

Natural Progesterone The Natural Way To Alleviate Symptoms Of Menopause Pms Endometriosis And Other Hormone Related Problems

Offers alternative menopause treatments to hormone replacement therapy, profiling three different ways in which menopause transpires while explaining how women can naturally treat symptoms based on their emotional and physical experiences, heredity, diet, and lifestyles. Reprint. 10,000 first printing.

A Unique 8-Step System to Reverse Your PCOS Author and naturopathic doctor Fiona McCulloch dives deep into the science underlying the mysteries of PCOS, offering the newest research and discoveries on the disorder and a detailed array of treatment options. Polycystic ovary syndrome (PCOS) is the most common hormonal condition in women. It afflicts ten to fifteen percent of women worldwide, causing various symptoms, including hair loss, acne, hirsutism, irregular menstrual cycles, weight gain, and infertility. 8 Steps to Reverse your PCOS gives you the knowledge to take charge of your health. Dr. McCulloch introduces the key health factors that must be addressed to reverse PCOS. Through quizzes, symptom checklists, and lab tests, she'll guide you in identifying which of the factors are present and what you can do to treat them. You'll have a clear path to health with the help of this unique, step-by-step natural medicine system to heal your PCOS. Having worked with thousands of people seeking better health over the past fifteen years of her practice, Dr. McCulloch is committed to health education and advocacy, enabling her patients with the most current information on health topics and natural therapies with a warm, empathetic approach.

At seventy-three years young, #1 New York Times bestselling author and health guru Suzanne Somers has established herself as a leading voice on antiaging. With A New Way to Age, she "is at the forefront again, bringing seminal information to people, written in a way that all can understand" (Ray Kurzweil, author of How to Create a Mind) with this revolutionary philosophy for a longer and better-quality life that will make you feel like you've just had the best checkup ever. There is a new way to age. I'm doing it and it's the best decision I've ever made. I love this stage of my life: I have 'juice,' joy, wisdom, and perspective; I have energy, vitality, clearheadedness, and strong bones. Most of us are far too comfortable with the present paradigm of aging, which normalizes pills, nursing homes, and "the big three": heart disease, cancer, and Alzheimer's disease. But you don't have to accept this fate. Now there's a new way to grow older—with vibrancy, freedom, confidence, and a rockin' libido. This health bible from Suzanne Somers will explain how to stop aging like your parents and embrace cutting-edge techniques such as: balancing nutritional and mineral deficiencies; detoxifying your gut for weight loss; pain management with non-THC cannabis instead of harmful opioids; and much more. Aging well is mainly about the choices you make on a daily basis. It can be a fantastic process if you approach it wisely. After a lifetime of research, Suzanne came to a simple conclusion: what you lose in the aging process must be replaced with natural alternatives. In order to thrive you have to rid your body of chemicals and toxins. Start aging the new way today by joining Suzanne and her trailblazing doctors as they all but unearth the fountain of youth.

The Wiley Women's Natural Health Series brings together mainstream, complementary, and alternative medical approaches. These unique books offer advice and support on a wide range of topics of concern to women, including getting pregnant, breast health, and menopause. Are you experiencing perimenopause? You're in your thirties or forties—at your most vital time of life. Menopause is the furthest thing from your mind. But lately you're experiencing uncomfortable changes in your body—tenderness, tiredness, irregular periods, weight gain, unexplainable irritability. And you're not the only one; many of your friends have similar complaints. Perimenopause is the transitional time before menopause—your body's response to decreasing hormone levels. It's perfectly natural. Written by an authority in complementary medicine, Perimenopause the Natural Way is a compassionate guide that combines mainstream and alternative medical approaches into a simple six-step program you can use to feel your best. You'll learn about: Nutritional and herbal medicines that can balance your body and reverse symptoms Natural progesterone—what it is, how it works, and why it's good for you Using mind-body medicine and movement to heal your body Foods that boost health and vitality and cleanse your liver Ways to reduce your risk of menopause-related health conditions such as heart disease and osteoporosis Uniquely created from a woman's perspective, Perimenopause the Natural Way offers support, wisdom, and hope for every woman during this transitional time of life.

Here is an invaluable guide to enable women to carry on with increasingly busy lives with some natural ways to relieve PMS.

