Structural Analysis of Biblical and Canaanite Poetry introduces a new method of structural analysis of biblical and Canaanite poetry, pioneered by Pieter van der Lugt. This method incorporates translation and textual criticism, divides the texts into poetical verses, identifies internal parallelisms, and produces a concordance of all words used in a passage. Contributors to this Structural Analysis of Biblical and Canaanites Poetry apply, critique, and engage van der Lugt's methodology.

In her seventh volume of poetry, Adrienne Rich searches to reclaim—to discover—what has been forgotten, lost, or unexplored. "I came to explore the wreck. / The words are purposes. / The words are maps. / I came to see the damage that was done / and the treasures that prevail." These provocative poems move with the power of Rich's distinctive voice.

The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon

escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. poet, scholar, and critic. Prized through the ages for its splendor and its savage, sophisticated wit, *The Metamorphoses* is a masterpiece of Western culture—the first attempt to link all the Greek myths, before and after Homer, in a cohesive whole, to the Roman myths of Ovid's day. Horace Gregory, in this modern translation, turns his own poetic gifts toward a deft reconstruction of Ovid's ancient themes, using contemporary idiom to bring to today's reader all the ageless drama and psychological truths vividly intact.

Maya Angelou's unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and

A Coretta Scott King and Printz honor book now in paperback. A Wreath for Emmett Till is "A moving elegy," says The Bulletin. In 1955 people all over the United States knew that Emmett Louis Till was a fourteen-year-old African American boy lynched for supposedly whistling at a white woman in Mississippi. The brutality of his murder, the open-casket funeral held by his mother, Mamie Till Mobley, and the acquittal of the men tried for the crime drew wide media attention. In a profound and chilling poem, award-winning poet Marilyn Nelson reminds us of the boy whose fate helped spark the civil rights movement.

This study offers a fresh approach to the theory and practice of poetry criticism from a narratological perspective. Arguing that lyric poems share basic constituents of narration with prose fiction, namely temporal sequentiality of

events and verbal mediation, the authors propose the transgeneric application of narratology to the poetic genre with the aim of utilizing the sophisticated framework of narratological categories for a more precise and complex modeling of the poetic text. On this basis, the study provides a new impetus to the neglected field of poetic theory as well as to methodology. The practical value of such an approach is then demonstrated by detailed model analyses of canonical English poems from all major periods between the 16th and the 20th centuries. The comparative discussion of these analyses draws general conclusions about the specifics of narrative structures in lyric poetry in contrast to prose fiction. *Absent Narratives* is a book about the defining difference between medieval and modern stories. In chapters devoted to the major writers of the late medieval period - Chaucer, Gower, the Gawain -poet and Malory - it presents and then analyzes a set of unique and unnoticed phenomena in medieval narrative, namely the persistent appearance of missing stories: stories implied, alluded to, or fragmented by a larger narrative. Far from being trivial digressions or passing curiosities, these absent narratives prove central to the way these medieval works function and to why they have affected readers in particular ways. Traditionally unseen, ignored, or explained away by critics, absent narratives offer a valuable new strategy for reading medieval texts and the historically

astounding book by one of our leading poets and critics. In an unprecedented exploration of the genre, Hirsch writes about what poetry is, why it matters, and how we can open up our imaginations so that its message—which is of vital importance in day-to-day life—can reach us and make a difference. For Hirsch, poetry is not just a part of life, it is life, and expresses like no other art our most sublime emotions. In a marvelous reading of world poetry, including verse by such poets as Wallace Stevens, Elizabeth Bishop, Pablo Neruda, William Wordsworth, Sylvia Plath, Charles Baudelaire, and many more, Hirsch discovers the meaning of their words and ideas and brings their sublime message home into our hearts. A masterful work by a master poet, this brilliant summation of poetry and human nature will speak to all readers who long to place poetry in their lives but don't know how to read it.

A poem about a colt frightened by falling snow.

Includes 38 nonsense verses and parodies: "The Walrus and the Carpenter," "Father William," "My Fancy," "A Sea Dirge," "Hiawatha's Photographing," "The Mad Gardener's Song," "Poeta Fit, non Nascitur," and many others.

For these two volumes, the author has selected 50 articles and papers, ten of them not previously published, from his work as an Old Testament scholar over the last 30 years. Some of the papers, like 'The Evidence for an Autumnal New Year in Pre-exilic Israel Reconsidered', are far from postmodern in their outlook. But there is ample evidence here that the postmodern is indeed the direction in which his mind has been moving. The essays are organized in eight sections (Method, Literature, History, Theology, Language, Psalms, Job-and, for entertainment, Divertimenti). They include 'Reading Esther from Left to Right', 'Beyond Synchronic Diachronic', 'Story and Poem: The Old Testament as Literature and as Scripture', 'In Search of the Indian Job', and 'Philology and Power'-as well as 'The Postmodern Adventure in Biblical Studies'.

Chinese Narrative Poetry brings a new perspective to some of China's best-loved and most influential poems, including Ts'ai Yen's "Poem of Affliction," Po Chu-yi's "Song of

Everlasting Sorrow," and Wei Chuang's recently discovered "Song of the Lady of Ch'in." Composed in the shih form during the Late Han, Six Dynasties, and T'ang periods, these poems stand out as masterworks of narrative art. Yet paradoxically, their narrative qualities have been little recognized or explored in either traditional Chinese or modern Western scholarship. The reason for this neglect is that Western literary traditions acknowledge their origins in epic poetry and thus take narrative for granted, but the Chinese tradition is fundamentally based on lyric and does not admit of a separate category for narrative poetry. Drawing on both classical Chinese critical works and the most recent Western contributions to the theory of narrative, Levy shows how narrative elements developed out of the lyrical conventions of shih. In doing so, she accomplishes a double purpose, guiding the modern reader to an understanding of the nature of narrative in Chinese poetry and shedding light on the ways in which Chinese poets adapted the devices of lyric to the needs of a completely different expressive mode. Students of Chinese literature will welcome this pathbreaking study, but Chinese Narrative Poetry will interest other scholars as well because it addresses questions of crucial importance for literary theory and comparative literature, particularly the central issue of the applicability of Western critical concepts to non-Western literature and culture.

Over the past thirty years, narrative poems have made a comeback against the lyric approach to poetry that has dominated the past century. Drawing on a decade of

conferences and critical seminars on the topic, *The Contemporary Narrative Poem* examines this resurgence of narrative and the cultural and literary forces motivating it. Gathering ten essays from poet-critics who write from a wide range of perspectives and address a wide range of works, the collection transcends narrow conceptions of narrative, antinarrative, and metanarrative. The authors ask several questions: What formal strategies do recent narrative poems take? What social, cultural, and epistemological issues are raised in such poems? How do contemporary narrative poems differ from modernist narrative poems? In what ways has history been incorporated into the recent narrative poetry? How have poets used the lyric within narrative poems? How do experimental poets redefine narrative itself through their work? And what role does consciousness play in the contemporary narrative poem? The answers they supply will engage every poet and student of poetry.
