Ancient and medieval labyrinths embody paradox, according to Penelope Reed Doob. Their structure allows a double perspective—the baffling, fragmented prospect confronting the maze-treader within, and the comprehensive vision available to those without. Mazes simultaneously assert order and chaos, artistry and confusion, articulated clarity and bewildering complexity, perfected pattern and hesitant process. In this handsomely illustrated book, Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages. Doob first examines several complementary traditions of the maze topos, showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity, while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity. She then describes two common models of the labyrinth and explores their formal implications: the unicursal model, with no false turnings, found almost universally in the visual arts; and the multicursal model, with blind alleys and dead ends, characteristic of literary texts. This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze, as Doob's examination of a vast array of materials from the classical period through the Middle Ages suggests. She concludes with linked readings of four "labyrinths of words": Virgil's Aeneid, Boethius' Consolation of Philosophy, Dante's Divine Comedy, and Chaucer's House of Fame, each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it. Doob not only provides fresh theoretical and historical perspectives on the labyrinth tradition, but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works. Readers in such fields as Classical literature,

Medieval Studies, Renaissance Studies, comparative literature, literary theory, art history, and intellectual history will welcome this wide-ranging and illuminating book.

In a world where cities sprawl like half-submerged skeletons, Maia has spent her entire life hidden within the mountains of New Zealand. Her only companions being her ailing grandfather and a nomadic dog named Huck, Maia resents being alone. She spends her days wandering the ruins of a population long-gone, dreaming of a place where the few humans left behind can start again—a place her grandfather insists is a myth. But Maia cannot escape a strong and mysterious force calling her out into the world, as well as bizarre events following her around the island. There is something strangely enchanted about the land in which she lives ... or is it her? When Maia hears a rumor that people are heading to The Old Arctic Circle half a world away, she knows this is where her destiny lies—until a devastating turn of events seems to shatter any hope of reaching her destination. Clinging to the edge of her life, Maia must come face to face with the transformative power of fate, discovering the one thing she has spent her life running from may be the only thing to save her. The first book in The Forgotten Ones trilogy, *The Weight of a Thousand Oceans* is one woman's haunting story about the astonishing, sometimes heart-wrenching perseverance of the human spirit across a deeply forsaken planet.

“A breathtaking new epic fantasy series. Morgan Rice does it again! This magical saga reminds me of the best of J.K. Rowling, George R.R. Martin, Rick Riordan, Christopher Paolini and J.R.R. Tolkien. I couldn't put it down!” --Allegra Skye, Bestselling author of *SAVED* From #1 Bestselling author Morgan Rice comes the debut of a dazzling new fantasy series. *A QUEST OF HEROES (BOOK #1 IN THE SORCERER'S RING)* revolves around the epic coming of age story of one special boy, a 14 year old from a small village on the outskirts of the Kingdom of the Ring. The youngest of four, the least favorite of his father, hated by his brothers, Thorgrin senses he is different from the others. He dreams of becoming a great warrior, of joining the King's men and protecting the Ring from the hordes of creatures on the other side of the Canyon. When he comes of age and is forbidden by his father to try out for the King's Legion, he refuses to take no for an answer: he journeys out on his own, determined to force his way into King's Court and be taken seriously. But King's Court is rife with its own family dramas, power struggles, ambitions, jealousy, violence and betrayal. King MacGil must choose an heir from amongst his children, and the ancient Dynasty Sword, the source of all their power, still sits untouched, waiting for the chosen one to arrive. Thorgrin arrives as an outsider and battles to be accepted, and to join the King's Legion. Thorgrin comes to learn he has mysterious powers he does not understand, that he has a special gift, and a special destiny. Against all odds he falls in love with the king's daughter, and as their forbidden relationship

