

No Longer Human Manga Read Online

Osamu Dazai

Remina Junji Ito, Ichiro Nakayama, Hirokatsu Kihara, 2020-12-15 An unknown planet emerges from inside a wormhole, and its discoverer, Dr. Oguro, christens the body “Remina” after his own daughter. His finding is met with great fanfare, and Remina herself rises to fame. However, the object picks up speed as it moves along in its curious course, eliminating planets and stars one after another, until finally Earth itself faces extinction... Is the girl Remina the true cause of the catastrophe? A masterwork of horror from Junji Ito, unfolding on a universal scale. -- VIZ Media

No Longer Human Junji Ito, Ichiro Nakayama, Hirokatsu Kihara, 2019-12-17 Mine has been a life of much shame. I can't even guess myself what it must be to live the life of a human being. Plagued by a maddening anxiety, the terrible disconnect between his own concept of happiness and the joy of the rest of the world, Yozo Oba plays the clown in his dissolute life, holding up a mask for those around him as he spirals ever downward, locked arm-in-arm with death. Osamu Dazai's immortal—and supposedly autobiographical—work of Japanese literature, is perfectly adapted here into a manga by Junji Ito. The imagery wrenches open the text of the novel one line at a time to sublimate Yozo's mental landscape into something even more delicate and grotesque. This is the ultimate in art by Ito, proof that nothing can surpass the terror of the human psyche. -- VIZ Media

No Longer Human 人間失格, 1958 A young man describes his torment as he struggles to reconcile the diverse influences of Western culture and the traditions of his own Japanese heritage.

The Liminal Zone Junji Ito, 2022-07-26 What destiny awaits them after the screaming? After abruptly departing from a train in a small town, a couple encounters a “weeping woman”—a professional mourner—sobbing inconsolably at a funeral. Mako changes afterward—she can't stop crying! In another tale, having decided to die together, a couple enters Aokigahara, the infamous suicide forest. What is the shocking otherworldly torrent that they discover there? One of horror's greatest talents, Junji Ito beckons readers to join him in an experience of ultimate terror with four transcendently terrifying tales. -- VIZ Media

Dead Silence S.A. Barnes, 2022-02-08 A Best Book of 2022 by the New York Public Library • One of the Best SFF Books of 2022 (Gizmodo) • One of the Best SF Mysteries of 2022 (CrimeReads) • A GoodReads Choice Award finalist for Best Science Fiction! Titanic meets Event Horizon in this SF horror novel in which a woman and her crew board a decades-lost

luxury cruiser and find the wreckage of a nightmare that hasn't yet ended. Claire Kovalik is days away from being unemployed—made obsolete—when her beacon repair crew picks up a strange distress signal. With nothing to lose and no desire to return to Earth, Claire and her team decide to investigate. What they find is shocking: the Aurora, a famous luxury spaceliner that vanished on its maiden tour of the solar system more than twenty years ago. A salvage claim like this could set Claire and her crew up for life. But a quick search of the ship reveals something isn't right. Whispers in the dark. Flickers of movement. Messages scrawled in blood. Claire must fight to hold on to her sanity and find out what really happened on the Aurora before she and her crew meet the same ghastly fate. Truly un-put-downable in its purest sense.” Chloe Gong, #1 New York Times bestselling author of *These Violent Delights* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Setting Sun, The Osamu Dazai,1981 This powerful novel of a nation in social and moral crisis in the early postwar years probes the transition from a feudal Japan to an industrial society. The influence of this book, often considered Dazai's masterpiece, made the term 'people of the setting sun' -- the declining aristocracy -- a permanent part of the Japanese language. Dazai's heroine, Kazuko, the strong-willed young aristocrat who deliberately abandons her class, stands as a symbol of the anomie that pervades so much of the modern world. The distinguished translator Donald Keene has said of the author's work: 'His world...suggest Chekhov or possibly postwar France...but there is a Japanese sensibility in the choice and presentation of the material. A Dazai novel is at once immediately intelligible in Western terms and quite unlike any Western book.'