This is the complete guide to getting pregnant and improving fertility naturally -- even if you've been told your chances of conception are low. A nationally renowned women's health and fertility expert, Aimee Raupp has helped thousands of women optimize their fertility and get pregnant. Now, in this book, she provides her complete program for improving your chances of conceiving and overcoming infertility, including the most effective complementary and lifestyle approaches, the latest nutritional advice, and ways to prepare yourself emotionally and spiritually.

AARP Digital Editions offer you practical tips, proven solutions, and expert guidance. James Balch and Mark Stengler, coauthors of the hugely successful Prescription for Natural Cures, and Robin Young Balch have teamed up to create the most comprehensive and up-to-date book available on natural alternatives to prescription medications. The book provides natural, safe, and effective ways to treat menopause. You'll read in-depth information, not found in any other popular book, about the pros and cons of prescription and over-the-counter drugs compared with natural treatment alternatives ranging from diet and lifestyle changes to supplements and herbal medicines. "This book is essential reading for anyone who wants to take charge of his or her health. Read it to live long and well." —Hyla Cass, M.D., author of Supplement Your Prescription: What Your Doctor Doesn't Know about Nutrition "An outstanding resource for comparing common pharmaceutical and holistic treatments." —Ronald M. Lawrence, M.D., coauthor of Preventing Arthritis and The Miracle of MSM "A must-read for every person who wants to achieve better health and avoid the dangers of synthetic medications. The authors do an exceptional job by telling you everything you need to know about getting well and how to use supplements correctly and safely." —Suzy Cohen, R.Ph., author of The 24-Hour Pharmacist

DIVIs memory loss an unavoidable part of aging? Nutritionist Maccaro says no---and teaches you to boost your brainpower naturally! Discover how you can think more clearly, "unclutter your mind," and slow your brain's aging process by eating the right foods a/div

An easy-to-follow anti-aging program draws on the principles of natural hormone replacement to promote a healthier, younger-looking skin, weight control, muscle tone,

Written by a naturopathic doctor with more than twenty years experience, this book is a compilation of everything that works for hormonal health.

Makeovers of all kinds are very popular-everything from our bodies, our finances and careers. Many women need a hormone makeover. Since every single cell in a woman's body is influenced by hormones, if there is an excess or deficiency most likely the results will be symptoms such as: Hot Flashes, PMS, Menopausal Symptoms Depression, Anxiety, Weight Gain, Insomnia, Bone Loss, Headaches, Low Sex Drive and Fatigue... These symptoms affect women physically, mentally, emotionally and even spiritually. In The Hormone Makeover-The 7 Steps to Transform Your Life with Bioidentical Hormones, Donna White makes sense of the options available to women and presents precise action steps to address hormonal imbalance. Women will learn: [If their symptoms are related to hormone imbalance [Differences between synthetic, bioidentical hormones and herbal therapies [What each hormone does in the body [Symptoms of each hormone deficiency [How to find and work with a physician [How to use bioidentical hormones and supplements to address hormone imbalance [Specific protocols for bone loss, PMS, hot flashes, depression and insomnia "Donna is one of the most knowledgeable and personable experts I know in the area of bioidentical hormones." Julius Torelli, MD FACC "She has been able to effectively apply her vast knowledge in a way that is adaptable to each individual reflecting the true art of medicine at its finest." Larry Webster, MD "Through Christian voice, research, personal experience and extensive clinical experience, Donna White triumphs." K. Andre' Sloan, RPh, MBA ..".the message and education she delivers has changed the lives of many through her passion for helping women achieve natural hormone balance." Matt Monroe, President, Peoplesway Donna White, BHRT Clinical Education Consultant, conference speaker and author, has trained dozens of physicians in BHRT and assisted in the care of thousands of women.

Natural Progesterone The Natural Way to Alleviate Symptoms of Menopause, PMS, Endometriosis and Other Hormone-related Problems HarperThorsons

