Il Devoto-Oli è nato come un vocabolario d'autore; o meglio, come il vocabolario di due autori: uno dei massimi linguisti del Novecento, Giacomo Devoto, e un esperto conoscitore delle sfumature della lingua parlata e scritta, Gian Carlo Oli. Di qui un marchio di fabbrica che ne ha assicurato la fortuna fin dalla prima edizione: l'ariosa ricchezza delle definizioni; l'attenzione alla fraseologia e ai registri stilistici; il senso della lingua che si intende trasmettere al lettore, e in particolare al lettore-tipo di un vocabolario, lo studente; in sostanza - come scrivevano nel 1970 i due autori - l'idea di un vocabolario "inteso come sistema vivente continuamente rinnovato e mantenuto giovane dai suoi utenti".

This highly anticipated new graphic novel from Manuele Fior (The Interview and 5,000 KM Per Second) showcases his singular talents as a once-in-a-generation visual artist and a deeply empathetic writer who uses science fiction to look to the future of humanity. The "Great Invasion" originated from the sea. It moved north across the mainland. Many fled, while some took refuge on a small concrete island called Celestia, built over a thousand years ago. Now cut off from the mainland, Celestia has become an outpost for criminals and other misfits, as well as a refuge for a group of young telepaths. Events push two of them, Dora and Pierrot, to flee the island and set sail to the mainland. There, they discover a world on the precipice of a metamorphosis, though also a world where adults are literally prisoners of their own fortresses, unintentionally preserving the "old world" at a time when a new generation could guide society towards a better humanity. Celestia is the most ambitious and successful graphic novel to date by one of the world's most exciting storytellers.

THE SECRETS OF the past meet the shocks of the present. Aslaug is an unusual young woman. Her mother has brought her up in near isolation, teaching her about plants and nature and language—but not about life. Especially not how she came to have her own life, and who her father might be. When Aslaug's mother dies unexpectedly, everything changes. For Aslaug is a suspect in her mother's death. And the more her story unravels, the more questions unfold. About the nature of Aslaug's birth. About what she should do next. About whether divine miracles have truly happened. And whether, when all other explanations are impossible, they might still happen this very day. Addictive, thought-provoking, and shocking, Madapple is a page-turning exploration of human nature and divine intervention—and of the darkest corners of the human soul.

Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Drawing on detailed case studies across a range of languages, including English, German, Dutch, Italian, Portuguese, Polish, Czech, Russian, Lithuanian and Greek, this book examines the different factors that determine the outcome of the interaction between borrowing and word formation. Historically, borrowing has largely been studied from etymological and lexicographical perspectives and word formation has been included in morphology. However, this book focuses on their mutual influence and interaction. Bringing together a range of contributors, each chapter illustrates how borrowing and word formation are in competition as alternative naming processes, while also showing how

they can influence each other. The case studies are framed by an introduction that describes the general background and a conclusion that summarises the main findings.

"The Brill Dictionary of Ancient Greek" is also available online and as a two-volume boxed set. "The Brill Dictionary of Ancient Greek" is the English translation of Franco Montanari's "Vocabolario della Lingua Greca." With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140,000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond. "The Brill Dictionary of Ancient Greek" is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike. Translated and edited under the auspices of The Center for Hellenic Studies in Washington, DC, "The Brill Dictionary of Ancient Greek" is based on the completely revised 3rd Italian edition published in 2013 by Loescher Editore, Torino. Features The principal parts of some 15,000 verbs are listed directly following the entry and its etymology. For each of these forms, the occurrence in the ancient texts has been certified. When found only once, the location is cited. Nearly all entries include citations from the texts with careful mention of the source. The dictionary is especially rich in personal names re-checked against the sources for the 3rd Italian edition, and in scientific terms, which have been categorized according to discipline. Each entry has a clear structure and typography making it easy to navigate. "For a number of years now, scholars at ease in Italian have benefitted enormously from the riches, layout, concision, and accuracy of Professor Montanari's "Vocabolario della Lingua Greca," with its added advantage of the inclusion of names. Hence classicists in general will welcome the English version of this very valuable resource." Professor Richard Janko, "University of Michigan" Franco Montanari is a giant in our field, and his Dictionary is a major leap forward for us. Professor Gregory Nagy, "Harvard University"

