**Thomas Hoving**

*Museum* Danny Danziger, 2007 A celebration of the role of people in operating and sustaining the Metropolitan Museum of Art presents interviews with fifty-two people, from its security guards and cleaners to its philanthropist supporters and famous patrons.

Metropolitan Stories Christine Coulson, 2019-10-08 “Only someone who deeply loves and understands the Metropolitan Museum could deliver such madcap, funny, magical, tender, intimate fables and stories.” —Maira Kalman, artist and bestselling author of *The Principles of Uncertainty* From a writer who worked at the Metropolitan Museum for more than twenty-five years, an enchanting novel that shows us the Met that the public doesn't see. Hidden behind the Picassos and Vermeers, the Temple of Dendur and the American Wing, exists another world: the hallways and offices, conservation studios, storerooms, and cafeteria that are home to the museum's devoted and peculiar staff of 2,200 people—along with a few ghosts. A surreal love letter to this private side of the Met, *Metropolitan Stories* unfolds in a series of amusing and poignant vignettes in which we discover larger-than-life characters, the downside of survival, and the powerful voices of the art itself. The result is a novel bursting with magic, humor, and energetic detail, but also a beautiful book about introspection, an ode to lives lived for art, ultimately building a powerful collage of human experience and the world of the imagination.

**Making The Met, 1870-2020** Andrea Bayer, Laura D. Corey, 2020-03-23 Published to celebrate The Metropolitan Museum of Art's 150th anniversary, *Making The Met, 1870-2020* examines the institution's evolution from an idea—that art can inspire anyone who has access to it—to one of the most beloved global collections in the world. Focusing on key transformational moments, this richly illustrated book provides insight into the visionary figures and events that led The Met in new directions. Among the many topics explored are the impact of momentous acquisitions, the central importance of education and accessibility, the collaboration that resulted from international excavations, the Museum's role in preserving cultural heritage, and its interaction with contemporary art and artists. Complementing this fascinating history are more than two hundred works that changed the very way we look at art, as well as rarely seen archival and behind-the-scenes

images. In the final chapter, Met Director Max Hollein offers a meditation on evolving approaches to collecting art from around the world, strategies for reaching new and diverse audiences, and the role of museums today.

**Surrealism Beyond Borders** Stephanie D'Alessandro,Matthew Gale,2021-10-04 Surrealism Beyond Borders challenges conventional narratives of a revolutionary artistic, literary, and philosophical movement. Tracing Surrealism's influence and legacy from the 1920s to the late 1970s in places as geographically diverse as Colombia, Czechoslovakia, Egypt, Japan, Korea, Mexico, the Philippines, Romania, Syria, Thailand, and Turkey, this publication includes more than 300 works of art in a variety of media by well-known figures—including Dalí, Ernst, Kahlo, Magritte, and Miró—as well as numerous artists who are less widely known. Contributions from more than forty distinguished international scholars explore the network of Surrealist exchange and collaboration, artists' responses to the challenges of social and political unrest, and the experience of displacement and exile in the twentieth century. The multiple narratives addressed in this expansive book move beyond the borders of history, geography, and nationality to provocatively redraw the map of Surrealism.

**Making the Mummies Dance** Thomas Hoving,1993 The former director of the famed New York museum recounts his activities at the art world's pinnacle, from wooing important patrons to battling for acquisitions.

*All the Beauty in the World* Patrick Bringley,2023-02-14 A best book of the year from New York Public Library, NPR, the Financial Times, Book Riot, and the Sunday Times (London). A fascinating, revelatory portrait of the Metropolitan Museum of Art and its treasures by a former New Yorker staffer who spent a decade as a museum guard. Millions of people climb the grand marble staircase to visit the Metropolitan Museum of Art every year. But only a select few have unrestricted access to every nook and cranny. They're the guards who roam unobtrusively in dark blue suits, keeping a watchful eye on the two million square foot treasure house. Caught up in his glamorous fledgling career at The New Yorker, Patrick Bringley never thought he'd be one of them. Then his older brother was diagnosed with fatal cancer and he found himself needing to escape the mundane clamor of daily life. So he quit The New Yorker and sought solace in the most beautiful place he knew. To his surprise and the reader's delight, this temporary refuge becomes Bringley's home away from home for a decade. We follow him as he guards delicate treasures from Egypt to Rome, strolls the labyrinths beneath the galleries, wears out nine pairs of company shoes, and marvels at the beautiful works in his care. Bringley enters the museum as a ghost, silent and almost

invisible, but soon finds his voice and his tribe: the artworks and their creators and the lively subculture of museum guards—a gorgeous mosaic of artists, musicians, blue-collar stalwarts, immigrants, cutups, and dreamers. As his bonds with his colleagues and the art grow, he comes to understand how fortunate he is to be walled off in this little world, and how much it resembles the best aspects of the larger world to which he gradually, gratefully returns. In the tradition of classic workplace memoirs like *Lab Girl* and *Working Stiff*, *All The Beauty in the World* is a surprising, inspiring portrait of a great museum, its hidden treasures, and the people who make it tick, by one of its most intimate observers.