Dementia 21 Shintaro Kago,2018-09-05 Yukie Sakai is a sprightly young home health aide eager to help her elderly clients. But what seems like a straightforward job quickly turns into a series of increasingly surreal and bizarre adventures that put Yukie's wits to the test! Cartoonist Kago, who is well known for combining a more traditional manga style with hyper realistic illustration technique, an experimental visual storytelling approach, and outrageously sexual and scatological subject matter, has single-handedly created his own genre: “fashionable paranoia.

Pandora's Box Osamu Dazai,2022-07-15 The war is over. Japan is defeated. Together with his country, a young man must rebuild his life. To recover from illness, he retreats to a quirky sanatorium in the mountains. At this unusual institution, where everyone gets a nickname, he is surrounded by a delightful ensemble of patients and caregivers.

Starlight Hannah Kidder,2020-10 A collection of fantasy and horror short stories.

Natsume's Book of Friends, Vol. 5 Yuki Midorikawa,2011-06-20 Takashi thinks he's found a balance between yokai and friends when he goes with a group of classmates to a country inn for a marathon cram session before school starts again. But even the prosaic threat of homework can't keep the other world at bay, especially when the innkeeper has been dabbling in mermaid blood! -- VIZ Media

Mother of Learning: ARC 1 nobody103, Domagoj Kurmaic, 2021-12-01 Zorian Kazinski has all the time in the world to get stronger, and he plans on taking full advantage of it. A teenage mage of humble birth and slightly above-average skill, Zorian is attending his third year of education at Cyoria's magical academy. A driven and quiet young man, he is consumed by a desire to ensure his own future and free himself of the influence of his family, resenting the Kazinskis for favoring his brothers over him. Consequently, Zorian has no time for pointless distractions, much less other people's problems. As it happens, though, time is something he is about to get plenty of. On the eve of Cyoria's annual summer festival, Zorian is murdered, then abruptly brought back to the beginning of the month, just before he was about to take the train to school. Finding himself trapped in a time loop with no clear end or exit, he will have to look both within and without to unravel the mystery set before him. He does have to unravel it, too, because the loop clearly wasn't made for his sake, and in a world of magic even a time traveler isn't safe from those who wish him ill. Fortunately for Zorian, repetition is the mother of learning...

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

My Vampire System JKSManga, 2020-04-17 The human Race is at war with the Vicious Dalki and when they needed help more than ever, THEY started to come forward. Humans who had hidden in the shadows for hundreds of years, people with abilities. Some chose to share their knowledge to the rest of the world in hopes of winning the war, while others kept their abilities to themselves. Quinn had lost everything to the war, his home, his family and the only thing he had inherited was a crummy old book that he couldn't even open. But when the book had finally opened, Quinn was granted a system and his whole life was turned around. He completed quest after quest and became more powerful, until one day the system gave

him a quest he wasn't sure he could complete. It is time to feed! You must drink human blood within 24 hours Your HP will continue to decrease until the task has been completed More info, visit: <https://www.webnovel.com/>

The Petroleum Manga Marina Zurkow,2014-02 The Petroleum Manga, first conceived of and rendered as 10-foot banners printed on Tyvek for gallery installation is now reproduced in book form. Originally, manga was used in Japanese to refer to whimsical drawings or picture books. Long before Manga was a multi-billion-dollar-a-year comic book industry, there was Hokusai's thirteen-volume manga, depicting everything from trees to demons, from squirrels to shingles. This was the work that inspired the form for Marina Zurkow's own crazy amalgam depicting a taxonomy of products derived from petroleum. Remaining true to this inspiration, this book compiles a curious array of imaginative-philosophical texts illuminating, illustrating, fabulating, and riffing upon a wide range of petrochemical-based objects and ideas. This collection maps new webs of relations between us and these seemingly ubiquitous yet often unremarked objects, along the lines of a fanciful petro-poetics. Fanciful, yet dead serious. As Duncan Murrell writes, ...our plastics will live forever, no longer able to decompose, while we become molecules again. When we are long gone, there will still be plastic clown masks circling in the Pacific Ocean. This, and not our great works of art and literature, will be the persistent legacy of life on earth, these objects crafted out of life's own ancient flesh. Contributors (in order of appearance) include: Duncan Murrell, Melissa Kwanzy, Hali Felt, Lucy Corin, Maureen N. McLane, Matt Dube, Max Liboiron, Derek Woods, Susan Squier, Elizabeth Crane, Lydia Millet, Rachel Cantor, Una Chaudhuri, K.A. Hays, Elena Glasberg, James Grinwis, Joseph Campana, Nancy Hechinger, Christine Hume, Cecily Parks, Kellie Wells, Timothy Morton, Michael Mejia, Doug Watson, Gabriel Fried, Ruth Ozeki, Nicole Walker, Abigail Simon, Oliver Kelhammer, Seth Horowitz, David M. Johns, Valerie Vogrin, Jamie Skye Bianco, and Marina Zurkow.

