Contact: damirlaurentiu@yahoo.com

Want to become a truly great trader – either for yourself or for a proprietary trading firm? This book will help you get there. This unique approach is the closest thing to signing up for a “trader boot camp” yourself! You’ll learn by watching new traders walk through actual trades, explain what they’ve tried to do, and try to survive brutally tough expert critiques. One trade at a time, The Playbook reveals how professional traders must think in order to succeed “under fire,” how they assess their own performance, and how they work relentlessly to improve. Using concrete, actionable setups drawn from his extensive trading and training experience, Bellafiore walks through an extraordinary array of trades, showing readers how to maximize profits and avoid disastrous hidden pitfalls. He covers support plays, bull-and-bear flags, opening drives, important intraday levels, bounce and fade trades, pullbacks, scalps, technical opportunities, consolidation, relative strength, market trades, and more. He also presents indispensable insights on psychology and trader development, based on his work with hundreds of traders on a major commodity exchange and an elite prop firm’s trading desk. Packed with color, personality, and realism, this is an exciting guide to real-world trading.

Jared Martinez traded the forex market for a decade through the 1980s and '90s before he discovered that successful trading requires 10 percent skill and 90 percent emotional intelligence. He founded the Market Traders Institute on that underlying principle, and now MTI is the most established leader in forex education worldwide. Jared is known as “FXCHIEF” in the industry, and now, in The Forex Mindset, he shares his secrets with you. Leadership experts and corporate executives are just waking up to what the FXCHIEF has known for more than 15 years—emotional intelligence matters. With The Forex Mindset, you get up close and personal with greed and fear, the two leading forces in the market. Everyone gets in for greed, but without a healthy understanding of fear, you may be in for one of the worst journeys of your life. This performance-oriented guidebook features a potent synthesis of psychology and strategy that will exponentially increase your ability to acquire wealth as a trader. Even veteran traders with bulletproof trading strategies are doomed to fail if they don’t know themselves. The Forex Mindset prepares you to be a successful trader by helping you identify your unique psychological strengths and weaknesses and how you naturally behave in times of financial crisis. With a newfound understanding of yourself, you can use this book to map out your own path to wealth by: Delving into human nature and market behavior Learning how to improve your emotional intelligence Doing what top traders do to control their emotions in trades and in times of crisis Implementing authoritative strategies for effective thinking in a state of fear If you want to make a living from trading forex, apply the lessons in The Forex Mindset and you’re already 90 percent there!

Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them

Where To Download Naked Forex High Probability Techniques For Trading Without Indicators

money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

at your fingertips. Author Courtney Smith begins with an introduction to the Forex market—what it is and how it works. He then delves into six moneymaking techniques for trading Forex, including his unique Rejection Rule that doubles the profit of basic channel breakout systems. In addition to two specific methods for exiting positions at critical levels, Smith also discusses powerful risk management techniques and successful trading psychology strategies that will keep you one step ahead of the game. Reveals the secrets of the Forex market and how to create a lifetime of income trading it. Offers advice on maximizing profits during the volatile swings that have increasingly become the norm. Other titles by Smith: Option Strategies, Third Edition, Seasonal Charts For Futures Traders, Commodity Spreads, and Profits Through Seasonal Trading. Make more from today's Forex market with How to Make a Living Trading Foreign Exchange.

Now you can master the art of foreign exchange trading. While most currency trading and foreign exchange books focus on international finance theory or simplistic chart-based strategies, *The Art of Currency Trading* is a comprehensive guide that will teach you how to profitably trade currencies in the real world. Author Brent Donnelly has been a successful interbank FX trader for more than 20 years and in this book, he shares the specific strategies and tactics he has used to profit in the forex marketplace. The book helps investors understand and master foreign exchange trading in order to achieve sustainable long-term financial success. The book builds in intensity and depth one topic at a time, starting with the basics and moving on to intermediate then advanced setups and strategies. Whether you are new to currency trading or have years of experience, *The Art of Currency Trading* provides the information you need to learn to trade like an expert. This much-needed guide provides: an insider's view of what drives currency price movements; a clear explanation of how to combine macro fundamentals, technical analysis, behavioral finance and diligent risk management to trade successfully; specific techniques and setups you can use to make money trading foreign exchange; and steps you can take to better understand yourself and improve your trading psychology and discipline. Written for currency traders of all skill levels, international stock and bond investors, corporate treasurers, commodity traders, and asset managers, *The Art of Currency Trading* offers a comprehensive guide to foreign exchange trading written by a noted expert in the field.