Before Yesterday We Could Fly: An Afrofuturist Period Room Ian Alteveer, Hannah Beachler, Sarah Lawrence, Michelle D. Commander, 2022-02-04 Seneca Village—a vibrant nineteenth-century community of predominantly Black landowners and tenants—flourished just west of The Met's current location until the city used eminent domain to seize the land in 1857, displacing its residents to make room for the construction of Central Park. The Met's latest Bulletin, *Before Yesterday We Could Fly: An Afrofuturist Period Room*, imagines a different history in the form of a new type of installation that departs from traditionally Eurocentric period displays to present a fictional but resonant domestic space. Texts by Ian Alteveer, Hannah Beachler, Michelle Commander, and Sarah Lawrence honor the real, lived history of the Seneca Village residents, while also exploring works by Black creators from the eighteenth century to the present day through the empowering lens of Afrofuturism. Including images of new works by Njideka Akunyili Crosby, Roberto Lugo, and Cyrus Kabiru, as well as an original graphic novella by New York Times bestselling author and illustrator John Jennings, this publication foregrounds generations of Black creativity and looks forward to a resilient future.

**The Artist Project** Christopher Noey, Thomas P. Campbell, 2017-09-19 Artists have long been stimulated and motivated by the work of those who came before them—sometimes, centuries before them. Interviews with 120 international contemporary artists discussing works from The Metropolitan Museum of Art's collection that spark their imagination shed new light on art-making, museums, and the creative process. Images of works from The Met collection appear alongside images of the contemporary artists' work, allowing readers to discover a rich web of visual connections that spans cultures and millennia.

**Vogue and the Metropolitan Museum of Art Costume Institute** Hamish Bowles, Chloe Malle, 2020-04-07 An updated and expanded edition, covering the past five years of the Met Costume Institute's exhibitions and galas through the lens of *Vogue* The Metropolitan Museum of Art Costume Institute's annual fashion exhibition is the most prestigious of its kind, featuring subjects that both reflect the zeitgeist and contribute to its creation. Each exhibition—from 2005's Chanel to 2011's Alexander McQueen: *Savage Beauty* and 2012's Schiaparelli and Prada: *Impossible Conversations*—creates a provocative and engaging narrative drawing hundreds of thousands of visitors. This updated edition includes material from 2015's *China: Through the Looking Glass*, 2018's *Heavenly Bodies: Fashion and the Catholic Imagination* (the most visited exhibition in the

museum's history), and 2019's Camp: Notes on Fashion. The show's opening-night gala, produced in collaboration with Vogue magazine, is regularly referred to as the party of the year, and draws a glamorous A-list crowd, drawing an unrivaled mix of Hollywood fashion. This updated edition of Vogue and the Metropolitan Museum of Art Costume Institute once again invites you into the stunning spectacle that comes when fashion and art meet at The Met.

*Washington Crossing the Delaware* Carrie Rebora Barratt, 2011 Emanuel Leutze's life-size Washington Crossing the Delaware commemorates the critical moment in the American Revolution when George Washington led a surprise attack against troops supporting the British forces in Trenton. When Leutze created the painting in 1850, after he had returned from America to his native Germany, he was hoping to rally support for the revolutionary movements then sweeping Europe. He sent the work to New York in 1851, and within four months 50,000 people had paid to see it. Today the painting is an icon of American visual culture and one of the most beloved objects in The Metropolitan Museum of Art. In 2007, Leutze's masterpiece became the focus of the most ambitious conservation and reframing project in the museum's history. This book is a behind-the-scenes report on that project, prefaced by an account of the history of the painting's acquisition and display at the museum.

*Seurat's Circus Sideshow* Richard Thomson, 2017-02-15 Georges Seurat (1859–1891) created just six major figure paintings during his lifetime, one of which, the alluring Circus Sideshow (Parade de cirque), has remained the most challenging to interpret since it first intrigued viewers at the 1888 Salon des Indépendants in Paris. Unlike Seurat's earlier sunlit scenes, Circus Sideshow presents a nighttime tableau depicting a parade—a street show enticing passersby to purchase tickets. With its geometrically precise composition, muted colors, and elements of abstraction, the painting stands apart as a masterpiece of Neo-Impressionism and heralds Seurat's subsequent depictions of popular entertainments. This book, the first comprehensive study of Circus Sideshow, situates the painting in the context of nineteenth-century Paris and of the many social changes France was undergoing. Renowned art historian Richard Thomson illuminates the roles of caricature, naturalist and avant-garde painting, and circus advertising; examines Seurat's use of contemporary aesthetic theory; and discusses how artists ranging from Rouault to Picasso mined the sideshow theme into the twentieth century. Illustrated with Seurat's related drawings, works by other artists, and period posters and broadsides, Seurat's Circus Sideshow delves into the history of traveling circuses and seasonal fairs in France, exploring the ongoing appeal of this traditional form of popular entertainment through the fin de siècle. Two additional essays describe the painting's enthusiastic reception in New York upon its 1929 debut and present the results of a fresh technical examination of the canvas, making this volume the definitive resource on one of Seurat's most captivating works.

