about great cities of the world.

Contains over forty key words based on American Sign Language

Learn sign language alongside your baby with this adorable storybook for ages 0 to 3 Story time is the perfect time to practice sign language with your child. My First Book of Baby Signs is part storybook and part sign language guide, designed to encourage you and your baby to learn new words and signs as you read together. Practice communicating with important, everyday signs for everything from basics like "eat," "milk," and "mommy" to more advanced ideas like "help," "potty," and "I love you." This book makes it fun and easy to learn helpful baby signs with: Storybook style--Each sign is presented with picture book illustrations that depict the word as well as both written and visual instructions for how to sign it properly. Interactive learning--Model each sign for your baby as you come to the word in the story, allowing you to learn and practice together. 40 Real ASL signs--These signs are the accurate and up-to-date versions from American Sign Language, and you'll even find a guide to the full alphabet and basic numbers. This book of baby signs is the perfect way to start communicating with your baby before they learn to speak.

Treasure this special step in faith with Precious Moments in My First Communion. This beautiful book commemorates and explores the significance of

receiving communion and what it means to be a member of the Christian faith. With space to write about this important ceremony, along with places for others sharing the day to leave words of congratulations and encouragement, My First Communion is the perfect keepsake to commemorate receiving this important sacrament.

Eight of the essential sign language words for babies, clearly and cleverly illustrated with durable pull-tabs in a charming book to read aloud with baby. Two new titles in this popular split-page board-book format from Eric Carle are full of favorite foods and bright animals, and are lots of fun for young children. Full color.

Labeled illustrations introduce young readers to words for items and concepts grouped into sections on words for common items, numbers, animal sounds, colors, shapes, opposites, and items starting with the letters of the alphabet. This brightly coloured information book is a fun way for children to learn about themselves and the world around them. Learn about human diversity (skin colour, hair colour, eyes, tastes etc), about different emotions a person can feel, about daily routines, about different types of families and loved ones and about their body. This hard cover edition with index and contents list is ideal for schools and libraries; also available as a paperback with stickers. Internet links lead

readers to age-appropriate websites with games and activities.

This picture board book will help your child learn to identify letters in the English alphabet, build vocabulary, and improve observation skills.

My First Book of Baseball, the second Rookie Book from Sports Illustrated Kids, coaches young kids through the game of baseball with a visual retelling of an actual MLB game--from the first pitch to the game winning hit! Strikes, outs, steals, foul balls, home runs and more are all explained using a fun mix of Sports Illustrated action photography, simple text with engaging graphics, and a full glossary of essential baseball terms and phrases. An illustrated rookie player character also appears on every page, providing fun facts to help the next generation of fans better understand the game. Perfect for beginning readers, My First Book of Baseball is meant to be a shared reading experience between parents and their young minor league rookies before, during, and after the ball game.

This oversized board book is designed to introduce youngsters to the world of letters. Using fine art, as a backdrop My First Book of Letters introduces the alphabet and relates it to real world experiences. Children will delight in playing "I-spy" with the painting and parents will enjoy the interactive learning experience. Baby Einstein Books is an imprint of developmentally appropriate,

interactive books designed to introduce children ages 0-3 to classic poetry, art, and foreign languages in a fun and accessible way. A combination of playful images, beautiful photography, and bold illustrations with multilayered text will captivate and stimulate babies and young children. This “humanities for babies” program, based on the award-winning video series, taps into the natural learning potential of young children and their parents’ aspirations for them. The Baby Einstein Company, founded in 1997 by stay-at-home mom Julie Aigner-Clark, has produced numerous videos, CDs, cassettes, DVDs, flash cards, and puppets, and has received several awards and citations for its work.

The company is extending its brand through sales in the mass market, as well as through its licensing relationship with Hasbro for toys. Other licensing relationships in interactive multimedia and television are in the works. Illustrations of babies and toddlers demonstrate forty-eight signs from American Sign Language for both wild and domestic animals.

The ABCs—brighter and bolder than ever before! Learn the ABCs with a bright new twist! From alligator to zebra, little learners will be captivated by the bold neon illustrations and die-cut letters throughout this unique board book. This fun, modern take on the traditional ABC book will become a daily favorite as toddlers learn the alphabet and their first words.

