Oxford Impact is how Oxford University Press evaluates its educational products and services so that teachers and learners can be sure that our resources make a positive difference.

Master powerful strategies to acquire and analyze evidence from real-life scenarios About This Book A straightforward guide to address the roadblocks face when doing mobile forensics Simplify mobile forensics using the right mix of methods, techniques, and tools Get valuable advice to put you in the mindset of a forensic professional, regardless of your career level or experience Who This Book Is For This book is for forensic analysts and law enforcement and IT security officers who have to deal with digital evidence as part of their daily job. Some basic familiarity with digital forensics is assumed, but no experience with mobile forensics is required. What You Will Learn Understand the challenges of mobile forensics Grasp how to properly deal with digital evidence Explore the types of evidence available on iOS, Android, Windows, and BlackBerry mobile devices Know what forensic outcome to expect under given circumstances Deduce when and how to apply physical, logical, over-the-air, or low-level (advanced) acquisition methods Get in-depth knowledge of the different acquisition methods for all major mobile platforms Discover important mobile acquisition tools and techniques for all of the major platforms In Detail Investigating digital media is impossible without forensic tools. Dealing with complex forensic problems requires the use of dedicated tools, and even more importantly, the right strategies. In this book, you'll learn strategies and methods to deal with information stored on smartphones and tablets and see how to put the right tools to work. We begin by helping you understand the concept of mobile devices as a source of valuable evidence. Throughout this book, you will explore strategies and "plays" and decide when to use each technique. We cover important techniques such as seizing techniques to shield the device, and acquisition techniques including physical acquisition (via a USB connection), logical acquisition via data backups, over-the-air acquisition. We also explore cloud analysis, evidence discovery and data analysis, tools for mobile forensics, and tools to help you discover and analyze evidence. By the end of the book, you will have a better understanding of the tools and methods used to deal with the challenges of acquiring, preserving, and extracting evidence stored on smartphones, tablets, and the cloud. Style and approach This book takes a unique strategy-based approach, executing them on real-world scenarios. You will be introduced to thinking in terms of "game plans," which are essential to succeeding in analyzing evidence and conducting investigations.

"Just when you thought it couldn't get any better!" A new edition of the best-selling English File - the best way to get your students talking. A blend of completely new lessons, updated texts and activities, together with the refreshing and fine-tuning of some favourite lessons from New English File - English File third edition provides the right mix of language, motivation, and opportunity to get students talking. English File third edition offers more support for teachers and students. Teacher's Book provides over 100 photocopiables to save preparation time, plus extra tips and ideas. Classroom Presentation Tool brings your classroom to life with the Student's Book and Workbook, on-screen and interactive.

Covering the major approaches to the use of corpus data, this work gathers together influential readings from leading names in the discipline, including Biber, Widdowson, Sinclair, Carter and McCarthy. This book brings together current perspectives and up-to-date research on vocabulary teaching and the learning of a foreign or second language. It will serve as a basis for academic studies and can be used as a supplementary source for vocabulary courses in English language teacher training programs. Featuring contributors from Cyprus, Greece, Italy, Spain and Turkey, who detail their experiences of language teaching in different cultural contexts, this collection is valuable as it reflects theory and practice at work in different settings on vocabulary acquisition, teaching vocabulary to young learner, and vocabulary teaching and learning strategies. The volume also provides insights into the use of technology in vocabulary teaching, and details various forms of vocabulary testing.

Smart Thesaurus helps you choose the right word * QUICKfind looks up words for you while you are working or reading on screen * UNIQUE!

SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises

A Word a Day contains 365 carefully selected words that will enhance and expand your vocabulary, along with their meanings, origins and sample usage and fascinating word-related facts and trivia. It is estimated that on average an English-speaking adult has acquired a functioning vocabulary of 25,000 words by the time they reach middle age. That sounds like a lot - and more than enough for the daily purposes of communicating with each other in speech and writing. However, it is hard to feel quite so sanguine about our word power when considering those 25,000 words account for less than fifteen per cent of the total words in current usage in the English language. Furthermore, new words are created all the time and, as the word pool flourishes, can we afford to allow our vocabulary to stagnate? Logophile Joseph Piercy has the answer: a simple challenge to learn A Word a Day from this user-friendly onomasticon (that's a word list designed for a specific purpose - in case you were wondering .). Each of the 365 words have been carefully selected for their elegance and pertinence in everyday situations and every entry contains a clear and concise outline of meaning, origin and sample usage in context, alongside fascinating word related facts and trivia. A Word a Day is a treasure trove of fascination and fun for all language lovers - delve in and enhance your vocabulary.

