Hadis Nabawy sebagai pemegang otoritas tertinggi setelah al-Qur'an, seringkali menjadi pembenar atas perilaku-perilaku sebagian muslim dalam perbuatannya yang secara substansi justru bertentangan dengan universalitas nilai-nilai Islam. Hadis dipandang sebagai sebuah teks yang memiliki otoriter penuh dalam menjustifikasi perbuatan seseorang dalam tingkat individu maupun social. Tanpa dibekali seperangkat pengetahuan yang mendalam, seseorang akan terperangkap dalam perilaku yang otoriter, oleh karena itu dibutuhkan penguasaan yang obyektif dalam mengkaji dan memberikan pertimbangan kontekstualitas, lokalitas dan historisitas dalam memahami hadis secara otoritatif. Buku yang ada di hadapan pembaca saat ini, merupakan kumpulan dari beberapa hasil penelitian penulis, juga beberapa artikel yang di publish di beberapa jurnal seputar kajian hadis, dari aspek kajian sanad, matan dan kontekstualisasi. Buku ini berusaha memberikan tawaran second framework atas interpretasi hadis yang banyak tersebar luas di masyarakat. Kajian dalam buku ini lebih

menekankan pada pemaknaan yang melibatkan beberapa disiplin ilmu baik dalam lingkup keagamaan ataupun literasi penegetahuan social. Sebagai pelengkap, penulis berusaha menyajikan standar operasional dalam melakukan sebuah penelitian hadis dari sisi sanad, matan dan kontekstualitas, sebagai dasar pertimbangan pengambilan kesimpulan makna hadis yang dapat dipertanggungjawabkan.

"New media and development of gender roles: law, social, and economic perspective." This theme was raised as an effort to observe the development of new technology that has greatly affected people's lives. Formerly to seek information, people can get it through conventional radio media, newspapers and television. But now only use the smartphone we can get very much information that can be obtained by accessing the online media portal or sharing and socializing through social media. For decades it has been stated that the media has the power to shape public opinion. Media not only can form a "worldview" of society, but also able to create awareness and individual belief in reality; a reality that has been defined by the media. Media has a powerful and direct effect to the audience (market). Including how then the media formed an opinion in the community about gender roles through the content provided by the new media. Of course it will be interesting to study media related to the law, social, and economic perspective.