Out of the 100 million women—almost 11 million in the United States alone—who are on the pill, roughly 60 percent take it for non-contraceptive reasons like painful periods, endometriosis, PCOS, and acne. While the birth control pill is widely prescribed as a quick-fix solution to a variety of women's health conditions, taking it can also result in other more serious and dangerous health consequences. Did you know that women on the pill are more likely to be prescribed an antidepressant? That they are at significantly increased risk for autoimmune disease, heart attack, thyroid and adrenal disorders, and even breast and cervical cancer? That the pill can even cause vaginal dryness, unexplained hair loss, flagging libido, extreme fatigue, and chronic infection. As if women didn't have enough to worry about, that little pill we're taking to manage our symptoms is only making things worse. Jolene Brighten, ND, author of the groundbreaking new book BEYOND THE PILL, specializes in treating women's hormone imbalances caused by the pill and shares her proven 30-day program designed to reverse the myriad of symptoms women experience every day—whether you choose to stay on the pill or not. The first book of its kind to target the birth control pill and the scientifically-proven symptoms associated with taking it, BEYOND THE PILL is an actionable plan for taking control, and will help readers: • Locate the root cause of their hormonal issues, like estrogen dominance, low testosterone, and low progesterone • Discover a pain-free, manageable period free of cramps, acne, stress, or PMS without the harmful side effects that come with the pill • Detox the liver, support the adrenals and thyroid, heal the gut, reverse metabolic mayhem, boost fertility, and enhance mood • Transition into a nutrition and supplement program, with more than 30 hormone-balancing recipes Featuring simple diet and lifestyle interventions, BEYOND THE PILL is the first step to reversing the risky side effects of the pill, finally finding hormonal health, and getting your badass self back.

Are you experiencing hot flushes, lethargy and moodiness? Is your body showing signs of menopausal symptoms, like weight gain and digestive issues? Every woman will stop menstruating at some point during their lives, and their natural production of estrogen, progesterone and testosterone will reduce --but not all women suffer during this transition.

If lower hormones were the problem, all women would suffer equally. But they don't! Why? Naturopath, Jennifer Harrington explains why and shows you what you can do about it. As she says, "Hormones load the gun, but what pulls the trigger?" From Invisible to Invincible is your personal guide to transition through menopause in a powerful, positive and natural way. It's designed to give you the tools to become INVINCIBLE. The truth is: you don't have to suffer. There is a better way. You can begin your own Natural Menopause Revolution today. Jennifer Harrington is the founding director of Menopause Natural Solutions, her practice, podcasts and books are helping women all over the world live their best lives. menopausenaturalsolutions.com

For women that want to regain energy and life vitality, get back to a healthy weight, kick anxiety, depression and brain fog, lower inflammation, feel strong and fit in their bodies Make menopause a change for the better! Are you entering menopause? Would you like to be prepared for it when it arrives? Whether the change of life is upon you or years away, now is the best time to find out all you can about this natural life process. The more you know, the better you can take care of yourself. And the healthier you are, the easier your menopause is likely to be. Written by two authorities in complementary medicine and women's health issues, Menopause the Natural Way is a compassionate guide that combines mainstream and alternative medical approaches into a simple, six-step program that helps you create a healthy and empowering passage through menopause. You'll learn about: * Using a journal as a valuable tool for managing your menopause * Nutrition and menopause-foods and vitamins for your body's changing needs * Using herbs to balance your body and to treat and reverse symptoms * Pleasurable exercises proven to reduce menopause symptoms and promote health-from yoga and tai chi to aerobic and weight-bearing routines * Managing stress known to trigger menopause symptoms * Rebalancing your hormones through natural and medical hormone therapy Uniquely created from a woman's perspective, Menopause the Natural Way offers you a supportive, natural, noninvasive way to manage your menopause while feeling great.

A breakthrough program with more than 125 tempting, nutrient-dense recipes for thyroid conditions, Hashimoto's, adrenal fatigue, menopause, endometriosis, fibroids, breast health, PMS, PCOS, and other hormonal imbalances. Millions of women suffer from the life-altering, often debilitating symptoms resulting from hormonal imbalances: stubborn weight gain, fatigue, brain fog, depression, insomnia, digestive issues, and more. The good news is that most of these conditions are reversible. Integrative hormone and nutrition expert Magdalena Wszelaki knows this first-hand. Developing hyperthyroidism and then Hashimoto's, adrenal fatigue, and estrogen dominance propelled her to leave a high-pressured advertising career and develop a new way of eating that would repair and keep her hormones working smoothly. Now symptom free, Magdalena shares her practical, proven knowledge so other women may benefit. Drawing on current research and the programs she has developed and used to help thousands of women, she offers clear, concise action plans for what to remove and add to our daily diet to regain hormonal balance, including guides for specific conditions and more than 125 easy-to-prepare, flavorful, and anti-inflammatory recipes that are free of gluten, dairy, soy, corn, and nightshades and low in sugar. Based on twenty hormone-supporting superfoods and twenty hormone-supporting super herbs—with modifications for Paleo, Paleo for Autoimmunity (AIP), anti-Candida, and low-FODMAP diets—these healing recipes include a terrific selection for everyday meals, from Sweet Potato and Sage Pancakes and Honey Glazed Tarragon Chicken to a Decadent Chocolate Cherry Smoothie. With make-ahead meals, under-thirty-minute recipes, and time-saving tips and techniques, Cooking for Hormone Balance emphasizes minimal effort for maximum results—a comprehensive food-as-medicine approach for tackling hormone imbalance and eating your way to better health.

