In this updated edition, bestselling author Dr Lissa Rankin shares cutting-edge scientific knowledge and spiritual insights from her ongoing research into the body's innate ability to self-repair, and explains how we can influence the self-healing mechanisms with the power of our own consciousness. In this book, you'll discover: - a thorough update of Dr Rankin's signature Six Steps to Healing Yourself - new insight into how unresolved trauma can stand in the way of healing from chronic and life-threatening illnesses, plus powerful tools you can use to address it - how to tune in to your Inner Pilot Light for intuitive guidance in your healing - tools to listen to your body and assess every area of your life - relational, psychological, creative, environmental, professional - to understand what you need to pave the way for radical healing 'The healing that is possible may be right here,' Dr Rankin writes, 'closer than close, underneath all your efforting and striving, available if you are ready to humble yourself before this possibility and receive what awaits you.' 'What a pleasure it is to see the next generation of physicians waking up to what I call real medicine - the kind that acknowledges our true power to heal and be well.' - Dr Christiane Northrup, New York Times bestselling author of Women's Bodies, Women's Wisdom and The Wisdom of Menopause 'In her life, her work and her words, Dr Rankin demonstrates a new way to combine the brilliance of modern science with the wisdom of the heart... Just reading Mind Over Medicine is a genuinely healing experience.' - Martha Beck PhD, author of Finding Your Way in a Wild New World

Human by Design invites you on a journey beyond Darwin's theory of evolution, beginning with the fact that we exist as we do, even more empowered, and more connected with ourselves and the world, than scientists have believed possible.\* \* \*In one of the great ironies of the modern world, the science that was expected to solve life's mysteries has done just the opposite. New discoveries have led to more unanswered questions, created deeper mysteries, and brought us to the brink of forbidden territory when it comes to explaining our origin and existence. These discoveries reveal the following facts: - Fact 1. Our origin--Modern humans appeared suddenly on earth approximately 200,000 years ago, with the advanced brain, nervous system, and capabilities that set them apart from all other known forms of life already developed, rather than having developed slowly and gradually over a long periods of time.- Fact 2. Missing physical evidence--The relationships shown on the conventional tree of human evolution are speculative connections only. While they are believed to exist, a 150-year search has failed to produce the physical evidence that confirms the relationships shown on the evolutionary family tree.- Fact 3. New DNA evidence--The comparison of DNA between ancient Neanderthals, previously thought to be our ancestors, and early humans tells us that we did not descend from the Neanderthals.- Fact 4. A rare DNA fusion--Advanced genome analysis reveals that the DNA that sets us apart from other primates, including in our advanced brain and nervous system, is

the result of an ancient and precise fusion of genes occurring in a way that suggests something beyond evolution made our humanness possible.- Fact 5. Our extraordinary abilities--We are born with the capacity to self-heal, to self-regulate longevity, to activate an enhanced immune response, and to experience deep intuition, sympathy, empathy, and, ultimately, compassion--and to do each of these on demand. In this book, New York Times best-selling author and 2017 Templeton Award nominee Gregg Braden crosses the traditional boundaries of science and spirituality to answer the timeless question at the core of our existence--Who are we?--and to reveal science-based techniques that awaken our uniquely human experiences of deep intuition, precognition, advanced states of self-healing, and much more! Beyond any reasonable doubt, *Human by Design* reveals that we're not what we've been told, and much more than we've ever imagined.

Previously published as part of *WHAT'S UP DOWN THERE?*. Suppose you had a wise, warm, funny best friend—who just happened to be a gynecologist. You're out with the girls for cocktails and the conversation turns to sex, and then to girly parts. One by one, you start asking her all the questions you've secretly wondered about—and discover that you have a lot in common. If you were to write those questions down, then you'd have *Sex, Orgasm, and Coochies*, a life-changing little ebook that answers: Why doesn't my vagina look like the ones in *Playboy*? Should I douche? If so, how often? If I take some of my husband's Viagra, will it jazz me up for sex? My daughter masturbates regularly. I'm secretly worried she's going to grow up to be a sex maniac. Is she normal, or is my child a pervert? Why does my vagina make loud noises when my boyfriend and I are having sex? And so much more! As outrageously funny as it is empowering, this book reveals how to love yourself and your body—and will have you recommending it to every woman you know.

