

Mystery Of The Ancients Early Spacemen And The Mayas

Contemplate silence and converse with your inner self it will bring you happiness.

More details about the most advanced ancient technology we've ever seen, including Roman nanotechnology Identify the counterfeit religion of Babel mirrored in every pagan religion through time Why the Tower of Babel incident was about a rebellion that has continued throughout history into the present day! Knowledge. Wisdom. Understanding. Mankind yearns for these. We find ourselves enthralled with secrets, mysteries, and riddles. Man is seduced by the unknown and enticed by the offer of revelation. Perhaps this is why we pursue science so passionately and we seek desperately to unearth the remnants of our ancestors. We have this innate impression that there is something we don't know, something important that we must discover. The Ancient Man research team of Jackson Hole Bible College has been hard at work over the past two years since publishing their first book, The Genius of Ancient Man. Dedicated to bringing you more of the fascinating details, commentary, and the Bible affirming truths you loved about ancient man, the team now invites you to think critically about both history and the forces at work in our world today.

In Fabrications of the Greek Past, Vaia Touna demonstrates that meanings of past material artifacts found in the present are historical products created by social actors through their always-contemporary acts of identification, such as their interpretations, categorizations, representations, and classifications.

Ancient calendars found around the world are designed to end one point in time. They communicate an urgent warning to everyone alive today! Complex bronze and gold clocks with multiple dials are found in museums around the world. Why they have such advanced intricacy has stumped scientists for hundreds of years. This book reveals why the ancients built so many pyramids, observatories as well as those complex gold and bronze clocks with more than one dial. It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012. It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time, history and prophecy, which is history written in advance. The most famous example is the Mayan-Aztec calendar, which ends its 25,626-year cycle on that momentous date. Some researchers have also found 21 December 2012 in what is called, the Bible Code. Using very different research methods, I discovered it in the Bible's book of Revelation and Daniel's prophecies. It is one of the most important dates in the plan of God for all humanity!

Cutting-edge thinkers on the origins of civilization, the Giza pyramids, pre-Columbian and early America, and the power of human consciousness • With contributions by David Frawley, Geoff Stray, Joscelyn Godwin, Daniel Pinchbeck, Antoine Gikal, and others • Topics range from the origins of the Inca to the architecture of the Giza plateau to unified theories of physics and consciousness • Companion volume to Lost Knowledge of the Ancients As we pull back the curtain from the European version of history, we discover the vast depth of knowledge of our ancient ancestors--knowledge that not only dispels our image of them as primitive peoples but also corresponds with the forefront of modern science, philosophy, and spirituality. With contributions by David Frawley, Geoff Stray, Joscelyn Godwin, Daniel Pinchbeck, Antoine Gikal, and other provocative, cutting-edge thinkers, this collection of essays commissioned by Graham Hancock, bestselling author of Fingerprints of the Gods, represents the latest, often controversial findings in alternative science, history, archaeology, and consciousness research. Covering topics ranging from the origins of the Inca and the secrets hidden in Vedic literature, to the

architecture of the Giza pyramids and the Sphinx, to unified theories of physics and consciousness, this book shows how, by recovering our lost history, we too can experience the higher consciousness and advanced wisdom of the ancients.

Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era, this thoroughly cross-referenced and fully indexed work is written by an international group of scholars. This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition, the highly praised two-volume work. Newly edited by Nigel Wilson, this single-volume reference provides a comprehensive and authoritative guide to the political, cultural, and social life of the people and to the places, ideas, periods, and events that defined ancient Greece.

This book not only sheds new light on the development of Johannine ideology, but also forges a new path in New Testament socio-rhetorical criticism, particularly by developing the field of tradition intertexture."--BOOK JACKET.

Discusses unsolved mysteries left by ancient civilizations including the stone figures on Easter Island, the city built by unknown people on a Bolivian mountain top, and the Great Pyramid of Khufu.