The first comprehensive guide to trading a unique class of options to manage risk and make smarter bets during volatile trading. Providing savvy market players with a way to react quickly to event-driven opportunities and trends, exchange traded binary options are a unique type of derivative instrument offering fixed risk and reward. Available on four asset classes—stock index futures, commodity futures, Spot Forex and economic data releases—they are distinctly different from regular put/call options in that their pay-out structure offers only two potential outcomes, or settlement values: 0 or 100. The first guide focussing exclusively on this fast-growing sector of the options market, *Trading Binary Options* examines the key differences between regular options trading and binary options trading and describes how binary trading is done. It also gives you the lowdown on the most successful binary trading strategies and how and when they should be deployed. Outlines a rigorous approach to trading directionally around specific events, such as an earnings release, a shift in currencies, or a release of economic data. Provides the first comprehensive coverage of an increasingly popular but poorly understood trading instrument. Offers in-depth discussions of the six characteristics that distinguish binaries from other options and that make them such an attractive vehicle for hedging risk and improving returns.

A clear and practical guide to using binary options to speculate, hedge, and trade. *Trading Binary Options* is a strategic primer on effectively navigating this fast-growing segment. With clear explanations and a practical perspective, this authoritative guide shows you how binaries work, the strategies that bring out their strengths, how to integrate them into your current strategies, and much more. This updated second

Where To Download Naked Forex High Probability Techniques For Trading Without Indicators

edition includes new coverage of Cantor-Fitzgerald binaries, New York Stock Exchange binaries, and how to use binaries to hedge trading, along with expert insight on the markets in which binaries are available. Independent traders and investors will find useful guidance on speculating on price movements or hedging their stock portfolios using these simple, less complex options with potentially substantial impact. Binary options provide either a fixed payout or nothing at all. While it sounds simple enough, using them effectively requires a more nuanced understanding of how, where, and why they work. This book provides the critical knowledge you need to utilize binary options to optimal effect. Learn hedging and trading strategies specific to binaries Choose the markets with best liquidity and lowest expenses Find the right broker for your particular binary options strategy Utilize binaries in conjunction with other strategies Popular in the over-the-counter market, binary options are frequently used to hedge or speculate on commodities, currencies, interest rates, and stock indices. They have become available to retail traders through the Chicago Board Options Exchange and the American Stock Exchange, as well as various online platforms, allowing you the opportunity to add yet another tool to your investing arsenal. Trading Binary Options is the essential resource for traders seeking clear guidance on these appealing options.

Profitable trade set-ups from StockTwits leading traders One of the biggest secrets on Wall Street is that to become consistently profitable, you need to specialize in a distinct setup. That is, you need to know how to read the signals that can help you identify an opportunity to buy or sell. In *The StockTwits Edge: 40 Actionable Trade Setups from Real Market Pros*, both well-known professional masters of the market and lesser-known individual traders describe their highest probability setups to teach you about an assortment of time frame and asset class-related market methods along the way. Drawing on the wisdom of some of the top minds at StockTwits, the leading stock market social networking site, this book has something for everyone, giving you exactly what you need to come up with profitable ideas and avoid financial risk, every day. Includes key trading insights from the experts at StockTwits Explains which factors of a setup are important, and why While there are many factors involved in successful trading and investing, the ability to identify profitable situations is paramount, and *The StockTwits Edge* gives you everything you need to achieve that goal.

50 Pips A Day Forex Strategy Start making consistent profits in the forex market. This is a very clear and simple to follow forex trading strategy to get you started achieving consistent profits day after day trading the forex market. It will make you 50 pips per day or more every day. It is ideal for beginner traders but it will give a great deal of help to more experienced traders that have not found a clear strategy to make profits consistently. Components Support and Resistance Candlesticks Moving Average Time frame - 4 hours chart It is easy to understand and to put in practice. It has very well defined entry, stop loss and exit levels. Apart from the strategy, this book also contains a very useful guide that teaches you how to construct a profitable forex trading system for yourself and how to avoid trading and money management mistakes. How to Build a Solid Trading System Are you new to forex trading or just started to trade on a live account but with not much success ? You need a solid forex trading system based on sound principles of the forex market, that has clear trading and money management rules. Do you have a forex trading system and you have been trading with it for a period of time but still you don't have the success you hoped for ? This can only mean that your trading system does not take into account the basic trading rules and principles that any powerful forex trading system incorporates. This book teaches you how to construct your own powerful forex trading system, what are the most important forex trading tools that you must include in it, what not to include in your forex trading system, how to apply solid money management rules and equally important, how to avoid making trading mistakes that will cost you when you start to trade with your newly developed forex system.

