With the help of industrialist Andrew Carnegie, the author of this remarkable book spent two decades interviewing hundreds of people renowned for their wealth and achievement. Napoleon Hill's all-time bestseller in the personal success field offers priceless advice on positive thinking and overcoming adversity by distilling the collective wisdom of Henry Ford, Thomas Edison, John D. Rockefeller, and other successful figures from the worlds of finance, industry, and the arts. Growing rich, Hill explains, is about far more than just making money. "Whatever the mind can conceive and believe," he asserts, "it can achieve with positive mental attitude." Hill outlines 13 principles of success involving goal setting, developing entrepreneurial thinking, and exercising effective leadership. A must for any reader of *The Secret*, this guide will transform the way you think about time, money, and relationships, setting your feet on the path to financial freedom. More than 50 years after it was first published, "Napoleon Hill's *Think and Grow Rich*" still inspires thousands of people each year to take charge of their lives and pursue success. Now, from The Napoleon Hill Foundation, comes this collection of 365 daily spurs to better and greater achievement.

Napoleon Hill on two occasions wrote extensive memoirs about his life, starting with his youth in Wise County, Virginia, and ending, apparently, during World War II. I say "apparently" because the archives of the Napoleon Hill Foundation contain these two manuscripts, but they are obviously incomplete and end in the 1940s. Mr. Hill died in 1970. His last book, *Grow Rich with Peace of Mind*, was written in 1967 and sheds some light on his later years; but his own journals and memoirs of those years, if they ever existed, have not yet been found. The two memoirs were titled by Mr. Hill, *Wheel of Fortune and Hand of Destiny*. They contain details of his life, including his four marriages, two divorces and one annulment, which we at the Foundation have not seen in any of his other writings or speeches. They also contain many details about his successes and failures in business and there were more failures than successes, as he readily admits. The memoirs contain thoughtful insights into the state of mind of this great thinker—how he dealt with failure, profited from defeat, turned adversity into advantage, and ultimately achieved happiness with his last wife, Annie Lou, happiness which had eluded him for most of his life. Mr. Hill has said that the Master Mind principle, in which two or more minds work harmoniously to achieve a common goal, is the most important of the seventeen principles of success he studied during his decades of research into how people attain happy and successful lives. One of the many interesting stories in the memoirs is about how he and his third wife, Rosa Lee, used the Master Mind principle to discover the only one of the seventeen principles that no one had understood or realized before, Cosmic Habitforce. The Trustees of the Napoleon Hill Foundation have

combined the two memoirs into one, editing out repetition and putting events in chronological order where it made sense to do so. They chose to title the combined memoirs Master Mind, in recognition of the importance this principle played in his philosophy and life, and as a tribute to the mental giant who was the greatest thinker and writer ever in the fields of personal achievement and self-improvement.

This book is a gift. You give it to yourself first. Become a believer by taking action, and seeing the results. Then begin to share the gift with others. Napoleon Hill's success principles are timeless, and there is a reason. Actually there are a dozen reasons—and all of them create an atmosphere and environment conducive to learning, and succeeding: He's gentle, and his words are gentle. He's insightful, and his principles are sound and time-tested. He's easy to read, understand, and apply. He's on target with what's wrong and what's weak. He's on target with how to make it right and strong. His wisdom is right on the money. His ethics ring true and genuine. He reinforces his advice with real-world examples. He encourages you to do it. He has faith that you can achieve. He warns you of outside influences that will be jealous of your endeavors. He has a track record that includes tens of millions of success stories. "I owe my positive attitude to Napoleon Hill. I realized that by adopting the fundamental Hill principles, and adapting them to my life and family, I could achieve and maintain a positive mental attitude. I became an achiever and a believer—and have never lost that belief." -Jeffrey Gitomer, Author The Little Red Book of Selling and The Little Gold Book of YES! Attitude

Dr. Napoleon Hill's landmark book *Think and Grow Rich* does not restrict the concept of riches to such narrow parameters as fortune and fame. You have the right to be rich, and you deserve to be rich in every way—personally and spiritually—as well as financially. This seemingly simple idea spawned a philosophy about wealth and success that has permeated every generation since its inception. *Your Right to Be Rich* gathers transcripts from the most vital and important speeches given by Napoleon Hill. Available in the past only as audio editions and sound-bite snippets, transcripts from these speeches will be presented in print for the first time here.

Following the success of his 1937 landmark bestseller, *Think and Grow Rich*, Napoleon Hill wrote *Outwitting the Devil*, an exposé on the methods the Devil uses to ensnare and control the minds of human beings. Exploring the innermost depths of the psychology of motivation to understand why so many individuals, including himself, cannot find the initiative and courage they need to consistently implement the philosophy of individual achievement, Hill went so far as to interview the Devil himself. The resulting confession from the Devil made this book so controversial as to remain unpublished for over 70 years. Now it is your turn to break the Devil's code and free yourself from the hidden methods of control that lead to ruin. In this reproduction of the complete text of Hill's original manuscript is laid out the exact nature of the power by which the Devil disarms human beings with fear, procrastination, anger, and jealousy so that they do not reach their full potential. This is the same power that paralyzed millions of individuals with fear and despondency during the Great Depression and continues to hold people back from their dreams. Complacency and mediocrity are not the root issue; they are symptoms of deeper ills that we are conditioned by society to accept. But you must open your mind to acquire knowledge and consider facts that might not harmonize with your personal beliefs in order to access a greater truth that will, as Hill said in his original preface, "bring harmony out of chaos in this age of frustration and fear." If you have been the victim of lost courage, weakened enthusiasm, and lack of self-discipline—if you are demoralized and plagued by fear, anxiety, overwhelm, or apathy—the seven principles to freedom detailed in this book herald your redemption. You will finally become independent of the causes of failure and misery, break the bonds of destructive habits, and unlock the secret of a natural law as significant as the law of gravity so that you can outwit the devil once and for all. Translated into 15 languages with more than 7 million copies sold, *The Power of Positive Thinking* is unparalleled in its extraordinary capacity for restoring the faltering faith of millions. This book will show you how you can deal more effectively with tough situations and difficult people, and dramatically improve your performance and confidence. You will learn:

