P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He

certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities, built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. Excerpts: "Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. ... True economy consists in always making the income exceed the out-go." "Unless a man enters upon the vocation intended for him by nature, and best suited to his peculiar genius, he cannot succeed. I am glad to believe that the majority of persons do find their right vocation. Yet we see many who have mistaken their calling..." His advice is indicated by the chapter titles: DON'T MISTAKE YOUR VOCATION, SELECT THE RIGHT LOCATION, AVOID DEBT, PERSEVERE, WHATEVER YOU DO, DO IT WITH ALL YOUR MIGHT, USE THE BEST TOOLS, DON'T GET ABOVE YOUR BUSINESS, LEARN SOMETHING USEFUL, LET HOPE PREDOMINATE, BUT BE NOT TOO VISIONARY, DO NOT SCATTER YOUR POWERS, BE SYSTEMATIC, READ THE NEWSPAPERS, BEWARE OF "OUTSIDE OPERATIONS", DON'T INDORSE WITHOUT SECURITY, ADVERTISE YOUR BUSINESS, "DON'T READ THE OTHER SIDE", BE POLITE AND KIND TO YOUR CUSTOMERS, BE CHARITABLE, DON'T BLAB, PRESERVE YOUR INTEGRITY.

Can you earn a six-digit income doing this? No. If that's what you want, go away. I became a part-time freelance editor in early

What if the solution to student debt was reinvesting in yourself? Are you a smart, hard-working person who always seems to struggle financially? Do you ever second-guess decisions to pursue higher education because of your student loans? Has extreme budgeting eliminated joy and comfort from life, yet you're still several years away from being debt-free? Conventional wisdom tells us the formula for success is simple: go to school, get a job, work hard, repeat as needed until you retire. It tells us that debt is the result of poor choices and irresponsible spending. Unfortunately, such advice fails to take into account the recent (and not-so-recent) graduates for whom predatory student lending rates have set them back tens or even hundreds of thousands of dollars before they even enter the job market. In *Buy the Avocado Toast*, Stephanie Bousley shares lessons learned through years of working hard and perpetually undervaluing herself while coming to terms with owing almost \$300,000 in student debt. Through a holistic approach to both net worth and self-worth, Bousley offers readers hope for their own financial situations by providing step-by-step instructions on reducing debt, living better, and rooting out the self-defeating beliefs that keep us broke.

"I recommend this book highly as one of the 10 most important 'must read' books published this year," Robert Plotkin, Founding President, World Trade Center San Diego. "Three Steps to Wealth & Financial Security – All That Glitters Isn't Gold" is a back to basics, easy to use guide to reassert financial control and secure your financial future. The book draws on real world examples that husband-and-wife authors attorney Gary Laturno, Esq. and Victoria Kuick, MBA, have encountered in counseling over two thousand homeowners in financial distress since 2007. As a result, the book will be an easy read for people who find financial matters confusing or even frightening. The authors' straightforward guidance and recommendations will help many take charge of their financial futures. Comments by Readers: I read your book last night. I'm incredibly impressed! It's a huge undertaking to present an enormous wealth of REALLY important and helpful information in a streamlined way...but you guys did it! And, I think your readers will really appreciate the genuine tone and straightforward approach—life changing stuff. Great job! I see this book distributed in high schools, colleges (law schools particularly—some lawyers are not great when it comes to financial matters), vocational schools, and the like. I hope you're aiming to reach the masses with this one—the subject matter is so salient right now, and this information is really resonating with people. Jennifer Manganello, Esq., University of California, Hastings College of the Law I just finished reading your book. Outstanding! I love the unique way it was written in PowerPoint format—original, straightforward, and easy to follow. The information the book contains, and how it is explained, makes it stand out. You do not allow the reader to blame others or make excuses about their financial situation. You tell them to look in the mirror, take responsibility, and you show them that money problems are not hopeless but fixable. The stock and real estate investing sections are informative and easy to understand. You take the complexity out of stock market investing. You show real estate investors the pitfalls to avoid. Readers will especially benefit from how you compare and contrast real estate investing with the stock market and other investments — bonds, precious metals and cash. It's evident the book was written from firsthand experience, making it truly authentic. I am impressed both by your credentials and your experience counseling over 2,000 homeowners in financial distress since 2007. This book cuts to the core of what people need to know and do to put their financial house in order. I highly recommend your book! Read it and you will substantially increase your financial I.Q. Dory Laramore, Certified Registered Tax Preparer, and author of Get Your Finances Right: The Foundation for Success "Three Steps to Wealth & Financial Security" is well written, concise and provides a wealth of financial advice for every American. The authors ask and answer a number of profound questions. What are the

lessons of the housing crisis? Why are savings rates in the United States so low? Why do so many retire on Social Security only? Why do so many mismanage their financial affairs? How do we put our financial house in order? What do we need to know and do to be financially secure? Understand the mistakes that so many made and continue to make. Fine tune your financial plan and money management skills. Recommendation: Read the book! Money management, financial planning, and wealth building are mandatory subjects not electives. Andrew J. Sussman, Esq., Partner, RSR Law Group, San Diego, California

What are you waiting for? Hardly anyone gets it right the first time, but many of us are crippled by indecision and fear of failure. The desire to get it right can inhibit us from getting started. In this book Rob Moore, the bestselling author of MONEY, shows that the quickest way to perfect is starting right now and improving as you go. This book will show you how to launch your business or idea, begin the next phase of your career, and overcome self-doubt - right away. Get perfect later, get started NOW.

Longer working hours, later retirement, lousy pensions - hardly the life of leisure we were promised for the 21st century! We also have dirty hospitals, troops without proper equipment and schools that provide an appalling standard of education. So what went wrong and what can we do about it? This book provides an introduction in straightforward English to the Real Economics of real resources and real people's lives.
