Forest bathers, readers of Cabin Porn and Your Cabin in the Woods, rejoice! This illustrated collection of Sears' odes to the outdoors is your perfect escape into nature. Forest Life collects George Washington Sears' timeless writing about the joys of exploring the wilderness, edited for a modern audience. In text both practical and inspirational, Sears' provides enduring wisdom about trips into the woods and lakes, including equipment, campfires, fishing, camp cooking, traveling light, and canoes. The original "forest bather," Sears wanted others to enjoy the woods as he did. His published Woodcraft in 1884 to help prepare skillful, self-reliant woodsman and to extol the restorative power of nature, writing "There are men who, on finding themselves alone in a pathless forest, become appalled, almost panic stricken. . . And there be some who plunge into an unbroken forest with a feeling of fresh, free, invigorating delight, as they might dash into a crisp ocean surf on a hot day." In addition to Woodcraft, Forest Life contains many of his articles from Forest and Stream, as well as his nature poetry. Sears is especially eloquent about canoeing, which he helped popularize with published tales of his adventures. In 1883, when he was 61 years old and suffering from tuberculosis, he used a 9-foot, 10-1/2 pound canoe to travel 266 miles through the Adirondacks, writing, "The easy, gentle rocking of the canoe was the best incentive to drowsiness I ever found, and by night or day was nearly certain to send me into dreamland. A score of times I have gone to sleep drifting on deep, wide water, to be awakened by the pressing and bumping of the little craft among the dead balsams and spruces that make [up] half the shorelines of all the lakes in the North Woods." This two-color gift book, illustrated with period etchings of scenes, people, flora, and fauna of the Adirondacks, is the perfect gift book for the outdoor enthusiast. This handsome, affordable collection will be especially appealing to the millions who

canoe, camp, and fish.

Shamus Award-winning author Michael Sears brings Queens, New York, to literary life in this crime series debut featuring a somewhat seedy lawyer with a heart of gold (or at least gold plate). Queens, New York--the most diverse place on earth. Native son Ted Molloy knows these streets like the back of his hand. Ted was once a high-powered Manhattan lawyer, but after a spectacular fall from grace, he has found himself back on his home turf, scraping by as a foreclosure profiteer. It's a grubby business, but a safe one--until Ted's case sourcer, a mostly reformed small-time conman named Richie Rubiano, turns up murdered shortly after tipping Ted off to an improbably lucrative lead. With Richie's widow on his back and shadows of the past popping up at every turn, Ted realizes he's gotten himself embroiled in a murder investigation. His quest for the truth will take him all over Queens, plunging him into the machinations of greedy developers, mobsters, enraged activists, old litigator foes and old-school New York City operators.

Humans and grizzly bears have been coming into contact in Yellowstone National Park ever since it was founded in 1872. Most of these encounters have ended peacefully, but many have not. In order to most accurately tell the stories of those involved in the more deadly incidents, Kathleen Snow went directly to the source: the National Park Service archives. With help from personnel at park headquarters, Snow has collected more than 100 years' worth of hair-raising stories that read like crime scene investigations and provide hard-learned lessons in outdoor safety. A must-read for fans of *Death in Yellowstone* and anyone fascinated by human-animal interactions.

Wyatt Earp is one of the most legendary figures of the nineteenth-century American West, notable for his role in the gunfight at the O.K. Corral in Tombstone, Arizona. Some see him as a hero lawman of the Wild West, whereas others see him as yet another outlaw, a pimp, and failed lawman. Roy B. Young, Gary L. Roberts, and Casey Tefertiller, all notable experts on Earp and the Wild West, present in *A Wyatt Earp Anthology* an authoritative account of his life, successes, and failures. The editors have curated an anthology of the very best work on Earp—more than sixty articles and excerpts from books—from a wide array of authors, selecting only the best written and factually documented pieces and omitting those full of suppositions or false material. Earp's life is presented in chronological fashion, from his early years to Dodge City, Kansas; triumph and tragedy in Tombstone; and his later years throughout the West. Important figures in Earp's life, such as Bat Masterson, the Clantons, the McLaurys, Doc Holliday, and John Ringo, are also covered. How does early attachment foster a child's eventual independence? Dr. Bill and Martha Sears -- the doctor-and-nurse, husband-and-wife team who coined the term "attachment parenting" -- answer these and many more questions in this practical, inspiring guide. Attachment parenting is a style of parenting that encourages a strong early attachment, and advocates parental responsiveness to babies' dependency needs. Named a Best Book of 2018 by Fast Company, this is a "sharply written and brilliantly reported" (Shelf Awareness) look inside Reddit, the wildly popular, often misunderstood website that has changed the culture of the Internet. Reddit hails itself as "the front page of the Internet." It's the third most-visited website in the United States -- and yet, millions of Americans have no idea what it is. We Are the Nerds is an engrossing look deep inside this captivating, maddening enterprise, whose army of obsessed users have been credited with everything from solving cold case crimes and spurring tens of millions of dollars in charitable donations to seeding alt-right fury and landing Donald Trump in the White House. We Are the Nerds is a gripping start-up narrative: the story of how Reddit's founders, Steve Huffman and Alexis Ohanian, rose up from their suburban childhoods to become millionaires and create an icon of the digital age -- before seeing the site engulfed in controversies and nearly losing control of it for good. Based on Christine Lagorio-Chafkin's exclusive access to founders Ohanian and Huffman, We Are the Nerds is also a compelling exploration of the way we all communicate today -- and how we got here. Reddit and its users have become a mirror of the Internet: it has dingy corners, shiny memes, malicious trolls, and a sometimes heart-melting ability to connect people across cultures, oceans, and ideological divides.

Hard times aren't to be feared and good times aren't to be coveted. Hard times are exercises for faith and good times peaceful repose. But, if we had nothing but ease, it would atrophy our spirits like too much sugar rots our teeth. Trials make us able to stand in the storm trusting God to bring us through. Hannah Jones and her family had hard times as a close neighbor in their home in the hollows of post-Depression West Virginia, but they refused to give in or give up. They refused to let coal dust and poverty wipe away their joy. They took each day as it came and looked for the hidden gems. In this story, her story, you will find that "" life is God's gift no matter what!