"Dr. Sadeghi is the doctor who has changed my life. This book will change yours."  
--Gwyneth Paltrow  
In his latest book, Dr. Habib Sadeghi provides a compassionately based, scientifically sound approach to the missing ingredient in the weight-loss recipe: self-love. You'll learn that real self-love is far more than an ethereal concept. It's a tangible evolutionary force that will create changes in your life that can only be described as miraculous. Did you know that the electromagnetic power of the heart is five thousand times stronger than that of the brain? That's the power of your love, and you'll learn how to harness its healing energy by taking one simple step. You'll discover the exciting emerging science of epigenetics and that fat is not all in the family. You've never been doomed by your genes and have far more control over your weight than you ever realized. Most importantly, this program was created, from compassion and experience, by someone who has been there. You'll be amazed and inspired as Dr. Sadeghi shares how this program created a profound healing in his own life. So prepare yourself for a revelation that combines the latest science with spiritual nutrition for a quantum weight-loss program that serves up a satisfying portion of real soul food. Take the journey to discover where the answers have been all along . . . within. All proceeds from *Within* will be donated to Roots of Empathy, University of Santa Monica and Healing Institute of Beings.

Barkley the Bear is now ready to continue his family's business, which involves taking care of everyone in the forest. What a job! Barkley worries that he will not be able to provide the care necessary for everyone, but he soon finds out how easy it is to help

others, and how much you can get in return. New York Times best-selling author Nick Ortner, along with Alison Taylor, take you on a memorable journey of what's most important in life: Kindness, hugs, and a little bit of work.

**Activate Your Unique, Built-In Healer** The language your body speaks is energy. Just under the surface of your awareness, your body, mind, and spirit are using energetic signaling to communicate constantly with one another. This clear and practical guide teaches you how to understand and "speak" energy so you can participate in your body, mind, and spirit's unique creation of self. Receive daily messages of love, wisdom, and encouragement with a 365-day reader from New York Times bestselling author, physician, and mystic Dr. Lissa Rankin. If your deepest, most divine self had a message for you, what would it be? In *The Daily Flame*, acclaimed physician Dr. Lissa Rankin presents 365 love letters from your Inner Pilot Light—the guiding voice of your innermost truth. As Lissa explains: "This book is intended to support the kind of intimacy, comfort, nourishment, and grace that happens when you make contact with the Source of all love that fuels your very existence.

Regardless of your spiritual orientation, consider this book a prayer of sorts, one that invites you to gently, quietly reunite with the purest, most loving core of your being, the part that will help you navigate the in-between space in your spiritual life." Each new message from your Inner Pilot Light will bring you inspiration and encouragement for the day ahead. The letters cover a wide range of themes, from abundance and health, to following your dreams, to finding your tribe, and persevering through challenges.

Some readings offer practices and reflection questions, while others offer deep wisdom and spiritual insights. You might get a motivating kick in the patooty one day, and an unbridled love letter the next! As you read each day, you'll learn to embrace your own authentic knowing and trust the voice of your divine self. Enter the mysterious landscape of the soul and let your light shine bright with *The Daily Flame*.

In this funny, outrageous and empowering book, Dr. Lissa Rankin answers all the secret gynecological questions that most women wonder about, but have always been afraid to ask. Suppose you had a wise, warm, funny best friend—who just happened to be a gynecologist. You're out with the girls for cocktails and the conversation turns to sex, and then to girly parts. One by one, you start asking her all the questions you've secretly wondered about—and discover that you have a lot in common. If you were to write those questions down, then you'd have *What's Up Down There?*, a life-changing little book that answers: - Do old ladies have saggy vaginas? - How do male gynecologists have a sex life without feeling like they're stuck at the office? - Is it normal for your inner labia to hang out of your outer labia? - Can the baby feel its mom having sex during pregnancy? - How common is it for one's boobs to be two totally different sizes? And so much more! As outrageously funny as it is empowering, this book reveals how to love yourself and your body—and will have you recommending it to every woman you know. From off-the-wall sex questions to serious topics of women's sexual health, *What's Up Down There?* provides answers to women of all ages and stages.

A leading mind-body researcher provides an invaluable resource of solid scientific evidence for consciousness-based healing—along with practices anyone

can use. Spontaneous remission, the placebo effect, and energy healing—these phenomena have baffled the medical community for decades. What do all these marvels tell us? “Our current models of medicine fall short of understanding the depths of our human healing potential,” says Dr. Shamini Jain. “We are on the cusp of finally becoming awake to our human healing potential. A growing number of scientists are exploring a new path—a true expansion of science joined with understandings from ancient concepts of spirituality.” With *Healing Ourselves*, Dr. Jain presents a new vision of health and healing. Here she rejects the “either-or” thinking that has placed conventional medicine at odds with so-called alternative methods—offering an integrated path based on sound scientific evidence and personal empowerment. Join her to explore:

- Biofield science—peer-reviewed research on the inseparable relationship between consciousness and healing
- The placebo and beyond—what placebo research tells us about the power of consciousness to heal ourselves, whether we choose drugs, surgery, or holistic medicine
- Evidence—what strong, published research actually says about the healing power of holistic practices such as yoga, tai chi, meditation, and energy healing
- The Healing Keys—in-depth instruction with evidence-based recommendations and ancient spiritual practices that you can integrate into your life for healing yourself

Today more than ever, we realize that we must change the way we think about health care—and our ability to heal ourselves. “The good news is there is a way forward,” teaches Dr. Jain. “The flame that lights the path burns brighter than the darkness of ignorance and suffering we have found ourselves in.” With *Healing Ourselves*, this inspiring teacher shares a holistic model of health that we have known in our hearts, all along, to be true.

The connection between your mind and body is close, powerful, and often a valuable tool in taking control of your life and ambitions. The power of thought can affect you in profound ways, particularly in regards to its truly incredible effect on your health, explored in detail within these pages. This fascinating book by cutting-edge scientist David R. Hamilton explores the power of visualization, belief, and positive thinking - and their effects on the body. He also presents a revolutionary quantum-field healing meditation - through which you can change yourself on an atomic level - and shows you how you can use your imagination and thought processes to combat disease, pain, and illness. You will see how science and belief systems can merge . . . so that you can heal yourself more effectively than ever before!

A New York Times Bestseller! One woman undertakes a worldwide search to learn the secrets of a great marriage—and finds one foundational truth that could change everything. Fawn Weaver was a happily married woman running a successful business—and then something happened. Maybe it was divorce rate reports on the evening news, *The Real Housewives of Orange County*, or any daytime talk show where husbands and wives dramatically reveal their betrayals. Everywhere she looked, Fawn saw negative portrayals of marriage dominating

the airwaves and dooming everyone to failure. Looking at Keith, the love of her life, she knew that wasn't true. She was determined to find and connect with women just like her—happy and optimistic about marriage, deeply in love with her spouse, and committed to building a strong marriage that stands the test of time. On a whim, she started the blog HappyWivesClub.com and sent the link to a few of new friends. What started as a casual invitation to five women exploded into an international online club with 150,000 members in more than 100 countries. Happy Wives Club is Fawn's journey across the world to meet her friends and discover what makes their marriages great. Join her on this exciting, exotic trip across six continents and through more than eighteen cities. Walk the streets of Mauritius, the historic ruins in Italy, and the vistas of New Zealand and Australia. Go from Cape Town to London, Manila to Buenos Aires, Winnipeg to Zagreb. Along the way, you will meet everyday women whose marriage secrets span cultures. You will hear their stories, witness their love, and be inspired by the proof that happy, healthy marriages do exist—and yours can be one of them! It turns out great marriages are all around us—when we look for them. Go on a trip with Fawn and learn the best marriage secrets the world has to offer.

Wie funktioniert Selbstheilung eigentlich? Lissa Rankin, Ärztin und Bestseller-Autorin aus den USA, schafft es mit ihrem neuen Buch, Schulmedizin und das Phänomen der Selbstheilung endlich unter einen Hut zu bringen! Tausende von Studien belegen inzwischen, dass der Placebo-Effekt eine lange unterschätzte Macht hat, die wir nun zielstrebig für Gesundheit und Prophylaxe nutzen können. Lissa Rankin plädiert für ein gemeinsames Vorgehen von Medizin, ganzheitlichen Methoden, persönlicher Verantwortung und dem selbstbewussten Einsatz eigener Fähigkeiten. Ihre Hauptthese: Nur in entspanntem Zustand können die Selbstheilungskräfte des Körpers optimal arbeiten. Dazu gehören: konsequenter Stressabbau, Bewegung und gesunde Ernährung, harmonische Beziehungen privat und beruflich, Spiritualität, kreativer Selbstausdruck. Ein hochspannendes Thema, unterhaltsam geschrieben, mit vielen Fallbeispielen. Mit einem 6-Punkte-Plan für die Selbstheilung. Mind over Medicine: Der New York Times-Bestseller endlich auf Deutsch! »Wenn wir das Flüstern des Körpers nicht hören, dass etwas aus der Balance geraten ist, beginnt er zu schreien.« Im Körper wirkt, wovon der Geist überzeugt ist Mind over Medicine: Der New York Times-Bestseller endlich auf Deutsch! Was die Wissenschaft über das Phänomen der Selbstheilung weiß

