Learn at home with help from The Wonder Years/Hallmark actress, math whiz, and New York Times bestselling author Danica McKellar using her acclaimed McKellar Math books! Bathtime will be squeaky clean and sneaky smart fun in this original board book that gives your toddler a head start on learning math, all as part of your daily at-home routine! Take one messy baby, two busy feet, three rambunctious friends, four wayward ducks, and five floaty bubbles--and get a tubful of fun as one family's bathtime routine turns into a nightly ritual they can "count on"! Danica McKellar uses her proven math success to show children that math is all around us as she cleverly introduces the early addition concept of "counting on"--the idea that when we add 1, we can get the answer by simply counting on to the next number. This next book in the McKellar Math line shows that even washing your hair can be full of math fun!

Every mistake is an opportunity to make something beautiful. This is the central idea of Beautiful Oops!, Barney Saltzberg's beloved bestseller—and now My Book of Beautiful Oops!, an interactive journal for young artists, takes that principle into unexpected new directions. A hands-on journal that's meant to be personalized—drawn in, painted on, torn up, smudged, or otherwise artistically wrecked—My Book of Beautiful Oops! is filled with folded, crumpled, die-cut, and lift-the-flap pages that will challenge the reader's sense of play. The friendly green alligator from the first book prompts the reader: Bend a page. Decorate a smudge. Play with splats and spills. Even complete a poem that was accidentally ripped in half. My Beautiful Book of Oops! champions imagination, play, and the courage to express oneself. It's about self-forgiveness, about turning off that inner critic that clamors for perfection. And it's about freedom—the freedom to be creative and follow your curiosity wherever it goes. That's a lesson to celebrate.
