

## Never Go Back Jack Reacher Book 18

With Reacher, #1 New York Times bestselling author Lee Child has created "a series that stands in the front rank of modern thrillers" (The Washington Post). Everything starts somewhere. . . . For elite military cop Jack Reacher, that somewhere was Carter Crossing, Mississippi, way back in 1997. A lonely railroad track. A crime scene. A coverup. A young woman is dead, and solid evidence points to a soldier at a nearby military base. But that soldier has powerful friends in Washington. Reacher is ordered undercover--to find out everything he can, to control the local police, and then to vanish. Reacher is a good soldier. But when he gets to Carter Crossing, he finds layers no one saw coming, and the investigation spins out of control. Local sheriff Elizabeth Deveraux has a thirst for justice--and an appetite for secrets. Uncertain they can trust one another, Reacher and Deveraux reluctantly join forces. Reacher works to uncover the truth, while others try to bury it forever. The conspiracy threatens to shatter his faith in his mission, and turn him into a man to be feared. A novel of unrelenting suspense that could only come from the pen of #1 New York Times bestselling author Lee Child, *The Affair* is the start of the Reacher saga, a thriller that takes Reacher--and his readers--right to the edge . . . and beyond.

Jack Reacher. Hero. Loner. Soldier. Soldier's son. An elite military cop, he was one of the army's brightest stars. But in every cop's life there is a turning point. One case. One messy, tangled case that can shatter a career. Turn a lawman into a renegade. And make him question words like honor, valor, and duty. For Jack Reacher, this is that case. New Year's Day, 1990. The Berlin Wall is coming down. The world is changing. And in a North Carolina "hot-sheets" motel, a two-star general is found dead. His briefcase is missing. Nobody knows what was in it. Within minutes Jack Reacher has his orders: Control the situation. But this situation can't be controlled. Within hours the general's wife is murdered hundreds of miles away. Then the dominoes really start to fall. Two Special Forces soldiers—the toughest of the tough—are taken down, one at a time. Top military commanders are moved from place to place in a bizarre game of chess. And somewhere inside the vast worldwide fortress that is the U.S. Army, Jack Reacher—an ordinarily untouchable investigator for the 110th Special Unit—is being set up as a fall guy with the worst enemies a man can have. But Reacher won't quit. He's fighting a new kind of war. And he's taking a young female lieutenant with him on a deadly hunt that leads them from the ragged edges of a rural army post to the winding streets of Paris to a confrontation with an enemy he didn't know he had. With his French-born mother dying—and divulging to her son one last, stunning secret—Reacher is forced to question everything he once believed...about his family, his career, his loyalties—and himself. Because this soldier's son is on his way into the darkness, where he finds a tangled drama of desperate desires and violent death—and a conspiracy more chilling, ingenious, and treacherous than anyone could have guessed. **BONUS:** This edition contains an excerpt from Lee Child's *Make Me*.

**THE CASE IS A COMPLEX BATTLEFIELD; BUT, AS ALWAYS, IN BATTLE, REACHER IS AT HIS BEST.**

Former military cop Jack Reacher makes it all the way from snowbound South Dakota to his destination in northeastern Virginia,

near Washington, D.C.: the headquarters of his old unit, the 110th MP. The old stone building is the closest thing to a home he ever had. Reacher is there to meet -- in person -- the new commanding officer, Major Susan Turner, so far just a warm, intriguing voice on the phone. But it isn't Turner behind the CO's desk. And Reacher is hit with two pieces of shocking news, one with serious criminal consequences, and one too personal to even think about. When threatened, you can run or fight. Reacher fights, aiming to find Turner and clear his name, barely a step ahead of the army, and the FBI, and the D.C. Metro police, and four unidentified thugs.

In a safe house near the Syrian border, a clandestine American operations team readies to launch a dramatic mission months in the making. Their target: the director of social media for ISIS, Abu Muslim al-Naser. Multiple analysts, as well as a senior congresswoman, are in country to monitor the raid, but before the team can launch, the safe house is attacked. What unfolds in the bloody aftermath is a political and public relations nightmare. As horrific videos of the Americans are published on the Internet, the blame-storming back in Washington goes into full swing, focusing on how the intel for the raid was developed and how it might have leaked. As the search for answers mounts, half spy, half covert counterterrorism operative Scot Harvath quickly finds himself at the center of the storm. Working for a private intelligence agency contracted by both the CIA and the DoD, it was Harvath who pinpointed al-Naser. But how could ISIS have known the Americans were coming, much less where they would be staging? There has to be more to it; something everyone - especially the politicians - is missing.