Consuming Ancient Egypt examines the influence of Ancient Egypt on the everyday lives of contemporary people, of all ages, throughout the world. It looks at the Egypt tourist sees, Egypt in film and Egypt as the inspiration for opera. It asks why so many books are published each year on Egyptological subjects at all levels, from the austere academic to the riotous celebrations of Egypt as a land of mystery, enchantment and fantasy. It then considers the ways in which Ancient Egypt interacts with the living world, in architecture, museum going, the acquisition of souvenirs and reproductions, design, and the perpetual appeal of the mummy. The significance of Egypt as an adjunct to (and frequently the subject of) marketing in the consumer society is examined. It reveals much about Egypt's immemorial appeal and the psychology of those who succumb to its magic.

Treasure of Egypt Hold on to your seat! This is a fast paced, action-packed romantic adventure. Journey to the land of the pharaohs in this lighthearted tale, where the search for lost treasure digs up more than a little danger. In the year 1863, a time when the whole world was seeking Egypt's secrets, an ancient map, leading to the greatest treasure known to man, resurfaces. As luck would have it, Lord Alecsian Brighton wins the mottled old scrap of parchment in one of London's most notorious gaming hells, along with its ominous curse. Despite the allure of treasure, Alec has no real interest in gallivanting across the Egyptian countryside in order to find it. He isn't even persuaded by his friend and cohort, Samuel's enthusiastic zeal. It is only his mother's escalating interest in his marital status that gives an extended vacation sudden appeal. The mysteries unfold as tantalizing clues sweep us across two continents, from wild runaway carriage rides, to action packed chase scenes through the streets of Alexandria. When our lost lords are captured by Bedouin tribesmen, Samuel barter for their freedom. It seems like the perfect solution... marrying Alec off to the Plague of Egypt... and that is only the beginning! This book explores the wonders of Egypt, where the mysteries hidden within the pyramids and temples which have tantalized us for two thousand years are finally revealed. Journey through ancient Egypt, explore a hidden tomb, experience the twelve hours of the Amduat, and discover the answer to one of the greatest mysteries of the ancient world, the origins of the Sphinx, as well as several hieroglyphic symbols which have

remained either misidentified or unknown altogether. . . . This book will not only amaze the world, but Egyptology will never be the same. But that's not all... there is more! Look for more exciting adventures from Barbara Ivie Green that explore the wonders of the ancient world. Coming Soon! Treasure of the Emerald Isle Includes sneak peek!

This special three-book bundle tells the story of the mystery of Oak Island, Nova Scotia, where in 1795 three boys discovered the top of an ancient shaft. Two hundred years of courage, back-breaking effort, ingenuity, and engineering skills have failed to retrieve what is concealed there. Theories of what the treasure could be include Captain Kidd's bloodstained pirate gold, an army payroll left by the French or British military engineers, priceless ancient manuscripts, the body of an Arif or other religious refugee leader, or the lost treasure of the Templars. Lionel and Patricia Fanthorpe tell the entire story over the centuries and offer their own theories on the truth, while Lee Lamb tells the personal story of the Restalls, who spent six tragic years attempting to solve the mystery on their own. Includes Oak Island Family The Oak Island Mystery Oak Island Obsession

Old ideas. New insights. Timeless relevance for the church. Studying the views and lifestyles of your forerunners in the faith can provide incredible guidance for how you live out your spiritual convictions today. In *Wisdom from the Ancients*, author and scholar Bryan Litfin paints a vivid portrait of the first five centuries of the Christian church, packed with fascinating history and applicable insights for modern believers. As you encounter the wisdom of early Christians, you'll be challenged to revisit the building blocks of your faith in light of ancient beliefs and spiritual practices. This book will help you reframe common evangelical ideas, including questions Christians face today, such as when it makes sense to read the Bible literally and when God's truth shines through symbolism how the beliefs and practices of early believers should inform your worship whether the church should cooperate with political power or resist it *Wisdom from the Ancients* reveals life-changing lessons from the early church that you can take to heart today. When you set aside your modern perspectives and approach ancient truths with an open mind, the beliefs of the early Christians will illuminate your faith in a brand-new way.