On the surface, rock star Jordan Kane has it all. His band No Rules is burning up the charts and headlining a world tour. His bodyguard doubles as a hot, kinky boyfriend who knows just how to push all his buttons. But behind the scenes, he's suffocating. Jase Hewitt never imagined he'd have a shot at bedding the larger than life rock star - never mind dominating him - but now he's worried he's in over his head. Jordan's kinks run deep, dark, and sometimes dangerous, putting Jase's desires to both pleasure and protect him at odds. They might have a fighting chance at finding the safe, happy medium between what Jordan needs and what Jase is willing to give, but there's one problem: Daniel, Jordan's childhood best friend, the band's talented guitarist - and a volatile, hard-partying drug addict. Jordan is determined to save Daniel from himself, but Jase has been there, done that, and desperately wants to protect Jordan from the inevitable heartache of watching an addict self-destruct. When Daniel goes off the rails again, Jordan calls off the tour to get him help. Tension within the band skyrockets and pressure from the record label sends Jordan into a dark spiral. Now his band - and his life - are balanced on a knife's edge, and Jase is the only one who can pull him back... but only if the echoes of his own tragic past don't push him over first.

A quasi quattro anni dalla scomparsa di Dario Fo, i contributi raccolti in questo volume – nati da una giornata di studi svoltasi presso la Scuola Normale Superiore nell'ottobre del 2017 – intendono riflettere su uno dei nostri "classici" teatrali più controversi, dismettendo vecchi schemi agiografici e polemiche preventive. L'opera di Fo viene esaminata da alcuni dei massimi esperti dell'argomento nonché da vari studiosi più giovani, nel tentativo di metterne in luce i molti motivi d'interesse e le molte facce: i contributi toccano problemi decisivi come il rapporto di Fo con il teatro classico (Battistella), le sue esperienze drammaturgiche più importanti (Barsotti, Marinai, Maiolani), i suoi legami con la politica (Farrell), le sue innovazioni linguistiche e i problemi filologici posti dal suo teatro (Vescovo, Trifone, D'Onghia). Il volume è chiuso da una testimonianza del regista Eugenio Allegri e dell'attore Matthias Martelli, che hanno lavorato con Fo al nuovo Mistero Buffo tra il 2015 e il 2016.

For fans of Downton Abbey, the second volume of the critically acclaimed Cazalet saga takes readers into the lives of an extended British family and their devoted retinue. It is 1939, and Hitler has just invaded Poland. The exigencies of wartime will force the Cazalets to make difficult choices as the older children are evacuated from London and settled in Home Place, their longtime Sussex summer estate. Narrated primarily through the voices of three Cazalet cousins—sixteen-year-old Louise and fourteen-year-old Polly and Clary—Marking Time details the continuing saga of their fathers. With the outbreak of war, Edward is determined to do his part for England. Hugh, crippled in World War I, must sit back and watch other men fight for their country, including his brother Rupert, who enlists and goes missing in action. The Cazalets' story plays out against the greater drama unfolding on the world stage. Three young girls yearn for the freedom they believe adulthood will confer upon them in this tale of struggle and sacrifice, love and loss, as a new generation of Cazalets makes itself heard. With strong female characters such as the stoic Kitty; her daughter, Rachel, who's in a relationship with another woman; and the loyal governess Miss Milliment, Marking Time explores the role of women during the war amid early stirrings of feminism.

The first comprehensive political history of the communist party Vanguard of the Revolution is a sweeping history of one of the most significant political institutions of the modern world. The communist party was a revolutionary idea long before its supporters came to power. A. James McAdams argues that the rise and fall of communism can be understood only by taking into account the origins and evolution of this compelling idea. He shows how the leaders of parties in countries as diverse as the Soviet Union, China, Germany, Yugoslavia, Cuba, and North Korea adapted the original ideas of revolutionaries like Karl Marx and Vladimir Lenin to profoundly different social and cultural settings. Vanguard of the Revolution is essential reading for anyone seeking to understand world communism and the captivating idea that gave it life.
