Apples and Ashes offers the first literary history of the Civil War South. The product of extensive archival research, it tells an expansive story about a nation struggling to write itself into existence. Confederate literature was in intimate conversation with other contemporary literary cultures, especially those of the United States and Britain. Thus, Coleman Hutchison argues, it has profound implications for our understanding of American literary nationalism and the relationship between literature and nationalism more broadly. Apples and Ashes is organized by genre, with each chapter using a single text or a small set of texts to limn a broader aspect of Confederate literary culture. Hutchison discusses an understudied and diverse archive of literary texts including the literary criticism of Edgar Allan Poe; southern responses to Uncle Tom's Cabin; the novels of Augusta Jane Evans; Confederate popular poetry; the de facto Confederate national anthem, "Dixie"; and several postwar southern memoirs. In addition to emphasizing the centrality of slavery to the Confederate literary imagination, the book also considers a series of novel topics: the reprinting of European novels in the Confederate South, including Charles Dickens's *Great Expectations* and Victor Hugo's *Les Misérables*; Confederate propaganda in Europe; and postwar Confederate emigration to Latin America. In discussing literary criticism, fiction, poetry, popular song, and memoir, Apples and Ashes reminds us of Confederate literature's once-great expectations. Before their defeat and abjection—before apples turned to ashes in their mouths—many Confederates thought they were in

the process of creating a nation and a national literature that would endure.

This book features interviews with leading and upcoming British composers who use the same raw materials but produce classical music that takes very different forms. Uniquely, Andrew Palmer approaches the sometimes baffling world of contemporary music from the point of view of the inquisitive, music-loving amateur rather than the professional critic or musicologist. Readers can eavesdrop on conversations in which composers are asked a number of questions about their professional lives and practices, with the emphasis on the aesthetic sensibilities and psychological processes behind composing rather than technique. Throughout, the book seeks to explore why composers write the kind of music they write, and what they want their music to do. Along the way, readers are confronted with an unspoken but equally important question: if some composers are writing music that the public doesn't want to engage with, who's to blame for that? Are composers out of touch with their public, or are we too lazy to give their music the attention it deserves?

ANDREW PALMER is a freelance writer and photographer. He is editor of *Composing in Words: William Alwyn on His Art* (Toccata Press, 2009), author of *Divas... In Their Own Words* (Vernon Press, 2000) and co-author of *A Voice Reborn* (Arcadia Books, 1999). Since 1998 he has been a corresponding editor of *Strings* magazine (USA). Interviewees include: Julian Anderson, Simon Bainbridge, Sally Beamish, George Benjamin, Michael Berkeley, Judith Bingham, Harrison Birtwistle, Howard Blake, Gavin Bryars, Diana Burrell, Tom Coult, Gordon Crosse, Jonathan Dove, David Dubery, Michael Finnissy, Cheryl Frances-Hoad, Alexander Goehr, Howard Goodall, Christopher Gunning, Morgan Hayes, Robin Holloway, Oliver Knussen, James MacMillan, Colin Matthews, David Matthews, Peter Maxwell Davies, John McCabe, Thea Musgrave, Roxanna Panufnik, Anthony Payne, Elis Pehkonen, Joseph Phibbs, Gabriel Prokofiev, John Rutter, Robert Saxton, John Tavener, Judith Weir, Debbie Wiseman, Christopher Wright

Japan has long been known as the Land of the Rising Sun, but it is now better known as the Land of Cat-Cafes, Green-Tea Matcha Lattes, Love-Hotels and Orion Beer Together, Don and Christine Kastner traveled to Japan to attend the 5th Uchinanchu Festival on the small Pacific island of Okinawa, where Chris once lived as a teenager in the 1960s with her U.S. Army father and family. The sound of choppers hovering overhead . . . takes me back to my childhood. I grew up hearing them in the background . . . or coming in for a landing. It was a comforting background sound--along with the roar

America's Songs II: Songs from the 1890's to the Post-War Years continues to tell the stories behind popular songs in our country's history, serving as a sequel to the bestselling America's Songs: Stories Behind the Songs of Broadway, Hollywood, and Tin Pan Alley. Beginning in 1890 and ending in post-war America, America's Songs II is a testament to the richness of popular music in the first half of the 20th century. This volume builds on the unique features of the first volume, delving deeper into the nature of the collaboration between well-known songwriters of the time but also shedding light on some of the early performers to turn songs into hits. The book's structure – a collection of short easy-to-read essays – allows the author to provide historical context to certain songs, but also to demonstrate how individual songs facilitated the popularity of specific genres, including ragtime, jazz, and blues, which subsequently reshaped the landscape of American popular music. America's Songs II: Songs from the 1890's to the Post-War Years will appeal to American popular music enthusiasts but will also serve as an ideal reference guide for students or as a supplement in American music courses.

"Discover a love stronger than time in Lisa Plumley's funny and heart touching Winter Song!" Romantic Times BOOKreviews When take-charge career woman Jolie Alexander suddenly finds herself back in the Wild West, she promptly gets busy saving tiny Avalanche, Arizona from its grim future as a ghost town. Her efforts capture the attention--and heart--of saloon keeper Cole Morgan. He's a marrying man in search of an old-fashioned wife, and Jolie hardly fits the bill...or at least that's what she thinks! During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, "The South must not only fight her own battles but sing her own songs and dance to music composed by her own children." Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.
