Libby Strout, the girl once dubbed “America’s Fattest Teen.” But no one’s taken the time to look past her weight to get to know who she really is. Following her mom’s death, she’s been picking up the pieces in the privacy of her home, dealing with her heartbroken father and her own grief. Now, Libby’s ready: for high school, for new friends, for love, and for EVERY POSSIBILITY LIFE HAS TO OFFER. In that moment, I know the part I want to play here at MVB High. I want to be the girl who can do anything. Everyone thinks they know Jack Masselin, too. Even his own brothers are strangers to him. He’s the guy who can re-engineer and rebuild anything in new and bad-ass ways, but he can’t understand what’s going on with the inner workings of his brain. So he tells himself to play it cool: Be charming. Be hilarious. Don’t get too close to anyone. Until he meets Libby. When the two get tangled up in a cruel high school game—which lands them in group counseling and community service—Libby and Jack are both pissed, and then surprised. In 1962, a 16-year-old boy is dropped off by his father at a boarding school on the windswept coast of East Anglia. It is a model of its kind—the rooms are freezing, the food is disgusting, the older boys are sadistic, and the masters are the ineffectual, damaged castoffs of a dying Empire. But the boy is used to the drill and well practiced at detached dreaming, imagining himself someone else, somewhere else. Until one day, falling behind one of the regular runs along the coast, he meets Finn. Finn seems like a character from a novel, or a dream. Dressed in clothes that look the way they did a century before, Finn lives alone with his cat in a tiny fisherman's hut. The two become friends, the boy risking scandalous rumour and expulsion from school. But the idyll cannot last, disaster invades from all sides, and the boy discovers that nothing has been what he believed. What I Was will cement Meg Rosoff's reputation as a writer of extraordinary skill and sensitivity, who recreates with uncanny exactness the passions of youth.

As a teenager growing up in the 1980s, all Jerry Mahoney wanted was a nice, normal sham marriage: 2.5 kids and a frustrated, dissatisfied wife living in denial of her husband's sexuality. Hey, why not? It seemed much more attainable and fulfilling than the alternative—coming out of the closet and making peace with the fact that he'd never have a family at all. Twenty years later, Jerry is living with his long-term boyfriend, Drew, and they're ready to take the plunge into parenthood. But how? Adoption? Foster parenting? Kidnapping? What they want most of all is a great story to tell their future kid about where he or she came from. Their search leads them to gestational surrogacy, a road less traveled where they'll be borrowing a stranger's ladyparts for nine months. Thus begins Jerry and Drew's hilarious and unexpected journey to daddyhood. From then on, they're in uncharted waters. They're forced to face down homophobic baby store clerks, a hospital that doesn't know what to do with them, even members of their own family who think what they're doing is a little nutty. One thing's for sure. If this all works out, they're going to have an incredible birth story to tell their kid. With honesty, emotion, and laugh-out-loud humor, Jerry Mahoney ponders what it means to become a Mommy Man . . . and discovers that the answer is as varied

Russia, 1946, the Nazis recently defeated. Stalin gathers half a dozen of the top Soviet science fiction authors in a dacha in the countryside somewhere. Convinced that the defeat of America is only a few years away, and equally convinced that the Soviet Union needs a massive external threat to hold it together, to give it purpose and direction, he tells the writers: 'I want you to concoct a story about aliens poised to invade earth ... But then new orders come from Moscow: they are told to drop the project; Stalin has changed his mind; forget everything about it. So they do. They get on with their lives in their various ways; some of them survive the remainder of Stalin's rule, the changes of the 50s and 60s. And then, in the aftermath of Chernobyl, the survivors gather again, because something strange has started to happen. The story they invented in 1946 is starting to come true ... Rowling, this New York Times bestseller is the first installment in the explosive tween fantasy series by famed Hollywood director Chris Columbus (of Harry Potter fame) and bestselling author Ned Vizzini (*It’s Kind of a Funny Story*). Siblings Brendan, Eleanor, and Cordelia Walker once had everything they could ever want. But everything changed when Dr. Walker lost his job. Now the family must relocate to an old Victorian house, formerly the home of occult novelist Denver Kristoff—a house that simultaneously feels creepy and too good to be true. Bloodthirsty medieval warriors patrol the woods around them, supernatural pirates roam the neighboring seas, and a power-hungry queen rules the land. To survive, the siblings will have to be braver than they ever thought possible—and to fight against their darkest impulses. The key may lie in their own connection to the secret Kristoff legacy. But as they unravel that legacy, they’ll discover that it’s not just their family that’s in danger . . . it’s the entire world.