'Hormone balance is within reach, and this is the definitive guide for reaching that goal.'-David Perlmutter, MD, author of Grain Brain Prepare to thrive. As women approach menopause, many start to experience the physical and emotional indignities of hormonal fluctuation: metabolic stall and weight gain, hot flashes and night sweats, insomnia, memory loss or brain fog, irritability, low libido, and painful sex. Too often, doctors tell us that these discomforts are to be expected and that we will have to wait them out during "the change". But Dr Anna Cabeca's research and experience with thousands of her patients show that there is a fast-acting and non-pharmaceutical way to dramatically and permanently alleviate these symptoms. The Hormone Fix introduces Dr Cabeca's unique Keto-Green protocol, a plan that pairs the hallmarks of ketogenic (low-carb/high fat) eating with diet and lifestyle changes that bring the body's cellular pH to a healthy alkaline level. The proven result: balanced cortisol and reduced output of insulin, the hormones most responsible for belly fat and weight gain, plus an increase in oxytocin, the "love and happiness" hormone. Whether you are perimenopausal, menopausal, or postmenopausal, The Hormone Fix offers an easy-to-follow program, including - A 10-day quick-start detox diet to jump-start weight loss and reduce symptoms immediately - Daily meal plans and weekly shopping lists to take the guesswork out of a month's worth of Keto-Green eating - 65 delicious and easy-to-make recipes for breakfast, lunch, dinner, smoothies, and soups - Detailed information on vitamin and mineral supplementation that optimizes hormone balance and gut health - Simple self-assessments and recommended optional lab testing for a better understanding of your hormonal status - Tested and trusted stress-reduction and oxytocin-amplifying advice and techniques With The Hormone Fix you can expect to trim down, tap into new and unexpected energy levels, enhance intimacy, and completely revitalize your life! Ready for your fix?

"A comprehensive guide to pre-conception health care for both prospective parents. Francesca Naish is a naturopath-herbalist and the author of "Natural Fertility" (just revised) as well as co-author of this series of books with Jan Roberts, who originally qualified as a pharmacist, and who has been the Australian representative for Foresight for many years. This book will be of use to health professional and prospective parents"

A pioneering gynecologist and antiaging specialist with a successful Beverly Hills practice, Dr. Uzzi Reiss shows the way for women who want to turn back the effects of time through natural hormone therapy, but who wonder: is it safe? Does it work? Is hormone therapy right for me? Natural Hormone Balance for Women is Dr. Reiss's breakthrough, step-by-step program for women who want to take control of their lives by restoring hormonal balance. This revolutionary, commonsense natural hormone replacement program is designed to meet the individual needs of most women looking to rejuvenate body and mind—and offers astounding benefits for women of all ages: More energy and stamina * Improved memory * Healthier, more youthful skin * Balanced moods * Less depression and anxiety * Stabilization of weight and more muscle definition * Better sleep patterns * PMS and menopausal symptoms reduced or eliminated * Enhanced sexuality Dr. Reiss takes the confusion out of the medical information you need to know. In clear, nontechnical language, he thoroughly explains: -the important difference between standard chemical hormone prescriptions and natural hormone replacements -which hormone replacements are best for you and how to adjust them to your maximum individual benefit -how to take hormones without worry -how to choose the most effective hormonal gel, cream, pill, or sublingual drops, and when to use them. Dr. Reiss has helped thousands of women transform their lives by achieving natural hormone balance. Now you can tap into the replenishing "fountain of youthfulness" that is not only essential for better life, but easier and safer to achieve than ever before.

The National Institute of Health estimates that thirty million men in the United States have trouble with intercourse and sexual potency. Testosterone levels, which begin to decline in men around forty years of age, are a contributing factor. Popular drugs have entered the marketplace to assist men in achieving sexual potency. Unfortunately, as these drugs become overwhelming popular, reports of undesirable side effects and even deaths have made users question the drugs' safety. As an alternative, authors Dr. Howard Peiper and Nina Anderson offer natural solutions for sexual dysfunction.