I'm going to show you how to CRUSH financial markets using a simple Money Management System that reduces your risk while maximizing profits! While this system may focus on FOREX trading and the casino game Roulette, it can be applied to trading ANY financial market, including stocks, commodities, and binary options. I was inspired to develop this system after a horrible night in Las Vegas where I lost \$2000 playing Roulette with a betting system that I thought was unbeatable. I spent the following 12 years reverse engineering everything that went wrong that dreadful night and developed what I discovered into a simple and powerful Money Management system that makes it easy for anyone to CRUSH financial markets like a professional gambler! After developing this system, I returned to Las Vegas and turned \$20 into \$500 in about 1 hour at the roulette table, and that was down from a high of \$750. The \$500 profit that I walked away with was locked in from the profit-locking mechanism, like a gear that spins freely in one direction but quickly locks in the opposite direction. In January 2015, I had this system programmed into an MT4 Forex Trading Robot so I could automate the entire system (signals, trade execution, and money management). After a few weeks of little activity, the market sprang to life and so did my system! My account doubled in about 48 hours and

Where To Download Naked Forex High Probability Techniques For Trading Without Indicators

that's when I knew I had developed something very special. But my trading robots are NOT required to use this system. It can be applied manually to virtually ANY trading system in ANY market and even on casino games like Roulette, although you will get much better results in financial markets where you can have far better statistics than a casino game. So come join me and I'll open a whole new dimension of trading and opportunities for BIG PROFITS that you have never noticed before!

While most books on trading deal with general concepts and shy away from specifics, *Forex Patterns and Probabilities* provides you with real-world strategies and a rare sense of clarity about the specific mechanics of currency trading. Leading trading educator Ed Ponsi will explain the driving forces in the currency markets and will provide strategies to enter, exit, and manage successful trades. Dozens of chart examples and explanations will guide you each step of the way and allow the reader to "look over the shoulder" of a professional trader hard at work at his craft. This book provides traders with step-by-step methodologies that are based on real market tendencies. The strategies in this book are presented clearly and in detail, so that anyone who wishes to learn how to trade like a professional. It is written in a style that is easy to understand, so that the reader can quickly learn and use the techniques provided.

Selective Forex Trading skillfully outlines author Don Snellgrove's S90/Crossover: an independently verified technical indicator that has provided traders with the ability to achieve over 100 consecutive Forex trades without a single loss. Whether you're a seasoned professional or just getting started, this approach—which is based on historical resistance and support points within a trading range—can assist you in entering and exiting positions for the greatest profits possible.

A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method. Offers a simpler way for traders to make effective decisions using the price chart Based on coauthor Walter Peters method of trading and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way!

Trading the financial markets is extremely difficult, but with the right approach, traders can achieve success. Nobody knows this better than authors Larry Pesavento and Leslie Joufflas, both traders and educators of traders, who have consistently used pattern recognition to capture profits from the markets. In *Trade What You See*, Pesavento and Joufflas show traders how to identify patterns as they are developing and exactly where to place entry and exit orders. While some patterns derive from the techniques of Wall Street's earliest traders and other patterns reflect Pesavento's emphasis on the geometry of market movements and Fibonacci numbers.. Filled with hard-won knowledge gained through years of market experience, *Trade What You See* outlines

Where To Download Naked Forex High Probability Techniques For Trading Without Indicators

both a practical and sophisticated approach to trading that will be of interest to both novice and seasoned traders alike. Larry Pesavento is a forty-year veteran trader. He operates a Web site, [Naked Forex High-Probability Techniques for Trading Without Indicators](#) John Wiley & Sons

Praise for *Trading Price Action Trading Ranges* "Al Brooks has written a book every day trader should read. On all levels, he has kept trading simple, straightforward, and approachable. By teaching traders that there are no rules, just guidelines, he has allowed basic common sense to once again rule how real traders should approach the market. This is a must-read for any trader that wants to learn his own path to success." —Noble Drake, founder, [Speculator Academy.com](#), and author of *Trade Like a Pro* and *Winning the Trading Game* "A great trader once told me that success was a function of focused energy. This mantra is proven by Al Brooks, who left a thriving ophthalmology practice to become a day trader. Al's intense focus on daily price action has made him a successful trader. A born educator, Al also is generous with his time, providing detailed explanations on how he views daily price action and how other traders can implement his ideas with similar focus and dedication. Al's book is no quick read, but an in-depth roadmap on how he trades today's volatile markets, complete with detailed strategies, real-life examples, and hard-knocks advice." —Ginger Szala, Publisher and Editorial Director, *Futures* magazine