"Christianity is a religion founded on the mystery of the cross of Christ." --Leo the Great At the center of Christianity sits the cross of Christ. From the beginning, Christ's followers celebrated the cross as a symbol of their faith. It was honored in church worship, carved into rough tombstones, pressed onto loaves of bread and set out as a sign of sanctuary. The cross represented what Christians believed, who they hoped for and how they approached life. In this thoughtful book Judith Couchman takes up forty images of the cross from early Christianity. As we discover the meaning and significance of each of these uses, we learn a little more about the early church. More than that, she helps us focus on the meaning of the cross and the Savior's sacrifice. Ideal for Lenten devotional reading and appropriate for any season of the church calendar, this book includes original illustrations of each cross image. *The Mystery of the Cross* will enrich your understanding of Christian tradition and draw you into Christ's presence. This book situates Tarot in its ancient roots, with particular emphasis on the tradition of the Mystery Schools. The suites are designated as "Earth, Water, Air and Fire" rather than the conventional Pentacles, Cups, Swords and Wands. The first part of the book is a review of the ancient sources of Tarot and the dynamics of the archetypes, with interesting sidelights on the author's

personal experiences in this realm. The reader is instructed by The Magician, The Priestess and The Hermit about the meanings and wisdom of Tarot, which he discovers to be a "Book of Truth."

Creating a sensation when it was first published in 1877, the first major work by the young Russian noblewoman who would found the Theosophical Society devoted 1200 pages to the mysteries of ancient and modern science and theology. This new edition abridged by Theosophical scholar Michael Gomes breathes fresh life into this classic of Western esoteric thinking. Stripped of its lengthy quotations from other writers and its repetitious commentary, Isis Unveiled is revealed to be a clear and readable exploration of the universal truths of the Ancient Wisdom Tradition by one of the most remarkable women of modern times.

Can a painting hold a secret safe in plain sight across seven centuries? The murder of the last member of an old Venetian family peels back the rug on a shocking truth that draws art historian and textile expert Phoebe McCabe into the fray. What she sees in the missing Renaissance symbology will shake the foundations of religious and cultural assumptions across two continents and point the way to a priceless hoard. It's a secret potent enough to pitch rival factions against Phoebe and her team while destroying history as collateral damage along the way. By the time Phoebe tracks down the truth to its final destination, she'll need to face her greatest enemy armed with nothing but wry wit, an indomitable spirit, and what's left of a broken heart. But nothing will stop this warrior of the ancient lost and found. From the dark misty canals of Venice to the vivid souks of Marrakech, Phoebe and her friends are pitched against the desperate and the entitled. Who owns a treasure buried on foreign soil? Can the poor ever win against the rich? And most importantly, can love conquer religious persecution and even time itself? If you love twisty, action-packed mysteries driven by engaging characters set in vividly drawn locales rich in historical detail, then you'll love this first book in the Ancient Lost and Found series. Think Robert Langdon meets Lara Croft with a side of textiles.

For centuries, scholars have tried to work out where Emmaus was: where, in other words, the risen Christ walked, ate and revealed himself. It is a crucial location in the map of Christian belief and one of the great missing links of Christian archaeology.

This book produces a dramatic find about the lost site of Emmaus, rising again from the soil.

Drawing on a wide array of sources, this anthology sets out to analyze the concepts of mystery and secrecy that occur in the ritual and rhetoric of antique Mediterranean religion, with an emphasis on Gnosticism, Christianity, and Paganism.

The passing of Professor Graham Stanton, former Lady Margaret chair of divinity at Cambridge University, in 2009 marked the passing of an era in Matthean scholarship and studies of early Christianity. Stanton's 15 books and dozens of articles span thirty-four years and centre largely on questions pertaining to the gospel of Matthew and early Christianity. The present volume pays tribute to Stanton by engaging with the principal areas of his research and contributions: the Gospel of Matthew and Early Christianity. Contributors to the volume each engage a research question which intersects the contribution of Stanton in his various spheres of scholarly influence and enquiry. The distinguished contributors include; Richard Burridge, David Catchpole,

James D.G. Dunn, Craig A. Evans, Don Hagner, Peter Head, Anders Runesson and Christopher Tuckett.