blossoms, he discovers he has powerful rivals. As he struggles to make sense of his powers, the king's sorcerer takes him under his wing and tells him of a mother he never knew, in a land far away, beyond the Canyon, beyond even the land of the Dragons. Before Thorgrin can venture out and become the warrior he yearns to be, he must complete his training. But this may be cut short, as he finds himself propelled into the center of royal plots and counterplots, ones that may threaten his love and bring him down—and the entire kingdom with him. With its sophisticated world-building and characterization, A QUEST OF HEROES is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 82,000 words. Book #2 in the series, A MARCH OF KINGS, is now available, too. "Godfire is a phenomenal book. Vivid worldbuilding, believable characters, and sinister magic combine to create a story worthy of the ages." -Nancy Fulda, author of Dead Men Don't Cry The gods are gone, long ago trapped in stones and lost to the ages. A godless nation rises to power, fueled by a brilliant and genocidal dictator who is willing to manipulate souls and embrace dark magics to spread his empire over the whole of the Five Lands. Kenton is the last of his people, desperately searching for others who can aid in his quest to unearth the gods from their hiding places and restore goodness and order to the world. As Kenton gathers together the legendary godbearers--who are said to be able to retrieve the gods, wherever they lie--he finds an unlikely ally in Daniella, the daughter of the dictator himself. Daniella is tired of being her father's puppet, all too eager to be out of his grasp. But as they travel together, Kenton begins to suspect she may be something far more dangerous than a dictator's pawn. Instead, she may be his most deadly weapon. "Cara Witter weaves a tapestry of fascinating magic, forgotten deities, and political and military conflict, all while deftly balancing a huge cast of awesome characters. Little, author of the Unwilling Souls series "A well-rounded cast of characters that will leave you hungry for the sequel." -Dantzel Cherry,

Shoes, gloves, umbrellas, cigars that are not just objects—the topic of fetishism seems both bizarre and inevitable. In this venturesome and provocative book, Emily Apter offers a fresh account of the complex relationship between representation and sexual obsession in turn-of-the-century French culture. Analyzing works by authors in the naturalist and realist traditions as well as making use of documents from a contemporary medical archive, she considers fetishism as a cultural artifact and as a subgenre of realist fiction. Apter traces the web of connections among fin-de-siècle representations of perversion, the fiction of pathology, and the literary case history. She explores in particular the theme of "female fetishism" in the context of the feminine culture of mourning, collecting, and dressing.

“Magick is not a path for followers; it is a path for questioners, seekers, and anyone who has trouble settling for dogma and pre-formulated answers. Magick is for those who feel the desire to peel away the surface of reality and see what lies beneath. Like various persecuted forms of mysticism, magick promotes direct contact with the source of creation.” —Damien Echols Discover a Powerful Practice for Transforming Yourself and Your Reality At age 18, Damien Echols was sentenced to death for a crime he didn't commit. “I spent my years in prison training to be a true magician,” he recalls. “I used magick—the practice of reshaping reality through our intention and will—to stave off incredible pain, despair, and isolation. But the most amazing feat of all that practice and study was to manifest my freedom.” With High Magick, this bestselling author shares his first teaching book on the powerful spiritual techniques that helped him survive and transcend his ordeal on death row. Though our culture has consigned “magic” to fiction, stage illusions, or superstitions about dark practices, the magick Damien learned is an ancient Western tradition equal the Eastern practices of Buddhism, Taoism, and yoga in its wisdom and transformative power. Here he brings you an engaging and highly accessible guide for bringing magick into your own life, including:

- What is High Magick? Damien clears away the stigma and reveals the history and core teachings of this extraordinary art.
- The Four-Fold Breath—a foundational meditation practice to train your mind and body to channel subtle energies.
- The Middle Pillar—how to bring divine energy into the central channel of your body for empowerment and healing.
- The Qabalistic Cross—a centering technique to help you stay balanced and protected regardless of circumstances.
- The Lesser Rituals of the Pentagram—powerful practices for banishing negative energies and invoking energy to manifest your goals.
- Working with angelic beings and other spiritual

allies to support your practice. • Creating thoughtforms to assist you in your ongoing magickal development. • Guidance for overcoming your doubts, enhancing your visualization skills, creating talismans, practicing magick ethically, and much more. "Magick is a journey," writes Damien. "It's a continuously unfolding path that has no end. You can study and practice magick for the rest of your life and you will still never learn everything that it has to teach you." If you're ready to discover your untapped potential for co-creating your reality with the energy of the divine, then join this extraordinary teacher to begin your training in High Magick.

