A WONDROUS NEW BOOK OF MCPHEE'S PROSE PIECES—IN MANY ASPECTS HIS MOST PERSONAL IN FOUR DECADES The brief, brilliant essay

"Silk Parachute," which first appeared in *The New Yorker* a decade ago, has become John McPhee's most anthologized piece of writing. In the nine other pieces here—highly varied in length and theme—McPhee ranges with his characteristic humor and intensity through lacrosse, long-exposure view-camera photography, the weird foods he has sometimes been served in the course of his reportorial travels, a U.S. Open golf championship, and a season in Europe "on the chalk" from the downs and sea cliffs of England to the Maas valley in the Netherlands and the champagne country of northern France. Some of the pieces are wholly personal. In luminous recollections of his early years, for example, he goes on outings with his mother, deliberately overturns canoes in a learning process at a summer camp, and germinates a future book while riding on a jump seat to away games as a basketball player. But each piece—on whatever theme—contains somewhere a personal aspect in which McPhee suggests why he was attracted to write about the subject, and each opens like a silk parachute, lofted skyward and suddenly blossoming with color and form.

In the first volume of the *To Shine with Honor* trilogy, Galien de Coudre, scholarly third son in a family of minor nobility, comes of age in the perilous world of late 11th century France, where powerful noblemen massacre the other and innocents in unending petty warfare over lands and silver, despite the efforts of the Church to control their violence. Galien, educated for the priesthood, trained at arms and horse by his father and older brothers, all knights, finds his once-certain future as a high Church official compromised by family misfortunes. Through a series of oft-wrenching events, he discovers his own destiny as events in France and the distant Holy Land draw inexorably toward the great war of faiths known in history as the First Crusade.

First published in 1963, James Baldwin's *A Fire Next Time* stabbed at the heart of America's so-called "Negro problem"; As remarkable for its masterful prose as it is for its uncompromising account of black experience in the United States, it is considered to this day one of the most articulate and influential expressions of 1960s race relations. The book consists of two essays, "My Dungeon Shook"; "Letter to my Nephew on the One Hundredth Anniversary of Emancipation," and "Down At The Cross"; "Letter from a Region of My Mind." It weaves thematic threads of love, faith, and family into a candid assault on the hypocrisy of the so-called "land of the free";, insisting on the inequality implicit to American society. "You were born where you were born and faced the future that you faced";, Baldwin writes to his nephew, "because you were black and for no other reason." His profound sense of injustice is matched by a robust belief in "monumental dignity";, in patience, empathy, and the possibility of transforming America into "what America must become";

This collection of essays conceived of and edited by Rebecca Walker explores the ineffable state and protean aesthetics of *Black Cool*. From the effortless reserve of Miles Davis in khakis on an early album cover, to the shock of resistance in black women's fashion from Angela Davis to Rihanna, to the cadence of poets as diverse as Staceyann Chin and Audre Lorde, *Black Cool* attempts to decode the mystery of this ever-changing yet historically rooted phenomenon. With essays by some of America's most innovative thinkers on the subject—including graphic novelist Mat Johnson, Brown University Professor of African Studies Tricia Rose, critical theorist and cultural icon bell hooks, Macarthur winner Kara Walker, and many more—*Black Cool* offers a periodic table of cool, wherein each writer names and defines their element of choice. Dream Hampton writes about Audacity; Helena Andrews discusses Reserve; Margo Jefferson explores Eccentricity; Veronica Chambers illuminates Genius; and so on. With a foreword by Henry Louis Gates that bridges historical African elements of cool with the path laid out for the future, *Black Cool* offers a provocative perspective on this powerful cultural legacy.

A monumental, canon-defining anthology of three centuries of American essays, from Cotton Mather and Benjamin Franklin to David Foster Wallace and Zadie Smith--selected by acclaimed essayist Phillip Lopate. Not only an education but a joy. This is a book for the ages. --Rivka Galchen, author of Atmospheric Disturbances The essay form is an especially democratic one, and many of the

essays Phillip Lopate has gathered here address themselves--sometimes critically--to American values. We see the Puritans, the Founding Fathers and Mothers, and the stars of the American Renaissance struggle to establish a national culture. A grand tradition of nature writing runs from Audubon, Thoreau, and John Muir to Rachel Carson and Annie Dillard. Marginalized groups use the essay to assert or to complicate notions of identity. Lopate has cast his net wide, embracing critical, personal, political, philosophical, literary, polemical, autobiographical, and humorous essays. Americans by birth as well as immigrants appear here, famous essayists alongside writers more celebrated for fiction or poetry. The result is a dazzling overview of the riches of the American essay.

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement."—The Boston

Globe

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master.

Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

From *The Tale of Rabbit* (1901) to *Last Stop on Market Street* (2015), each of the one hundred books is presented with fascinating stories of its publication history and biographies of the creators. On the facing page, a cover and inside spread will bring back memories of the time when, sitting in a classroom or on a lap, someone read you a book and opened up your world.
