series was started in 1997 by Sorin Istrail, Pavel Pevzner, and Michael Waterman. RECOMB 2009 was hosted by the University of Arizona, organized by a committee chaired by John Kececioğlu, and took place at The Westin La Paloma Resort and Spa in Tucson, Arizona. This year, 37 papers were accepted for presentation out of 166 submissions. The papers presented were selected by the Program Committee (PC) assisted by a number of external reviewers. Each paper was reviewed by three members of the PC, or by external reviewers acting as sub-reviewers to members of the PC. Following the initial reviews, there was an extensive Web-based discussion over a period of two weeks, leading to the final decisions. The RECOMB conference series is closely associated with the Journal of Computational Biology, which traditionally publishes special issues devoted to presenting full versions of selected conference papers. RECOMB 2009 invited several distinguished speakers as keynotes and for a special session on “Personalized Genomics”. Invited speakers included Carlos D. Bustamante (Cornell University), Rade Drmanac (Complete Genomics), Mark Gerstein (Yale University), Eran Halperin (Navigenics), Michael Hammer (University of Arizona), Joanna Mountain (23andMe), Stephen Quake (Stanford University), Mostafa Ronaghi (Illumina), Pardis Sabeti (Harvard University), and Michael Snyder (Yale University).

Claus Hessler's *Camp Duty Update* examines the history of rudimental drumming in Europe and the United States, offering in-depth background information about the various stages of its development. To support the text, the book features traditional musical pieces that can be considered milestones of drumming---some dating back 200 years or more---along with contemporary interpretations of the songs. The accompanying recordings provide full performance and play-along tracks of the songs at varying speeds, and the appendices in the back of the book include rudimental exercises, reference material and flute parts. Standing in absolute opposition to each other are two distinct groups. One side, who proclaim that he can do nothing right. The other side, who believe he has been particularly selected by God, with a host of unusual skills, for just such a time as this. Both can not be right! And so, a political, moral and spiritual battle is raging in America and around the world about President Donald J. Trump. Quite unknown by most of the general public is the fact that Christian prophets have been claiming for over a decade that Donald Trump is the chosen one, that he is God's man for the White House for this particular hour. In this book, God's Man in the White House, Professor James A. Beverley documents the hundreds of prophecies about Donald Trump that started over 10 years ago, and provides the political and religious context for the ongoing prophecies and controversies about the 45th president. Here is the most complete collection of over 500 prophecies and statements made by more than 100 prophets and top Christian leaders, including: Kim Clement, Mark Taylor, Lance Wallnau, Lana Vawser, Lou Engle, Jeremiah Johnson, Michael Brown, Frank Amedia, Franklin Graham, Jerry Falwell, Jr., Paula White, Stephen Strang, Robert Jeffress, Rodney Howard-Browne, Jim Garlow, and James Dobson. Whatever your view- you will benefit greatly from this collection.

"Church of the Brethren missionaries trapped in a

Japanese concentration camp..." The Publisher For three years, a Japanese concentration camp in the Philippines was home for Church of the Brethren missionaries Edward and Helen Angeny during WW II. Their tale of replacing murdered missionaries in China in 1940 and their subsequent imprisonment was aptly written into this memoir by Helen Angeny when she was 80 years old. Their internment included hunger as well as humor, frustration as well as joy, and threats as well as miracles. It also included the birth of their first child soon after imprisonment. The story ended well for the 500 civilian internees but only after MacArthur's troops accidentally came upon this POW group which had been previously unknown to the US government. Helen Angeny's reflections as well as her soul are revealed in this thought-provoking historical narrative.

The Ornish Diet has been named the "#1 best diet for heart disease" by U.S. News & World Report for seven consecutive years! Dr. Dean Ornish is the first clinician to offer documented proof that heart disease can be halted, or even reversed, simply by changing your lifestyle. Based on his internationally acclaimed scientific study, which has now been ongoing for years, Dr. Ornish's program has yielded amazing results. Participants reduced or discontinued medications; they learned how to lower high blood pressure; their chest pain diminished or disappeared; they felt more energetic, happy, and calm; they lost weight while eating more; and blockages in coronary arteries were actually reduced. In his breakthrough book, Dr. Ornish presents this and other dramatic evidence and guides you, step-by-step, through

the extraordinary Opening Your Heart program, which is winning landmark approval from America's health insurers. The program takes you beyond the purely physical side of health care to include the psychological, emotional and spiritual aspects so vital to healing. This book represents the best modern medicine has to offer. It can inspire you to open your heart to a longer, better, happier life.