Over the course of his career, author Al Brooks, a technical analysis contributor to *Futures* magazine and an independent trader for twenty-five years, has found a way to capture consistent profits regardless of market direction or economic climate. And now, with his new three-book series—which focuses on how to use price action to trade the markets—Brooks takes you step by step through the entire process. In order to put his methodology in perspective, Brooks examined an essential array of price action basics and trends in the first book of this series, *Trading Price Action TRENDS*. Now, in this second book, *Trading Price Action TRADING RANGES*, he provides important insights on trading ranges, breakouts, order management, and the mathematics of trading. Page by page, Brooks skillfully addresses how to spot and profit from trading ranges—which most markets are in, most of the time—using the technical analysis of price action. Along the way, he touches on some of the most important aspects of this approach, including trading breakouts, understanding support and resistance, and making the most informed entry and exit decisions possible. Throughout the book, Brooks focuses primarily on 5 minute candle charts—all of which are created with *TradeStation*—to illustrate basic principles, but also discusses daily and weekly charts. And since he trades more than just E-mini S&P 500 futures, Brooks also details how price action can be used as the basis for trading stocks, forex, Treasury Note futures, and options.

Would you like to learn to trade Forex like a fund manager? With the method explained in this book, you can do it from your home studio. Hi, I am David; I have over 25 years of experience in financial markets and two as a fund manager. Forex is the most exciting and dynamic market; with its 4 trillion dollars traded each day, it is the largest financial market in the world, and that's why it is also the most speculated. Trading with currencies is very easy, you have only to make a Google search, and you will find many brokers who will be happy to open an account for you, even with a deposit of only a few dollars. What is not so easy, it is to get constant profits month after month. With "Forex with Fundamental Analysis" you will discover a new way of seeing the Forex, of

Where To Download Naked Forex High Probability Techniques For Trading Without Indicators

analysing a currency pair. You will learn the dynamics that really move the currencies. You will understand the motivations behind specific movements; you will get a clear analysis of each currency, and you will know how to use it to your advantage. It is not certainly an indicator that makes a currency pair will rise or fall, but much larger force. You will learn a correct and well-defined method to trade a currency pair. You will follow the trail of the big speculators, by distancing yourself from the mass of small fish that every day get eaten by sharks that swim in the "forex ocean." A method that comes from over 25 years of experience in financial markets, even as a fund manager for a small Italian investment bank, and which I imported and adapted to my way to trade, and that you too can use. At first glance, probably some concepts may seem complicated, but I assure you that with time and practice you will assimilate them without any problems, and it will become natural to apply them in your forex analysis. You just have to stop seeing a currency pair as a single entity, like a price, and start, instead, to see it as two opposing economies because a currency is the mirror of its economy. You do not have to see Eur-Usd as a single market, but as the Eurozone economy versus the American economy. This concept is the starting point of the entire analysis that you will learn reading this e-Book. "Forex with Fundamental Analysis" is an e-Book that will change your way to trade in the forex market. What you will learn reading "Forex Fundamental Analysis": - to compare two economies;- to trace fundamental supports and resistances;- to read reports and minutes;- to make a macro-data analysis;- to correctly analyse a currency pair;- to use subjective probability to select the best trade entry;- to set the stop-loss using the Value-at-Risk;- and other important aspects with clear examples. If you are a novice, you have little experience with Forex trading and would like to learn this activity, or you are a trader that, despite continuous study and constancy in following the currencies, you are not fully satisfied with the results obtained so far, "Forex Fundamental Analysis" is the starting point for your career as a Forex trader

