

National Geographic Readers Slither Snake

"Information about the stars in the sky for very young children"--

A snake is too greedy for his own good in this book and CD package illustrated by children's book legend Eric Carle and narrated by award-winning actor Stanley Tucci. In this classic picture book from Richard Buckley and Eric Carle that includes a CD with audio narration by Stanley Tucci, a greedy python eats every creature he comes across in the jungle. From a tiny mouse to an enormous elephant, the eaten animals befriend one another in the belly of the snake, where they team up and kick the inside of the python until he spits them out. This humorous tale about manners, respect, and friendship will delight readers—and listeners!

Simple, lively text and engaging photos portray a little puppy meeting new friends and seeing new places.

Meet different kinds of snakes! Find out where they live and what they do. Through engaging text features, such as the vocabulary tree and the wrap-up activity, kids will be introduced to vocabulary in concept groups—helping them make connections between words and expanding their understanding of the world. You'll also discover beautiful, close-up photos of the world's largest lizard. *Komodo Dragons* is one of 18 books in our *Animals Around the World* series. Be sure to check out all 18!

He's quick. He's silent. He has five rows of deadly teeth. Chomp! Meet the shark—the fish who ruled the deep before dinosaurs roamed the Earth! This fish has soft cartilage so he can glide, twist, and turn before his prey can say "gulp!" He can smell a single drop of blood in 25 million drops of ocean. He can feel electricity given off by his prey. He will lose and replace more than 10,000 teeth in his lifetime. Cool photos bring kids into the shark's world. Fun facts go deep into the shark's scary science.

Bright photos and easy-to-read descriptions examine the various animals who live in the warm waters around a coral reef.

"This quality read-along early reader will introduce children to much more than the sloths of the rain forest, and will encourage them to continue exploring with other books in the series."—School Library Journal

S-shaped markings trail behind a rattlesnake scaling a tall desert dune. It is a sidewinder making its characteristic climb! These snakes have developed a special way of moving so only two small areas of their bodies touch the scalding hot sand at a time. Readers will be slithering their way through the pages of this informative title about the desert adaptations of sidewinders!

A new generation of children love Daniel Tiger's Neighborhood, inspired by the classic series Mister Rogers' Neighborhood! Daniel Tiger leaves the Neighborhood of Make Believe and visits the real world to help introduce readers to the helpers in their neighborhood in this 8x8 storybook! For the first time ever, Daniel Tiger ventures beyond the Neighborhood of Make Believe to introduce kids to the helpers in their neighborhood! These community members—like firefighters, crossing guards, doctors, and teachers—are there to help in the neighborhood every day in so many different ways. Illustrated using a combination of photographs of real world helpers and illustrations of Daniel Tiger, this special storybook focuses on the teachings of Mr. Rogers and strategies from Daniel Tiger's Neighborhood. It's sure to be beloved by parents, teachers, librarians, and children. © 2019 The Fred Rogers Company
