunnerblog, Goonerholic, East Lower, Michael Cox and many more. It's by far the greatest Arsenal anthology the world has ever seen. (Bass Recorded Versions Mixed). 14 of the most popular songs by the iconic rock band Dream Theater are presented in bass transcriptions as John Myung played them. Includes: Beyond This Life * Caught in a Web * Erotomania * Fatal Tragedy * Learning to Live * Outcry * Panic Attack * Stream of Consciousness * Trial of Tears * and more.

Features interviews with Bill Bruford, Peter Giles, Gordon Haskell, Judy Dyble and more . . . In 1969 five young Englishmen calling themselves King Crimson altered the course of rock music, and despite a revolving-door lineup, the band has continued to innovate and inspire for more than fifty years. Fifty Shades of Crimson tells the story of this legendary band and of the unique English guitarist Robert Fripp it revolves around. With a deep passion for the music, author Pete Tomsett celebrates the achievements of Fripp and the array of incredible talent that has passed through Crimson, while not shying away from the many behind-the-scenes difficulties. Getting signed after supporting The Rolling Stones at Hyde Park, Crimson shot to fame with their debut album, In the Court of the Crimson King, becoming one of the most influential bands of that era and triggering the rise of prog rock. While going through countless personnel, including Greg Lake, Bill Bruford and John Wetton, rejecting Elton John and Bryan Ferry along the way, they have put out many highly acclaimed albums and to this day maintain a big international following. In their early years Fripp's band reached the same commercial heights as the likes of David Bowie and Pink Floyd. However, as an intellectual who despised the practices of the music business, Fripp preferred innovation over chasing big sales. In 1974 he withdrew from mainstream music, becoming involved with the Fourth Way philosophy, but was eventually tempted back and reformed Crimson to much acclaim in the eighties. As well as also having collaborations with Brian Eno, Andy Summers and others, Fripp has created new forms of instrumental music, run his own idiosyncratic guitar courses and set up an ethical record company. Both genius and 'a special sort of awkward', Fripp has never been afraid to take his music where no one has gone before, and Crimson have been a powerful influence on everyone from Genesis and Yes to Roxy Music and Radiohead, creating a legacy that will live on for decades more!

Victor Mancini, a medical-school dropout, is an antihero for our deranged times. Needing to pay elder care for his mother, Victor has devised an ingenious scam: he pretends to choke on pieces of food while

dining in upscale restaurants. He then allows himself to be "saved" by fellow patrons who, feeling responsible for Victor's life, go on to send checks to support him. When he's not pulling this stunt, Victor cruises sexual addiction recovery workshops for action, visits his addled mom, and spends his days working at a colonial theme park. His creator, Chuck Palahniuk, is the visionary we need and the satirist we deserve.

Find out what 20 rock journalists and writers have to say about Rush's 20 studio albums. Formed in Toronto in 1968, the rock trio Rush has gone on to multiplatinum success behind the distinctive high register and virtuosic bass-playing of frontman Geddy Lee, the legendary drumming and lyric-writing of Neil Peart, and the guitar heroics of Alex Lifeson. Despite having just four chart-topping singles since the release of their debut LP in 1974, Rush has nonetheless sold more than 25 million albums in the U.S. and more than 40 million worldwide. Indeed, the Canadian trio may be the definition of an "album band," and this new book from prolific rock journalist and acknowledged Rush authority Martin Popoff pays tribute to the band's discography by moderating in-depth, frank, and entertaining conversations about all 20 of Rush's studio albums. Inside, the author gathers 20 rock journalists and authors who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique historical overview of the band, as well as a handsome discography. Popoff also includes loads of sidebars that provide complete track listings, details on album personnel, information on where and when the albums were recorded, and sidebar facts about the albums, their songs, and the band.

