

New English File Intermediate Quicktest 2 Answers

“Dictionary, n: A malevolent literary device for cramping the growth of a language and making it hard and inelastic. This dictionary, however, is a most useful work.” Bierce’s groundbreaking Devil’s Dictionary had a complex publication history. Started in the mid-1800s as an irregular column in Californian newspapers under various titles, he gradually refined the new-at-the-time idea of an irreverent set of glossary-like definitions. The final name, as we see it titled in this work, did not appear until an 1881 column published in the periodical *The San Francisco Illustrated Wasp*. There were no publications of the complete glossary in the 1800s. Not until 1906 did a portion of Bierce’s collection get published by Doubleday, under the name *The Cynic’s Word Book*—the publisher not wanting to use the word “Devil” in the title, to the great disappointment of the author. The 1906 word book only went from A to L, however, and the remainder was never released under the compromised title. In 1911 the Devil’s Dictionary as we know it was published in complete form as part of Bierce’s collected works (volume 7 of 12), including the remainder of the definitions from M to Z. It has been republished a number of times, including more recent efforts where older definitions from his columns that never made it into the original book were included. Due to the complex nature of copyright, some of those found definitions have unclear public domain status and were not included. This edition of the book includes, however,

a set of definitions attributed to his one-and-only “Demon’s Dictionary” column, including Bierce’s classic definition of A: “the first letter in every properly constructed alphabet.” Bierce enjoyed “quoting” his pseudonyms in his work. Most of the poetry, dramatic scenes and stories in this book attributed to others were self-authored and do not exist outside of this work. This includes the prolific Father Gassalasca Jape, whom he thanks in the preface—“jape” of course having the definition: “a practical joke.” This book is a product of its time and must be approached as such. Many of the definitions hold up well today, but some might be considered less palatable by modern readers. Regardless, the book’s humorous style is a valuable snapshot of American culture from past centuries. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

English File Third Edition Advanced is suitable for CEFR level C1. English File Third Edition provides a comprehensive package of completely new lessons, and up-to-date texts. Though the abhidharma is recognized as one of the major topics of the Buddhist teachings, up until now there have been few translations of any of the great texts on it available in a Western language. This book gives thorough explanations of all the fundamental concepts and terms found in the Buddhist teachings. It presents the nature of the phenomena we experience, describes the karma and afflictions that create suffering, and shows the factors of the path that lead to liberation. It is like an encyclopedia of Buddhism that thoroughly explains the meaning of the many different technical terms found in the sutras, vinaya, and other Buddhist teachings—if you are wondering what something you have read in a Buddhist text really means, there is a good chance it is explained in this book. It thus provides an invaluable aid to students who want to deepen their understanding not only of the abhidharma, but of all the Buddhist teachings.

English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to

develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills. How will English File get your students talking?
