After a decade as an education professor, Greg Michie decided to return to his teaching roots. He went back to the same Chicago neighborhood, the same public school, and the same grade level and subject he taught in the 1990s. But much had changed—both in schools and in the world outside them. *Same As It Never Was* chronicles Michie's efforts to navigate the new realities of public schooling while also trying to rediscover himself as a teacher. Against a backdrop of teacher strikes and anti-testing protests, the movement for Black lives and the deepening of anti-immigrant sentiment, this book invites readers into an award-winning teacher's classroom as he struggles to teach toward equity and justice in a time where both are elusive for too many children in our nation's schools. **Book Features:** A follow-up to the author's bestseller, *Holler If You Hear Me*, a long-time staple in teacher education programs. An examination of current issues, such as the importance of teacher unions, anti-racist/culturally relevant teaching, resistance to standardized testing, teacher evaluation, and the political nature of teaching. A rare memoir of a professor returning to public school teaching that will inform and inspire a broad audience.

Future rock star or friendless misfit? That's no choice at all. In this acclaimed novel, twelve-year-old Apple grapples with being different; with friends and backstabbers; and with following her dreams. Publishers Weekly called *Blackbird Fly* "a true triumph," and

the Los Angeles Times Book Review said, “Apple soars like the eponymous blackbird of her favorite Beatles song.” Apple has always felt a little different from her classmates. She and her mother moved to Louisiana from the Philippines when she was little, and her mother still cooks Filipino foods and chastises Apple for becoming “too American.” When Apple’s friends turn on her and everything about her life starts to seem weird and embarrassing, Apple turns to music. If she can just save enough to buy a guitar and learn to play, maybe she can change herself. It might be the music that saves her . . . or it might be her two new friends, who show her how special she really is. Erin Entrada Kelly deftly brings Apple’s conflicted emotions to the page in her debut novel about family, friendship, popularity, and going your own way. “A must-read for those kids cringing at their own identities.”—Bulletin of the Center for Children’s Books. Enjoyable World Literature anthology designed to stimulate literary, critical thinking, comprehension, and language-arts skills using a variety of literary genres, including short stories, poetry, biography, essays, speeches, drama, a novel, and Handbooks that reinforce writing and language-arts skills.

Drawing on examples of teaching from elementary school classrooms, this timely book for practitioners explains why LGBTQ-inclusive literacy instruction is possible, relevant, and necessary in grades K–5. The authors show how expanding the English language arts curriculum to include representations of LGBTQ people and themes will benefit all students, allowing them to participate in a truly inclusive classroom. The text describes

three different approaches that address the limitations, pressures, and possibilities that teachers in various contexts face around these topics. The authors make clear what LGBTQ-inclusive literacy teaching can look like in practice, including what teachers might say and how students might respond. “Reading the Rainbow is a terrific, nuanced, practical resource that many ELA teachers should come to value. Children in their classrooms, whatever their identities, will be the better for it.” —Mombian “Reading the Rainbow invites us to enact justice in our classrooms as we honor our students’ rights and work to foster equity.” —From the Foreword by Mariana Souto-Manning, Teachers College, Columbia University “The field has been hungry for this book! It will allow elementary teachers to make immediate and impactful change in their classrooms.” —Elizabeth Dutro, University of Colorado Boulder “This is a warm and vigorous invitation for teachers to create more equitable classrooms where the full humanity of students is honored.” —Mollie V. Blackburn, Ohio State University (© 2010) The Subcommittee on the Catechism, United States Conference of Catholic Bishops, has found that this catechetical high school text is in conformity with the Catechism of the Catholic Church and fulfills the requirements of Core Course V of the Doctrinal Elements of a Curriculum Framework for the Development of Catechetical Materials for Young People of High School Age. Meeting Jesus in the Sacraments reveals the sacraments as the definitive way that Jesus remains present to the Church and the world today. The text explores concrete ways for students to understand the

sacraments, participate in their rites, and benefit from their graces. The text is organized around the traditional definition of sacrament from the Catechism of the Catholic Church--an efficacious sign of grace, instituted by Christ and entrusted to the Church, by which divine life is dispensed to us by the work of the Holy Spirit. This definition is clarified by organizing the chapters around four dimensions of the sacrament: memorial, celebration, communion, and transformation. Through regular placement of "For Reflection" panels and assignments that focus on deeper research, developing a personal and communal prayer life, and active transformation of self and society, this text allows students to come to know Jesus through participation in the sacraments and the grace of their effects. Selections from Catholic blogs and profiles of saints offer a practical application of the sacrament to teenagers.