Have you lost money trading the Forex Markets? Or are you consistently winning and making a regular income with your trading? Are you watching the markets without enough confidence to enter trades? Are you spending money in third-part systems that don't seem to yield you any results? Are you wasting your money trading without enough knowledge? growing sector of the options market, Trading Binary Options examines the key differences between regular options trading and binary options trading and describes how binary trading is done. It also gives you the lowdown on the most successful binary trading strategies and how and when they should be deployed. Outlines a rigorous approach to trading directionally around specific events, such as an earnings release, a shift in currencies, or a release of economic data Provides the first comprehensive coverage of an increasingly popular but poorly understood trading instrument Offers in-depth discussions of the six characteristics that distinguish binaries from other options and that make them such an attractive vehicle for hedging risk and improving returns Trading the Forex Market can be exciting, adventurous, and financially rewarding. It can also be disastrous for those who are unprepared for its rhythms and movements. Now, Jared F. Martinez, one of the foremost experts in currency trading, draws upon his vast knowledge and experience to deliver 10 key practices for trading in Forex. The 10 Essentials of Forex Trading shows you how to use charting methods to effectively relate market movements to trading patterns-and turn those patterns into profit. No matter your level of trading experience, you can develop the skills you need to become a consistently successful foreign currency trader-from using the right trading tools and balancing equity management to trading in buy and sell zones and identifying trends and trendlines. You'll discover what drives the Forex market and how to navigate the three stages of Forex trading: acquiring new trading rules, controlling disciplined thought, and implementing disciplined action. Martinez also prepares you to: Understand the financial game of support and resistance between Bulls & Bears Use Japanese Candlesticks to discern the sign language of the market Create an entry strategy and a consistent exit strategy Use Fibonacci as part of your trading approach Forecast sideways movement in the market-and trade it Martinez shows you how to put it all together to execute a successful trade by finding convergence and analyzing the market on multiple timeframes. You'll also learn how to gain control over your emotions-a vital part of trading on Forex-and eliminate bad habits that can prevent you from becoming a confident, competent, and profitable trader. To trade the Forex market, you must come to the trading table prepared. Three Lines is a practical guide to foreign exchange trading that offers a simple strategy for forecasting future price movements based on the fundamental economic mechanism of demand and supply. Just a few years ago, it was nearly impossible for the average investor to trade in the forex market online. What was once the domain of corporations, large financial institutions, central banks, hedge funds, and very wealthy individuals is now open to just about anyone with an Internet connection. Today, the forex is one of the largest financial markets in the world. The forex market is driven by demand and supply. The primary purpose of this book is to show how a trader can effectively predict the next price move, once he knows how to spot demand and supply imbalance points on what are known as candlestick charts. Topics covered include: Introduction to the foreign exchange Technical analysis Trends in forex markets Demand and supply zones Trading psychology Money management tips Trading plans Using the Metatrader 4 platform Whether you're a novice or a professional trader, you're sure to gain something new from the in-depth information and pragmatic advice provided in this book.

Unleash your full potential. Take control of your financial future. At twenty years of age, Samuel Leach was studying at university. He appeared to be a typical student, but there was something different about him. Whilst his classmates were engrossed in their studies, as well as their burgeoning social lives, Samuel was adding another facet to his education. He was teaching himself the science and art of trading. With nothing more than a boxer's heart and drive, Samuel turned £2k into £178k in his first year, and a few short years later, he rose to global renown by building his new enterprise to become a multi-million-pound trading business. From delivering an acclaimed TedTalk to running webinars, events, conferences, and training over 2,000 people from over 90

Day Trading and Swing Trading the Currency Market is the must-have guide for all foreign exchange traders.

A detailed look at what really happens in the front office of an investment bank and why Trading floors have always fascinated people, but few understand the role they play in the world of finance today. Though markets rise and fall every day, the drivers of those are rarely explored. Those who understand the dynamics of trading floors will better understand the dynamics of global financial markets. This book reveals the key players on the floor, their roles and responsibilities, how they serve their clients, and how it all impacts the markets. It also

explains important terminology, explains the world of trading both cash and derivatives, and much more. Includes a foreword by Gillian Tett, author of *Fool's Gold: How Unrestrained Greed Corrupted a Dream, Shattered Global Markets and Unleashed a Catastrophe*. Terri Duhon (www.terriduhon.co) is a financial market expert who in 2004 founded B&B Structured Finance Ltd, which provides expert consulting and financial markets training. Her time on the trading floor has been documented in the book *Fool's Gold* as well as by PBS's *Frontline*. Learning the trading business from the ground up can be daunting so *Trading without Indicators* is definitely a good starting point for you. I encourage you to read it as many times as it takes for it to become clear to you as to what you do and do not need to learn to be successful in this business from the start and why you don't need to use indicators to make trading decisions. There are no money back guarantees in the financial markets and you must know the right information from the start to have a chance of becoming consistently profitable and financially successful, indicators give you the wrong information and can cause a trader to make grave mistakes causing them to lose all their hard earned money. Most brand new traders spend many many hours looking for that magical combination of indicators that will reveal the "Holy grail" of winning trading strategies when they should instead be spending their time on learning what makes the market actually work which is supply and demand. This short book tells you how to invest and trade right from the beginning of your career without the use of any indicators and tells you why you don't need them and how to read a price chart at a glance to see where the smart money is working from so you can work there also. The professional advice I give you in this book will empower you to have confidence and zero fear of going in the live markets and accurately initiating a low risk high reward position with which you can have a high probability outcome from being a live market participant and do it while not using any indicators on your trading charts. Becoming a successful self-directed investor and trader is not nearly as difficult as one would think as long as they have the proper education and proper knowledge base right from day one, it takes a while but you can do it and you can do without using indicators!

