When a young peasant girl is injured while hunting, she meets a strange, magical man who is a member of a despised race - Mujar. Truemen scorn the shape-shifting unmen for their odd, humble ways, and envy their power over the elements. Mujar do not use their powers for good or evil, they simply exist, immortal and apparently purposeless. Now a scourge is sweeping the land, armies of mounted warriors who cannot be defeated are wiping out Truemankind without mercy. They are known as the Black Riders, but no one knows where they come from or why they seem bent on exterminating every man, woman and child. Talsy traps the Mujar with gold, which has an odd effect on them, to make him help her, but her father intends to throw him in a Pit, from which he will be unable to escape. Talsy does not believe the Mujar deserves such a fate, so she frees him and begs him to take her with him on his journey. He agrees, and they set off across Shamarese, continuing his quest to find an old hermit's lost son. There is far more at stake than Talsy realises, however, and she has innocently stumbled upon the last free Mujar, who has the power to decide the fate of her race.

Street food is one of the most amazing culinary success stories of the twenty-first century, defying globalization and the spread of multinational fast-food franchises. Fresh, cheap, plentiful, and varied, street food offers urban residents a cornucopia of choices. Food that was once obtainable only on Saharan roadsides is now available in New York City, and Patagonian village recipes can be picked up in downtown Hong Kong. Millions of people all over the world eat street food every day, and their numbers are rising rapidly. The World Atlas of Street Food identifies the best places around the globe to find street food and surveys the mouth-watering range of food and drink being purveyed. Organized geographically and sumptuously illustrated, the book covers North America, the Caribbean, South America, Europe, Africa, the Middle East, Asia, and Australasia. For several major cities in each region, Carol Wilson and Sue Quinn describe what the locals eat in the best and most established food markets. The authors suggest which trademark delicacies to try and selected recipes are featured to enable readers to re-create the stand-out dishes at home. The most complete guide of its kind, The World Atlas of Street Food belongs on the shelf of everyone who craves an imaginative, original alternative to homogeneous fare. Much more than an atlas, this book is a virtual travel experience! It includes more than 40 maps, 30 feature articles on impressive places, and more than 50 eye-popping 3-D photos of the world's most interesting sights. Readers visit the Grand Canyon, look down from the top of the Eiffel Tower, "snorkel" in the Great Barrier Reef, peek inside a blue ice cave in Antarctica, and more! Physical maps are also rendered in 3-D, so mountains bulge out from the page.

"A rich, sensual, bewitching adventure of good vs. evil with love as the prize." ~Publisher's Weekly on ETERNITY 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace's forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can't be real. She tells him of another lifetime, claims to be immortal. Though he knows she's deluded, he can't stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series HIGHLANDER, you will LOVE this series. Don't miss Book 2, INFINITY. "A hauntingly beautiful story of a love that endures through time itself." ~New York Times Bestselling Author, Kay Hooper "This captivating story of a love that reaches across the centuries, becomes as immortal as the lover's themselves, resonates with timeless passion, powerful magic, and haunting heartbreak." ~BN.com's official review

Contains the latest data, maps of the world, and graphs as well as lively essays about the world, geography-themed games, crosswords, and picture puzzles.

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

Terrie and Doug Oxtal gave their lives to a dream. After over 35 years of marriage the result of their devotion to four children and each other, life was perfect until the day they left the hospital with only their youngest son Andrew's jacket. The unspeakable grief that took over their lives is captured in letters written to Andrew where the love spills on to every page. The journey is there, the love is there, the sense of loss is there between the lines of shock and pain, with a true understanding of compassion. The Oxtal family knows Andrew has gone home, and they live with him in their hearts, until they meet again. For those who have suffered the loss of a child, this mother's letters will take you to a place so familiar they won't make you feel alone. For those who have not lost a child, this book will take you to a place where love is all that matters.

Sometimes, the things that a child hears about himself or herself is confusing to him or her. That is the case with the young boy in Almond Eyes. As a young child, he is constantly told that he has "beautiful Almond Eyes". He doesn't understand what this means until he asks his mother. She explains that his eyes are shaped like almonds because he is Korean. The boy then notices the different eye shapes of all of his friends. This is a wonderful book about celebrating the differences among friends.

Flaps, tabs, word balloons, and pop-ups illustrate the geography of the Earth and solar system.