Other vocabulary books list difficult, esoteric words that readers quickly forget or feel self-conscious about using. Here there is a bounty of choice words, between the common and the esoteric, that will flow forth, once learned. Brief Description: English offers perhaps the richest vocabulary of all languages, in part because its words are culled from so many languages. It is a shame that we do not tap this rich source more often in our daily conversation to express ourselves more clearly and precisely. Many a vocabulary book lists esoteric words we quickly forget or feel self-conscious using. However, there is a bounty of choice words between the common and the esoteric that often seem be just on the tip of our tongue. Vocabulary 4000 brings these words to the fore. All the words you need for success in business, school, and life! Features: * Word Analysis section* Idiom and Usage section* 200 Prefixes, Roots, and Suffixes* Concise, practical definitions* Great for the SAT, GRE and other entrance exams.

100% new. New Practical English video, featuring authentic interviews with real people. Shorter syllabus for Beginner-level students.

"English Vocabulary for Academic Success" is for you if you are an English language student. With this workbook and its dictionary, you will learn the most important academic words that you will need for passing the TOEFL test and other tests. These words are important for you for understanding English in college and university courses. "English Vocabulary for Academic Success" is for you if you are studying English at the intermediate or advanced level. This vocabulary book is for you if you already know about 2,000 basic English words and if you want to study at a college or university in an English-speaking country. With "English Vocabulary for Academic Success," you will learn 540 words from the Academic Word List. You can check your answers using the answer key at the end of each unit and find more information about each word in the dictionary section. This workbook has 10 units, with 54 words per unit. By studying for one hour a day, you can finish one unit in about one week. Not only will your vocabulary improve, but also your grammar will improve as you practice changing the parts of speech (noun, verb, adjective, adverb, etc.), changing nouns from singular to plural and changing verb endings. Your spelling will improve because you have to spell each word accurately. There are exercises for producing each word seven or eight times: definition exercises (one sentence in context); "parts of speech" exercises (two sentences in context); collocations exercises (two or three sentences in context); synonyms Crossword Puzzles; review exercises (one sentence in context). Each unit has a dictionary with: definitions; parts of speech; collocations for each definition and each part of speech; additional definitions for idiomatic uses; synonyms; many sample sentences. Collocations are the key to producing vocabulary words the way native speakers do. A collocation is a word or group of words that naturally go together with a specific word. For example, the word "context" has the collocation "to take (something) out of." Thus, a native speaker would say "Please don't take my words out of context." There are thousands of collocation examples in "English Vocabulary for Academic Success." By learning these words, you will know almost 90% of the words that you read and hear in academic situations. You will read faster and understand much better. Your academic writing will improve because you will be able to produce the words with accurate grammar and spelling and use them with their correct collocations the way native speakers do. By knowing these words, you will have a greater chance to pass the TOEFL and other tests. Free Quizzes: Professionally prepared quizzes for each unit are available for instructors whose students are required to use this textbook. Please find more information in the preface of the book. Instructors whose second language is English will find this book extremely useful. This book provides thousands of examples of how native speakers of English use vocabulary in real-world situations. There are nearly 4,000 contextualized sentences in exercises of the ten units, as well as hundreds more sentences in the dictionary section of each unit.