The only way Falcio can stop the country turning into a vicious theocracy is to find and stop the Saint-killer - but his only clue is the iron mask encasing the head of the Saint of Mercy, which prevents her from speaking. And even if he can find the murderer, he will still have to face them in battle - and this may be a duel that no swordsman, no matter how skilled, can win.

The attribution of the *Speculum Astronomiae* to Albertus Magnus became a controversial issue only recently, when the great neo-Thomist historian Pierre Mandonnet suggested -- without any antecedents -- that the author was Roger Bacon rather than Albert. Mandonnet's theses were refuted by Lynn Thorndike and have since then been the subject of widespread discussion. The present historiographical case-study considers this debate in the light of an analysis of texts by Albert himself, as well as other important authors, such as Bacon,

Bonaventura, Thomas Aquinas, Witelo, Campanus of Novara, and others, which shows how widespread the general concept of the influence of the stars and other astrological ideas to be found in the *Speculum* were. Most of the scientific ideas of the Middle Ages were based on principles derived from the notion of celestial influence and its consequences. The *Speculum* drew the fundamental outlines of this discipline into a theoretical and bibliographical introduction -- no small achievement -- and was consequently greeted with great interest and used as a standard reference book for many centuries. Set against the background of discussions taking place in the 1260s, within the Dominican Order as well as in the Faculties of Arts, Zambelli removes all doubt that the *Speculum* was written by Albert, possibly with some collaboration.

After years of struggle and sacrifice, Falcio val Mond, First Cantor of the Greatcoats, is on the brink of fulfilling his dead king's dream: Aline, the king's daughter, is about to take the throne and restore the rule of law once and for all. But for the Greatcoats, nothing is ever that simple. In the neighboring country of Amares, an enigmatic new warlord is uniting the barbarian armies that have long plagued Tristia's borders--and even worse, he is rumored to have a new ally: Trin, who's twice tried to kill Aline to

claim the throne of Tristia for herself. With the armies of Avars at her back, led by a bloodthirsty warrior, she'll be unstoppable. Falcio, Kest, and Brasti race north to stop her, but in those cold and treacherous climes they discover something altogether different, and far more dangerous: a new player is planning to take the throne of Tristia, and with a sense of dread the three friends realize that the Greatcoats, for all their skill, may not be able to stop him. As the nobles of Tristia and even the Greatcoats themselves fight over who should rule, the Warlord of Avars threatens to invade. With so many powerful contenders vying for power, it will fall to Falcio to render the one verdict he cannot bring himself to utter, much less enforce. Should he help crown the young woman he vowed to put on the throne, or uphold the laws he swore to serve? For the Shadow is a tight passage, a narrow door, whose painful constriction no one is spared who goes down the deep well. After decades of civil war, the Via Sancta has declared victory over humanity's basest instincts. Anger, hatred and greed are suppressed by intricate Marks on the skin. Wards have tamed the wild psychic magic of the ley. Four of the six cities still stand, and if a few rebel Nightmages haunt the ruins of the other two, the Church has dismissed them as toothless. When a prominent doctor violently turns, Alexei stumbles across a conspiracy at the highest levels of the Via Sancta. The trail leads to Kasia Novak, a tarot reader with dangerous secrets of her own. The cards say their fates are intertwined — but only if the threads aren't snapped short. Now the ley is rising again. A Nightmare has infiltrated the city, bent on finding Kasia. And Alexei discovers that his faith's victory over the darkest recesses of the human soul is more fragile than he imagined. What is your deepest desire? Money? Power? Revenge? Lust? I'll give to you. Malach is many things. Corrupter of the pious. Survivor of the Via Sancta's bloody campaigns. Implacable enemy of all it stands for. He's primal desire made flesh, and the thing he wants most is a child. Half-bloods are fragile creatures, but if this one survives, it will be monster, a savior — or both.

