Tabucchi's masterpiece "conjures a state between waking and dreaming" (The New York Times) Dr. Pereira is an aging, lonely, overweight journalist who has failed to notice the menacing cloud of fascism over Salazarist Lisbon. One day he meets Montiero Rossi, an aspiring young writer whose anti-fascist fervor is as strong as Pereira's apolitical languor. Eventually, breaking out of the shell of his own inhibitions, Pereira reluctantly rises to heroism—and this arc is "one of the most intriguing and appealing character studies in recent European fiction" (Kirkus).

Geoffrey Brock, whose translations have won him Poetry magazine's John Frederick Nims Memorial Prize and a Guggenheim Fellowship, finally does justice to these slim, concentrated verses in his English translation, alongside Ungaretti's Italian originals. Famed for his brevity, Giuseppe Ungaretti's early poems swing nimbly from the coarse matter of tram wires, alleyways, quails in bushes, and hotel landladies to the mystic shiver of pure abstraction. These are the kinds of poems that, through their numinous clarity and shifting intimations, can make a poetry-lover of the most stone-faced non-believer.

Ungaretti won multiple prizes for his poetry, including the 1970 Neustadt International Prize for Literature. He was a major proponent of the Hermetic style, which proposed a poetry in which the sounds of words were of equal import to their meanings. This auditory awareness echoes through Brock's hair-raising translations, where a man holding vigil with his dead, open-mouthed comrade,

says, "I have never felt / so fastened / to life."

Back on Earth with nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of *The Hitchhiker's Guide to the Galaxy* all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. What else is new? "The most ridiculously exaggerated situation comedy known to created beings . . . Adams is irresistible."—*The Boston Globe*  
Eugenio Montale's epoch-making first book, *Cuttlefish Bones* (1925), has been hailed as one of the truly important works of poetry in the twentieth century. At once an earned poetic manifesto and spiritual autobiography, its dialogue between self and others, hope and despair, is sustained with absolute musical mastery and that simplicity-in-complexity that marks only the greatest poetry. -- W.W. Norton & Company.

Eugenio Montale. Biografia, poesie: parafrasi e analisi è una raccolta delle poesie più studiate a scuola. Per ogni poesia il testo, la parafrasi, l'analisi e il commento. Completano l'ebook una breve biografia del poeta

A beautiful hardcover Pocket Poets selection of the works of Nobel Prize-winning Italian poet Eugenio Montale, one of the giants of twentieth-century poetry. Eugenio Montale (1896-1981) is not only Italy's greatest modern poet but a towering figure in twentieth-century literature. His incandescently beautiful body of work is deeply rooted in the venerable lyric tradition that began with Dante, but he brilliantly reinvents that tradition for our time, probing the depths of love, death, faith, and philosophy in the bracing light of modern history. Dynamic innovation and a coiled, fierce energy fuel the poet's quest for liberation from the self. Marked by musicality and rhythmic variety, Montale's poems manage to be buoyant with allusion and metaphor while also densely studded with things--with concrete, elemental images that keep his complex and restless musings firmly tethered to the world. Montale's reputation is international and enduring; his widely translated work has profoundly influenced generations of poets around the world. This volume contains selections from all his greatest works, rendered into English by the accomplished poet and translator Jonathan Galassi. It serves as both an essential introduction to an important poet and a true pleasure for lovers of contemporary

A woman in Italy returns to the village where she grew up to reflect on her childhood. She is able to vicariously live her parents' life, including their

wedding.

An extraordinary book, which will delight some readers, as its cynicism--or realism--will offend others. Each poem is an autobiographical epitaph of the residents of Spoon River, a fictional small town named after a town near the author's home town, which endeavors to reveal life in rural America.

Study of Italian women poets with their poetry in Italian with English translations on facing pages.

One of the most studied and popular works of Italian literature, Giuseppe Parini's *The Day* has been unjustly neglected in the English-speaking countries.

This edition reissue of Herbert Morris Bower's beautiful verse translation, the only complete English version of the poem, is enriched by facing original text and extra end notes.

Parini's satirical description of a lazy young nobleman's fashionable day, from his awakening late in the morning to the fatuous pleasures that noon and evening bring, has been often compared to *The Rape of the Lock*, and displays the same gentle tone, pointed wit, and enduring charm of Pope's masterpiece.

A series of twenty poems deal with love, loss, remembrance, and the place of humans in the natural world.