Read Online Natural Progesterone The Natural Way To Alleviate Symptoms Of Menopause Pms Endometriosis And Other Hormone Related Problems

Uses Jewish natural health remedies and the writings of Maimonides to address such common teen health problems as acne, headaches, weight loss, allergies, fatigue, and diet.

Minimize the symptoms of perimenopause and menopause naturally through a sustainable, enjoyable eating plan, physical activity, and other beneficial lifestyle habits "My friends and well-respected colleagues have written The Menopause Diet Plan to help you feel healthier, happier, and more confident during this change in your life."—Maye Musk, MS, RDN, and author of A Woman Makes a Plan Menopause is uncharted territory for women, and it can be difficult to know how to ease the effects of hormonal changes that can often start in your 40s. With honesty and optimism, The Menopause Diet Plan encourages a positive, fad-free approach to managing your physical and emotional health during perimenopause and menopause. It highlights current scientific knowledge about the best diet and lifestyle choices to manage your weight; keep your heart, brain, and bones healthy; and decrease the risk for cancer and other chronic conditions. It also offers natural strategies to help diminish hot flashes, manage sleep difficulties and mood swings, improve energy, and more. The Menopause Diet Plan takes a unique approach to eating before, during, and after menopause. Registered dietitians Hillary Wright and Elizabeth Ward provide a customizable, plant-based eating plan that is rich in protein, fiber, and other beneficial nutrients, moderate in carbohydrates, and low in saturated fat, sodium, and added sugars. Balancing evidence-based advice with real-life circumstances and personal experience, it combines the best of the world's healthiest diets with the latest nutrition research for women in the menopause transition. Recipes such as Peanut Butter Smoothie, Chicken Italiano, and Chocolate Oatmeal Energy Balls make it easier to eat delicious, satisfying foods that nourish your body. With a comprehensive approach to better health, The Menopause Diet Plan helps women take charge of their well-being and live life to the fullest.

A natural solution to ameliorating the effects of a variety of hormone related problems discusses the role of progesterone in helping menstrual problems, PMS, infertility, low sex drive, and breast lumps. Original.

Progesterone The Ultimate Women's Feel Good Hormone answers why you're having those miserable hot flashes, why you're having those horrible night/day/all the DANG TIME sweats. Educates you on the REAL reasons you're having "hormonal" migraines (and it's not a Lortab(c) deficiency as most physicians think). Sleep better, feel sexier and wake up happier. Reduce your risk of breast cancer, heart attacks and strokes, and feel great doing it. Endometriosis is addressed in detail and how it's either a problem with low progesterone, or progesterone resistance (progesterone receptor problem) - NOT lack of a "laser ablation" or hysterectomy! Everything's fully referenced, nothing's made up, so you can defend your position with your own doctor, and quote the articles and studies and literature. If that doesn't work (and your doctor won't listen) Dr. Purser tells you how you can find a doctor to help you with getting natural progesterone or how to even find some over the counter. Dr. Purser lectures about progesterone all over the world and educates physicians on it and the public -- he knows of which he speaks and this book makes it simple to see why. If you're suffering and feeling like garbage from your peri-menopause, get this book NOW and save yourself more sleepless sweaty miserable nights. A female hormone guide book written by a top preventive medicine and endocrine MD/physician researcher. Includes: Dealing with menopause and depression naturally Discover why your menopause cream is not working A true natural menopause guidebook Learn menopause survival that works! Prevent PMS mood swings Reduce PMS anxiety Awesome tips for PMS survival, PMS relief, and PMS comfort Hot flash therapy Night sweat therapy Be migraine free with a Natural Migraine cure Be free of endometriosis and pelvic pain Find out about a true natural endometriosis medicine Endometriosis therapy & endometriosis causes Endometriosis cure discussed How to naturally deal with endometriosis and infertility It's time to take control of your health, because no one else will.