*Rogues' Gallery* Michael Gross, 2010-05-11 "Behind almost every painting is a fortune and behind that a sin or a crime." With these words as a starting point, Michael Gross, leading chronicler of the American rich, begins the first independent,

unauthorized look at the saga of the nation's greatest museum, the Metropolitan Museum of Art. In this endlessly entertaining follow-up to his bestselling social history *740 Park*, Gross pulls back the shades of secrecy that have long shrouded the upper class's cultural and philanthropic ambitions and maneuvers. And he paints a revealing portrait of a previously hidden face of American wealth and power. The Metropolitan, Gross writes, "is a huge alchemical experiment, turning the worst of man's attributes—extravagance, lust, gluttony, acquisitiveness, envy, avarice, greed, egotism, and pride—into the very best, transmuting deadly sins into priceless treasure." The book covers the entire 138-year history of the Met, focusing on the museum's most colorful characters. Opening with the lame-duck director Philippe de Montebello, the museum's longest-serving leader who finally stepped down in 2008, *Rogues' Gallery* then goes back to the very beginning, highlighting, among many others: the first director, Luigi Palma di Cesnola, an Italian-born epic phony, whose legacy is a trove of plundered ancient relics, some of which remain on display today; John Pierpont Morgan, the greatest capitalist and art collector of his day, who turned the museum from the plaything of a handful of rich amateurs into a professional operation dedicated, sort of, to the public good; John D. Rockefeller Jr., who never served the Met in any official capacity but who, during the Great Depression, proved the only man willing and rich enough to be its benefactor, which made him its behind-the-scenes puppeteer; the controversial Thomas Hoving, whose tenure as director during the sixties and seventies revolutionized museums around the world but left the Met in chaos; and Jane Engelhard and Annette de la Renta, a mother-daughter trustee tag team whose stories will astonish you (think *Casablanca* rewritten by Edith Wharton). With a supporting cast that includes artists, forgers, and looters, financial geniuses and scoundrels, museum officers (like its chairman Arthur Amory Houghton, head of Corning Glass, who once ripped apart a priceless and ancient Islamic book in order to sell it off piecemeal), trustees (like Jayne Wrightsman, the Hollywood party girl turned society grand dame), curators (like the aging Dietrich von Bothmer, a refugee from Nazi Germany with a Bronze Star for heroism whose greatest acquisitions turned out to be looted), and donors (like Irwin Untermyer, whose collecting obsession drove his wife and children to suicide), and with cameo appearances by everyone from *Vogue* editors Anna Wintour and Diana Vreeland to Sex Pistols front man Johnny Rotten, *Rogues' Gallery* is a rich, satisfying, alternately hilarious and horrifying look at America's upper class, and what is perhaps its greatest creation.

**Fictions of Emancipation: Carpeaux's Why Born Enslaved! Reconsidered** Elyse Nelson, Wendy S. Walters, Caitlin Meehye Beach, Adrienne L. Childs, Rachel Hunter Himes, Sarah E. Lawrence, Iris Moon, James Smalls, 2022-03-07 A critical reexamination of Jean-Baptiste Carpeaux's bust *Why Born Enslaved!*, this book unpacks the sculpture's engagement with—and defiance of—an antislavery discourse. In this clear-eyed look at the Black figure in nineteenth-century sculpture, noted art historians and writers discuss how emerging categories of racial difference propagated by the scientific field of ethnography grew in popularity alongside a crescendo in cultural production in France during the Second Empire. By

comparing Carpeaux's bust *Why Born Enslaved!* to works by his contemporaries on both sides of the Atlantic, as well as to objects by twenty-first-century artists Kara Walker and Kehinde Wiley, the authors touch on such key themes as the portrayal of Black enslavement and emancipation; the commodification of images of Black figures; the role of sculpture in generating the sympathies of its audiences; and the relevance of Carpeaux's sculpture to legacies of empire in the postcolonial present. The book also provides a chronology of events central to the histories of transatlantic slavery, abolition, colonialism, and empire.

Meet Me at the Art Museum David Goldin, 2012-11-01 After being discarded on the floor of an art museum, Stub (a museum ticket) has nowhere to go until Daisy the docent's helper (a name tag) finds him and offers him a tour of the museum. Filled with fun facts and a glossary, the book introduces young readers to all that museums have to offer. Illustrations.