In the second volume of the Fourth Talisman series, Nazafareen's path takes a twist, setting her on a journey into the heart of the maelstrom... In Delphi, Nazafareen joins forces with the followers of Dionysius to rescue her friends from the Oracle's dungeons and seek out the three talismans whose extraordinary powers stopped the Vstras before. With her own breaking magic growing stronger by the day, she must walk a razor's edge to control her volatile temper. And if the Vstras find the talismans first, their last hope will die. In the frozen wastes of the Valkirin range, Victor Dessarian strikes an uneasy bargain with bitter enemies to keep his tenuous grip on the Maiden Keep. The other holdfasts are coming for him. But it's a traitor within Val Moraine's walls that may prove to be his downfall.

A classic encyclopedia of symbols by Catalan polymath Joan Cirlot that illuminates the symbolic underpinnings of myth, modern psychology, literature, and art. Juan Eduardo Cirlot's *A Dictionary of Symbols* is a feat of scholarship, an act of the imagination, and a tool for contemplation, as well as a work of literature, a reference book that is as indispensable as it is brilliant and learned. Cirlot was a composer, a poet, an art critic, and a champion of modern art whose interest in surrealism helped to bring him to the study of symbolism. Carl Jung, Mircea Eliade, René Guénon, Erich Fromm, and Gaston Bachelard also helped to shape his thinking in a book that explores the space between the world at large and the world within, where, as Cirlot sees it, nothing is meaningless, everything is significant, and everything is in some way related to something else. Running from "abandonment" to "zone" by way of "flute" and "whip," spanning the cultures of the world, and including a wealth of visual images to further bring the reality of the symbol home, *A Dictionary of Symbols*, here published for the first time in English in its original, significantly enlarged form, is a luminous and illuminating investigation of the works of eternity in time.

In the fifth and last volume of the Fourth Talisman series, the worlds of the living and

the dead collide in a final confrontation that will leave Nocturne and Solis forever changed.... Three talismans adrift. Two mad kings. One poisonous crown. As dark forces gather at the Rock of Ariamazes in Samarqand, Nazafareen discovers that there are worse places than the afterlife. The twisted creature pulling the Vatras' strings is holed up in the deepest level of the Dominion—and only she has the power to follow him there, though at the potential cost of her own soul. Prophecy claims the three daeva clans must unite to face their greatest enemy again, but two of the talismans have vanished and the third is a child more used to skulking in the shadows than leading an army. Meb the Mouse might be their last hope—if anyone bothers to take her seriously. And within the confines of the Rock, a dying king makes a pact with the devil, setting in motion a chain of events that could spell doom for friends and foes alike. **WARNING:** This book contains twists and turns, richly deserved comeuppances, shocking revelations, knock-down, drag-out fights, obsessive stalkers, some very nasty monsters...and, of course, true love.

In the third volume of the Fourth Talisman series, the hunt is on for the three daevas whose powers saved the world once before.... On the White Sea, realm of smashers and sea monsters, a ship is carrying Nazafareen and Darius to the Isles of the Marakai, where the wise woman Sakhret-ra-katme has guarded the secret of the talismans for centuries. But another is searching too, a daeva born in the brutal prison of the Kiln, who plans to use the talismans to free the Vatras and their mad king. When their paths collide at the emperor's lavish palace in Tjanjin, Nazafareen and Darius face their deadliest and most cunning foe yet. In the mountain fastness of Val Moraine, the Pythia's minions are on the scent of another talisman, this one from the Danai clan. Trapped behind a thick wall of ice, everyone's going slightly mad—the perfect cauldron of suspicion and betrayal for Thena, who sees a chance to redeem her failure and bring the talisman back to Delphi. Then she'll be free to indulge her twisted obsession with Darius—and make him pay. And in Samarqand, Javid is drawn into the treacherous currents of a royal succession. When the old king dies and his son takes the throne, the depths of the prince's depravity become clear. A journey north reveals the source of the spell dust he's addicted to—and leaves Javid with an impossible choice.