Alisa Vitti found herself suffering through the symptoms of polycystic ovarian syndrome (PCOS), and was able to heal herself through food and lifestyle changes. Relieved and reborn, she made it her mission to empower other women to be able to do the same. As she says, 'Hormones affect everything. Have you ever struggled with acne, oily hair, dandruff, dry skin, cramps, headaches, irritability, exhaustion, constipation, irregular cycles, heavy bleeding, clotting, shedding hair, weight gain, anxiety, insomnia, infertility, lowered sex drive, or bizarre food cravings and felt like your body was just irrational?' With this breadth of symptoms, improving hormonal health is a goal for women at every stage of their lives Alisa Vitti says that medication and anti-depressants aren't the only solutions. The thousands of women she has treated in her Manhattan clinic know the power of her process that focuses on uncovering your unique biological make up. Groundbreaking and informative, WomanCode educates women about hormone health in a way that's relevant and easy to understand. Bestselling author and women's health expert Christiane Northrup, who has called WomanCode the 'Our Bodies, Ourselves of this generation', provides an insightful foreword.

With the advent of the age of industrialization came a move away from proper dieting and food preparation, to an explosion of processes to make food easier and quicker to prepare and eat. Although the food that comes from the earth is natural, it is poisoned in other ways and through various processes. Additives, chemicals, irradiation, pesticides, pollution, and residue from solvents and various parasites are all poisonous. This book addresses the need to keep up with and versed in the new means and methods "food" is being dumped into the human food chain. Healthy alternatives for obsolete products, updated information for altered products and comprehensive information regarding modern poisons have been furnished in this book for the reader's safety.

Countless women suffer from disorders related to menopause. Most of these, including calcium loss, depression, mood problems, loss of sex drive, hot flashes, and many others, are related to

hormone depletion. Research shows that wild yam (*Dioscorea villosa*) can be an effective way to enhance the body's progesterone and other hormone levels, thereby promoting a feeling of well-being.

If you are experiencing symptoms of an endocrine disorder of any kind then this is the book for you. The main disorder covered in this book, however, is estrogen dominance. In this book, we will go over some answers for some of the following questions: what is estrogen dominance? What are some of the best ways to combat the disease and heal from it naturally? What are some of the effects of high and low estrogen? Is this disease fatal? Are women the only sex to suffer from estrogen dominance? How do you cope with it? What do you do after you conquer it? Estrogen dominance is a complex issue for a person to face. It is generally defined as the state in which the amount of estrogen is greater than that of progesterone in the body. This is typically caused by a decrease in a person's level of progesterone without a complementary decrease in his or her level of estrogen. There is, however, no set guideline on the amount of excess estrogen that constitutes estrogen dominance. It is determined by the amount of estrogen in relation to other sex hormones. Where there exists an excess or deficiency of any specific hormone throughout the body's endocrine system, overall imbalances start to occur and health problems start to rear their heads. Among other situations, this can occur when there is too much estrogen in a person's system and not enough progesterone to counteract it all. Not only does estrogen dominance plague women, but males are also susceptible to the disorder. The importance of estrogen in a man's body is often severely overlooked. This hormone, among other things, regulates a man's levels of testosterone, his bone health, several brain functions, skin health, his cholesterol levels, cardiovascular functions, and his sexual function/libido. Usually, the levels of estrogen in relation to the levels of testosterone within a man's body are finely regulated. When estrogen levels increase to an unhealthy extent, testosterone usually decreases. These two events can cause many different symptoms that often overlap, making it hard to distinguish what is actually happening to the body. As you can already tell, estrogen dominance and other endocrine disorders are incredibly complex problems which take lots of studies to get a grasp of. In downloading this book you will/have gained a valuable resource in understanding more about these issues.

From the bestselling authors of the classic "What Your Doctor May NOT Tell You" books about menopause and pre-menopause comes an easy-to-use guide on balancing hormone levels safely and naturally. Dr. John Lee will help you answer key questions like: Are my symptoms caused by a hormonal imbalance? Which hormones do I need to regain hormone balance? How do I use hormones for optimal health and balance? Plus, learn how and when to use estrogen, testosterone and progesterone cream, in simple, effective language. If you want the ABCs of using natural hormones, this book is for you.

Unbalanced hormones play havoc with women's lives and cause problems ranging from PMS and endometriosis to fibroids, breast cancer and menopausal problems. In *BALANCE YOUR HORMONES* Patrick Holford explains how, by making simple changes to your diet and lifestyle, you can restore the natural hormone balance in your body and return to a state of good, natural health. *BALANCE YOUR HORMONES* is packed with practical advice, backed up by the latest scientific research which continues to reveal new understanding of the role of food, nutrition and environment in hormonal health. The new chapters cover how hormones work; why hormonal problems are on the increase; what you can do to promote your own hormonal health; safe, natural strategies for restoring, maintaining and promoting your health; nutritional advice for preventing and overcoming problems associated with hormonal imbalance; and the problems associated with the synthetic hormones used in the Pill and HRT and how to overcome them naturally.

