Unfolding through letters, texts, and chats, Lauren Strasnick's smart, sexy, page-turning new novel is the ultimate he said/she said breakdown of a relationship gone wrong. Natalie and Dan were electric from the moment they met. Witty banter and sizzling chemistry made falling in love easy—even inevitable. He was in awe of her subversive art and contagious zest for life; she was drawn to his good-guy charm and drive to succeed as a documentary filmmaker. But that was before. Before hot tempers turned to blowout fights. Before a few little lies turned to broken trust. Before a hundred tiny slights broke them open and exposed the ugly truth of their relationship. And now Natalie wants Dan to know just how much he broke her. Over the course of one fateful day, Dan reads sixteen letters that Natalie has secretly, brilliantly hidden in places only he will find. And as he pieces together her version of their love story, he realizes that she has one final message for him. One that might just send his carefully constructed life tumbling down.

<http://theencounterbroadway.com/> "A mindblower" - Deadline Hollywood; "Transfixing" - Time Out New York; "Haunting and enthralling"- The Wall Street Journal; "An astonishing work of theater" - The New York Times. 1969: Loren McIntyre makes contact with the elusive Mayoruna 'cat people' of the Amazon's Javari Valley. He follows them - into the wild depths of the rainforest. When he realizes he is lost, it is already too late. Stranded and helpless, McIntyre must adjust to an alien way of life. Gradually, he finds his perception of the world beginning to change, and a strange relationship starts to develop with the Mayoruna chief - is McIntyre really able to communicate with the headman in a way that goes beyond words, beyond language? Petru Popescu's gripping account of McIntyre's adventures with the Mayoruna tribe, and his quest to find the source of the Amazon, is reissued here to coincide with Complicite's acclaimed new stage production inspired by McIntyre's incredible story.

"A true natural genius of comic art." — Mort Walker, creator of Beetle Bailey Starting in 1948, Walt Kelly's newspaper-based comic strip Pogo lampooned sociopolitical issues from the Red Scare to the environmental movement. A gifted cartoonist who began his career at Walt Disney Studios, Kelly explored the virtues and follies of human nature with a lively cast of Okefenokee Swamp critters. Kind-hearted Pogo Possum headed the crew, which included intellectual Howland Owl; exuberant Albert Alligator; poetic mud turtle Churchy LaFemme; romantic hound dog Beauregard Bugleboy; and other impish personalities. Even readers too young to appreciate the strip's satirical elements were charmed by the eccentric creatures and their offbeat wordplay. This compilation features comics from the election year of 1952, during which Pogo's neighbors encouraged the reluctant possum to run for president. Their rallying cry, "I Go Pogo," parodied Dwight D. Eisenhower's "I Like Ike" slogan and provided real-life fans with a write-in candidate. Kelly's sly humor and flair for creative language—replete with malapropisms and nonsense verse — retain their imaginative verve for comics enthusiasts of the twenty-first century.

An all-new collection of summer-themed mysteries from the master of the genre, just in time for the holiday season.

"A dauntingly ambitious, obsessively researched" (Los Angeles Times) global history of music that reveals how songs have shifted societies and sparked revolutions. Histories of music overwhelmingly suppress stories of the outsiders and rebels who created musical revolutions and instead celebrate the mainstream assimilators who borrowed innovations, diluted their impact, and disguised their sources. In *Music: A Subversive History*, Ted Gioia reclaims the story of music for the riffraff, insurgents, and provocateurs. Gioia tells a four-thousand-year history of music as a global source of power, change, and upheaval. He shows how outcasts, immigrants, slaves, and others at the margins of society have repeatedly served as trailblazers of musical expression, reinventing our most cherished songs from ancient times all the way to the jazz, reggae, and hip-hop sounds of the current day. *Music: A Subversive History* is essential reading for anyone interested in the meaning of music, from Sappho to the Sex Pistols to Spotify.