How does the brain control the rest of the body? How does it enable the senses, regulate speech, affect balance, and influence sleep and dreams? These 30 full-page illustrations to color help explain every aspect of the brain's big job, from communicating with the central nervous system to retaining memories.

Equality starts early, and it begins at home. As soon as girls are big enough to flip through a board book, they can understand the concept that girls are equal to boys. This book underscores that important idea with clear, simple illustrations and clever rhyming text. From encouraging girls to use their voice and to support other girls to showing them that beauty is on the inside to reminding them that no woman is free until all women are free, there are big lessons here, in a small and appealing package.

"Featuring ASL signs plus fun songs and activities"--Cover.

Demonstrates signs for objects such as hat, book, and telephone, that babies can use to communicate with adults.

A sweet tiger cub, padding softly on its paws across the ground. A little lion getting its head nuzzled by mama as they soak in the sun. Two young kangaroos—joeys—at play. An infant chimpanzee, clinging lovingly to its mother's back. Nothing's more irresistible than an animal baby, and with these magnificent photos, kids can meet the cutest ones of all, and their families, too. From two fox kits climbing on logs, to an adorable baby bunny, to a trio of polar bears huddling close to stay warm, to penguins, polar bears, eaglets, and foals, these precious creatures will fascinate human "cubs"—and entice them to look at the pictures over and over again.

Have you learned your colors and shapes? Now it's time to learn patterns! Stripes, polka dots, plaid, chevron, and more are featured in this first-ever patterns concept book that provides readers with the vocabulary to name what they see in the world around them. The ten most prevalent patterns are presented first as a single element (This is a circle ...), then as a pattern (... a lot of circles make polka dots!). Conceived by educators and illustrated in vivid candy-colored hues, this pitch-perfect introduction to patterns will engage the artistic, mathematical, and linguistic parts of every young child's mind.

Long before they're able to talk, babies have a whole lot to say! Widen their world with this delightful modern classic—a must-have for growing families and a perfect baby shower or new-baby gift. With this adorable board book of essential signs, babies and toddlers can easily learn how to communicate their needs, wants, and feelings and even make basic observations with a simple gesture. Studies show that babies who use sign language feel less frustrated, throw fewer tantrums, and often learn to talk more easily. Just point to a sign in the book, say the word while making the sign, and the baby will soon be signing. Communicating a wet diaper or a hungry belly, asking for help or saying "all done" becomes as easy as waving hello or good-bye. And these are just a few of the thirteen signs inside this small and adorably illustrated board book, perfect for little hands and minds to grasp.

"First picture board book for your child to learn about colours. Well researched pictures will help your baby to: identify different colours ; build vocabulary ; improve observation skills"--Back cover.

Teach your baby how to sign. Children can look at the picture, feel the touches, and learn to sign! The book features 25 signs and first words that your child should be using by age two.

And all of this is provided in a sturdy, lightweight board book with touch and feels on every spread that's just right for little fingers to handle on their own!

My First Book of Chinese Words introduces young children to basic words and concepts in the Chinese language through colorful rhymes and beautiful imagery. It is a book that parents and young children will enjoy reading together. The Chinese words in the book are all common, everyday items, and the rhymes are informative and fun for children. The goal of My First Book of Chinese Words is to familiarize children with the basic sounds and written characters of Chinese, to introduce core concepts of Chinese culture and to illustrate the ways in which Chinese sounds differ from English ones. Teachers and parents will welcome the cultural notes at the back of the book and appreciate how the book is organized using a familiar ABC structure. Each word is presented in Chinese characters (both Simplified and Traditional) as well as Romanized Pinyin for easy pronunciation. With the help of this book, we hope more children (and adults) will soon join the more than one billion people worldwide who speak Chinese!

Learn about shapes the Montessori way with this line of board books following the world-leading educational approach, THE MONTESSORI METHOD! Montessori education values the development of the whole child--physically, socially, emotionally, and cognitively. These books tap into the Montessori Method at home, allowing children to discover and engage with concepts in a holistic way that promotes a drive for knowledge and self-motivation. In SHAPES, children are invited to learn the names of shapes and how to identify them in the world. Infused with humor and concepts that both engage and challenge children, this book is sure to ignite an interest in geometry! Learn more with THE MONTESSORI METHOD: MY