Not many people in the medical world are talking about how being afraid can make us sick—but the truth is that fear, left untreated, becomes a serious risk factor for conditions from heart disease to diabetes to cancer. Now Lissa Rankin, M.D., explains why we need to heal ourselves from the fear that puts our health at risk and robs our lives of joy—and shows us how fear can ultimately cure us by opening our eyes to all that needs healing in our lives. Drawing on peer-reviewed studies and powerful true stories, The Fear Cure presents a breakthrough understanding of fear's effects and charts a path back to wellness and

wholeness on every level. We learn:

- How a fearful thought translates into physiological changes that predispose us to illness
- How to tell true fear (the kind that arises from a genuine threat) from false fear (which triggers stress responses that undermine health)
- How to tune in to the voice of courage inside—our "Inner Pilot Light"
- How to reshape our relationship to uncertainty so that it's no longer something to dread, but a doorway to new possibilities
- What our fears can teach us about who we really are

At the intersection of science and spirituality, *The Fear Cure* identifies the Four Fearful Assumptions that lie at the root of all fears—from the sense that we're alone in the universe to the belief that we can't handle losing what we love—and shifts them into Four Courage-Cultivating Truths that pave our way to not only physical well-being, but profound awakening. Using exercises from a wide range of mind-body practices and spiritual traditions, Dr. Rankin teaches us how to map our own courage-cultivating journey, write a personalized Prescription for Courage, and step into a more authentic life.

**THE LANDMARK BESTSELLER—NOW COMPLETELY REVISED AND UPDATED** More than twenty-five years ago, *Quantum Healing* helped transform Deepak Chopra into a cultural phenomenon. Now Dr. Chopra, hailed by *Time* as "the poet-prophet of alternative medicine," returns to this groundbreaking exploration of consciousness and the power of mindfulness, adding the latest scientific research as well as expanded thoughts on the connection between body and mind. Inspired by the unexplained recovery of patients in his own practice who had been given just a few months to live, Dr. Chopra began his search for answers. After returning to his native India to explore humanity's most ancient healing tradition, Ayurveda, he combined those insights with Western medicine, neuroscience, and physics. What he discovered—a "network of intelligence" in the human body with the potential to defeat cancer, heart disease, even aging itself—forms the basis of *Quantum Healing*. In this new edition, Dr. Chopra once again offers a fascinating intellectual journey and a deeply moving chronicle of hope and healing. Praise for *Quantum Healing*

"*Quantum Healing* didn't set out to cure cancer or Alzheimer's or any other intractable disease. It set out to see the human body, and human existence in general, through wiser eyes. As a scientist I'm passionate about genes and the brain; as a person I'm totally fascinated by the origins of consciousness. *Quantum Healing* galvanized my intuition that these areas do not have to be separated."—Dr. Rudolph Tanzi, from the new foreword

"Deepak Chopra illuminates our true innate capacity for healing, growth, and evolution. With the wisdom of an experienced doctor, girded by science, he guides us to reclaim our natural power towards thriving. Chopra's work is paradigm-changing for medicine and helpful beyond measure for every human being seeking to evolve, flourish, and know our true nature."—Lisa Miller, Ph.D., author of *The Spiritual Child* and director of clinical psychology, Teachers College, Columbia University

Are you tired? Do you suffer from chronic pain—headaches, backaches, or other

persistent discomfort? Do you experience depression or feel anxious? Do you have allergies or autoimmune issues? Have you lost your sex drive somewhere along the way? If you have one or more of these symptoms, you may be suffering from what Rachel Carlton Abrams, MD, calls Chronic Body Depletion—a condition that can be related to weight gain, high blood pressure, exhaustion, and many other symptoms that leave the body drained. In *BodyWise*, Dr. Abrams helps us to understand that these symptoms, uncomfortable as they may be, are actually a sign of our body's intelligence. Our bodies are trying to communicate—sometimes screaming at us to pay attention—and only when we learn to listen are we able to treat what ails us to achieve optimum healing and lifelong health. Dr. Rachel shares her customizable 28-day program, used with thousands of patients in her clinic, for healing the body both physically and emotionally. Through quizzes and detailed self-assessments, she explains how you can evaluate your own body wisdom for different areas in your life—including stress, sleep, libido, pain, anxiety, depression, allergies, and autoimmune issues. Guiding you through thoughtful diet, routine, and lifestyle changes, *BodyWise* will help you discover your own unique needs and offer you the principles and practices to create the vibrant, balanced, healthy life you have always deserved.

