Gandhi, and Lola wishes for a more meaningful life. Well, careful what you wish for. While napping later, Lola drops into a dream state at the exact time her neighbor Melinda—who some would call a “bad witch”—is casting a revenge spell on her boyfriend. The spell opens a portal into which Lola unwittingly slips, drawing her into a world of psychic abilities, crime solving, and general shenanigans as she struggles to master her newfound skills. Along the way, Lola meets her oversoul, picks up a sarcastic and reluctant fairy guide, and takes a madcap journey to enlightenment. Like Lola, author Lisa Bonnice has been tasked with figuring out her own psychic abilities and even a family curse. Her hilarious novel reveals that truth is sometimes stranger than fiction, and laughter is often the best medicine.

From an early age, author Vera Chvany Hussey-Forbes knew her mother didn't want her. When her parents divorced, Vera's mother began a campaign to obliterate the child with a concentrated regimen of emotional abuse. Thus began Vera's two-layered existence. In *My Life, Connected*, she narrates the story of her life, beginning with the ways that the trauma affected her. Vera shares how her mother made her feel like she was ugly, untalented, and unlovable, and how Vera's first husband later followed suit, never appreciating her for who she was. In her memoir, Vera describes how she overcame the negative treatment to become the best in everything she had to offer as a painter, singer, songwriter, actress, lover, and mother of three sons. She discusses the highs and lows as she experienced operas and orgies; dead pigeons and paralysis; ballet and bats;

fleas, a fish run, and fire, and lovers and laughter.

Honest and unabashed, *My Life, Connected* tells how Vera's friendly disposition and curious personality enabled her to conquer abuse, make connections, and form incredible friendships with people from all walks of life.

Susan Biggar fell in love with a New Zealander. Maybe as an American, she saw Darryl as a ticket to an exhilarating, global life. When her first son arrived, he came with fierce blue eyes, a curly toe and cystic fibrosis. The doctors said he would be lucky to reach the age of thirty. A job offer in Paris snatched the family from New Zealand, depositing them in the city of lights,

romance—and a whole new medical world. When Susan's second baby was also born with cystic fibrosis, the insignificant worries of her old life slipped away, shifting her from 'normal mum' to 'gotta-figure-out-how-to-keep-the-kids-alive-mum'. This—and all that followed—was not what she expected. Set across the globe—in California, New Zealand, France and Australia—*The Upside of Down* is a story of belief, of learning that sometimes joy is a decision. 'A rare combination of laugh-out-loud humour and an intensely honest exploration of difficult issues ... It's like *Eat, Pray, Love* but with children, a husband and health issues along for the ride! Anyone who has ever experienced illness in their family or considered an expatriate life will want to read this book.' — ANDREA J. MILLER, Shares in Life Foundation, NZ

We are where we've been and what we've read, aren't we? Where else do we get the experience we need to evocatively live? At once a memoir, a reading journal, and a novel, *Fragments of a Mortal Mind* is a daring, contemporary commonplace book. Donald Anderson, critically acclaimed author of *Gathering Noise from My Life* and *Below Freezing*, shows us how the disparate elements of our lives collect to construct our deepest selves and help us to make sense of it all. Anderson layers his personal experiences and reflections with those of others who have wrestled with inner and outer social, cultural, and political memories that are not as accurate as history might suggest but that each of us believe nonetheless. He challenges the reader's sense of memory and fact, downplaying the latter in explaining how each of us

## Download Ebook My Little Bag Of Beachtime Fun Carry Along Bag With Book Shovel Plastic Shell And Beach Ball My Little Bag Books

crafts our own personal histories. As Anderson weaves his voice among numerous other voices and ideas that rest upon other ideas, we are faced with larger issues of human existence: war, memory, trauma, mortality, religion, fear, joy, ugliness, and occasional beauty. What we have here is a meditation on living in America. We are shown how the world we consume becomes us as we metabolize it. How we, as humans, through our own fragments of memories, influences, and experiences become our true selves. By charting fragments of thoughts over a lifetime, Anderson exposes a way of thinking and perceiving the world that is refreshingly intuitive and desperately needed. *Fragments of a Mortal Mind* is a powerful masterpiece that closely resembles our lived experiences and is a vivid reflection of our time.

*Beach Time* is a powerful collection of stories weaving a tapestry of the shore as a place of reflection, a sanctuary for addressing life's challenges and opportunities, and as a point of departure for life's many journeys. Whether finding romance among the canals and lanes of magical Venice, facing life, death, and ghosts along the Carolina coasts, honeymooning in the south of Portugal, or solving mysteries in the Greek isles, the stories will hold your interest across the miles and years. Additional tales speak to youth's desire to find direction in life, whether in the beach towns of Florida, at a Buddhist shrine on Cheju Island, Korea, or along the North Shore of Oahu. Darker tales reveal how outcasts prey upon the young or confused in the chaos of the beach. *Beach Time* (by the author of *Hues of Tokyo*) can be read straight