So I'm a Spider, So What?, Vol. 1 (light novel) Okina Baba,2017-11-21 I used to be a normal high school girl but in the blink of an eye, I woke up in a place I've never seen before and-and I was reborn as a spider?! How could something that's nothing more than a tiny spider (that's me) possibly survive in literally the worst dungeon ever? Are there no rules? There should be some rules! Who the hell is responsible for this? SHOW YOUR FACE!

Otaku and the Struggle for Imagination in Japan Patrick W. Galbraith,2019-12-06 From computer games to figurines and maid cafes, men called "otaku" develop intense fan relationships with "cute girl" characters from manga, anime, and related media and material in contemporary Japan. While much of the Japanese public considers the forms of character love associated with "otaku" to be weird and perverse, the Japanese government has endeavored to incorporate "otaku" culture into its branding of "Cool Japan." In *Otaku and the Struggle for Imagination in Japan*, Patrick W. Galbraith explores the conflicting meanings of "otaku" culture and its significance to Japanese popular culture, masculinity, and the nation. Tracing the history of "otaku" and "cute girl" characters from their origins in the 1970s to his recent fieldwork in Akihabara, Tokyo ("the Holy Land of Otaku"), Galbraith contends that the discourse surrounding "otaku" reveals tensions around contested

notions of gender, sexuality, and ways of imagining the nation that extend far beyond Japan. At the same time, in their relationships with characters and one another, "otaku" are imagining and creating alternative social worlds.

The Book of Human Insects Osamu Tezuka,2017-08-09 Toshiko Tomura is a genius; the darling of the intelligentsia. A modern-day Michelangelo, this twenty year-old is already an established international stage actress, an up-and-coming architect, and the next recipient of the prestigious Akutagawa Prize as Japan's best new writer. Her actions make headlines in the papers, and inspire radio and television programming. And like many great talents, her troubled past is what motivates her to greatness. She has the amazing ability to emulate the talents of others. Toshiko is also the mastermind behind a series of murders. The ultimate mimic, she has plagiarized, blackmailed, stolen and replicated the works of scores of talents. And now as her star is rising within the world of the elites and powerful she has amassed a long list of enemies frustrated by the fact that she has built critical and financial acclaim for nothing more than copying others' work. Neglected as a child, she is challenging the concepts of gender inequality while unleashing her loneliness upon the world as she climbs the social ladder one body at a time. One of Osamu Tezuka's most wicked tales, *The Book of Human Insects* renders the 70's as a brutal and often polarizing bug-eat-bug world, where only those willing to sell their soul to the masses and become something less than human are capable of achieving their wildest dreams

The World Book Encyclopedia ,2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

[The Crossroads of Should and Must](#) Elle Luna,2015-07-14 There are two paths in life: Should & Must. We arrive at this crossroads over and over again, and every day. And we get to choose. Starting out or starting over, making a career change or making a life change, the most life-affirming thing you can do is to honor the voice inside that says your have something special to give, and then heed the call and act. Many have traveled this road before. Here's how you can, too. #choosemust An inspirational gift book for every recent graduate, every artist, every seeker, and every career change.

Dark Side of the Moon Michael Johnstone,2000 Written by a children's science-fiction author, these tales have an action-packed storyline based on a suspense plot, believable characters and a factual section, which gives details about space technology and what we can expect to see developing in space exploration in 100 years' time. *Dark Side Of The Moon*; It is 2099 and David Tang is travelling to the Moon to spend his holidays with his mother. But the dream turns into a nightmare when politics and terrorism on Earth destroy international co-operation on the Dark Side of the Moon.