"As women approach the age at which they stop having their monthly period, many start to experience the physical and emotional indignities of hormonal fluctuation and an ensuing "metabolic stall." The result: hot flashes, night sweats, insomnia, weight gain, memory loss or brain fog, irritability, and discomfort during sex. Many women are resigned to accept these changes now and for years to come; some even agree to be unnecessarily medicated for their symptoms. But Dr. Anna Cabeca's research and experience with thousands of her patients shows that there is a unique diet combination and non-pharmaceutical lifestyle interventions that can dramatically alleviate these symptoms--forever! Pairing the hallmarks of ketogenic eating (very low carb, high fat) with foods and lifestyle changes that bring the body's pH to an alkaline level (and lower cortisol production), *The Hormone Fix* offers women everywhere an easy-to-follow, easy-on-the-body program to help thrive through menopause and beyond. It includes recipes, meal plans, stress-reduction advice, testimonials from real women, and a 10-day quick start guide to help women trim down, get off of meds, get fit, tap into unexpected energy levels, enhance intimacy levels, and completely revitalize their lives"--

Many of us experience signs and symptoms of hormonal imbalance every day. Do you have trouble dragging yourself out of bed in the morning? Ever have an uncontrollable sugar craving at 3 p.m.? Chronic headaches? Lack of energy? Do you get stressed just sitting in your office? Our bodies are wired to send us signals when something isn't right, but often we're too busy to hear them. Compounding the problem is a lack of understanding about the consequences if these symptoms are left unaddressed. Without hormonal balances, we are more likely to succumb to many diseases and illnesses. *The Hormone Diet* lays out a foolproof plan to balance your life, one hormone at a time. But it is more than just a diet book. Along with advice for weight loss, Dr. Natasha Turner provided recommendations for anti-inflammatory detox, nutritional supplements, exercise, sleep, stress management, toxin-free skin care, and natural hormone replacement combined with a diet plan—all incorporated into a 3-step wellness program focused on the essentials of hormone balance for lasting health.

Learn the most effective ways to ward off specific menopausal symptoms--without the use of synthetic hormones. We learned the bad news: Women on Hormone Replacement Therapy have a higher risk of heart disease, blood clots, stroke, and breast cancer than those who are not. Some six million women were taking synthetic hormones (HRT) when the news broke. And the Women's Health Initiative, a prestigious, long-term study of 16,000 women, had to stop three years earlier than planned, leaving millions of women unsure what to do next. But there is good news. Women can use all-natural remedies for their hot flashes, insomnia, heart disease, osteoporosis, low libido, and vaginal dryness--without risking serious side effects. *Natural Menopause Remedies* uncovers the truths and myths about nature's remedies, including foods, herbs, supplements, lifestyle changes, and alternative techniques. Based on clinically proven evidence drawn from thorough research, this book reveals which natural remedies work, how they work, and how to use them. With the information in this book, women can implement a personalized plan for their specific symptoms.

Millions of people around the world rely on Dr. Atkins' groundbreaking dietary advice-his amazing *New Diet Revolution* has topped the *New York Times* bestseller list for nearly four years! Now

he offers the next step in health improvement-a powerful, anti-aging program utilizing his innovative dietary ideas, combined with the latest research on exercise, vitamins, herbs, hormones, and other supplements. This safe, easy-to-follow regimen not only fights age-related illnesses like heart disease, cancer, arthritis, and diabetes, but dramatically improves the way we look and feel as we age. In this indispensable age-defying guide, Dr. Atkins reveals: - How a low-carb, high-protein diet-rich in both natural and supplementary antioxidants-can significantly boost your immunity - Effective ways to decrease free radicals and increase blood flow to the brain-the key to enhancing mental functioning and memory - How to stabilize blood sugar levels to greatly reduce the risk of cardiovascular disease and adult-onset diabetes - Why hormones keep us young-and how to prevent hormone decline that comes with aging - Essential ways to cleanse your body of harmful bacteria and other toxins - And many other ways to stay healthy, fit, energetic, and young!

Arguing that giving estrogen replacement therapy to women after menopause is medically the wrong thing to do, Lee suggests that natural progesterone can prevent most of the unpleasant side effects of menopause, including osteoporosis and weight gain.
