

Monkey Needs To Listen A Book About Paying Attention Behaviour Matters

Sleepy little monkey won't get out of bed. Mama called the Doctor and the Doctor said: "Apple Juice, Orange Juice, Gooseberry Pies -- Monkey needs some exercise!" Sleepy little monkeys everywhere will clap, stomp, shake, and cheer -- while chanting this rhythmic, energetic dance song based on a popular playground game. And as they move their heads, hands, hips, and feet -- everyone will be bursting with clapping energy -- and ready to start a new day! With humor, high energy, and Bill Martin Jr's trademark rhythm and rhyme, young readers will learn to name parts of the body. And the book makes a perfect exercise warm-up to start off a busy day of school!

Monkey and me, Monkey and me, Monkey and me, We went to see... A little girl and her toy monkey love imitating different animals, everything from jumping like kangaroos to waddling like penguins! Open this book and play along with them. Can you guess what animal they are now?

The very things we do to control anxiety can make anxiety worse. This unique guide offers a cognitive behavioral therapy (CBT)-based approach to help you recognize the constant chatter of your anxious "monkey mind," stop feeding anxious thoughts, and find the personal peace you crave. Ancient sages compared the human mind to a monkey: constantly chattering, hopping from branch to branch—endlessly moving from fear to safety. If you are one of the millions of people whose life is affected by anxiety, you are familiar with this process. Unfortunately, you can't switch off the "monkey mind," but you can stop feeding the monkey—or stop rewarding it by avoiding the things you fear. Written by psychotherapist Jennifer Shannon, this book shows you how to stop anxious thoughts from taking over using proven-effective cognitive behavioral therapy (CBT), acceptance and commitment therapy (ACT), and mindfulness techniques, as well as fun illustrations. By following the exercises in this book, you'll learn to identify your own anxious thoughts, question those thoughts, and uncover the core fears at play. Once you stop feeding the monkey, there are no limits to how expansive your life can feel. This book will show you how anxiety can only continue as long as you try to avoid it. And, paradoxically, only by seeking out and confronting the things that make you anxious can you reverse the cycle that keeps your fears alive.

Andrew Yancy—late of the Miami Police and soon-to-be-late of the Monroe County sheriff's office—has a human arm in his freezer. There's a logical (Hiaasenian) explanation for that, but not for how and why it parted from its shadowy owner. Yancy thinks the boating-accident/shark-luncheon explanation is full of holes, and if he can prove murder, the sheriff might rescue him from his grisly Health Inspector gig (it's not called the roach patrol for nothing). But first—this being Hiaasen country—Yancy must negotiate an obstacle course of wildly unpredictable events with a crew of even more wildly unpredictable characters, including his just-ex lover, a hot-blooded fugitive from Kansas; the twitchy widow of the frozen arm; two avariciously optimistic real-estate speculators; the Bahamian voodoo witch known as the Dragon Queen, whose suitors are blinded unto death by her peculiar charms; Yancy's new true love, a kinky coroner; and the eponymous bad monkey, who with hilarious aplomb earns his place among Carl Hiaasen's greatest characters. Here is Hiaasen doing what he does better than anyone else: spinning a tale at once fiercely pointed and wickedly funny in which the greedy, the corrupt, and the degraders of what's left of pristine Florida—now, of the Bahamas as well—get their comeuppance in mordantly ingenious, diabolically entertaining fashion.

Adventure Walks and Monkey Talks details the life lessons that a man learns while spending time caring for and bonding with a four year old boy. Some of the lessons are deep and thought provoking while others are whimsical and will make you laugh. All of the lessons are aimed to teach how to make your life and the lives of those you encounter better.