The Anti-Counterfeiting Trade Agreement (ACTA) is the most important effort undertaken to lay down a plurilateral legal framework for the enforcement of intellectual property rights. With the view to learn more about the origins of this treaty, the process leading to its conclusion and its implications for law making in this field, *The ACTA and the Plurilateral Enforcement Agenda: Genesis and Aftermath* analyses in great depth both the context and the content of the agreements. In order to attain this objective, a large and diverse group of experts - renowned scholars, policy makers, civil society and industry actors - who represent different perspectives on the necessary balance between intellectual property enforcement and other economic and social interests have been gathered together. This book is the most comprehensive analysis of ACTA, and of its relation with ongoing initiatives to improve enforcement of intellectual property and norms pertaining to a range of international legal regimes, conducted so far.

Daniel Pennac has never forgotten what it was like to be a very unsatisfactory student, nor the day one of his teachers saved his life by assigning him the task of writing a novel. This was the moment Pennac realized that no-one has to be a failure for ever. In *School Blues*, Pennac explores the many facets of schooling: how fear makes children reject education; how children can be captivated by inventive thinking; how consumerism has altered attitudes to learning. Haunted by memories of his own turbulent time in the classroom, Pennac enacts dialogues with his teachers, his parents and his own students, and serves up much more than a bald analysis of how young people are consistently failed by a faltering system. *School Blues* is not only universally applicable, but it is unquestionably a work of literature in its own right, driven by subtlety, sensitivity and a passion for pedagogy, while embracing the realities of contemporary culture.

The Superhero School squad return for their third adventure. Their town matriarch, Mrs Gee is missing and the team pull out all the stops to find her....even if that means following her into another dimension!

In 2006, the art world has moved far beyond sheep in formaldehyde and the most avant-garde movement is to use living people as artwork. Undergoing weeks of preparation to become 'canvases', the models are required to stay in their pose for ten to twelve hours a day and, as art pieces, they are also for sale. After being exhibited, the 'canvases' can be bought and taken to the purchaser's home, where they are rented for weeks or months. Many beautiful young men and women long to become a 'canvas' - knowing they are a masterpiece and worth millions seems to make all the sacrifices worthwhile - especially if they can be 'painted' by the celebrated artist Bruno Van Tysch. But there is a darker side to this art movement when it is found that the models/works of art are sometimes used in interactive works - snuff movies, where the 'art' is filmed being tortured and killed. Van Tysch's work is being targeted and the investigators must find the killer before the displays of imitations of Rembrandt's masterpieces - the biggest exhibition of 'hyperdramatic art' yet seen - is put on show.

A fable for children and adults: a story of life, death, and terrorism—in the grand tradition of Exu?ry's *The Little Prince* When we first meet 93-year-old millionaire Baron Lamberto, he has been diagnosed with 24 life-threatening ailments—one for each of the 24 banks he owns. But when he takes the advice of an Egyptian mystic and hires servants to chant his name over and over again, he seems to not only get better, but younger. Except then a terrorist group lays siege to his island villa, his team of bank managers has to be bussed in to help with the ransom negotiations, and a media spectacle breaks out . . . A hilarious and strangely moving tale that seems ripped from the headlines—although actually written during the time the Red Brigades were terrorizing Italy—Gianni Rodari's *Lamberto, Lamberto, Lamberto* has become one of Italy's most beloved fables. Never before translated into English, the novel is a reminder, as Rodari writes, that "there are things that only happen in fairytales."

In *Hidden Gender*, Gerard Casey develops a timely and provocative defence of free speech and toleration against the transgenderist ideology that has infiltrated so much of the media, the political establishment and the law. Opposing ideas, not individuals, *Hidden Gender* provides a compelling critique of the transgender ideologists and trans activists, and the new reactionary form of legal intolerance of our right to free thought and free speech. As a libertarian, Casey believes that we should be free to say and do whatever we wish provided that, in so doing, we do not perpetrate violence, or threaten to perpetrate violence, against the person or property of another. The fundamental objection is rather to individuals being forced, on pain of legal or social sanctions, to believe (or to pretend to believe) what to them is patently false, namely, that a man can become a woman or a woman a man, and to be legally obliged to treat those who claim to have transitioned from one sex to another as if they really had managed to do so. Drawing on extensive research, both scientific and anecdotal, *Hidden Gender* is a robust defence of free speech and tolerance against the combined forces of prejudice, wokeness and legal intimidation.