Mind Over Medicine - REVISED EDITION  
Scientific Proof That You Can Heal Yourself  
Hay House, Inc

"Whenever there is a problem, repeat over and over: All is well. Everything is working out for my highest good. Out of this situation only good will come. I am safe." In this healing tour de force, best-selling authors Louise L. Hay and Dr. Mona Lisa Schulz have teamed up for an exciting reexamination of the quintessential teachings from *Heal Your Body*. *All Is Well* brings together Louise's proven affirmation system with Mona Lisa's knowledge of both medical science and the body's intuition to create an easy-to-follow guide for health and well-being. And, for the first time ever, they present scientific evidence showing the undeniable link between the mind and body that makes these healing methods work. Bringing focus and clarity to the effects of emotions on the body, *All Is Well* separates the body into seven distinct groups of organs—or emotional centers—that are connected by their relationship to certain emotions. Structured around these emotional centers, the authors outline common imbalances and probable mental causes for physical illness. They also include case studies that show a complete program for healing that draws from all disciplines, including both traditional and alternative medicine, affirmations, nutritional changes, and so much more. Using the self-assessment quiz, the holistic health advice, and an expanded version of Louise's original affirmation chart, you can learn how to heal your mind and body with affirmations and intuition and live a balanced, healthy life.

This bibliography provides extracted summaries for major articles about spontaneous remission of various cancers and the effect of the mind-body relationship, as well as supplemental references for the subject of the article.

When it comes to disease, who beats the odds — and why? When it comes to spontaneous healing, skepticism abounds. Doctors are taught that "miraculous" recoveries are flukes, and as a result they don't study those cases or take them into account when treating patients. Enter Dr. Jeff Rediger, who has spent over 15 years studying spontaneous healing, pioneering the use of scientific tools to investigate recoveries from incurable illnesses. Dr. Rediger's research has taken him from America's top hospitals to healing centers around the world—and along the way he's uncovered insights into why some people beat the odds. In *Cured*, Dr.

Rediger digs down to the root causes of illness, showing how to create an environment that sets the stage for healing. He reveals the patterns behind healing and lays out the physical and mental principles associated with recovery: first, we need to physically heal our diet and our immune systems. Next, we need to mentally heal our stress response and our identities.

Through rigorous research, Dr. Rediger shows that much of our physical reality is created in our minds. Our perception changes our experience, even to the point of changing our physical bodies—and thus the healing of our identity may be our greatest tool to recovery. Ultimately, miracles only contradict what we know of nature at this point in time. Cured leads the way in explaining the science behind these miracles, and provides a first-of-its-kind guidebook to both healing and preventing disease.

At last, the paperback edition of the monumental best-seller (almost half a million copies in print!) that has changed the way Americans think about sickness and health -- the companion volume to the landmark PBS series of the same name. In a remarkably short period of time, Bill Moyers's *Healing And The Mind* has become a touchstone, shaping the debate over alternative medical treatments and the role of the mind in illness and recovery in a way that few books have in recent memory. With almost half a million copies in print, it is already a classic -- the most widely read and influential book of its kind. In a series of fascinating interviews with world-renowned experts and laypeople alike, Bill Moyers explores the new mind/body medicine. *Healing And The Mind* shows how it is being practiced in the treatment of stress, chronic disease, and neonatal problems in several American hospitals; examines the chemical basis of emotions, and their potential for making us sick (and making us well); explores the fusion of traditional Chinese medicine with modern Western practices in contemporary China; and takes an up-close, personal look at alternative healing therapies, including a Massachusetts center that combines Eastern meditation and Western group therapy, and a California retreat for cancer patients who help each other even when a cure is impossible. Combining the incisive yet personal interview approach that made *A World Of Ideas* a feast for the mind and the provocative interplay of text and art that made *The Power Of Myth* a feast for the imagination, *Healing And The Mind* is a landmark work.

In *Seven Thousand Ways to Listen*, Nepo offers ancient and contemporary practices to help us stay close to what is sacred. In this beautifully written spiritual memoir, Nepo explores the transformational journey with his characteristic insight and grace. He unfolds the many gifts and challenges of deep listening as we are asked to reflect on the life we are given. A moving exploration of self and our relationship to others and the world around us, *Seven Thousand Ways to Listen* unpacks the many ways we are called to redefine ourselves and to name what is meaningful, as we move through the changes that come from experience and ageing and the challenge of surviving loss. Filled with questions to reflect on and discuss with others, and meditations on how to return to what matters throughout the day, this enlightening book teaches us how to act wholeheartedly so we can inhabit the gifts we are born with and find the language of our own wisdom. *Seven Thousand Ways to Listen* weaves a tapestry of deep reflection, memoir and meditation to create a remarkable guide on how to listen to life and live more fully.