English File - New Edition. Advanced. Student's Book

This dictionary of American English is designed to help learners write and speak accurate and up-to-date English. • Ideal for upper-intermediate and advanced learners of English • Based on the Collins 4.5-billion-word database, the Collins Corpus • Up-to-date coverage of today's English, with all words and phrases explained in full sentences • Authentic examples from the Collins Corpus show how English is really used • Extensive help with grammar, including plural forms and verb inflections • Fully illustrated Word Web and Picture Dictionary boxes provide additional information on vocabulary and key concepts • Vocabulary-building features encourage students to improve their accuracy and fluency: †- Word Partnership notes highlight important collocations †- Thesaurus entries offer synonyms and antonyms for common words †- Usage notes explain different meanings and uses of the word • Supplements on Grammar, Writing, Speaking, Words That Frequently Appear on TOEFL® and TOEIC®, Text Messaging and Emoticons

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Gitars Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Test and Assessment CD-ROM Full teaching notes Photocopiable Grammar, Communicative, Vocabulary, and Song activities Photocopiable Revision activities Extra Support, Extra Challenge, and Extra Ideas for every lesson

The frequency with which particular words are used in a text can tell us something meaningful both about that text and also about its author because their choice of words is seldom random. Focusing on the most frequent lexical items of a number of generated word frequency lists can help us to determine whether all the texts are written by the same author. Alternatively, they might wish to determine whether the most frequent words of a given text (captured by its word frequency list) are suggestive of potentially meaningful patterns that could have been overlooked had the text been read manually. This edited collection brings together cutting-edge research written by leading experts in the field on the construction of word-lists for the analysis of both frequency and keyword usage. Taken together, these papers provide a comprehensive and up-to-date survey of the most exciting research being conducted in this subject.

Shorter syllabus for beginners - 7 units 'Words and phrases to learn' in every lesson Authentic 'People in the street' interviews Consolidation and review pages after each unit 'Can you...?' game Communication section and Listening scripts Grammar Bank, Vocabulary Bank, and Sounds Bank

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

This student text book is aimed at advanced C1 level learners. The aim of the series is to give students the chance to expand their vocabulary in different areas. Each unit deals with a common vocabulary topic; the vocabulary is taught through a variety of exercises with lots of illustrations to make them more lively and interesting. This series can be used as Time Fillers; when teachers have some extra time and they need something to do to help students revise what they have already been taught. Alternatively, it can also be used to help weak students enrich their vocabulary in various common topics. Levels B1, B2, C1 and C2 in this series have also been written for students who are planning to take the IELTS exam. They cover some of the main vocabulary points that IELTS candidates will need for the listening, reading, writing and speaking components of the exam. The vocabulary that students acquire in each of these books will help them to achieve the score they want in the IELTS exam. The 15 units in each of these books, focus on topic-specific vocabulary areas. These may be required in the IELTS exam (for example, economy, education, health, etc). Some Exercises focus on general vocabulary items which can be used in all aspects of the English language. Many of these words are relevant to specific tasks in the IELTS exam (for example, describing how something works, writing a letter or describing a house). Simple, needs-related grammar presented on a need-to-know basis, to help learners start communicating immediately. Vocabulary relevant to practical work situations. Short, interactive speaking tasks enable learners to use new language in hands-on contexts such as explaining purpose and giving instructions. Regular reviews and updates Real help in telephoning, socializing, and reading technical information. Survival skills such as getting directions, changing money, and ordering food, plus games and other fun activities.

"Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and/or have fun with different aspects of words"--

Teaching and Learning the English Language is a practical guide for anyone seeking to improve their teaching, whether through formal study or on their own. Richard Badger explores teaching English as a problem-solving activity in which teachers must address three fundamental questions: · what aspect of language do students need to learn; · how might they learn this particular aspect of language; · and how can teachers support their learning. Offering a solid, research-based approach along with sound practical advice, this book equips teachers with skills needed to analyse their own contexts and develop their practice. It covers: · Fundamentals of English language · Psychological and social learning processes · TESOL teaching methods and approaches · Lesson planning and classroom management · Language evaluation and assessment · Teaching pronunciation, spelling, grammar, vocabulary and discourse · Teaching listening, reading, writing and speaking · English teacher professional development Pedagogical features include chapter summaries, activities for students and key readings recommendations, and the book is also supported by online resources: video case studies, additional exercises and multiple choice quizzes. Including numerous international lesson examples and case studies, Teaching and Learning English Language is suitable for both trainee and practising teachers who speak English as a first, second or foreign language.

Primarily designed as a self-study reference and practice book, it can also be used for classroom work. The book covers a wide range of business topics including Jobs, People and Organisations, Production, Marketing, Finance and the Economy and Business Culture. Business skills covered include Meetings, Negotiating and Presentations. 66 easy-to-use units.