**NEW YORK TIMES BESTSELLER • BONUS:** This edition contains an excerpt from Lee Child's *Bad Luck and Trouble*. In Lee Child's astonishing new thriller, ex-military cop Reacher sees more than most people would...and because of that, he's thrust into an explosive situation that's about to blow up in his face. For the only way to find the truth—and save two innocent lives—is to do it the way Jack Reacher does it best: the hard way.... Jack Reacher was alone, the way he liked it, soaking up the hot, electric New York City night, watching a man cross the street to a parked Mercedes and drive it away. The car contained one million dollars in ransom money. And Edward Lane, the man who paid it, will pay even more to get his family back. Lane runs a highly illegal soldiers-for-hire operation. He will use any amount of money and any tool to find his beautiful wife and child. And then he'll turn Jack Reacher loose with a vengeance—because Reacher is the best man hunter in the world. On the trail of a vicious kidnapper, Reacher is learning the chilling secrets of his employer's past...and of a horrific drama in the heart of a nasty little war. He's beginning to realize that Edward Lane is hiding something. Something dirty. Something big. But Reacher also knows this: he's already in way too deep to stop now.

"Child's best for some time...with detective-story and romcom elements (even sly humour) on top of the psychological duels and set-piece violence." (Sunday Times) Jack Reacher has no place to go, and all the time in the world to get there. A remote railroad stop on the prairie with the curious name of Mother's Rest seems perfect for an aimless one-day

stopover. He expects to find a lonely pioneer tombstone in a sea of nearly-ripe wheat. Instead there is a woman waiting for a missing colleague, a cryptic note about two hundred deaths, and a small town full of silent, watchful people.

Reacher's one-day stopover turns into an open-ended quest leading to the most hidden reaches of the internet, and right into the nightmare heart of darkness. \_\_\_\_\_ Although the Jack Reacher novels can be read in any order, Make Me is 20th in the series. Jack Reacher finds trouble in Texas in the fifth novel in Lee Child's New York Times bestselling series. Thumbing across the scorched Texas desert, Jack Reacher has nowhere to go and all the time in the world to get there. Cruising the same stretch of two-lane blacktop is Carmen Greer. For Reacher, the lift comes with a hitch. Carmen's got a wild story to tell—all about her husband, her family secrets, and a hometown that's purely gothic. She's also got a plan. Reacher's part of it. And before the sun sets, this ride could cost them both their lives.

Two lonely towns in Colorado: Hope and Despair. Between them, twelve miles of empty road. Jack Reacher never turns back. It's not in his nature. All he wants is a cup of coffee. What he gets is big trouble. So in Lee Child's electrifying new novel, Reacher—a man with no fear, no illusions, and nothing to lose—goes to war against a town that not only wants him gone, it wants him dead. It wasn't the welcome Reacher expected. He was just passing through, minding his own business. But within minutes of his arrival a deputy is in the hospital and Reacher is back in Hope, setting up a base of operations against Despair, where a huge, seething walled-off industrial site does something nobody is supposed to see . . . where a small plane takes off every night and returns seven hours later . . . where a garrison of well-trained and well-armed military cops—the kind of soldiers Reacher once commanded—waits and watches . . . where above all two young men have disappeared and two frightened young women wait and hope for their return. Joining forces with a beautiful cop who runs Hope with a cool hand, Reacher goes up against Despair—against the deputies who try to break him and the rich man who tries to scare him—and starts to crack open the secrets, starts to expose the terrifying connection to a distant war that's killing Americans by the thousand. Now, between a town and the man who owns it, between Reacher and his conscience, something has to give. And Reacher never gives an inch.

“Funny and smart” (The New Yorker) criticism of why we turn to art—specifically to poetry and popular music—and how it serves as an essential tool to understanding life. How can art help us make sense—or nonsense—of the world? If wrong life cannot be lived rightly, as Theodor Adorno had it, what weapons and strategies for living wrongly can art provide? With the same intelligence that animates his poetry, Michael Robbins addresses this weighty question while contemplating the idea of how strange it is that we need art at all. Ranging from Prince to Def Leppard, Lucille Clifton to Frederick Seidel, Robbins’s mastery of poetry and popular music shines in *Equipment for Living*. He has a singular

ability to illustrate points with seemingly disparate examples (Friedrich Kittler and Taylor Swift, to W.B. Yeats and Anna Kendrick's "Cups"). Robbins weaves a discussion on poet Juliana Spahr with the different subsets of Scandinavian black metal music, illuminating subjects in ways that few scholars can achieve. As Dwight Garner said in *The New York Times* about Robbins: "This man can write." *Equipment for Living* is a "freakishly original" (Elle) look at how works of art, specifically poetry and popular music, can help us understand our own lives.