European Furniture in The Metropolitan Museum of Art Daniëlle O. Kisluk-Grosheide,, Wolfram Koeppe, William Rieder, 2006-05-30 This beautifully produced volume is the first to survey the Metropolitan Museum's world-renowned collection of European furniture. One hundred and three superb examples from the Museum's vast holdings are featured. They originated in workshops in England, France, Germany, Italy, the Netherlands, Austria, Russia, or Spain and date from the Renaissance to the late nineteenth century. A number of them belonged to such important historical figures as Pope Urban VIII, Louis XIV, Madame de Pompadour, and Napoleon. The selection includes chairs, tables, beds, cabinets, commodes, settees and sofas, bookcases and standing shelves, desks, fire screens, athéniennes, coffer, chests, mirrors and frames, showcases, and lighting equipment. There is also one purely decorative piece, a superb vase made for a Russian noble family who, according to one awestruck viewer, owned all the malachite mines in the world. The makers of some of the objects are unknown, but most of the pieces can be identified by label, documentation, or style as the work of an outstanding European designer-craftsman, such as André-Charles Boulle, Thomas Chippendale, David Roentgen, or Karl Friedrich Schinkel.

**About Time** Andrew Bolton, Jan Glier Reeder, Jessica Regan, Amanda Garfinkel, Theodore Martin, Michael Cunningham, 2020-06-15 "An hour, once it lodges in the queer element of the human spirit, may be stretched to fifty or a hundred times its clock length; on the other hand, an hour may be accurately represented on the timepiece of the mind by one second." —Virginia Woolf, *Orlando: A Biography*, 1928 *About Time: Fashion and Duration* traces the evolution of fashion, from 1870 to the present, through a linear timeline of iconic garments, each paired with an alternate design that jumps forward or backward in time. These unexpected pairings, which relate to one another through shape, motif, material, pattern,

technique, or decoration, create a unique and disruptive fashion chronology that conflates notions of past, present, and future. Virginia Woolf serves as “ghost narrator”: excerpts from her novels reflect on the passage of time with each subsequent plate pairing. A new short story by Michael Cunningham, winner of the Pulitzer Prize for Fiction for *The Hours*, recounts a day in the life of a woman over a time span of 150 years through her changing fashions. Scholar Theodore Martin analyzes theoretical responses to the nature of time, underscoring that time is not simply a sequence of historical events. And fashion photographer Nicholas Alan Cope illustrates 120 fashions with sublime black and-white photography. This stunning book reveals fashion’s paradoxical connection to linear notions of time.

**Salvaging the Past** Daniëlle O. Kisluk-Grosheide, Deborah L. Krohn, Ulrich Leben, Bard Graduate Center for Studies in the Decorative Arts, Design, and Culture, Metropolitan Museum of Art (New York, N.Y.), 2013 This book explores the life, professional activities, artistic production and collecting practices of Georges Hoentschel through the objects he collected and created. Essays by the editors, joined by Amy F. Ogata, associate professor at Bard Graduate Center and Christine E. Brennan, senior research associate in Medieval Art at the Metropolitan Museum, address his biography, business contacts, and clients, as well as the arrival of the collection in New York, its lavish four-volume illustrated catalogue, and the medieval collections. Also discussed is Hoentschel's involvement with contemporary art, including his intriguing stoneware creations and designs for a pavilion and interiors at the 1900 Exposition Universelle in Paris. Fully illustrated catalogue entries explore the astonishing range of objects he collected. Throughout the book, new documentary material from archives and newspapers illuminates this little-explored chapter in the history of collecting decorative arts between France and America at the dawn of the twentieth century.--book jacket.

**Delacroix Drawings** Ashley E. Dunn, Colta Ives, Marjorie Shelley, 2018-07-02 Known as the master of French Romanticism for his energetic paintings, Eugène Delacroix (1798–1863) was also a consummate draftsman. Yet his drawings remained largely unknown to the public during his lifetime. Beginning with a posthumous studio sale in 1864, however, these drawings have been sought after and widely appreciated for the incomparable insight they afford into the artist’s process. This handsome book, one of the few to explore the topic in depth, provides new insight into Delacroix’s drawing practice, paying particular attention to his methods and the ways in which he pushed the boundaries of the medium. It showcases a selection of more than one hundred drawings, many of which have been rarely seen, from Karen B. Cohen’s world-renowned collection. The works highlighted here range from finished watercolors to sketches, from copies after old masters and popular prints to drawings preparatory to many of Delacroix’s most important painting and print projects. Illustrated with a wealth of comparative images, the book examines the essential role of drawing in the artist’s formation and aesthetic practice, while two shorter texts trace the history of the collecting of Delacroix’s work at the Metropolitan Museum and present important new research on his materials and techniques. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px
