

Nothing But The Truth

Lubet's *Nothing But The Truth* presents a novel and engaging analysis of the role of storytelling in trial advocacy. The best lawyers are storytellers, he explains, who take the raw and disjointed observations of witnesses and transform them into coherent and persuasive narratives. Critics of the adversary system, of course, have little patience for storytelling, regarding trial lawyers as flimflam artists who use sly means and cunning rhetoric to befuddle witnesses and bamboozle juries. Why not simply allow the witnesses to speak their minds, without the distorting influence of lawyers' stratagems and feints? But Lubet demonstrates that the craft of lawyer storytelling is a legitimate technique for determining the truth and not at all coincidentally for providing the best defense for the attorney's client. Storytelling accomplishes three important purposes at trial. It helps to establish a "theory of the case," which is a plausible and reasonable explanation of the underlying events, presented in the light most favorable to the attorney's client. Storytelling also develops the "trial theme," which is the lawyer's way of adding moral force to the desired outcome. Most importantly, storytelling provides a coherent "story frame," which organizes all of the events, transactions, and other surrounding facts into an easily understandable narrative context. As with all powerful tools, storytelling may be misused to ill purposes. Therefore, as Lubet explains, lawyers do not have carte blanche to tell whatever stories they choose. It is a creative process to be sure, but every story must ultimately be based on "nothing but the truth." There is no room for lying. On the other hand, it is obvious that trial lawyers never tell "the whole truth," since life and experience are boundless and therefore not fully describable. No lawyer or court of law can ever get at the whole truth, but the attorney who effectively employs the techniques of storytelling will do the best job of sorting out competing claims and facts, thereby helping the court arrive at a decision that serves the goals of accuracy and justice. To illustrate the various challenges, benefits, and complexities of storytelling, Lubet elaborates the stories of six different trials. Some of the cases are real, including John Brown and Wyatt Earp, while some are fictional, including Atticus Finch and Liberty Valance. In each chapter, the emphasis is on the narrative itself, emphasizing the trial's rich context of facts and personalities. The overall conclusion, as Lubet puts it, is that "purposive storytelling provides a necessary dimension to our adversary system of justice."

Growing up going from one foster home to another like a game piece on a no-win board can shatter your view of yourself and the world. In my memoir, "I Swear to tell the truth, the Whole Truth, and nothing but the Truth, So Help Me God" I expose the thoughts and feelings I experienced as I struggled over the past two years to make sense of a life shattered by childhood abandonment, neglect, and abuse. It's difficult for people who live in secure homes to understand how being deprived of simple things like safety, security, and warmth can make you seek these things even in destructive ways. Even with the support of different social services, nothing seemed to fill the emptiness growing inside me, an emptiness I desperately crave to fill. For the past two years I struggled to escape the pain of being unwanted by seeking comfort in the world of alcohol, drugs, and sexual addiction three worlds that have nearly destroyed me. "Sanctify Christ as Lord in your hearts, always being ready to make a defense to everyone who asks you to give an account for the hope that is in you, yet with gentleness and reverence." -1 Peter 3:15 Scripture is clear about the fact that we must be prepared to communicate the truth of the Gospel when given the opportunity—and do it with the right attitude. But even when your tone is gentle and respectful, what, specifically, should you say when asked or confronted about your faith? And what is your overall responsibility to unbelievers as a disciple of Christ? Pastor John MacArthur responds to these very questions and more—with solid, biblical answers focused in four particular areas: * your attitude * your preparedness * the content of your answers * your priority in witnessing Combining a biblical study of evangelism, a rational defense of Christian beliefs, and a practical approach to evangelism, this book offers a well-rounded perspective that can help you gently and confidently give an answer for the hope you have in Christ.

From the co-author of *Black Mass* comes a gripping YA novel based on the true story of a teenage girl's murder — and a young father's false imprisonment for the crime. On a hot summer night in the late 1980s, in the Boston neighborhood of Roxbury, a fourteen-year-old African-American girl was sitting on a mailbox talking with her friends when she became the innocent victim of gang-related gunfire. Amid public outcry, an immediate manhunt was on to catch the murderer, and a young African-American man was quickly apprehended, charged, and — wrongly — convicted of the crime. Dick Lehr, a former reporter for the Boston Globe's famous Spotlight Team who worked on this story three decades ago, brings the case to light once more with *Trell*, a page-turning novel about the daughter of the imprisoned man, who persuades a reporter and a lawyer to help her prove her father's innocence. What pieces of evidence might have been overlooked? Can they manage to get to the truth before a dangerous character from the neighborhood gets to them?