NEW YORK TIMES BESTSELLER • Get ready for the ultimate Jack Reacher experience: a thrilling new novella and eleven previously published stories, together for the first time in one pulse-pounding collection from Lee Child. No Middle Name begins with “Too Much Time,” a brand-new work of short fiction that finds Reacher in a hollowed-out town in Maine, where he witnesses a random bag-snatching but sees much more than a simple crime. “Small Wars” takes readers back to 1989, when Reacher is an MP assigned to solve the brutal murder of a young officer found along an isolated forest road in Georgia—and whose killer may be hiding in plain sight. In “Not a Drill,” Reacher tries to take some downtime, but a pleasant hike in Maine turns into a walk on the wild side—and perhaps something far more sinister. “High Heat” time-hops to 1977, when Reacher is a teenager in sweltering New York City during a sudden blackout that awakens the dark side of the city that never sleeps. Okinawa is the setting of “Second Son,” which reveals the pivotal moment when young Reacher’s sharp “lizard brain” becomes just as important as his muscle. #1 NEW YORK TIMES BESTSELLER • Jack Reacher returns in another fast-moving, action-packed, suspenseful book from Lee Child. You can leave the army, but the army doesn’t leave you. Not always. Not completely, notes Jack Reacher—and sure enough, the retired military cop is soon pulled back into service. This time, for the State Department and the CIA. Someone has taken a shot at the president of France in the City of Light. The bullet was American. The distance between the gunman and the target was exceptional. How many snipers can shoot from three-quarters of a mile with total confidence? Very few, but John Kott—an American marksman gone bad—is one of them. And after fifteen years in prison, he’s out, unaccounted for, and likely drawing a bead on a G8 summit packed with enough world leaders to tempt any assassin. If anyone can stop Kott, it’s the man who beat him before: Reacher. And though he’d rather work alone, Reacher is teamed with Casey Nice, a rookie analyst who keeps her cool with Zoloff. But it's Reacher the Teacher who wows here."—Marilyn Stasio, The New York Times

Jack Reacher hits the pavement and sticks out his thumb. He plans to follow the sun on an epic trip across America, from Maine to California. He doesn't get far. On a country road deep in the New England woods, he sees a sign to a place he has never been: the town where his father was born. He thinks, What's one extra day? He takes the detour. At the same moment, in the same isolated area, a car breaks down. Two young Canadians had been on their way to New York City to sell a treasure. Now they're stranded at a lonely motel in the middle of nowhere. The owners seem almost too friendly. It's a strange place, but it's all there is. The next morning, in the city clerk's office, Reacher asks about the old family home. He's told no one named Reacher ever lived in town. He's always known his father left and never returned, but now Reacher wonders, Was he ever there in the first place? As Reacher explores his father's life, and as the Canadians face lethal dangers, strands of different stories begin to merge. Then Reacher makes a shocking discovery: The present can be tough, but the past can be tense . . . and deadly. Don't miss a sneak peek of Lee Child's novel Blue Moon in the back of the book. #1 NEW YORK TIMES BESTSELLER \* Jack Reacher is back! The "utterly addictive" (The New York Times) series continues as acclaimed author Lee Child teams up with his brother, Andrew Child, fellow thriller writer extraordinaire. "One of the many great things about Jack Reacher is that he's larger than life while remaining relatable and believable. The Sentinel shows that two Childs are even better than one."--James Patterson As always, Reacher has no particular place to go, and all the time in the world to get there. One morning he ends up in a town near Pleasantville, Tennessee. But there's nothing pleasant about the place. In broad daylight Reacher spots a hapless soul walking into an ambush. "It was four against one" . . . so Reacher intervenes, with his own trademark brand of conflict resolution. The man he saves is Rusty Rutherford, an unassuming IT manager, recently fired after a cyberattack locked up the town's data, records, information . . . and secrets. Rutherford wants to stay put, look innocent, and clear his name. Reacher is intrigued. There's more to the story. The bad guys who jumped Rutherford are part of something serious and deadly, involving a conspiracy, a cover-up, and murder--all centered on a mousy little guy in a coffee-stained shirt who has no idea what he's up against. Rule one: if you don't know the trouble you're in, keep Reacher by your side.