Presents a history of African American literature for children from its beginnings in the oral culture of the slaves of the South to the initial church works of the nineteenth century and its full emergence as a literature following the Harlem Renaissance.

“An important and powerful book” that radically reframes the debates swirling around the academic achievement of African-American students (Boston Review) In three separate but allied essays, African-American scholars Theresa Perry, Claude Steele, and Asa Hilliard examine the alleged ‘achievement gap’ between Black and white students. Each author addresses how the unique social and cultural position Black students occupy—in a society which often devalues and stereotypes African-American identity—fundamentally shapes students' experience of school and sets up unique obstacles. Young, Gifted and Black

provides an understanding of how these forces work, opening the door to practical, powerful methods for promoting high achievement at all levels. In the first piece, Theresa Perry argues that the dilemmas African-American students face are rooted in the experience of race and ethnicity in America, making the task of achievement distinctive and difficult. She uncovers a rich, powerful African-American philosophy of education by reading African-American narratives from Frederick Douglass to Maya Angelou and carefully critiques the most popular theoretical explanations for group differences in achievement. She goes on to lay out how today's educators can draw from these sources to reorganize the school experience of African-American students. Claude Steele follows up with stunningly clear empirical psychological evidence that when Black students believe they are being judged as members of a stereotyped group—rather than as individuals—they do worse on tests. He analyzes the subtle psychology of this 'stereotype threat' and reflects on the broad implications of his research for education, suggesting scientifically proven techniques that teachers, mentors, and schools can use to counter the powerful effect of stereotype threat. Finally, Asa Hilliard's essay argues against a variety of false theories and misguided views of African-American achievement. She also shares examples of real schools, programs, and teachers around the country that allow African-American

students to achieve at high levels, describing what they are like and what makes them work. Now more than ever, *Young, Gifted and Black* is an eye-opening work that has the power to not only change how we talk and think about African-American student achievement but how we view the African-American experience as a whole.

From the New York Times bestselling author of *I Dissent* comes a biographical graphic novel about celebrated Supreme Court justice Ruth Bader Ginsburg. Supreme Court justice Ruth Bader Ginsburg is a modern feminist icon—a leader in the fight for equal treatment of girls and women in society and the workplace. She blazed trails to the peaks of the male-centric worlds of education and law, where women had rarely risen before. Ruth Bader Ginsburg has often said that true and lasting change in society and law is accomplished slowly, one step at a time. This is how she has evolved, too. Step by step, the shy little girl became a child who

"Children's literature is a contested terrain, as is multicultural education. Taken together, they pose a formidable challenge to both classroom teachers and academics.... Rather than deny the inherent conflicts and tensions in the field, in *Critical Multicultural Analysis of Children's Literature: Mirrors, Windows, and Doors*, Maria José Botelho and Masha Kabakow Rudman confront, deconstruct, and reconstruct these terrains by proposing a reframing of the field.... Surely all of us – children, teachers, and academics – can benefit from this more expansive understanding of what it means to read books." Sonia Nieto, *From the Foreword Critical multicultural analysis provides a philosophical shift for teaching literature, constructing curriculum, and taking up issues of diversity and social justice. It problematizes children's literature, offers a way of reading power, explores the complex web of sociopolitical relations, and deconstructs taken-for-granted assumptions about language, meaning, reading, and literature: it is literary study as sociopolitical change. Bringing a critical lens to the study of multiculturalism in children's literature, this book prepares teachers, teacher educators, and researchers of children's literature to analyze the ideological dimensions of reading and studying literature. Each chapter includes recommendations for classroom application, classroom research, and further reading. Helpful end-of-book appendixes include a list of children's book awards, lists of publishers, diagrams of the power continuum and the theoretical framework of critical multicultural analysis, and lists of selected children's literature journals and online resources.*

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. An instant New York Times bestsellerAn instant IndieBound bestsellerThe #1 Kids' Indie Next PickA Walter Award winner Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot

by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.