This New York Times bestseller has sold over 50 million copies worldwide, including over 200,000 copies in Australia. "A splendid history of mind-body medicine...a book that desperately needed to be written."  
—Jerome Groopman, New York Times

Is stress a deadly disease on the rise in modern

society? Can mind-body practices from the East help us become well? When it comes to healing, we believe we must look beyond doctors and drugs; we must look within ourselves. Faith, relationships, and attitude matter. But why do we believe such things? From psychoanalysis to the placebo effect to meditation, this vibrant cultural history describes mind-body healing as rooted in a patchwork of stories, allowing us to make new sense of our suffering and to rationalize new treatments and lifestyles.

First and foremost, I am a woman that was looking for answers, just like you. I have claimed victory over 2 breast cancer journeys. My healing journeys taught me so much about myself and breast cancer in general. These experiences have been stepping stones into creating my first book, *Heal Breast Cancer Naturally*, *Healing Diva Retreats* and various coaching programs for women that are looking for support. One out of eight women will be diagnosed with Breast Cancer. One out of 3 women will experience some form of cancer in their lifetime. I was one of those statistics even though I was living a healthy lifestyle that consisted of organic foods, regular exercise, massage, Chiropractic care and colonics. How could somebody like me develop Breast Cancer? That very question led to thousands of hours of research, study, soul-searching and prayer. It all came together as *The 7 Essentials* - 7 basic steps that are necessary for preventing and healing cancer, or any disease for that matter.

“The best known life coach in America” (*Psychology Today*) and bestselling author of *Finding Your Own North Star* provides a new transformational program for creating an unconventional life path to a sustainable way of life. Martha Beck's program has been practiced by Oprah and featured on *Super Soul Sunday*! *Finding Your Way in a Wild New World* reveals a remarkable path to the most important discovery you can make: the knowledge of what you should be doing with your one wild and precious life. It's the thing that so fulfills you that, if you knew what it was, you'd run straight toward it through brambles and fire. Life coach and bestselling author of *Finding Your Own North Star* Martha Beck guides you to find out how you got to where you are now and what you should do next, with clear instructions on tapping into the deep, wordless knowledge you carry in your body and soul. You probably have sensed that you have a higher calling and a quiet power that could change the world—you lack only the tools. With her sparkling prose, Beck draws from ancient wisdom and modern science to help you consciously tap into that power and develop those tools for transformation. You'll also find your inner identity and your external “tribe” of like-

mindful people, experience the spark of inspiration, and take action to make a lasting impact on the world. Compassionate and inspirational, *Finding Your Way in a Wild New World* is a revolutionary journey of self-discovery that leads to miraculous change.

Intuition is a birthright, but many have lost touch with it. If embraced and followed, intuition can be an accurate force that permeates all facets of life. Shakti teaches readers how to tap into their inner knowledge and use it to enhance their lives and attain their goals. Chapters explore the role of intuition in health, creativity, work, and prosperity. Exercises based on Shakti's workshops and seminars help readers listen to their inner guide but also evaluate the worthiness of such knowledge in the context of the real world. Stories from her clients and her own life illustrate the practical advice she gives.

What would you do with your life if your health were completely restored? If you're chronically sick, tired, or depressed, you need a medical examination that includes, but goes beyond, the exact location of your symptoms. Integrative medicine pioneer Dr. Michael Finkelstein has helped tens of thousands of patients achieve extraordinary health with his slow medicine prescription of *Skillful Living*. In this refreshing book, he guides you through the essential questions for understanding various symptoms and their causes, on a path you may never have thought would lead you to solutions. Each chapter includes the key components of a successful consultation—from revealing lessons to practical prescriptions—along with illustrative anecdotes from real patients. Taking you beyond conventional medicine to examine the intricate network of factors that lie behind many common illnesses, Dr. Finkelstein empowers you to take your health back and walk down the slow medicine path—one where the answers are in the questions.

New York Times bestseller and beloved guide, revised and updated with up-to-the minute scientific and spiritual insight, teaches readers how to listen to their bodies and assess all areas of their lives--relational, psychological, creative, environmental, professional--to understand what they need for health. "What a pleasure it is to see the next generation of physicians waking up to what I call real medicine--the kind that acknowledges our true power to heal and be well." - Christiane Northrup, M.D., OB/GYN physician and author of the New York Times bestsellers: *Women's Bodies*, *Women's Wisdom* and *The Wisdom of Menopause* When *Mind Over Medicine* was first published, it broke new ground in the fertile region where science and spirituality intersect. Through the process of restoring her own health, Dr. Lissa Rankin discovered that the conventional health care she had been taught to practice was missing something crucial: a recognition of the body's innate ability to self-repair and an appreciation for how we can control these self-healing mechanisms with the power of our own consciousness. To better understand this phenomenon, she explored peer-reviewed medical literature and found evidence that the medical establishment had been proving that the body can heal itself for over 50 years. She shared her findings and laid

out a practical plan for readers to heal themselves in this profoundly wise book--a New York Times bestseller and now a classic guide for people who are on a healing journey from illness, injury, or trauma. In the years since then, Dr. Rankin has deepened her exploration of the world's healing tradition and her understanding of the healing power we hold within ourselves--if only we can tap into it. This revised edition of Mind Over Medicine reflects her latest research, evolving wisdom, and work with clients and students in her healing community, as well as with doctors and other healers in her Whole Health Medicine Institute. Inside, readers will discover:

- A thorough update of Dr. Rankin's signature Six Steps to Healing Yourself
- New insight into how unresolved trauma can stand in the way of healing from chronic and life-threatening illnesses--and powerful tools we can use to heal it
- How to tune in to our Inner Pilot Light for intuitive guidance in our healing

And much more "The healing that is possible may be right here," Dr. Rankin writes, "closer than close, underneath all your efforting and striving, available if you are ready to humble yourself before this possibility and receive what awaits you."

A much-needed program to prevent and reverse disease, and discover a path to sustainable, long-term health from an acclaimed international doctor and star of the BBC program Doctor in the House. How to Make Disease Disappear is Dr. Rangan Chatterjee's revolutionary, yet simple guide to better health—a much-needed, accessible plan that will help you take back control of your health and your life. A physician dedicated to finding the root cause of ill health rather than simply suppressing symptoms with drugs, Dr. Chatterjee passionately advocates and follows a philosophy that lifestyle and nutrition are first-line medicine and the cornerstone of good health. Drawing on cutting edge research and his own experiences as a doctor, he argues that the secret to preventing disease and achieving wellness revolves around four critical pillars: food, relaxation, sleep, and movement. By making small, incremental changes in each of these key areas, you can create and maintain good health—and alleviate and prevent illness. As Dr. Chatterjee, reveals we can reverse and make disease disappear without a complete overhaul of our lifestyle. His dynamic, user-friendly approach is not about excelling at any one pillar. What matters is balance in every area of your life, which includes:

- Me-time every day
- An electronic-free Sabbath once a week
- Retraining your taste buds
- Daily micro-fasts
- Movement snacking
- A bedtime routine

Practical and life-changing, How to Make Disease Disappear is an inspiring and easy-to-follow guide to better health and happiness.

Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of The Tapping Solution, is at the forefront of a new healing movement. In his upcoming book, The Tapping Solution, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while

focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

In her New York Times bestseller, *Radical Remission: Surviving Cancer Against All Odds*, Dr. Kelly A. Turner, founder of the Radical Remission Project, uncovers nine factors that can lead to a spontaneous remission from cancer—even after conventional medicine has failed. While getting her Ph.D. at the University of California, Berkley, Dr. Turner, a researcher, lecturer, and counselor in integrative oncology, was shocked to discover that no one was studying episodes of radical (or unexpected) remission—when people recover against all odds without the help of conventional medicine, or after conventional medicine has failed. She was so fascinated by this kind of remission that she embarked on a ten month trip around the world, traveling to ten different countries to interview fifty holistic healers and twenty radical remission cancer survivors about their healing practices and techniques. Her research continued by interviewing over 100 Radical Remission survivors and studying over 1000 of these cases. Her evidence presents nine common themes that she believes may help even terminal patients turn their lives around.

From New York Times bestselling author Dr. Lissa Rankin comes a groundbreaking guide offering hope for healing when all else has failed. When it comes to healing from illness and injury, how is it that some people do everything right and stay sick, while others seem to do nothing extraordinary yet fully recover? How does faith healing work--or does it? What's behind the phenomenon of spontaneous remission--and is this something we can influence? Can we make ourselves miracle-prone? Certain that if she looked hard enough she would find the answers, physician and bestselling author Dr. Lissa Rankin embarked on a decade-long journey to explore these questions and more. The result is *Sacred Medicine*, both a spiritual adventure story and a discerning guide to the sometimes-perilous paths available to patients when both lifestyle changes and medicine have failed them. Dr. Rankin takes us around the world to meet healers gifted and flawed, go on pilgrimage to sacred sites, investigate the science of healing, dive deep into cutting-edge trauma research, and receive the wisdom of Indigenous cultures for whom healing begins with our sacred connection to Mother Earth. Each chapter contains select practices Dr. Rankin has found particularly effective in fostering our

capacity to heal. At a time when medicine is under scrutiny and wellness fads are debunked every day, Sacred Medicine delivers a thoughtful exploration of questions around how we heal--and a path of hope for those in need.