Influenced by a revival of interest in Greco-Roman ideals and sponsored by a newly prosperous merchant class, fifteenth-century artists produced works of astonishingly innovative content and

technique. The International Gothic style of painting, still popular at the beginning of the century, was giving way to the influence of Early Netherlandish Flemish masters such as Jan van Eyck, who emphasized narrative and the complex use of light for symbolic meaning. Patrons favored paintings in oil and on wooden panels for works ranging from large, hinged altarpieces to small, increasingly lifelike portraits. In the Italian city-states of Florence, Venice, and Mantua, artists and architects alike perfected existing techniques and developed new ones. The painter Masaccio mastered linear perspective; the sculptor Donatello produced anatomically correct but idealized figures such as his bronze nude of David; and the brilliant architect and engineer Brunelleschi integrated Gothic and Renaissance elements to build the self-supporting dome of the Florence Cathedral. This beautifully illustrated guide analyzes the most important people, places, and concepts of this early Renaissance period, whose explosion of creativity was to spread throughout Europe in the sixteenth century

"The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War

and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

Ugo Foscolo's *Last Letters of Jacopo Ortis*, written between 1799 and 1815, was the first true Italian novel. Its epistolary form is in the eighteenth-century tradition of novels like *Clarissa Harlowe* and *the Nouvelle Heloise*. Jacopo's tragic love for Teresa and his subsequent suicide recall *The Sorrows of Young Werther*. In addition to being an intensely political novel, this work also expresses the author's romantic conception of nature as a mirror of human emotions.

On the night of March 26, 1938, nuclear physicist Ettore Majorana boarded a ship, cash and passport in hand. He was never seen again. In *A Brilliant Darkness*, theoretical physicist João Magueijo tells the story of Majorana and his research group, "the Via Panisperna Boys," who discovered atomic fission in 1934. As Majorana, the most brilliant of the group, began to realize the implications of what they had found, he became increasingly unstable. Did he commit suicide that night in Palermo? Was he kidnapped? Did he stage his own death? *A Brilliant Darkness* chronicles Majorana's invaluable contributions to science—including his major discovery, the Majorana neutrino—while revealing the truth behind his fascinating and tragic life.

Italian poems with parallel English versions by Jeremy Reed. A Poetry Book Society Translation Award winner. Montale won the Nobel Prize for Literature in 1975. Born

in Genoa in 1889, he achieved sudden fame during the 1920s when his pessimistic poetry caught the mood of Italy in the culturally sterile years following WWI.

"Spain in the Heart is a book that comes back to haunt us every time that the pentagons of the world start the motors of their death machines and proceed to invade, massacre and burn an innocent people. Now we open it once again, and discover that it hasn't changed, that it is still unyielding, ample, made of multiple voices gloriously singing as the milicianos march on". -- Fernanco Alegria

My book, Spain in the Heart was printed (during the Spanish Civil War) in a unique way. I believe few books, in the extraordinary history of so many books, have had such a curious birth and destiny. The soldiers learned to set type. But there was no paper. They found an old paper mill and decided to make it there. A strange mixture was concocted, in the midst of falling bombs, in the midst of battle. They threw everything they could get their hands on into the mill, from an enemy flag to a bloody tunic of a Moorish soldier. And in spite of the unusual materials used and the total inexperience of its manufacturers, the paper turned out to be very beautiful...My book was the pride of those men who had worked to bring out my poetry in defiance of death, and I learned that many carried copies of the book in their knapsacks, instead of their own food and clothing. With their knapsacks over their shoulders, they set out on the long march to France. The endless column walking to exile was bombed hundreds of times. Soldiers fell and the books were strewn over the road...The last copies of this impassioned book that was born and perished in the

midst of fierce fighting were burned in a bonfire". -- Pablo Neruda, from Memoirs

From the tenth century onwards the emperors of Japan gradually lost power. The local lords or clan chiefs waged ceaseless war against each other, while the court, wholly steeped in Chinese culture, seemed to take no further interest in the affairs of the nation. In 1191 the Minamoto clan mastered the disturbances and finally imposed its rule. Hard work, respect for the hierarchy, the cult of nationalism, a sense of self-sacrifice and duty – such was the new trend. The Buddhist doctrine of Zen made its appearance. It gave mystical support to the samurai, and the Japanese spirit was henceforth directed towards a political and religious asceticism which had an enormous influence on all aspects of art, thought and daily life. An acknowledged authority on the ‘classical’ period of Japanese history, the author reveals what the life of the Japanese people was like during these five centuries, and shows how a transformation of heart and mind produced a civilization as original as it was profound.

