Jallianwala Bagh. 13 April 1919. Twenty-two-year-old Nanak Singh joins the mass of peaceful protestors agitating against the Rowlatt Act. What then turns out to be one of the worst atrocities perpetrated by the British Raj, and a turning point in India's independence movement, also becomes a life-changing experience for Nanak Singh, who survives the massacre, unconscious and unnoticed among the hundreds of corpses. After going through the traumatic experience, Nanak Singh proceeds to write Khooni Vaisakhi, a long poem in Punjabi. The poem was a scathing critique of the British Raj and was banned soon after its publication in May 1920. After sixty long years, it was rediscovered and has been translated into English for the first time by the author's grandson, Navdeep Suri. Featuring the poem in translation and in original, this bilingual book is accompanied by essays from Navdeep Suri, Punjabi literature scholar H.S. Bhatia and BBC correspondent Justin Rowlatt. Khooni Vaisakhi is not only a poignant piece of protest literature but also a historical artefact and a resurrected witness to how Sikhs, Hindus and Muslims came together to stand up to colonization and oppression in one of India's darkest moments.

Primarily intended as a textbook for the undergraduate students of Instrumentation, Electronics, and Electrical Engineering for a course in biomedical instrumentation as part of their programmes. The book presents a detailed introduction to the fundamental principles and applications of biomedical instrumentation. The book familiarizes the students of engineering with the basics of medical science by explaining the relevant medical terminology in simple language. Without presuming prior knowledge of human physiology, it helps the students to develop a substantial understanding of the complex processes of functioning of the human body. The mechanisms of all major biomedical instrumentation systems—ECG, EEG, CT scanner, MRI machine, pacemaker, dialysis machine, ultrasound imaging machine, laser lithotripsy machine, defibrillator, and plethysmograph—are explained comprehensively. A large number of illustrations are provided throughout the book to aid in the development of practical understanding of the subject matter. Chapter-end review questions help in testing the students' grasp of the underlying concepts. The second edition of the book incorporates detailed explanations to action potential supported with illustrative example and improved figure, ionic action of silver-silver chloride electrode, and isolation amplifiers. It also includes mathematical treatment to ultrasonic transit time flowmeters. A method to find approximate axis of heart and image reconstruction in CT scan is explained with simple examples. A topic on MRI has been simplified for clear understanding and a new section on Positron Emission Tomography (PET), which is an emerging tool for cancer detection, has been introduced.

He corresponded for the Times for twenty-five years and later served as Indian high commissioner to the UK during the V.P. Singh government. His stand for press freedom during the Emergency, when he was detained; his commitment to better relations between India and Pakistan, and his role as a human rights activist have won him respect and affection in both countries. Author of more than a dozen books, his weekly columns are read across South Asia.

'Delhi is the twin of pure paradise, a prototype of the heavenly throne on an earthscroll'—Amir Khusrau A city of contradictions, where ancient traditions and modern aspirations jostle for space, Delhi has often been compared to a phoenix rising from the ashes. Its three thousand years of eventful history have witnessed the rise and fall of several empires, a process that continues today. City Improbable brings together writings by immigrants, residents, refugees, travellers and invaders who have engaged with India's capital over different epochs. Babur shares his earliest experience of the city and Amir Khusrau praises the fine lads of Delhi; Ibn Battuta and Niccolao Manucci record the glories and follies of prominent rulers; William Dalrymple and Khushwant Singh provide intriguing accounts of the threshold period that saw the coming of the British and the waning of the Mughals. Poets and storytellers—Meer Taqi Meer, Ghalib, Yashpal, Kamleshwar, Ruskin Bond—narrate their versions of the city. Contemporary Delhi is featured in a variety of vignettes: the bureaucracy, the Emergency, the anti-Sikh violence, lovers and joggers in Lodi Gardens, the city's Sufi legacy as well as its changing cuisine. Among the new pieces in this expanded edition are Sam Miller's account of his experiences in the suburb of Noida, Manto's story about a girl from Delhi leaving the city during Partition, Jarnail Singh's unflinching recollection of the massacre of Sikhs in 1984, a photo essay on Shahpur Jat by Karoki Lewis, and a composite narrative by the young writers of the Cybermohalla Collective about the making of a resettlement colony.

White Blood is one of Nanak Singh's popular novels, published first in 1932, and later reprinted in dozens of subsequent editions. White Blood has literary as well as historical importance in the annals of the Punjabi novel. Although the author had earlier contributed some novelettes, this was his first major achievement, which like a milestone, showed the Punjabi novel the path of realism. The portrayal of Punjabi life, individuality of characters, and their proper psychoanalysis, is wonderfully described. Besides, a double well-knit plot, interspersed with dramatic situations and dramatic-irony is praiseworthy. The novel is written in an ironical style, which is an effective satire on the wrongdoings of society of the time. This peculiarity is intelligently crafted by the writer while sculpting various characters of the novel. It can be amply found in several scenes - representation of the deplorable condition of writers, Rodu, the

juggler's struggle for a better life for the innocent child Sundri, preparation of country wine by Pala Singh and his men, the skirmish between the village farmers at a religious place, Anwar's dance performance, Sundri's addressing Anwar as "Maa Ji," dramatic transformation of Anwar's life. All these scenes are constructed with a brilliance that was never found earlier in the history of Punjabi literature.

This book is not intended to provide a list of the 100 'best' books ever written and published by Punjabi authors. Given the sheer range of books written by Punjabi authors and the unpredictability of individual taste, any such definitive list is quite impossible. Secondly, the choice has been restricted to books that were written by them either in Punjabi, Hindi or Urdu but have been translated into English. Thus, personal choice restricted by availability has dictated this selection. The choice of books includes autobiographies, novels, short stories, poems, and plays. Research books, religious books, and books written originally in English have not been included. From the Introduction I am amazed at the scholarship, the passion and the love with which Paramjeet Singh has written this book. It will be a reference volume for all times. Nirupama Dutt Poet, Journalist & Translator Mr. Singh's effort is commendable as he is making available some of the rarest of gems of Punjabi literature to the non-Punjabi readers. I congratulate Mr. Singh on putting together this selection and hope that non-Punjabi readers of this book would find new horizons of cultural experience opening up before them. Of course, for Punjabi readers, it may be yet another opportunity to experience a sense of genuine pride in their rich legacy of language, literature and culture. . Prof. Rana Nayar