- How to eliminate that most devastating handicap—self doubt
- How to free yourself from worry, stress and resentment
- How to climb above problems to visualize solutions and then attain them

With inspiring examples and anecdotes, the book successfully delivers stimulating ideas and practical techniques to adopt optimism and live a victorious life. *The Power of Positive Thinking* is a phenomenal bestseller that has inspired millions of people across the world. *Positive Thoughts Positive Action* by Drs. Arnold and Barry Fox can stand alone or be read as the sequel to their co-authored book *The Miracle of Positive Thinking*. Both books focus on living a positive lifestyle by using action oriented

strategies that assist a person in seeing the abundant side of life. Critics insist that these ideas do not work, but the Fox family is proof that what you focus on you become. After you read the heartfelt stories that fill the book, you can decide whether or not this is how you want to live your life.

The phenomenal bestseller *Think and Grow Rich* established Napoleon Hill as an authority on motivation and success. These revised and updated motivational and inspirational passages—keys to wealth, power, happiness, and good health—were originally published in Hill's magazine, *Success Unlimited*.

Your formula to build a strong sense of self-worth so that you can better recognize opportunity, take action on your dreams, and enhance your resilience. A lack of self-confidence is one of the greatest maladies of today's world, one that is responsible for the rampant helplessness, lack of self-control, aimlessness, procrastination, and despair that characterize modern society. But as the venerable steel magnate Andrew Carnegie emphasized to Hill, "Confidence is a state of mind, necessary to succeed, and the starting point of developing self-confidence is definiteness of purpose." The time for self-doubt and self-criticism is over. Your faith in yourself and your abilities determines whether you fail or succeed. Napoleon Hill's Self-Confidence Formula enables you to boost your self-confidence through the application of Hill's strategies for controlling your thoughts. By implementing these principles, you will not only be able to operate at a higher plane of thought and action—attracting more opportunities, gaining influence, and strengthening relationships—but you will also be able to instill this critical quality in others. Napoleon Hill's Self-Confidence Formula gives you the keys to success and fulfillment by equipping you to: unlearn fears, insecurities, and limitations acquired in childhood and adolescence condition your mind to believe in the certainty of your success take bold, confident action on your definite chief aim conquer your inferiority complex through the mastermind principle build the self-reliance and self-esteem of today's youth You are now on the journey to confident, purposeful living. As you implement Hill's principles, you will cultivate a state of mind primed to accept the abundance reserved for you.

Napoleon Hill's Golden Rules: The Lost Writings consists of a series of magazine articles Napoleon Hill wrote between 1919 and 1923 for Success Magazine, of which he eventually became an editor. These articles focus on Hill's philosophy of success, drawing on the thoughts and experience of a multitude of rags-to-riches tycoons, showing readers how these successful people achieved such status. Many of his writings such as the chapter on Law of Attraction, written in the March 1919 issue, have recently become the basis of several bestselling books. Napoleon Hill's Original Master Class on Individual Achievement Before the landmark book Think and Grow Rich came The Law of Success, an eight-volume series in which Hill presents the complete Science of Success philosophy.

Originally published in 1928, this success system contains sixteen lessons on personal achievement, gleaned from interviews with and research on over 500 top performers from various industries and walks of life. Now condensed for your convenience into one compact volume curated by the Trustees of the Napoleon Hill Foundation, The Law of Success details the exact steps by which any individual can harness the power of thought to turn their dreams into reality. This is much more than a guide or roadmap; it is a total lifestyle makeover, with concrete resources for everyday application.

If you are serious about becoming the best version of yourself in your field, your relationships, your health, and your finances, then you are ready for the original master class on success. ~ A message from the executive director and CEO of the Napoleon Hill Foundation ~

There have been many requests over the years for a version that is more concise and compact yet contains the core lessons discovered and set forth in the discussion of the sixteen success principles. The Trustees of the Napoleon Hill Foundation heard these requests and took on the task of producing such a book, containing what they viewed as the essential lessons and most important portions of the original work, and what you are about to read is the result. This version has dispensed with the third party quotations and "After the Lesson" essays in the original work, deleted some stories that were repeated in other of Hill's books published after 1928, and eliminated repetition (rightly valued by Mr. Hill as a learning method but not appropriate for a compact volume.) The Trustees believe, and hope you will agree, that the resulting volume contains all the essential wisdom of this groundbreaking work, Law of Success. I have been
