"I've been a big fan of the timeless concept of Bucket Filling . . . This newcomer . . . brings an important dimension to the idea of filling and dipping by addressing the invisible lid to help with what to do with the ouches in life. . . I think you'll find it'll make the intangible concepts of kindness, resilience and grit something that our learners can hold on to and apply as they learn to sail the somewhat stormy seas of life."

—Barbara Gruener, *The Corner on Character* The latest release in the bestselling Bucket Fillers line takes the concept of bucket filling one step further by adding the idea that we also have an invisible lid. We "use our lid" to protect and keep the happiness inside our bucket.

Offering charming illustrations with personified buckets, dippers, and lids, readers learn what gives happiness, what takes it away, and what protects it. This concrete concept helps children of all ages grow in understanding, kindness, self-control, resilience, empathy, and forgiveness. "Here's a delightful little book to warm the hearts of young children and teach them how to experience the joy of giving and receiving. Just think of all the little buckets this book will fill with love and encouragement." —Dr. Kevin Leman, author of *Have a New Kid by Friday* The day you were born was a very happy day. You are a special gift. Everyone was so happy to see you. But, there was one part of you that they could not see. It was your bucket, your invisible bucket. While using a simple metaphor of a bucket full of hearts and stars, authors Carol McCloud and Katherine Martin, M.A. illustrate, in the sweetest of ways, that we are all born with an invisible bucket and that our bucket holds all of our good thoughts and feelings. This book highlights the many ways that families and caregivers use to fill the buckets of children but also gives young children simple ideas on how to BE a bucket filler as well. This 24-page picture book is perfect for children, parents, grandparents, teachers and people that want to teach empathy, nurture kindness and create a positive environment in their home, classroom, workplace and community. Meet Sofia! She's one of the Five Enchanted Mermaids. She loves the color red, has a best friend that's a dolphin and loves to tell the truth! She weaves these basic reasons into stories where a situation unfolds regarding honesty. Then, she offers two outcomes - happy and unhappy - that are possible results of each of the situations. These illustrate in a tangible way the consequences of each choice the child makes and are great conversation starters between the adult and child.

A New York Times bestseller, this controversial guide to improving your marriage has transformed thousands of relationships, bringing women romance, harmony, and the intimacy they crave. Like millions of women, Laura Doyle wanted her marriage to be better. But when she tried to get her husband to be more romantic, helpful, and ambitious, he withdrew—and she was lonely and exhausted from controlling everything. Desperate to be in love with her man again, she decided to stop telling him what to do and how to do it. When Doyle surrendered control, something magical happened. The union she had always dreamed of appeared. The man who had wooed her was back. The underlying principle of *The Surrendered Wife* is simple: The control women wield at work and with children must be left at the front door of any marriage. Laura Doyle's model for matrimony shows women how they can both express their needs and have them met while also respecting their husband's choices. When they do, they revitalize intimacy. Compassionate and practical, *The Surrendered Wife* is a step-by-step guide that teaches women how to:

- Give up unnecessary control and responsibility
- Resist the temptation to criticize, belittle, or dismiss their husbands
- Trust their husbands in every aspect of marriage—from sexual to financial
- And more.

*The Surrendered Wife* will show you how to transform a lonely marriage into a passionate union.

Where do you seek God? Are you waiting for him to appear in a monumental, life-altering event? In *God Moments*, Catholic

blogger Andy Otto shows you how to discover the unexpected beauty of God's presence in the story of ordinary things and in everyday routines like preparing breakfast or walking in the woods. Drawing on the Ignatian principles of awareness, prayer, and discernment, Otto will help you discover the transforming power of God's presence in your life and better understand your place in the world. Andy Otto found God's presence in surprising moments during his life—when, as a Jesuit scholastic, he taught children in Jamaica and also as he discerned the call to marriage with his wife. By combining elements of Ignatian spirituality with the lessons that came from his experiences, Otto identified three practices that helped him find God in all things: Awareness—Gain an understanding that God is present in the ordinary messiness of our lives such as battle with depression or sharing in the struggle of a friend. Prayer—Develop a prayer life using Ignatian practices such as asking for a morning grace and examining how your prayer was answered at the end of the day. That way you can focus on a personal relationship with God that finds everyday physical activities such as making a meal as an opportunity to talk to him. Discernment—The more you are aware of God's presence and draw closer to him in prayer, the better you can learn how to plug into God's narrative of the world in a way that enables you to participate in the divine story through the use of your gifts and talents. With God Moments as a guide, you'll have a better understanding of how to seek personal wholeness in the reality of God's presence in the ordinary and learn to accept his invitation to participate in his transformation of the world.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with
