Brockelmann's History of the Arabic Written Tradition offers bio-bibliographic information about works written in Arabic and their authors, with an emphasis on manuscripts from the classical period. This originally multivolume reference work is divided in chronologically organized sections, which are subdivided by literary genre. Individual entries typically consist of a biographical section and a list of the author's works in manuscript and print, with references to secondary literature. The "Brockelmann", now also available in English, is an indispensable research tool for anyone working on the Islamic world in general and the Middle East in particular.

The biography of the Prophet Muhammad. An easy and wonderful read.

Today, more than ever, we need a solid word for an unsure world. And perhaps no other book reflects the heart of God and the passion of man as powerfully as the book of Romans.

Mahnaj al S?lik?n (Path of the Wayfarer) is an elementary text in Fiqh and is primarily based upon the ?anbali school of thought. Written by the late Sheikh 'Abd al Ra?m?n bin N??ir al Sa'adi (d.1376 AH), Manhaj al S?lik?n was written in a very simple and concise manner, avoiding the intricate and rare issues that the average person will not come across. It thus serves as an excellent beginning step for those who wish to learn about the major acts of worship (purification, prayer, funerals, zakah, fasting and hajj) as well as important transactions and dealings with other people, such as the rulings of trade, marriage, divorce and inheritance etc. Volume 1 covers the section of worship and volume 2 will cover the remaining chapters of the book. The Arabic text is included and has been placed parallel to the translation.

### Book of Counsels

Unfairly demonized by its adversaries—including the Sunni Arab countries, along with the US and EU—Iran is wary of the world's powers, after having been preyed upon to achieve other countries' political aims. Iranians are Shia Muslims, a minority sect comprising only 10 to 15% of the billion-plus Muslims in the world. Shias' persecution and marginalization began in ancient times after the demise of the Prophet of Islam

in 632, and has continued ever since. In modern times, their worldwide oppression has been spearheaded by Saudi Arabia—whose religion considers Shias to be apostates who deserve to be killed—and its allies, a persecution that began with the 1979 Iranian Revolution, which was followed by the unprovoked invasion of Iran by Iraq in 1980, and the successful defence of this invasion by Iran's revolutionary forces. Building upon this history, Iran, the Citadel of Shia Imams details the alarming aggression of the Sunni countries of the Middle East against the Shia-led regimes of Iraq, Syria, and Yemen—a relentless persecution of Shia Muslims and extreme injustice and aggression towards them, the details of which need to be brought to light. The unfortunate and reckless support of Saudi Arabia and its allies by the US and many other Western nations has perpetuated a blatant infringement upon the human rights of Iranians and Shia Muslims elsewhere. The oppression of Iranians continues in the form of toughened US sanctions, contrary to international law.

On Islam and Islamic civilization.

This research is dedicated to Amir al-Muminin 'Ali b. Abi Talib, salawatullah wa salamuhu 'alaihi, who is my mawla and the mawla of all believers.

In this introduction to his tafsir, al-Qurtubi provides a general introduction to all the matters necessary for knowledge of the Noble Qur'an. Muslims believe that Sahih Muslim is the most authentic book of Hadith after Sahih Al-Bukhari. The Muslim Scholars have agreed that all of the Ahadith in Sahih Muslim are authentic. Thus, Darussalam realized the great benefit of publishing Al-Hafiz Al-Mundhiri's summarized version of Sahih Muslim in the English language. Much care has been taken in rendering these Ahadith into a clear and simple style of modern English. May Allah accept our work.

Why has radical Islam become such a deadly threat, and why does it dominate the Muslim world? Dr. Tawfik Hamid answers these and other questions about this evil movement clearly and accessibly in his groundbreaking work. Dr. Hamid knows about radical Islam firsthand. In the early 1980s, he was recruited into Jamaa Islamiya, a terror group led at the time by Dr. Ayman al-Zawahiri, the man who went on to replace Osama bin Laden as leader of al-Qaeda. Eventually and miraculously, Dr. Hamid recognized the insidious nature of violent jihad and rejected its distortions of the Quran, the holy book of the Muslim faith. Ever since, he has pursued the reformation of Islam. He has written new interpretations of the Quran's key texts and has shared his message in many mosques. Inside Jihad reveals Dr. Hamid's deep insights about and passionate opposition to the Islamic terror movement drawn from his direct personal experiences. As a medical doctor and an expert on the psychology of the jihadist mindset, he explains the roles that sex, fear, petrodollars and the hijab for women have played in its proliferation. And he details his bold plan for Islamic reformation that would eventually change the jihadists minds and end their reign of terror. An enduring classic work on the etiquette that a Muslim must or should have with regard to handling and reciting the Quran (the Muslim scripture). The topics this volume raises include: ritual cleanliness, opportune times for recitation, the etiquette that students have with their teachers (and that teachers must have with their students), and variety of other issues that every Muslim should know and frequently ask about.

The third volume in a new translation of of Sahih Muslim, the second most authentic collection of Prophetic traditions, with Imam Nawawi's commentary.

Widely considered to be Abu Hamid al-Ghazali's last book, this summary of his Sufi philosophy charts the pitfalls and obstacles to be overcome in order to enter the kingdom of heaven. Dictating his words to a group of elect students, Ghazali acknowledges his own nearness to death and instructs seekers of eternal life to resist hindrances such as fear and impairments such as conceit in order to find salvation in the essentials of God.

Servants of Allah presents a history of African Muslims, following them from West Africa to the Americas. Although many assume that what Muslim faith they brought with them to the Americas was quickly absorbed into the new Christian milieu, as Sylviane A. Diouf demonstrates in this meticulously-researched, groundbreaking volume, Islam flourished during slavery on a large scale. She details how, even while enslaved, many Muslims managed to follow most of the precepts of their religion. Literate, urban, and well-traveled, they drew on their organization, solidarity and the strength of their beliefs to play a major part in the most well-known slave uprisings. But for all their accomplishments and contributions to the history and cultures of the African Diaspora, the Muslims have been largely ignored. Servants of Allah—a Choice 1999 Outstanding Academic Title—illuminates the role of Islam in the lives of both individual practitioners and communities, and shows that though the religion did not survive in the Americas in its orthodox form, its mark can be found in certain religions, traditions, and artistic creations of people of African descent. This 15th anniversary edition has been updated to include new materials and analysis, a review of developments in the field, prospects for new research, and new illustrations.

The author explores the life of the prominent Imam Bukhari and explains his devotion and love for the Prophet Muhammad which stems from the basic Sufi teachings. The reader gets an insight into the life of a historic personality.