In *High Probability Trading Strategies*, author and well-known trading educator Robert Miner skillfully outlines every aspect of a practical trading plan—from entry to exit—that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades—from entry to exit.

How to transform your trading results by transforming yourself In the unique arena of professional trading coaches and consultants, Van K. Tharp is an internationally recognized expert at helping others become the best traders they can be. In *Trading Beyond the Matrix: The Red Pill for Traders and Investors*, Tharp leads readers to dramatically improve their trading results and financial life by looking within. He takes the reader by the hand through the steps of self-transformation, from incorporating "Tharp Think"—ideas drawn from his modeling work with great traders—making changes in yourself so that you can adopt the beliefs and attitudes necessary to win when you stop making mistakes and avoid methods that don't work. You'll change your level of consciousness so that you can avoid trading out of fear and greed and move toward higher levels such as acceptance or joy. A leading trader offers unique learning strategies for turning yourself into a great trader Goes beyond trading systems to help readers develop more effective trading psychology Trains the reader to overcome self-sabotage that obstructs trading success Presented through real transformations made by other traders Advocating an unconventional approach to evaluating trading systems and beliefs, trading expert Van K. Tharp has produced a powerful manual every trader can use to make the best trades and optimize their success.

You will benefit from An insider's clarification of the Carry Trade Seeing technical indicators and patterns through a master's eyes The secrets to FOREX diversification A detailed explanation of the author's personal trading approach A Trader's Ten Commandments There is no holy grail of FOREX trading, but with FOREX Trading Secrets, all you need is practice to build a powerful trading toolbox for wealth security in the world's biggest financial market.

The Candlestick trading bible is one of the most powerful trading systems in history. It was invented by Homma Munehisa. The father of candlestick chart patterns. This trader is considered to be the most successful trader in history, he was known as the God of markets in his days, his discovery made him more than \$10 billion in today's dollar. I have spent 10 years compiling, testing, organizing, and consistently updating this method to create my own new version, which is considered to be the easiest and most profitable trading system. The Candlestick trading bible is the trading method that is going to finally take your trading to where it should be, consistent, profitable, easy and requiring very little time and effort. This trading system is based on Japanese candlestick patterns in combination with technical analysis. All what you have to do is to spend as much time as you can to master the method that I am going to share with you and use it to trade any financial market. Learning Japanese candlestick is like learning a new language. Imagine you got a book which is written in a foreign language, you look at the pages but you get nothing from what is written. The same thing when it comes to financial markets. If you don't know how to read Japanese candlesticks, you will never be able to trade the market. Japanese candlesticks are the language of financial markets, if you get the skill of reading charts, you will understand what the market is telling you, and you will be able to make the right decision in the right time.

A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is sui.

Trading is a battle between you and the market. And while you might not be a financial professional, that doesn't mean you can't win this battle. Through interviews with twelve ordinary individuals who have worked hard to transform themselves into extraordinary traders, Millionaire Traders reveals how you can beat Wall Street at its own game. Filled with in-depth insights and practical advice, this book

introduces you to a dozen successful traders-some who focus on equities, others who deal in futures or foreign exchange-and examines the paths they've taken to capture considerable profits. With this book as your guide, you'll quickly become familiar with a variety of strategies that can be used to make money in today's financial markets. Those that will help you achieve this goal include: Tyrone Ball: trades Nasdaq stocks almost exclusively, and his ability to change with the times has enabled him to prosper during some of the most treacherous market environments in recent history. AShkan Bolour: one of the earliest entrants into the retail forex market, he trades in the direction of the major trend, rather than trying to find reversals. Frank Law: a technician at heart, identifies a trading zone, commits to it, and scales down as long as the zone holds. Paul Willette: has mastered a method that allows him to harvest some profits right away, while ensuring that he can still benefit from an occasional extension run in his favor. Order your copy today and beat the Street.