Technology of the Gods lays out the mind-bending evidence that long-lost civilizations had attained and even exceeded our "modern" level of advancement. Westerners have been taught that humankind has progressed along a straight-line path from the primitive past to the proficient present, but the hard, fast evidence (literally written in stone!) proves that the ancients had technologies we cannot even replicate today.

The reprint of Wilkin's classic book on the megaliths and mysteries of South America. This book predates Wilkin's book Secret Cities of Old South America published in 1952. Mysteries of Ancient South America was first published in 1947 and is considered a classic book of its kind. With diagrams, photographs and maps, Wilkins digs into old manuscripts and books to bring us some truly amazing stories of South America: a bizarre subterranean tunnel system; lost cities in the remote border jungles of Brazil; legends of Atlantis in South America; cataclysmic changes that shaped South America; and other strange stories from one of the world's greatest researchers.

The reader's choices will determine whether Ard, an orphan in a future, war-ravaged land, is able to save his twin sister, Toki, who was severely injured in a bomb blast.

The Transmission of Culture in Early Modern Europe focuses on the ways in which culture is moved from one generation or group to another, not by exact replication but by accretion or revision. The contributors to the volume each consider how the passing of historical information is an organic process that allows for the transformation of previously accepted truth. The volume covers a broad and fascinating scope of subjects presented by leading scholars. Anthony Grafton's contribution on the fifteenth-century forger Annius of Viterbo emphasizes the role of imagination in the classical revival; Lisa Jardine demonstrates the way in which Erasmus helped turn a technical and rebarbative book by Rudolph Agricola into a sixteenth-century success story; Alan Charles Kors finds the roots of Enlightenment atheism in the works of French Catholic theologians; Donald R. Kelley follows the legal idea of "custom" from its formulation by the ancients to its assimilation into the modern social sciences; and Lawrence Stone shows how changes in legal action against female adultery between 1670 and 1857 reflect basic shifts in English moral values.

Early Christian World presents an exhaustive, erudite and lavishly illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre-eminent religion of the ancient world. The work begins by firmly situating early Christianity within its Mediterranean social, political and religious contexts, before charting the history of the first Christian centuries. The creation and perpetuation of Christian communities through various means, including mission and monasticism, is explored, as is the everyday experience of early Christians, through discussion of gender and sexuality, religious practice, communication and social structures. The intellectual (particularly theological) and artistic heritage of the period is fully considered, and a vivid picture painted of the internal and external challenges faced by early Christianity. The book concludes with profiles of the most notable figures of the age. Comprehensive and accessible, Early Christian World provides up-to-date coverage of the most important topics in the study of early Christianity, together with an invaluable collection of visual material. It will be an indispensable resource

for anyone studying this period

Return of the Serpents of Wisdom and Conversations With the Goddess author Pinkham tells us the Truth Behind the Christ Myth and presents radically new information regarding Jesus Christ and his ancient legend, includes: The legend of Jesus Christ is based on a much earlier Son of God myth from India, the legend of Murrugan, the Peacock Angel; The symbol of the Catholic Church is Murrugan's symbol, the peacock, a bird native to south-east Asia; Murrugan evolved into the Persian Mithras, and Mithras evolved into Jesus Christ Saint Paul came from Tarsus, the centre of Mithras worship in Asia Minor. He amalgamated the legend of the Persian Son of God onto Jesus' life story; The Three Wise Men were Magi priests from Persia who believed that Jesus was an incarnation of Mithras; While in India, Saint Thomas became a peacock before he died and merged with Murrugan, the Peacock Angel; The Emperor Constantine, the first 'Christian' Emperor of the Roman Empire, was a lifelong devotee of Mithras. He was baptised Christian on his deathbed; The myth of the One and Only Son of God originated with Murrugan and Mithras.

Esoteric scholar Manly P. Hall covers a lot of areas relating to the ancient mysteries, including common roots in religious and ritual life, the practices of the Druids and how they relate to Masonry, the rites of Mithras, Simon Magus and the Gnostics, Abraxas, the Egyptian Serapis, the Odinic Mysteries and how they compare, the Rites of Eleusis, the Orphic Mysteries, Bacchus, Dionysos, and much more.