First published in 1962, Bruce Jay Friedman's acclaimed first fiction novel, Stern, tells the story of a young Jewish man who relocates his family from the city to the suburbs, where they are besieged by voracious caterpillars and a bigotry that ranges from the genteel snub to outright confrontation. "An iridescent tour de force...Mr. Friedman's style is pure delight-supple, carnal, humorous and at times slightly surrealistic."—The New York Times Book Review "What makes Friedman more interesting than most of Malamud, Roth and Bellow is the sense he affords of possibilities larger than the doings and undoings of the Jewish urban bourgeois... What makes him more important is that he writes out of viscera instead of cerebrum."—Nelson Algren in The Nation "A strange and touching novel...funny and sad at the same time...in the tradition of a Charlie Chaplin movie."—Time

The world of investing normally sees experts telling us the 'right' way to manage our money. How often do these experts pull back the curtain and tell us how they invest their own money? Never. How I Invest My Money changes that. In this unprecedented collection, 25 financial experts share how they navigate markets with their own capital. In this honest rendering of how they invest, save, spend, give, and borrow, this group of portfolio managers, financial advisors, venture capitalists and other experts detail the 'how' and the 'why' of their investments. They share stories about their childhood, their families, the struggles they face and the aspirations they hold. Sometimes raw, always revealing, these stories detail the indelible relationship between our money and our values. Taken as a whole, these essays powerfully demonstrate that there is no single 'right' way to save, spend, and invest. We see a kaleidoscope of perspectives on stocks, bonds, real assets, funds, charity, and other means of achieving the life one desires. With engaging illustrations throughout by Carl Richards, How I Invest My Money inspires readers to think creatively about their financial decisions and how money figures in the broader quest for a contented life. With contributions from: Morgan Housel, Christine Benz, Brian Portnoy, Joshua Brown, Bob Seawright, Carolyn McClanahan, Tyrone Ross, Dasarte Yarnway, Nina O'Neal, Debbie Freeman, Shirl Penney, Ted Seides, Ashby Daniels, Blair duQuesnay, Leighann Miko, Perth Tolle, Josh Rogers, Jenny Harrington, Mike Underhill, Dan Egan, Howard Lindzon, Ryan Krueger, Lazetta Rainey Braxton, Rita Cheng, Alex Chalekian

The next instalment in the acclaimed New Yorker 'decades' series featuring an all-star line-up of historical pieces from the 1960s alongside new pieces by current New Yorker staffers. The 1960s, the most tumultuous decade of the twentieth century, were a time of tectonic shifts in all aspects of society – from the March on Washington and the Second Vatican Council to the Summer of Love and Woodstock. No magazine chronicled the immense changes of the period better than The New Yorker. This capacious volume includes historic pieces from the magazine's pages that brilliantly capture the sixties, set alongside new assessments by some of today's finest writers. Here are real-time accounts of these years of turmoil: Calvin Trillin reports on the integration of Southern universities, E. B. White and John Updike wrestle with the enormity of the Kennedy assassination and Jonathan Schell travels with American troops into the jungles of Vietnam. The murder of Martin Luther King, Jr., the fallout of the 1968 Democratic Convention, the Soviet invasion of Czechoslovakia, the Six-Day War: all are brought to immediate and profound life in these pages. The New Yorker of the 1960s was also the wellspring of some of the truly timeless works of American journalism. Truman Capote's In Cold Blood, Rachel Carson's Silent Spring, Hannah Arendt's Eichmann in Jerusalem and James Baldwin's The Fire Next Time all first appeared in The New Yorker and are featured here. The magazine also published such indelible short story masterpieces as John Cheever's 'The Swimmer' and John Updike's 'A & P', alongside poems by Sylvia Plath and Anne Sexton. The arts underwent an extraordinary transformation during the decade, one mirrored by the emergence in The New Yorker of critical voices as arresting as Pauline Kael and Kenneth Tynan. Among the crucial cultural figures profiled here are Simon & Garfunkel, Tom Stoppard, Bob Dylan, Allen Ginsberg, Cassius Clay (before he was Muhammad Ali), and Mike Nichols and Elaine May. The assembled pieces are given fascinating contemporary context by current New Yorker writers, including Jill Lepore, Malcolm Gladwell and David Remnick. The result is an incomparable collective portrait of a truly galvanising era. With contributions from: Truman Capote, John Updike, E.B. White, Rachel Carson, James Baldwin, Jonathan Schell, Dwight Macdonald, Renata Adler, Hannah Arendt, Pauline Kael, AJ Liebling, Nat Hentoff, Calvin Trillin, Xavuer Rynne, John McPhee, Anthony Hiss and more.