This vivid presentation of Campana demonstrates why Italian readers have cherished his poems since the first appearance of *Canti Orfici* in 1914. Charles Wright's translation, Jonathan Galassi's introduction,

and, as afterword, Montale's thoughtful essay on Campana, identify the heart of this poet's achievement.

First published in 2003. GABRIELE D'ANNUNZIO was born in 1863 in Pescara, on the Adriatic coast of Italy, the son of a wealthy landowner. His first volume of poetry was published in 1879, when he was sixteen. After graduating from the University of Rome, d'Annunzio married and began to write short stories to support his wife and family. In 1919 d'Annunzio led a small force to seize the town of Fiume, ruling it as a dictator until 1921. D'Annunzio spent the later part of his life at his home on Lake Garda. In 1937 he was made President of the Italian Royal Academy. He died in 1938 and was given a state funeral by Mussolini. When *Halcyon* was first published, at the end of 1903, its author was already forty and famous: *J/ placere*, which ranks with *A rebours* and *The Picture of Dorian Gray* as a novel of the Decadence, had appeared in 1889, and d'Annunzio had published other novels, short stories, plays, and many volumes of poetry since his first great success at the age of sixteen.

Italian poetry of the last century is far from homogeneous: genres and movements have often been at odds with one another, engaging the economic, political, and social tensions of post-Unification Italy. The thirty-eight poets included in this anthology, some of whose poems are translated

here for the first time, represent this literary diversity and competition: there are symbolists (Gabriele D'Annunzio), free-verse satirists (Gian Pietro Lucini), hermetic poets (Salvatore Quasimodo), feminist poets (Sibilla Aleramo), twilight poets (Sergio Corazzini), fragmentists (Camillo Sbarbaro), new lyricists (Eugenio Montale), neo-avant-gardists (Alfredo Giuliani), and neorealists (Pier Paolo Pasolini)—among many others.

A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming

masterpiece “conveys the sensuous, tangible qualities of life” (The New York Times).

A Life is the gruelling tale of the frustrated existence of a bank clerk with a poetic soul. The artistic aspirations of the protagonist and the emptiness of his daily life become tragic in the great divide between what he wants and what he actually has and gets. Alfonso the bank clerk wants to be a poet and seems to be falling in love with Annetta, the vain and arrogant daughter of his boss. But the emptiness of both his attempts at writing and at love lead to an ironic and painful conclusion.

A collection of poems in Italian and English by the 1975 winner of the Nobel Prize in Literature reveals an innovative use of dialogue, journalistic language, song, and other techniques. Reprint.

Having left her job and boyfriend, thirty-year-old Sandra decides to stay in a village on the Costa Blanca in order to take stock of her life and find a new direction. She befriends Karin and Fredrik, an elderly Norwegian couple, who provide her with stimulating company and take the place of the grandparents she never had. However, when she meets Julian, a former concentration-camp inmate who has just returned to Europe from Argentina, she discovers that all is not what it seems and finds herself involved in a perilous quest for the truth. As well as being a powerful account of self-discovery and an exploration of history and redemption, /The Scent of Lemon Leaves/ is a sophisticated and nail-biting page-turner by one of Spain's most accomplished authors. Merini, like Dante, represents the story of the Exodus of the Israelites from Egypt, in its literal and allegorical senses. The forty poems of The Holy Land recall Moses at Mount Sinai, the Israelites' forty years in the desert, and Jesus' fast in the wilderness. For Merini, it seems, the Holy Land is not the

Promised Land of Canaan, but the forty years spent getting there, coming to terms with the terrifying atrocities of hell, the mystical ecstasies of paradise, and the "intense pain...of plunging back into the banality of daily living." Merini's wandering may be understood as the poet's search for the obscure laws which govern her visions, metamorphoses, and creations.

Mistero Buffo is Dario Fo's one-man tour de force, in which he creates his own subversive version of Biblical stories. Infused with the rhythmic drive of a jazz improvisation, the immediacy of a newspaper headline, and the epic scope of a historical novel, Fo and his wife/collaborator Franca Rame have performed Mistero Buffo throughout the world to over 10 million people. One of the major theatrical artists of the twentieth century, Italy's Dario Fo was awarded the 1997 Nobel Prize in Literature. Ron Jenkins' translations of Dario Fo have been performed across the country. He is the theater department chair at Wesleyan University.