An oncologist's integrative path to treating and living better with or beyond cancer Dr. M. Laura Nasi presents a new way of looking at how we view and treat cancer. With current advances in medicine, we're learning more about the ways different aspects of our lives and health impact and interact with one another—why does one long-term smoker get diagnosed with stage-4 lung cancer while another remains cancer-free? Why does someone exposed to a known carcinogen get sick while someone else is apparently immune? What seemingly unrelated factors end up playing key roles in disease etiology, progression, and prognosis? In this well-researched, inspiring, and easy-to-read guide, Dr. Nasi offers an integrative, whole-person approach to cancer, and explains how it is a systemic disease manifesting a global condition locally. Conventional medicine focuses on attacking malignant cells. Integrative medicine encourages chemo and radiation when necessary, while also focusing on a patient's internal balance to help halt the disease. Nasi draws on the latest research on the PNIE (psycho-neuro-immuno-endocrine) network to help our systems recognize, repair, or eliminate the cancer cells, focusing on nutrition, stress management, exercise, adequate sleep, healthy relationships, and other body/mind/spirit modalities. Dr. Nasi encourages patients to become empowered agents of their own care.

Larry Dossey forever changed our understanding of the healing process with his phenomenal New York Times bestseller, Healing Words. Now the man considered on of the pioneers of mind/body medicine provides the scientific and medical proof that the spiritual dimension works in therapeutic treatment, exploding the boundaries of the healing arts with his most powerful book yet.

A rigorous, skeptical, deeply reported look at the new science behind the mind's surprising ability to heal the body. Have you ever felt a surge of adrenaline after narrowly avoiding an accident? Salivated at the sight (or thought) of a sour lemon? Felt turned on just from hearing your partner's voice? If so, then you've experienced how dramatically the workings of your mind can affect your body. Yet while we accept that stress or anxiety can damage our health, the idea of "healing thoughts" was long ago hijacked by New Age gurus and spiritual healers. Recently, however, serious scientists from a range of fields have been uncovering evidence that our thoughts, emotions and beliefs can ease pain, heal wounds, fend off infection and heart disease and even slow the progression of AIDS and some cancers. In Cure, award-winning science writer Jo Marchant travels the world to meet the physicians, patients and researchers on the cutting edge of this new world of medicine. We learn how meditation protects against depression and dementia, how social connections increase life expectancy and how patients who feel cared for recover from surgery faster. We meet Iraq war veterans who are using a virtual arctic world to treat their burns and children whose ADHD is kept under control with half the normal dose of medication. We watch as a transplant patient uses the smell of lavender to calm his hostile immune system and an Olympic runner shaves vital seconds off his time through mind-power alone. Drawing on the very latest research, Marchant explores the vast potential of the mind's ability to heal, lays out its limitations and explains how we can make use of the findings in our own lives. With clarity and compassion, Cure points the way towards a system of medicine that treats us not simply as bodies but as human beings. Jonathan Fields knows the risks-and potential power-of uncertainty. He gave up a six-figure income as a lawyer to make \$12 an hour as a personal trainer. Then, married with a 3-month old baby, he signed a lease to launch a yoga center in the heart of New York City. . . the day before 9/11. But he survived, and along the way he developed a fresh approach to transforming uncertainty, risk of loss, and exposure to judgment into catalysts for innovation, creation, and achievement. Properly understood and harnessed, fear and uncertainty can become fuel for creative genius rather than sources of pain, anxiety, and suffering. In business, art, and life, creating on a world-class level demands bold action and leaps of faith in the face of great uncertainty. But that uncertainty can lead to fear, anxiety, paralysis, and destruction. It can gut creativity and stifle innovation. It can keep you from taking the risks necessary to do great work and craft a deeply-rewarding life. And it can bring companies that rely on innovation grinding to a halt. That is, unless you know how to use it to your advantage. Fields draws on leading-edge technology, cognitive-science and ancient awareness-focusing techniques in a fresh, practical, non-dogmatic way. His approach enables creativity and productivity on an entirely different level and can turn the once-tortuous journey into a more enjoyable quest. Fields will reveal how to: Make changes to your workflow that unlock buried creative potential. Build "creation hives" -- supportive groups that can supercharge and humanize the process. Tap social technology and user co-creation to add clarity, certainty, and sanity, even if you're an artist or solo-creator. Develop a set of personal practices and mindset shifts that let you not just tolerate, but invite and even amplify, uncertainty as a catalyst for genius. Drawing on extensive case studies and research, Fields shares a set of detailed personal practices and environmental changes that can not only humanize the creative process, but also allow individuals and teams to stay more open to opportunity and play a bigger creative game.