There is a road every woman must travel in order to truly discover who she is in the Lord. We are all buried beneath voices of what people have told us about ourselves, messages telling us who and what we should be. The world does many things to our minds, our hearts, our souls. This Bible study is a process of how to begin to “undo” all of the things the world has done to you. We must take a look at the foundation we stand upon. Is it made from man, or have you built it on the Word of God? We get exhausted trying so hard to fit into a world that is not of the Kingdom of God and then wonder why we don't feel him in our presence. Ladies, you must “undo” and get out of the things you are buried beneath to discover the real truth. That you, my dear, are a beautiful daughter of a King created with great purpose. Let us begin to “undo” so we can DO His will!

"The Complete Works of Zacharias Taneé Fomum on Prayer (Volume 2)" contains the following books:
1) The Art of Intercession
2) The Practice of Intercession
3) Practical Spiritual Warfare Through Prayer
4) Life-Changing Thoughts on Prayer (Volume 1)
5) The Overthrow of Principalities and

Powers 6) The Prophecy of the Overthrow of the Satanic Prince of Douala 7) The Prophecy of the Overthrow of the Prince of Cameroon Having left the ABCs of prayer behind, this volume deals with the intricacies of intercession, spiritual warfare, and the overthrow of satanic princes ruling entire nations behind the scenes. It tackles both the art and practice of intercession. Simply put, intercession is both the art and practice by a righteous, blameless, and absolutely consecrated person, to accept, stand in the gap, and defend a person or people that God has targeted for destruction due to their brazen and sustained violation of His will. The Lord's response to Moses' intercession and entreaty for the children of Israel was swift and dramatic. The Bible says, "Then the Lord relented and did not bring on his people the disaster he had threatened"(Exodus 32:14). That was intercession in both its art and practice. So many advanced believers in Christ don't even believe that satanic princes exist. They exist. They are so real, so devastating in their work and so strangulating in their grip of people and their affairs, that you can only ignore them to your own undoing. Daniel battled these satanic princes all his adult life in exile in the Babylonian, Persian, and Median realms. He did so through strategic, prevailing, and sustained prayer and fasting (Daniel 10:1-21; 11:1). He battled in prayer and fasting until the satanic princes of Persia and Greece, which

were opposing God's purposes, were overcome, overturned, and overthrown. We send this second prayer volume out with a cry to the Lord that He should use it to teach the church of the Firstborn the intricacies of intercession and spiritual warfare. In this age of atheism, agnosticism, humanism, espionage, robots, sophisticated gadgets, and the Internet, there was never a time we needed intercession and spiritual warfare like now.

The Guidebook Collection of *Transforming: Unlearning / Undoing / Creating* is a step-by-step process that enabled the author to overcome past, conditioned habits born out of verbal, mental, and sexual abuse that began in early childhood. Through healing and recovery, it was discovered, as each

memory was processed, the body went through the same stages of healing: denial, shock denial, shock, realization, grief, anger, and then memory detachment. The memory doesn't go away, but you are no longer bound to it. After finishing memory processing, it was discovered that the author's belief system was based on false and unhealthy information. Again, in a step-by-step fashion, she was able to transform those false beliefs into healthy ones by unlearning, undoing, and creating. Levels of trauma and abuse range from mild to severe, and this guidebook can help. Whether you were raised by well-intentioned but misguided folk or by people who also suffered in their upbringing and continue the abuse, this guidebook can help. The Guidebook Collection of Transforming does not concentrate on the abuser, but the abused. This series is about fixing what is broken within; it is not about blaming others. All facets of the recovery process experienced are detailed in the series. This first guidebook, *The Groundwork (Preparation)*, is a helpful reference as it provides an overview of a list of subjects that can aid you before you even begin. The Guidebook Collection of Transforming provides information you need along your journey, so you know what to expect before it happens. It is a handy reference tool to refer back to again and again. R. E. Allen's superb new translation of Plato's Symposium brings this classic text to life for modern readers. Allen supplements his translation with a commentary that not only enriches our understanding of Plato's philosophy and the world of Greek antiquity but also provides insights into present-day philosophical concerns. Allen reveals the unity of Plato's intentions in the Symposium, explores the dialogue's major themes, and links them with Plato's other dialogues. His wide-ranging commentary includes discussions of Greek religious, social, and sexual practices, the conceptual connections between the Symposium and Freud, the influence of the Symposium on later writers, and recent scholarship on the dialogue. Allen's primary focus is philosophical, however, and he succeeds in explicating the doctrine of Eros in Plato's Symposium so that the reader can see how wish and desire relate to Plato's moral philosophy, epistemology, and metaphysics.
