The World Health Statistics series is WHO's annual compilation of health statistics for its 194 member states. World health statistics 2018 focuses on the health and health-related Sustainable Development Goals (SDGs) and associated targets by bringing together data on a wide range of health-related SDG indicators. It also links to the three SDG-aligned strategic priorities of the WHO's 13th General Programme of Work, 2019-2023. World health statistics 2018 is organised into three parts. First, in order to improve understanding and interpretation of the data presented, Part 1 outlines the different types of data used and provides an overview of their compilation, processing and analysis. The resulting statistics are then publicised by WHO through its flagship products such as the World Health Statistics series. In Part 2, summaries are provided of the current status of selected health-related SDG indicators at global and regional levels, based on data available as of early 2018. In Part 3, each of these three strategic priorities of achieving universal health coverage (UHC), addressing health emergencies and promoting healthier populations are illustrated through the use of highlight stories. In Annexes A and B, country-level statistics are presented for selected health-related SDG indicators. Annex B presents statistics at WHO regional and global levels. Includes advertising matter.

the Talmud it is the third canonical text of Judaism. In this book the reader will have the possibility to read the Mystical Creation Story of the Zohar. Whereas in the Zohar the beginning is connected with the idea of God's extension in all directions, the reader will have the possibility to read this masterpiece of the Spanish Kabbalah. The Jewish existence in Spain came to an end in the year 1492, when the Jews were expelled from Spain and several years later from Portugal. Rabbi Isaac Luria (1534–1572), the Founder of modern Kabbalah, deeply reflected upon the meaning of this worst expulsion of the Middle Ages. Rabbi Luria did not write a lot – he mainly preached and his disciples wrote down what he said. Following a deep meditation, Rabbi Luria came up with a new concept – God put upon Himself a voluntarily Exile, He withdrew from the World – because of His solidarity with Israel. There are many writings falsely attributed to Rabbi Luria. This short Commentary on Zohar by Rabbi Luria is authentic; it was first published in Zion in Jerusalem in 1940, edited by Gershom Scholem. Josef Blaha was born in Brno, Czech Republic in 1963, and is lecturer in Jewish Studies and specializes in Jewish Mysticism.
