Common European Framework of Reference for Languages.

This book addresses the key role of phraseology in second language acquisition and instruction. It is divided into three main sections: Extracting and Describing Phraseological Units investigates the role played by native and learner corpora in the extraction and description of multiword units, two initial and crucial steps in informing language pedagogy; Learning Phraseological Units deals with the learning aspect, an oft-neglected yet essential dimension of phraseology in second/foreign language pedagogy, this section also addresses issues in new literacies; and Recording and Exploiting Phraseological Units focuses on pedagogical tools, notably monolingual and bilingual dictionaries and textbooks. This stimulating collection presents cutting edge research in the field and identifies major avenues for future theoretical and applied work. It is of particular relevance to researchers and teachers interested in the patterned nature of language.

A new edition with a revised syllabus and completely new material.

Notes with hints, suggestions, and 'possible problems' feature Photocopiable activities for every unit Teacher's Resource Disc - communicative activities, tests, grammar reference, word lists, tapescripts and audio

The first ever 4th edition from the world's most trusted course - New Headway Elementary, completely rewritten and packed with new material.

New Headway Advanced Student's Book

Building on the original Headway Advanced grammar syllabus, challenging language work really stretches advanced learners. Rich, thought-provoking texts and topics actively engage students and stimulate discussion. A focus on features of spoken language extends and develops learners' language awareness. In-depth study of lexis, with a focus on synonyms, collocation, and idiom, improves learners' command. Streamlined units encourage a real sense of progress through the course. Listening material from a range of sources, including broadcast material, commissioned interviews with famous people, and vox pops, exposes students to a variety of language. A range of reading texts of different genres - newspaper articles, magazine extracts, literature - cater for various interests within a group.

Understanding Pragmatics takes an interdisciplinary approach to provide an accessible introduction to linguistic pragmatics. This book discusses how the meaning of utterances can only be understood in relation to overall cultural, social and interpersonal contexts, as well as to culture specific conventions and the speech events in which they are embedded. From a cross-linguistic and cross-cultural perspective, this book: debates the core issues of pragmatics such as speech act theory, conversational implicature, deixis, gesture, interaction strategies, ritual communication, phatic

Many vocabulary items that foreign language learners encounter involve figurative extensions of meaning. To understand figurative speech, learners often need to employ figurative thinking. This book examines figurative thinking, considers its contribution to language ability, and explores the implications for language teaching and learning.

Clear focus on grammar Balanced, integrated-skills syllabus which really stretches high-level students Real-world speaking skills Full teacher support - resources, photocopiables, tests and more - in print and online

The world's best-selling English course - a perfectly-balanced syllabus with a strong grammar focus, and full support at all six levels. With its proven methodology, Headway is the course you can always trust. The strong grammar focus, clear vocabulary syllabus and integrated skills work give you lessons that really work in class. Providing a foundation in the structure of the language by gradually building students' understanding of the basic grammar, vocabulary, and functions of English.

Articles in this volume discuss the role and effectiveness of corpora and corpus-linguistic techniques for language teaching but also deal with broader issues such as the relationship between corpora and second language teaching and how the different perspectives of foreign language teachers and applied linguists can be reconciled.

Aimed at absolute beginners, this title provides a measured, step-by-step approach that aims to build both skills and confidence. It contains a mix of language work and many practice material that helps learners to

consolidate their knowledge of key points before proceeding further. The vocabulary syllabus focuses on high-frequency survival terms.

New Headway Beginner is aimed at absolute beginners, or those who have learned a little English but lack the confidence to build on it. It provides a solid foundation for New Headway Elementary. Its measured, step-by-step approach builds both skills and confidence. The right mix of language work and plentiful practice material enables learners to consolidate their knowledge of key points before proceeding further. The clearly defined grammatical syllabus includes past, present and future time and provides a thorough basis on which to build.

The presentation of new language is gradual, methodical and clearly structured, giving learners a clear sense of progression. The vocabulary syllabus focuses on high-frequency survival terms and avoids overload. The gradual introduction of simple skills work with manageable communicative activities give learners a sense of achievement. 'Everyday English' practises social expressions in common situations and shows how learners can apply their knowledge in practical ways.

The Elementary edition brought right up-to-date, with new topics and new features. The Workbook, Teacher's Book, Teacher's Resource Book, Audio CD, and CD-ROM have all been revised.

The world's most trusted English course, now with a new generation of digital support.

New Headway English Course takes the successful Headway series into an exciting new era. It introduces new features to challenge adult and young adult students and ensure that learning English is interesting and motivating. The course combines the best of traditional methods with more recent approaches, to help students use English both accurately and fluently. Learners at the upper-intermediate level require a different approach. It is no longer appropriate to examine language items in isolation. In New Headway Upper-intermediate, grammatical areas are treated in greater depth so that students begin to perceive the systems that underlie the language. This new upper-intermediate course provides around 120 hours of language learning. It follows on from New Headway Intermediate, and together with Headway Elementary, Headway Pre-intermediate, and Headway Advanced, provides a fully comprehensive language teaching series. Key features:

- New, universal topics selected from a wide variety of sources, including authentic listening texts.
- In-depth treatment of grammar: Each unit starts with a Test your grammar section, followed by Language in context,

where students work out rules through Grammar questions. The Practice Bank provides a choice of wide-ranging exercises and the Grammar Reference gives detailed rules of form and use. • The grammar of spoken English is examined, with work on areas such as being polite, linking and commenting adverbs, exaggeration and understatement, and lexis in discourse. • Thorough skills syllabus: All four skills are developed systematically and integrated through related tasks. • Well-defined lexical syllabus with work on systems such as collocation, binomials, homonyms, and compounds. • Pronunciation practice is integrated at appropriate points throughout the units. • Everyday English is practised in the Postscript section. In addition to the Student's Book, there is a Teacher's Book with extra photocopiable activities, two Class Cassettes, a Workbook, and an optional Workbook Cassette. This level is supplemented by Headway Upper-intermediate Video and New Headway Upper-intermediate Pronunciation.

The Grammar and Lexis of Conversational Informal English in Advanced Textbooks defends the view that the acquisition of conversational English depends highly on the kind of materials available to L2 learners. The need to acquire a proficient competence in English is growing exponentially in an incessantly demanding society, but it is the oral skill, and more specifically the ability to communicate in everyday situations, that learners are calling for. The current learning process, nonetheless, is not particularly effective, as is shown in the data collected by the Eurobarometer and published in June 2012, which shows that only 38% of the Europeans surveyed were able to maintain a conversation in English, although 67% believed it to be the most useful language to learn for personal development. The present study supports the idea expressed in The Common European Framework of Reference for Languages, which states that a language is

learnt reactively, following the instructions and carrying out the activities prescribed for them by teachers and by textbooks (2001: 141). Consequently, these materials should reflect the everyday use of informal discourse and allow learners to analyse, understand and interpret the different underlying messages conveyed by means of lexico-syntactic, as well as paralinguistic, elements. The book is divided into seven chapters in which various different linguistic aspects of conversation are dealt with. In the opening chapters, spoken language is presented and approached as a multidimensional entity, particularly as the sum of lexico-syntactic and socio-linguistic elements. The following chapters provide a description of the main characteristics of conversational English based on corpus-informed grammars and publications. The final chapter analyses twenty ESL textbooks in order to determine how corpus data has influenced the materials designed for the acquisition of conversational discourse."