GOLIATH'S HEAD tells of a search for courage and hope amidst crushing oppression. Avi Schneider is a Jewish boy growing up in Russia on the eve of early-twentieth-century revolution. He is nine years old when he meets his own personal devil, Viktor Askinov, a brutal youngster who relishes tormenting Jews. In the following years, Avi is the object of his tormentor's obsession. Fourteen years later in 1905 the Tsar instigates riots - pogroms - against the poor, teeming Jewish villages. Now a husband and father, Avi takes to the barricades to defend his village from the mob coming to kill the men, rape the women, and burn down his village. Armed, he again faces Viktor Askinov, who is leading the mob. But he has been warned that if he kills Viktor Askinov, he puts his beautiful young wife Sara and newborn son Itzhak in deadly peril. Avi must decide this night what he stands for. Is it survival at any cost, for himself and those he loves? Or is it righteous vengeance for his people?

When entrepreneur Len Forkas learned that his nine-year-old son had leukemia, his own life changed forever. In 2003, Len founded Hopecam, a nonprofit that uses technology to connect young cancer patients with their friends at school. Ten years later, Len's fight against childhood cancer rose to a new level. He qualified as a solo competitor in Race Across America, a 3,000-mile bicycle race that traverses scorching deserts and 11,000-foot mountain elevations. As Len fought to finish the race is just 12 days, an all-volunteer

crew supported him around the clock. What Spins the Wheel is a true story about fatherhood and fortitude, business grit and growth ? and the power of combining the right mission with the right team to help others.

As a child, Biddu dreamt of going west and making it big as a composer. At the age of sixteen, he formed a band and started playing in a cafe in Bangalore, his home town, At eighteen, he was part of a popular act at Trinca's, a nightclub in Calcutta devoted to food, wine and music, At nineteen, he had college students in Bombay dancing to his music. In his early twenties, he left the country and ended up hitchhiking across the Middle East before arriving in London with only the clothes on his back and his trusty guitar. What followed were years of hardship and struggle but also great music and gathering fame. From the nine million selling "Kung Fu Fighting" to the iconic youth anthem of "Made in India" and the numerous hits in between. Biddu's music made him a household name in India and elsewhere. In this first public account of all that came his way: the people, the events, the music tours and companies Biddu writes with a gripping sense of humor about his remarkable journey with its fairy tale ending. Charming, witty, and entirely likable, Biddu is a man you are going to enjoy getting to know.

"A grand tour of the world's great tattoos"--Atlas Obscura "This book--part global art historical tome, part coffee-table book of visual wonders--is a valuable corrective to many silly things that we assume about tattooing."--The New Republic A lavishly illustrated global exploration of the vast array of styles and most significant practitioners of tattoo from ancient times to today Tattoo art and practice has seen radical changes in the 21st century, as its popularity has exploded. An expanding number of tattoo artists have been mining the past for lost traditions and innovating with new technology. An enormous diversity of styles, genres, and techniques has emerged, ranging from geometric blackwork to vibrant, painterly styles, and from hand-tattooed works to machine-produced designs. With over 700 stunning color illustrations, this volume considers historical and contemporary tattoo practices in Europe, the Americas, the Middle East, North and Sub-Saharan Africa, Asia, Australia, and the Pacific Islands. Each section, dedicated to a specific geographic region, features fascinating text by tattoo experts that explores the history and traditions native to that area as well as current styles and trends. The World Atlas of Tattoo also tracks the movement of styles from their indigenous settings to diasporic communities, where they have often been transformed into creative, multicultural, hybrid designs. The work of 100 notable artists from around the globe is showcased in this definitive reference on a widespread and intriguing art practice.

The worldwide bestseller - 1/4 million copies sold 'Written by a World Barista Champion and co-founder of the great Square Mile roasters in London, this had a lot to live up to and it certainly does. Highly recommended for anyone into their coffee and interested in finding out more about how it's grown, processed and roasted.' (Amazon customer) 'Whether you are an industry professional, a home enthusiast or anything in between, I truly believe this is a MUST read.' (Amazon customer) 'Informative, well-written and well presented. Coffee table and reference book - a winner' (Amazon customer) 'Very impressive. It's amazing how much territory is covered without overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java.' (Amazon customer) For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence

the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.
